Directors' Report

The Directors of Touch Ventures Limited (referred to hereafter as 'the Company') submit their report together with the Condensed Interim Financial Report for the half year ended 30 June 2024 and the independent auditor's review report.

Directors

The following persons were Directors of the Company during the whole of the period and up to the date of this report, unless otherwise stated:

Michael Jefferies	Non-Executive Director and Chairman
Glenn Poswell	Non-Executive Director (Appointed 22 January 2024)
Jim Davis	Non-Executive Director
Sophie Karzis	Non-Executive Director
John McBain	Non-Executive Director (Resigned 7 May 2024)
Alyn Tai	Company Secretary

Principal activity

The Company is an Australian investment holding company with flexibility as to how it deploys its capital in seeking to achieve its investment objectives.

The Company continues to explore opportunities to deploy capital in high growth, scalable companies while continuing to manage an existing portfolio of technology assets and maintaining a significant balance of cash and bank deposits.

As previously disclosed, unless the Company is able to find attractive investment opportunities in the medium term, the Board will consider opportunities to return capital to shareholders.

Operating and financial review

Over the course of the half year the Company has taken steps to reduce its operating costs and also invested excess cash in term deposits to generate a return on capital until deployed.

The Company has broadened its investment scope to include possible opportunities where it can take a controlling position in an investment opportunity. Given the significant cash holding of the Company, it is well-placed to access high quality investment opportunities.

In January 2024, Gannet Capital acquired 17.8% of the shares in the Company from Block, Inc, and the Company welcomed their representative Glenn Poswell to the Board.

Valuations

The following investments were revalued in line with the Company's valuation policy:

Sendle

In early July 2024, Sendle raised further capital at a pre-money equity valuation of approximately US\$60 million. The financing round is in the form of preferred equity, which ranks ahead of existing shares including the Company's shareholding. The Company elected to not participate in this round and, having regard to the amount and terms of the securities issued, the Company has written down its investment in Sendle to US\$1.2 million (A\$1.8 million), recognising a fair value loss of \$14.6 million.

Postpay

In June 2024, having carefully considered the liquidity position and prospects of the Postpay business, the Company revalued its investment in Postpay to nil, resulting in the recognition of a fair value loss of \$10.9 million.

ESM and strategic investments

During the period, the Company recognised a total fair value gain of \$0.1 million (excluding foreign exchange impacts) in relation to the companies within the ESM and Strategic Investments.

Company financial results and financial position

The net loss after tax of the Company for the half year ended 30 June 2024 was \$24.5 million (half year ended 30 June 2023: net loss of \$1.1 million). The net loss includes the impact of the fair value loss of \$25.4 million, and an unrealised foreign exchange gain of \$1.1 million on investments in financial assets as at the reporting date.

During the period, and as previously announced, the Company's Chief Executive Officer and Chief Financial Officer ceased their employment with the Company. Given the size and scale of the Company's operations, and in line with reducing the operating costs of the business, these roles have not been replaced and their functions are carried out internally within the existing team.

As at 30 June 2024, the Company had net assets of \$84.4 million (31 December 2023: \$108.9 million). The Gross Portfolio Value (excluding cash) as at 30 June 2024 was \$24.8 million, a decrease of \$24.4 million from the 31 December 2023 value of \$49.2 million. The Company has no debt and has total cash (including term deposits) at 30 June 2024 of \$57.7 million (31 December 2023: \$58.2 million).

Matters subsequent to the end of the financial period

The Directors are not aware of any matter or circumstance which has arisen since 30 June 2024 that has significantly affected or may significantly affect the operations of the Company in subsequent financial years, the results of those operations, or the state of affairs of the Company in future financial years.

Dividends

No dividends were paid or declared by the Company during the half year ended 30 June 2024 (half year ended 30 June 2023: nil).

Auditor's independence declaration

The auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 6.

Rounding off of amounts

The Company is of the kind referred to in *ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191*, and in accordance with that Corporations Instrument, amounts in the Directors' Report and the financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

Signed in accordance with a resolution of Directors made pursuant to s.306(3) of the *Corporations Act 2001*.

On behalf of the Directors

Notes to the Condensed Interim Financial Statements

Note 1: Reporting entity

The Company is a for-profit entity and is domiciled in Australia. The Company is publicly traded on the Australian Securities Exchange under the ticker TVL. The Company's registered office is at Level 36, 1 Macquarie Place, Sydney NSW 2000.

The Company is an Australian investment holding company with flexibility as to how it deploys its capital in seeking to achieve its investment objectives. The Company has formulated an investment strategy focused on seeking to deploy capital towards high growth, scalable investment opportunities; in particular, investment opportunities within the retail innovation, e-commerce enablement, finance/fintech, consumer, B2B software and data segments in Australia and internationally.

Note 2: Summary of material accounting policy information

(a) Basis of preparation

The Condensed Interim Financial Statements (referred to hereafter as the 'Interim Financial Statements') of Touch Ventures Limited (referred to hereafter as 'the Company') for the half year ended 30 June 2024 were authorised for issue in accordance with a resolution of the Directors on 22 August 2024.

The Interim Financial Statements are general purpose financial statements prepared in accordance with *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. The accounting policies have been applied consistently by the Company for the purposes of preparation of these Interim Financial Statements. The Interim Financial Statements also comply with International Financial Reporting Standard (IAS) 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board.

The Interim Financial Statements reflect the activities for the half year ended 30 June 2024. The comparative information represents the financial position of the Company as at 31 December 2023 and the Company's financial performance for the half year ended 30 June 2023.

The Interim Financial Statements of the Company for the half year ended 30 June 2024 do not include all notes of the type normally included within the Annual Financial Report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and investing and financing activities of the Company as a full financial report. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last Annual Financial Report as at and for the year ended 31 December 2023.

The Interim Financial Statements should be read in conjunction with the Annual Financial Report of the Company for the year ended 31 December 2023 which is available from the Company's website at <https://investors.touchventures.com>.

The Interim Financial Statements have been prepared on the historical cost basis, except for the revaluation of certain investments that are measured at revalued amounts or fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All amounts are presented in Australian dollars, unless otherwise noted. The Company is of the kind referred to in *ASIC Corporations (Rounding in Financials/Directors' Reports) Instrument 2016/191*, and in accordance with that instrument, amounts in the Interim Financial Statements are rounded off to the nearest thousand dollars, unless otherwise indicated.

(b) New accounting standards and interpretations

The Company has considered all new accounting standards, interpretations and amendments.

The Company has not early adopted any standards, interpretations or amendments that have been issued but are not yet effective.

Accounting Standards and Interpretations issued but not yet effective

Australian Accounting Standards and Interpretations that are issued, but are not yet effective, up to the date of issuance of the Company's financial statements are not expected to have a significant impact on the preparation of the Company's financial statements. The Company intends to adopt these standards, as applicable, when they become effective.

New, revised or amended Accounting Standards and Interpretations

A number of new standards are effective from 1 January 2024. These standards have not had a material impact on the Company's Interim Financial Statements.

(c) Significant accounting judgements, estimates and assumptions

In preparing the Interim Financial Statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those described in the last Annual Financial Report.

(d) Fair value measurement

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above.

Fair-value related disclosures for financial instruments and non-financial assets that are measured at fair value or where fair values are disclosed, including valuation methods and significant estimates and assumptions, are summarised in Notes 7 and 8.

(e) Leases

The Company recognises a right-of-use asset and a lease liability at the lease commencement date.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method.

(f) Segment information

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Chief Operating Decision Maker, who is responsible for allocating resources and assessing performance of the operating segments, is the Chairman.

There is only one reportable segment based on the internal reports that are reviewed by the Chairman, being Australia as this is where it operates and manages investing in high growth securities.

The assets, revenues and results of this segment are those of the Company as a whole and are set out in these Interim Financial Statements.

Note 3: Expenses

Sendle

In early July 2024, Sendle raised further capital at a pre-money equity valuation of approximately US\$60 million. The financing round is in the form of preferred equity, which ranks ahead of existing shares including the Company's shareholding. The Company elected to not participate in this round and, having regard to the amount and terms of the securities issued, the Company has written down its investment in Sendle to US\$1.2 million (A\$1.8 million), recognising a fair value loss of \$14.6 million.

Postpay

In June 2024, the Company revalued its investment in Postpay to nil, resulting in the recognition of a fair value loss of \$10.9 million.

Preezie

Inputs used in the fair value measurement as at the end of the reporting period are as follows:

Valuation Technique	Significant unobservable inputs	Sensitivity of the input to the fair value calculation
ARR multiple	5.7x-10.2x	An increase in the unobservable inputs used would result in an increase in fair value, and vice versa.
Revenue multiple	5.0x-6.1x	An increase in the unobservable inputs used would result in an increase in fair value, and vice versa.

Note 9: Share-based payments

(a) Share-based payment plans

The Company has a Long-Term Incentive Plan (LTIP) that includes options and performance rights, with a view to aligning the interests of employees with the objectives of the Company and to provide incentives to Directors, senior executives and staff. The Company's LTIP applies to both past and present employees and Directors and is subject to vesting conditions for option holders.

(b) Share-based payment expenses

At 30 June 2024	2,280

The employee equity benefits reserve is used to record the fair value of equity options and performance rights granted to employees, senior executives and Directors as part of their remuneration.

(c) Capital management

When managing capital, management's objective is to ensure the Company continues as a going concern, as well as to provide optimal returns to shareholders and benefits for other stakeholders. The Company constantly reviews the capital structure and the level of return on assets.

Note 12: Commitments and contingencies

'Amount held in escrow from sale of financial asset' relates to amounts held in escrow as a result of the sale of Basiq. The total amount held in escrow that the Company is contractually entitled to from the sale of Basiq is \$0.8 million which remains subject to possible settlement claims. An amount of \$0.4 million has been accounted for in respect to this entitlement, reflecting management's best estimate of the fair value. The Company has no other contingencies as at 30 June 2024 (31 December 2023: nil).

The Company has no capital commitments as at 30 June 2024.

Note 13: Related parties

(a) Directors and Key Management Personnel

There were no transactions which were entered into with Directors or key management personnel during the current or previous reporting period.

Subsequent to the period, on 7 July 2024, the Company entered into a Consultancy Agreement with Gannet Capital Pty Ltd, an entity associated with Director, Glenn Poswell. The Consultancy Agreement is on arm's length terms and provides for the payment to Gannet of a monthly fee of \$20,000 (excluding GST). Under the Consultancy Agreement, Gannet Capital provides services to the Company including reviewing existing portfolio investments and assisting with developing a strategy in relation to them and identifying new opportunities for the Board to consider. The Agreement may be terminated by either party without cause with 2 weeks' notice. Invoices from Gannet Capital are settled on terms in line with other creditors.

(b) Other related parties

The following table provides the total amount of transactions which have been entered into with related parties for the current and previous periods.

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Touch Ventures Limited, which comprises the condensed statement of financial position as at 30 June 2024, the condensed statement of profit or loss and other comprehensive income, the condensed statement of changes in equity and the condensed statement of cash flows for the half-year ended on that date, notes to the condensed financial statements including a summary of material accounting policy information, other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Touch Ventures Limited does not comply with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of Touch Ventures Limited's financial position as at 30 June 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibility for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of Touch Ventures Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 30 June 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Regulations 2001*.

INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF TOUCH VENTURES LIMITED

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
