CEO COMMENTARY

Regal Partners Chief Executive Officer and Managing Director Brendan O'Connor said:

"Regal Partners is pleased to announce its 1H24 financial result, with the business benefitting from excellent investment performance delivered across a range of strategies and asset classes, alongside continued momentum in FUM growth with \$745 million in net client inflows received over the six months to 30 June 2024.

Regal Partners continues to establish itself as a leading provider of alternative investment solutions in Australia and Asia, with the business further broadening its investment capabilities and client reach in recent months with the acquisition of hard asset lending specialist Merricks Capital and a minority interest in water leasing business Argyle Group.

Together, on a pro forma basis, the business now manages over \$16.5 billion in FUM, supported by a growing number of institutional investors, family offices and private investors across Australia and offshore. Our balance sheet remains exceptionally strong, with \$197 million of net cash, cash receivables and investments and after our interim dividend, with the business remaining well positioned to deliver on our long-term growth ambitions.

We continue to remain focused, above all else, on delivering superior performance to our investors across our growing range of leading alternative investment strategies and delivering great outcomes for shareholders."
