Chairman's Scheme Meeting Address July '24

Chairman's Address to Scheme Meeting

Thursday, 4 July 2024, 11.00AM

1 Welcome

Good morning ladies and gentlemen. I am William Crichton, the Chairman of TASK Group Holdings Limited, and I welcome you to today's Scheme Meeting.

This is an important day in the history of TASK and I thank you for your attendance. Today you are being asked to vote on a transaction that, if approved, will result in all of the issued shares in TASK being acquired by PAR Global Australia Pty Ltd, a wholly owned subsidiary of PAR Technology Corporation, or "PAR" for short. I will go into the scheme in more detail later, but first I will deal with some procedural elements.

All TASK directors, officers and shareholders are participating in today's meeting through the Computershare online virtual meeting platform. This platform enables you to hear and see all presentations and proceedings, view the presentation slides, ask questions, and vote on the Scheme Resolution put before you today.

Joining me online today is Christopher Fernandes, our Company Secretary, and my fellow directors – Daniel Houden, Manda Trautwein and Phillip Norman.

2 Notice of Scheme Meeting

As it is now past 11am and we have a quorum, I'll now formally open the Scheme Meeting. This adjourned Scheme Meeting follows the adjournment of the Scheme Meeting initially set for 28 June 2024. Notice of the original Scheme Meeting is included as Annexure D to the Scheme Booklet which was despatched to you on 30 May 2024. The notice of today's adjourned Scheme Meeting was given by way of ASX announcement on 1 July 2024. The Scheme Meeting has been convened in accordance with Orders of the Supreme Court of New South Wales dated 28 May 2024 and 1 July 2024. I will take the Notice as read.

We will begin today's Scheme Meeting with how to ask questions and vote.

3 How to ask questions and vote

Today's meeting is being held online via the Computershare Meeting platform. This allows Shareholders, Proxies and Guest to attend the meeting virtually. All attendees can watch a live webcast of the meeting. In addition, shareholders and proxies have the ability to ask questions and submit votes.

Online attendees can submit questions at any time. To ask a question, select the Q&A icon. Type your question in to the text box. Once you have finished typing, please hit the send button.

Please note that while you can submit questions from now on, I will not address them until the relevant time in the meeting. Please also note that your questions may be moderated or if we receive multiple questions on one topic, amalgamated together.

To ask a verbal question, please follow the instructions written below the broadcast.

Voting today will be conducted by way of a poll on all items of business. I will shortly open voting for all resolutions.

If you are eligible to vote, once voting opens press the vote icon and all resolutions will be activated with voting options. To cast your vote simply select one of the options. There is no need to hit a submit or enter button as the vote is automatically recorded. You will receive a vote confirmation notification on your screen.

You can change your vote, up until the time I declare voting closed.

I now declare voting open on all items of business.

4 Transaction overview

On 11 March 2024, TASK announced that it had entered into a Scheme Implementation Agreement with PAR under which PAR agreed to acquire, or nominate a wholly-owned subsidiary to acquire, all of the issued shares in TASK by way of a scheme of arrangement, which I will refer to as the “Scheme”.

Pursuant to the Scheme Implementation Agreement, PAR nominated PAR Acquirer, a wholly-owned indirect subsidiary of PAR, to acquire the TASK Shares under the Scheme

For the Scheme to proceed, as I mentioned earlier, TASK shareholders must approve the Scheme at the Scheme Meeting.

The formal Scheme Resolution is as set out in the Notice of Scheme Meeting.

If the Scheme Resolution is approved by shareholders and the Scheme becomes effective, the Scheme will result in TASK being acquired by PAR through the Scheme.

Full details of the proposed Scheme are set out in the Scheme Booklet which was despatched to TASK Shareholders on 30 May 2024.

5 Purpose of Scheme Meeting

During today’s Scheme Meeting, TASK Shareholders will be asked to consider and vote on a resolution in relation to the Scheme which requires their approval for it to proceed (**Scheme Resolution**).

First, I will provide an overview of the directors’ recommendation on the Scheme Resolution. Then I will present the Scheme Resolution to be considered and voted on by shareholders. There will of course be time for any questions or comments you may have before you vote.

6 Recommendation of the TASK Board

The Board of TASK unanimously recommends that TASK Shareholders vote in favour of the Scheme.

Each TASK director who holds or controls TASK shares also intends to vote the shares they hold or control in favour of the Scheme.

7 Reasons to vote for or against the Scheme

The Scheme Booklet sets out the detailed reasons for the TASK Board’s recommendation. To highlight some of these reasons, we recommend that TASK Shareholders vote in favour of the Scheme because:

- the Independent Expert (RSM Corporate Australia Pty Ltd) has concluded that the Scheme is in the best interests of TASK Shareholders, in the absence of a Superior Proposal;
- the Scheme Consideration represents a significant premium relative to the undisturbed share price on 8 March 2024 (being the last trading day prior to the announcement of PAR’s proposal to acquire TASK on 11 March 2024) and the historical VWAP ranges of TASK Shares to that date;
- the Scheme provides Scheme Participants (other than Foreign Scheme Shareholders and Small Holders) with flexibility in how they elect to receive their Scheme Consideration;
- Scheme Participants who elect to receive all or part of their Scheme Consideration as Cash Consideration, as well as Foreign Scheme Shareholders, will receive certainty of value for their TASK Shares;
- Scheme Participants (other than Foreign Scheme Shareholders) who elect to receive part of their Scheme Consideration as Scrip Consideration may have the opportunity to benefit from exposure to a significantly larger and more diversified company;
- since the announcement of the Scheme, no Superior Proposal has emerged;
- in the absence of a Superior Proposal, the price of TASK Shares may fall in the short-term if the Scheme were not to proceed;

- no brokerage charge or stamp duty is payable on the transfer of your Scheme Shares, as well as the potential benefit of Roll-over Relief for Scrip Consideration (subject to each TASK Shareholder's individual circumstances and TASK obtaining the ATO Class Ruling); and
- the Scheme is supported by TASK Shareholders holding, in aggregate, 67,524,405 TASK Shares (representing approximately 18.95% of all TASK Shares on issue).

The Scheme Booklet also includes reasons as to why shareholders may choose to vote against the Scheme. To highlight some of these reasons, TASK Shareholders may wish to vote against the Scheme because:

- you may disagree with the TASK Board's unanimous recommendation or the Independent Expert's conclusion and believe the Scheme is not in their best interests;
- you may believe that there is potential for a Superior Proposal to be made in the foreseeable future (noting that no Superior Proposal has been received as of this Scheme Meeting);
- you may prefer to participate in the future financial performance of TASK as a standalone business;
- you may consider that the Scheme Consideration does not reflect the intrinsic value of TASK;
- you may believe it is in your best interests to maintain your current investment and risk profile;
- the future value of New PAR Shares after the Implementation Date is uncertain; and
- the tax consequences of the Scheme may not suit your current financial circumstances.

Under the Scheme, eligible shareholders have two options for the form of Scheme Consideration they receive for their TASK Shares. They can either:

- **(Maximum Cash Consideration)** 100% Cash Consideration, equating to \$0.81 for each Scheme Share; or
- **(Mixed Consideration)** a combination of Cash Consideration and Scrip Consideration, up to 50% Scrip Consideration at an exchange ratio of 0.015 and the balance as Cash Consideration for each Scheme Share.

Foreign Scheme Shareholders are not entitled to make an Election. Instead, Foreign Scheme Shareholders will be deemed to have elected to receive the Maximum Cash Consideration.

8 Update on Conditions Precedent

Implementation of the Scheme remains subject to a number of conditions. The relevant conditions which remain outstanding at this time are:

- the approval of the Scheme by TASK shareholders, which is why we are holding today's meeting;
- the approval of the Scheme by the Supreme Court of New South Wales, which will be sought on 9 July 2024 in the event shareholders approve the Scheme at today's meeting;
- NYSE approval for official quotation of New PAR Shares which are being offered as the Scrip Consideration under the Scheme, not being withdrawn or revoked before the Scheme is approved by the Court;
- the Independent Expert continues to conclude the Scheme is in the best interests of TASK shareholders; and
- no TASK or PAR Prescribed Event or Material Adverse Effect, no regulatory intervention, and no breach of representations and warranties, occurring before the Scheme is approved by the Court.

As at the time of today's meeting, the TASK Board are not aware of any circumstances which would cause any of the outstanding conditions precedent not to be satisfied.

9 What happens after today's Meeting?

I note that each of the dates mentioned next are indicative only and may change.

If the Scheme is approved at today's Scheme Meeting, the proposed next key dates in the Scheme timetable are:

- on **9 July 2024**, TASK will seek the approval of the Supreme Court of New South Wales to implement the Scheme;
- on the basis that the Court approves the Scheme and issues the orders sought, then on **10 July 2024**, TASK will lodge a copy of the Court's orders with ASIC. Trading in TASK shares will be suspended at the close of trading on the ASX on that day;
- at 7.00pm Sydney time on **12 July 2024**, the Scheme Record Date for determining entitlement to receive the Scheme Consideration occurs. All holders of TASK shares on the Scheme Record Date will receive either the Maximum Cash Consideration or the Maximum Scrip Consideration on the Implementation Date, being **19 July 2024**. The type of Scheme Consideration these holders receive will depend on their Election (if any) and the terms and conditions of the Scheme; and
- the Scheme will be implemented on **19 July 2024**.

As a reminder, in order to be entitled to the Scheme Consideration, you must hold your TASK Shares on the Scheme Record Date.

10 Scheme Resolution

The Scheme Resolution being put forward at today's meeting is set out in the Notice of Scheme Meeting and is now being shown on screen.

As previously stated, the directors of TASK recommend you vote in favour of the Scheme Resolution.

To be carried, the Scheme Resolution must be approved by:

- a majority in number of TASK shareholders present and voting at this Scheme Meeting (either in person, by proxy or attorney or in the case of a corporate holder, by duly appointed corporate representative); and
- at least 75% of the votes cast on the Scheme Resolution

You can vote through the online platform on the webpage by selecting either "FOR", "AGAINST" or "ABSTAIN" for the Scheme Resolution.

As set out in the Notice of Scheme Meeting, I intend to vote all undirected proxies I hold in favour of the Scheme Resolution.

For your reference, I will summarise the total numbers of valid proxies received prior to the Scheme Meeting:

- 204,267,133 directed proxies in favour of the Scheme from 127 shareholders;
- 55,229 directed proxies against the Scheme from 4 shareholders; and
- 29,847 undirected proxies from 4 shareholders, noting I intend to vote all undirected proxies I hold in favour of the Scheme.

11 Questions

I will now invite questions on the Scheme. If you have a question, please submit it now if you have not already done so.

I confirm that there were no questions received prior to the meeting.

Our phone moderator will now introduce shareholders who have verbal questions, if any. Our company secretary, Christopher Fernandes, will then read out the questions which have been received during today's Scheme Meeting.

12 Voting

That concludes the question section of the meeting.

I would like to advise that voting on all resolutions will close shortly. I will provide you all with a few moments now to allow you to finish voting. Please complete your voting now.

I now declare the Poll closed with the results to be announced to the ASX later today.

In closing, I would like to thank our shareholders for your continued support and interest in TASK. I would also like to thank my colleagues on the Board for their support and counsel. It has been a privilege for me to serve as Chairman of TASK.

If you have any further questions about the Scheme, please call our Shareholder Information Line or visit the FAQ page on our Scheme website. Those details are outlined in the Scheme Booklet.

Thank you for your attendance today and I declare the Scheme Meeting closed. We will keep shareholders updated about next steps related to the Scheme through announcements on the ASX.

(2) You should note that when considering this recommendation that (as detailed in section 10.3(d)), if the Scheme becomes Effective, Mr Houden will be receiving the benefit of having 621,414 RSUs he currently holds and 666,667 RSUs he will be issued with following the date of this Scheme Booklet (such new issuance being subject to the approval of shareholders at the Extraordinary General Meeting) accelerating and becoming vested before they otherwise would in the ordinary course. The aggregate implied value of Mr Houden's RSUs (on conversion to TASK Shares and the Scheme becoming Effective, assuming a Mixed Consideration Election and an Election Percentage of 50% being specified in respect of them) on the Last Practicable Date is A\$1.2 million. Despite this interest in the outcome of the Scheme, Mr Houden considers that, given the importance of the Scheme, and his role as Chief Executive Officer and Managing Director of TASK, it is important and appropriate for him to provide a recommendation to TASK Shareholders in relation to voting on the Scheme. Additionally, the TASK Board (excluding Mr Houden) also considers that it is appropriate for Mr Houden to make a recommendation on the Scheme given his role in the management and operations of TASK.

Scheme Consideration Options

The purpose of the meeting is to consider and, if thought fit, to approve the issuance of Restricted Share Units to Daniel Houden and Dean Houden under TASK's Restricted Share Units scheme (**Resolutions**).

4 Resolutions

The Resolutions being put forward at today's meeting are set out in the Notice of EGM and will now be shown on screen.

As previously stated, Daniel Houden abstains from making a voting recommendation on the Resolutions as they relate to a grant of RSUs to himself and his associate. The other Directors recommend that Shareholders vote in favour of the Resolutions.
