RESOLUTIONS 1 and 2 - RE-ELECTION OF DIRECTORS

General

In accordance with ASX Listing Rule 14.5, an ASX-listed company must hold an election of directors at each annual general meeting. Further, in accordance with ASX Listing Rule 14.4 and the Company's Constitution, a director must not hold office (without re-election) past the third annual general meeting following the director's appointment.

Accordingly, Mr. Paul Daniel Bernard and Mr. Jeremy Leonard Brest retire by way of rotation and, being eligible, stand for re-election at this meeting as Directors in accordance with Regulation 35.1 of the Constitution.

Board Recommendation

Based on Mr. Bernard's and Mr. Brest's relevant experience and qualifications, the members of the Board:

- (a) in the absence of Mr. Bernard, support the re-election of Mr Bernard as a director of the Company and recommend that Securityholders vote in favour of Resolution 1; and
- (b) in the absence of Mr. Brest, support the re-election of Mr Brest as a director of the Company and recommend that Securityholders vote in favour of Resolution 2.

The Chairman intends to exercise all available proxies in favour of Resolutions 1 and 2.

RESOLUTION 3 - APPROVAL OF DIRECTOR EMOLUMENTS FOR 2024

Ordinary Resolution 3 is to seek approval to pay the Directors' emoluments up to US\$500,000 to the Directors (other than the Chief Executive Officer, Miltiadis Xynogalas and the Chief Operating Officer, David Antony Johnson, who are paid salaries as executives), as director's fees for the financial year ended 31 December 2024. The amount may be higher than actuals to allow changes in the number of directors through the year. There is no change to the fee structure for existing and re-elected non-executive Directors. Also, note that the amount of directors' fees requested to be approved for 2024 remains unchanged from the total amount payable to Non-Executive Directors as set out in the Company's Prospectus dated 9 September 2022 and lodged with the ASX on 25 October 2022 (see page 106 of the Prospectus).

If Resolution 3 is passed, the maximum aggregate amount of directors' fees that may be paid to all of the Non-Executive Directors ("NEDs") is US\$500,000 per annum. This does not mean that the Company must utilise the entire maximum amount approved for non-executive Directors' fees in each year. However, the Board considers that it is reasonable and appropriate to establish this amount to provide the Company with the ability to pay NEDs remuneration levels commensurate with market rates and as necessary to attract and retain Directors of the highest calibre.

Voting

Note that a voting exclusion applies to this Resolution in the terms set out in the Notice. Securityholders are urged to carefully read the Proxy Form and provide a direction to the proxy on how to vote on this Resolution

Board Recommendation

The NEDs do not give a recommendation on Resolution 3 in view of their personal interest in the resolution. Mr Miltiadis Xynogalas recommends that Securityholders vote in favour of Resolution 3.

RESOLUTION 4 – RE-APPOINTMENT OF AUDITOR

Moore Stephens LLP, and its associates in Singapore, is a leading accounting and consulting association in. Moore Stephens LLP Singapore's goal is to look beyond numbers and compliance issues, to provide its clients with imaginative and practical advice to resolve problems and help them achieve their business goals.

Moore Stephens LLP was appointed as the Company's Auditor in December 2019. The Board, in consultation with the Audit Committee is of the view that re-appointing Moore Stephen's LLP is in the best interests of the Company and would like to re-appoint Moore Stephens LLP as the Independent Auditor of the Company and to authorise the Directors of the Company to fix their remuneration for 2024.

The Chairman of the Meeting intends to vote all undirected proxies in favour of this Resolution.

The Board recommends that Securityholders vote in favour of this Resolution.

RESOLUTION 5 - AUTHORITY TO ALLOT AND ISSUE SHARES

Section 161 of the Singapore Companies Act 1967 requires that the issue of any new Shares or other securities in the Company be approved by Securityholders. Resolution 4 therefore seeks approval for the Directors to be empowered with the authority to issue Shares or convertible securities in the Company, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares from the date of the Meeting to the conclusion of the next annual general meeting of the Company or the date by which next annual general meeting for the Company is required by law to be held, whichever is the earlier, subject to the provisions of ASX Listing Rules 7.1 and 7.1A (should resolution 5 be approved).

This authority will, unless revoked or varied at a general meeting of the Company, expire at the conclusion of the next annual general meeting of the Company.

If this resolution is not approved by Securityholders at the AGM to be held on 13 June 2024, CRD will not be able to allot and issue any securities as from 13 June 2024 (at the conclusion of the AGM) until such authority to allot and issue securities is approved by Securityholders. Resolution 6 will therefore be withdrawn if Resolution 5 is not approved by Securityholders.

RESOLUTION 6 – APPROVAL OF 10% PLACEMENT CAPACITY UNDER ASX LISTING RULE 7.1A

Approval of Additional 10% Placement Capacity

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its Securityholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under ASX Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual meeting, to increase this 15% limit by an extra 10% to 25% (**10% Placement Capacity**).

An 'eligible entity' under ASX Listing Rule 7.1A is one which, at the date of the resolution, is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity for these purposes.

This Resolution seeks Securityholder approval by way of special resolution for the Company to have the additional 10% Placement Capacity provided for in ASX Listing Rule 7.1A to issue equity securities without Securityholder approval.

If this Resolution is passed, the Company will be able to issue equity securities up to the combined 25% limit in ASX Listing Rules 7.1 and 7.1A without any further Securityholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% Placement Capacity to issue equity securities without Securityholder approval provided for in ASX Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Securityholder approval set out in ASX Listing Rule 7.1.

The number of Equity Securities which may be issued pursuant to the 10% Placement Capacity

This Resolution is a special resolution and therefore requires approval of 75% of the votes cast by Securityholders present and entitled to vote.

The exact number of additional equity securities that the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula set out in ASX Listing Rule 7.1A.

(A x D) - E

where:

A = is the number of Shares on issue 12 months immediately preceding the date of issue or agreement (**Relevant Period**),

- plus the number of fully paid Shares issued in the Relevant Period under an exception in ASX Listing Rule 7.2 other than exceptions 9, 16 or 17,
- plus the number of fully paid Shares issued in the Relevant Period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under ASX Listing Rules 7.1 or 7.4,
- plus the number of fully paid Shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the Relevant Period; or
 - the agreement or issue was approved, or taken under these rules to have been approved, under ASX Listing Rules 7.1 or 7.4,

- plus the number of partly paid Shares that became fully paid in the Relevant Period,
- less the number of fully paid Shares cancelled in the Relevant Period.

'A' has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D = 10%.

E = the number of equity securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by Securityholders under ASX Listing Rule 7.4.

Special information required by ASX Listing Rule 7.3A

If the Resolution is passed, the 10% placement capacity will be valid during the period from the date of the Meeting and will expire on the earlier of:

- the date that is 12 months after the date of the Meeting;
- the time and date of the Company's next annual general meeting; and
- the time and date on which the Company receives approval by Securityholders for a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking) (**Approval Period**).

Minimum price

The equity securities to be issued will be in an existing class of quoted securities and will be issued for cash consideration at an issue price per equity security of not less than 75% of the volume weighted average market price for securities in that class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- the date on which the price at which the equity securities are to be issued is agreed; or
- if the equity securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the equity securities are issued.

Risk of economic and voting dilution to existing Securityholders

If this Resolution is approved by Securityholders and the Company issues equity securities, the existing Securityholders' economic and voting interests in the Company will be diluted. There is a risk that:

- the market price of the Company's equity securities in that class may be significantly lower on the issue of equity securities than on the date the 10% Placement Capacity was approved; and
- the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date.

The table below sets out the potential dilution scenarios (**Dilution Table**) to existing Securityholders calculated in accordance with the formula in ASX Listing Rule 7.1A.2 based on a closing Security price of A\$0.97 on the ASX on 4 April 2024. The Dilution Table also shows:

- two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Securityholder approval (for example, a pro rata entitlements issue to all Securityholders) or future specific placements under Listing Rule 7.1 that are approved at a future Securityholders' Meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

*\$ in the table above refers to Australian dollars.

The Dilution Table has been prepared on the following assumptions:

- (i) the “issue price at current market price” is the closing price of Securities on the ASX on 4 April 2024;
- (ii) Variable “A” is 178,407,817 the current number of CDIs on issue at 4 April 2024;
- (iii) the Company issues the maximum number of equity securities available under the 10% Placement Capacity;
- (iv) the table shows only the effect of issues of equity securities under 10% placement capacity, not under the 15% placement capacity under ASX Listing Rule 7.1;
- (v) no Performance Rights are exercised and exchanged into Securities before the date of issue of equity securities;
- (vi) the 10% voting dilution reflects the aggregate percentage dilution against the issued security capital at the time of issue. This is why the voting dilution is shown in each example as 10%;
- (vii) the table does not show an example of dilution that may be caused to a particular Securityholder by reason of the placements under the 10% Placement Capacity, based on that Securityholder's holding at the date of the Annual Meeting;
- (viii) the issue of equity securities under the 10% Placement Capacity consists only of fully paid ordinary Securities in the Company; and
- (ix) “Funds Raised” are before any capital raising costs which may be incurred.

10% Placement Period

Securityholder approval under the 10% Placement Capacity is valid from the date of the Annual Meeting at which approval is obtained and expires on the earliest to occur of:

- (i) the date which is 12 months after the date of the Annual Meeting at which the approval was obtained;
- (ii) the time and date of the Company's next Annual Meeting; or
- (iii) the time and date of the approval by Securityholders of a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or ASX Listing Rule 11.2 (disposal of main undertaking).

Purpose of the Additional 10% placement capacity

Whilst the Company does not have any immediate plans to issue equity securities under the 10% Placement Capacity, the Company may seek to issue equity securities under the 10% Placement Capacity to raise funds for working capital, investing activities (including possible complementary business acquisitions if any are identified and approved by the Board), meet financing commitments or capital management activities deemed by the Board to be in the best interests of the Company.

The Company will comply with any disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.3 upon the issue of any equity securities under ASX Listing Rule 7.1A.

Allocation Policy

The Company's allocation policy is dependent upon the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The identity of allottees of equity securities will be determined on a case-by-case basis having regard to factors including but not limited to the following:

- (i) the methods of raising funds that are then available to the Company;
- (ii) the effect of the issue of the equity securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from professional and corporate advisers (if applicable).

Allottees under the 10% Placement Capacity have not been determined as at the date of this Notice of Meeting but may include existing and/or new Securityholders who are not related parties or associates of a related party of the Company.

Previous Issue of Securities under ASX Listing Rule 7.1A

The Company has not previously issued securities under ASX Listing Rule 7.1A.

At the date of this Notice of Meeting the Company has not invited and has not determined to invite any particular existing Securityholder or an identifiable class of existing Securityholder to participate in an offer under ASX Listing Rule 7.1A. Accordingly, no existing Securityholder will be excluded from voting on this Resolution.

The Chairman of the Meeting intends to vote all undirected proxies in favour of this Resolution.

The Board recommends that Securityholders vote in favour of this Resolution.

RESOLUTIONS 7 AND 8 - RATIFICATION OF SECURITIES ISSUED UNDER THE PLACEMENT AND SPP SHORTFALL

On 2 February 2024, the Company announced a placement which received strong support from existing and new institutional and sophisticated investors to issue approximately 13.7 million new CDIs at A\$0.95 per CDI utilising the Company's placement capacity under ASX Listing Rule 7.1 (**Placement**).

In addition to the Placement, Conrad also announced its intention to offer a non-underwritten Share Purchase Plan (**SPP**) to existing eligible securityholders to raise approximately A\$2 million and that the Company would accept applications up to 3 million CDIs. Securities not subscribed for under the SPP made up a shortfall (**SPP Shortfall**). Whilst securities issued under the SPP were issued under exception 5 of ASX Listing Rule 7.2, the SPP Shortfall does not fall within the exception, and were issued under the Company's placement capacity. On 8 February 2024 the Company issued 13,684,211 CDIs under the Placement, and on 8 March 2024 the Company issued 574,295 CDIs under the SPP Shortfall.

An Appendix 3B in relation to these securities was lodged by the Company's on 2 February 2024.

The Company seeks Securityholder ratification pursuant to ASX Listing Rule 7.4 as follows:

- Resolution 7: the issue of 13,684,211 Securities issued under the Placement; and
- Resolution 8: the issue of 574,295 Securities issued under the SPP Shortfall

Reasons for Resolutions 7 and 8

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

The Placement and SPP Shortfall do not fit within any of the exceptions under ASX Listing Rule 7.2 and it has not yet been approved by Securityholders, it effectively uses up part of the 15% limit in ASX Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Securityholder approval under Listing Rule 7.1 for the 12-month period following the date on which the Company issued the Securities under the Placement .

Save for as otherwise set out in this Notice, the Directors do not currently have any specific intention to make any further issue of shares under ASX Listing Rule 7.1A in the next 12 months.

The effect of ratification (in accordance with ASX Listing Rule 7.4) of the issue of the Securities under the Placement and SPP Shortfall is to refresh the Company's capacity under ASX Listing Rule 7.1.

The Directors believe this approval will enhance the Company's flexibility to finance its operations through raising equity capital, should the Directors consider it to be in the best interests of the Company to do so.

Key consequences for the Company if Resolutions 7 and 8 are passed:

If Resolutions 7 and 8 are passed, the Securities issued pursuant to the Placement and SPP Shortfall will be excluded in calculating the Company's 15% limit in ASX Listing Rule 7.1, effectively increasing the number of Securities the Company can issue without Shareholder approval under ASX Listing Rule 7.1 for the 12-month period following the date the Company issued Securities pursuant to the Placement and SPP Shortfall.

Key consequences for the Company if Resolutions 7 and 8 are not passed:

If Resolutions 7 and 8 are not passed, the Securities issued under the Placement and SPP Shortfall will be included in calculating the Company's 15% limit under ASX Listing Rule 7.1 effectively decreasing the number of Securities the Company can issue without Securityholder approval under ASX Listing Rule 7.1 for the period noted immediately above.

Information required to be provided under the ASX Listing Rules 7.5

In accordance with ASX Listing Rule 7.5, which contains requirements as to the contents of a notice sent to securityholders for the purposes of ASX Listing Rule 7.4, the following information is provided to securityholders:

<u>No. of securities issued</u>	13,684,211 fully paid CDIs under the Placement and 574,295 fully paid CDIs under the SPP Shortfall.
<u>Issue price per security</u>	The CDIs were issued at an issue price of A \$0.95 per CDI to raise \$13,545,580 (before costs).
<u>Recipient of issue</u>	The CDIs were issued to new and existing institutional and sophisticated investors
<u>Terms of securities</u>	Fully paid ordinary CDIs ranking pari-passu with other existing fully paid ordinary shares in the Company.
<u>Use of funds raised</u>	The funds raised were deployed primarily for exploration studies and seismic at Aceh, the costs of the issue, general project costs and general and administrative expenses.
<u>Voting Exclusion</u>	a voting exclusion applies in respect of this Resolution as set out in the Notice of Meeting.

Board Recommendation

The Directors of the Company believe that Resolutions 7 and 8 are in the best interests of the Company and unanimously recommend that securityholders vote in favour of these Resolutions.
