ASX RELEASE

26 July 2024

CONSTRUCTION CONTRACT SECURED AT WOODSIDE PLUTO LNG FACILITY

Engineering company Monadelphous Group Limited (ASX: MND) (“Monadelphous” or “the Company”) today announced it has been awarded a construction contract with Woodside Burrup Pty Ltd (“Woodside”), valued at approximately A\$200 million. Activities to be performed under the contract include mechanical, electrical, instrumentation and commissioning works required for the modifications to the existing Woodside-operated Pluto Liquefied Natural Gas (“LNG”) Train 1 facility and associated infrastructure near Karratha in Western Australia. This will enable gas from the Scarborough Energy Project to be processed at the Pluto Train 1 facilities.

Monadelphous Managing Director Zoran Bebic said the award demonstrated the strength of the Company’s long-term relationship with Woodside. Monadelphous currently provides maintenance, shutdown, and brownfields project services under a long-term agreement at various Woodside-operated onshore and offshore gas production facilities.

“We are pleased to continue to support Woodside and build on our reputation for the delivery of safe and reliable construction services, which Monadelphous has previously performed at the Pluto LNG project,” he said.
