Beamtree

FY24: Strong cashflow and FY25 outlook
FY24 Audited Annual Results

27 August 2024

Authorised for release by the Chairperson of the Board

Important Notice and Disclaimer

The material in this presentation is general background information about Beamtree Holdings Limited (ASX:BMT) and is current at the date of the presentation, 27 August 2024.

This presentation may contain statements that are, or may be deemed to be, forward looking statements. Such statements can ge nerally be identified by the use of words such as "believe", "estimate", "plan", "target", "project", "anticipate", "expect", "intend", "likely", "may", "will", "could" or "should" and similar expressions. Indications of strategy, plans, objectives, targets, goals, future events or in tentions are also forward-looking statements.

You should not place undue reliance on such forward-looking statements. Such forward looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors, many of which are beyond the control of BMT or any of its related entities which may cause actual results to differ materially from those expressed or implied in such statements.

No representation or warranty, express or implied, is made as to the accuracy, reliability, adequacy or completeness of the information contained in this presentation. Past performance information in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

The information in the presentation is given for informational purposes only, is in summary form and does not purport to be complete. It is intended to be read by a professional analyst audience in conjunction with BMT's other announcements to ASX. It is not intended to be relied upon as advice to current shareholders, investors or potential investors and does not take into account the investment objectives, financial situation or needs of any particular shareholder or investor. No representation is made as to the accuracy, completeness or reliability of the presentation.

The views expressed in this presentation may contain information that has been derived from publicly available sources that have not been independently verified. No representation or warranty, express or implied, is made as to the accuracy, reliability, adequacy or completeness of the information. Market share information is based on management estimates except where explicitly identified.

To the maximum extent permitted by law, BMT and any person involved in the preparation of this presentation disclaim all liability and responsibility (including without limitation, any liability arising from fault or negligence) for any direct or indirect loss or damage which may arise or be suffered through use or reliance on anything contained in, or omitted from, this presentation.

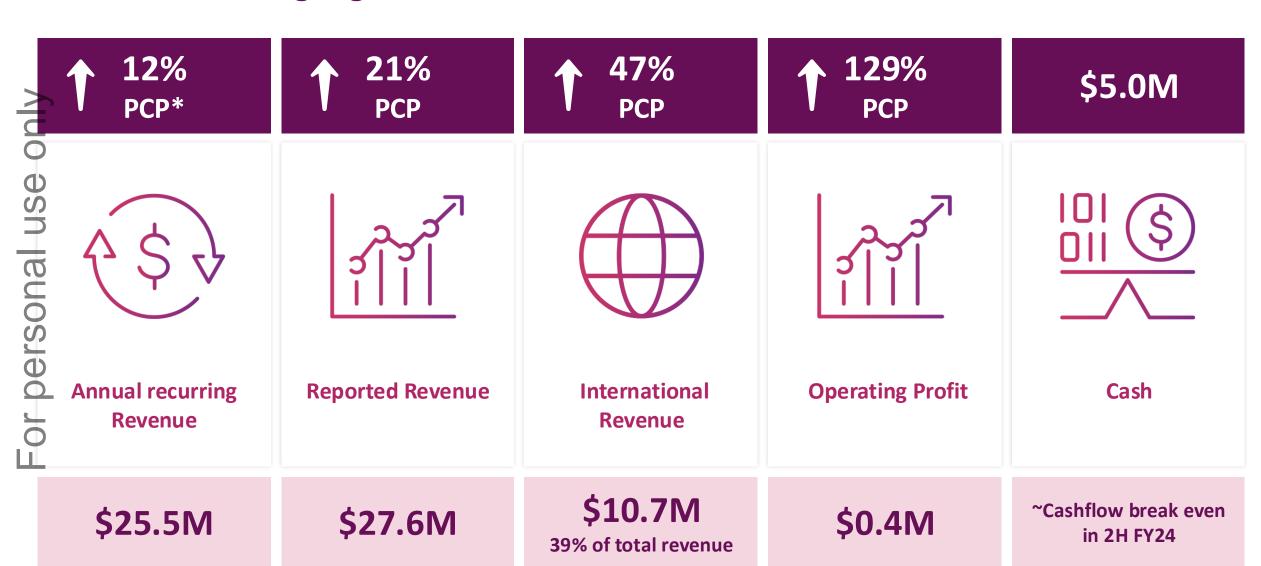

BMT is not obliged to, and does not represent that it will, update the presentation for future developments. All currency figures are in Australian dollars unless otherwise stated. Totals may not add up precisely due to rounding.

SFY24 Highlights

FY24 Financial Highlights

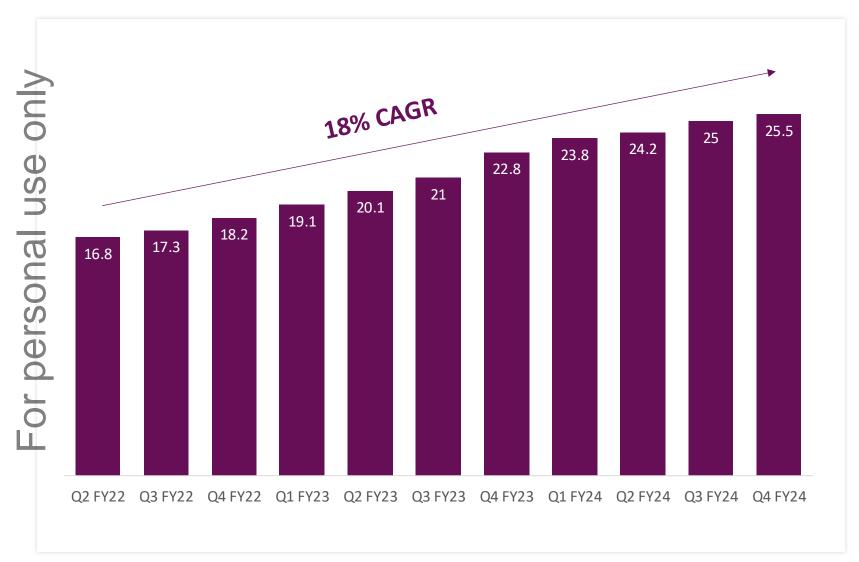

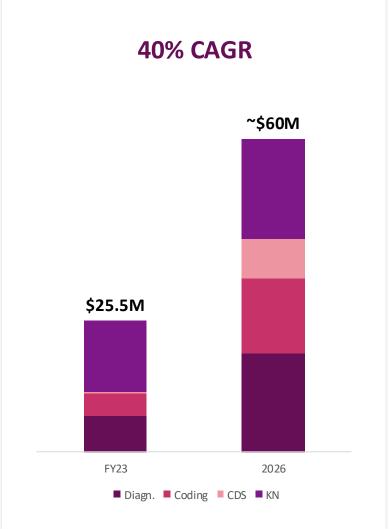

^{**}Prior Corresponding Period "PCP"

Annual Recurring Revenue (ARR) (\$'M) Trend

FY24 Highlights

Beamtree°

- Deepened our relationships in core target geographies
- Maturing partnerships with Abbott and Lean
- Enhanced focus on cross selling, pricing discipline and driving higher value recurring revenue
- Significant investment in product development aimed at enhancing product ROI, product relevance and further increase stickiness

RippleDown®

Diagnostic (RippleDown)

- Continued momentum with our Abbott distribution agreement with a ~25% increase in licences and 2 Abbott co-sales
- Largest RippleDown implementation delivered in FY24 with +40 knowledge bases planned for one client.
- Sales pipeline going into FY25 supports expected growth from Diagnostics in the \$60m ARR target.

AI Clinical Decision Support Coding

- AI based deterioration index now live in 3 hospitals in Australia and 1 in Hong Kong.
- Regulatory approval in Europe expected to be delivered in FY25. Regulatory approval will remove a material sales barrier.
- Sales pipeline remains strong going into FY25.

Coding Assistance and Data Quality

- Secured \$3.6m contract with Saudi Arabia's largest private hospital operator to support their clinical coding operations.
- Development, in conjunction with our Saudi partner Lean, of the Integrated Coding Platform which will materially expand the target coding market for Beamtree.
- New application development using RippleDown to automatically code clinical records, post positive trials in three countries in FY24.

Analytics and Knowledge Networks

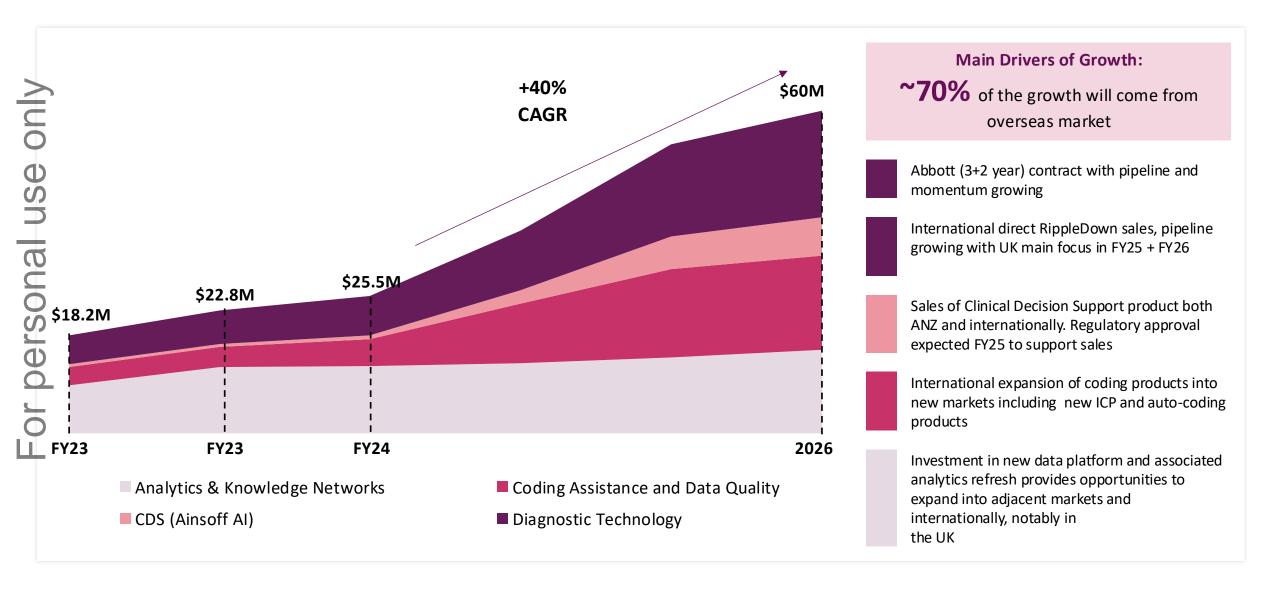

- New \$2m data platform now live which will support the customer experience transformation and potentially will be used to expand into other areas (e.g. aged care) and other geographies.
- Announced at the June 2024 UK NHS Confed Expo that Beamtree is working with The NHS Confederation to explore the formation of an NHS analytics and knowledge network

Long Term Horizon – Reaffirm Conviction

Beamtree Strategy

Beamtree®

Creating a better future for health

We provide AI decision support and data insights solutions with the aim of turning data into insights and action through automation.

We believe it starts with better data and ends in better care – and that 'better has no limit'

About Us

25+ years of experience

Australian company with Australian IP

Supporting healthcare globally

Cutting-edge use of AI and machine learning

Diagnostic Technology leaders

Clinical Decision Support in acute care

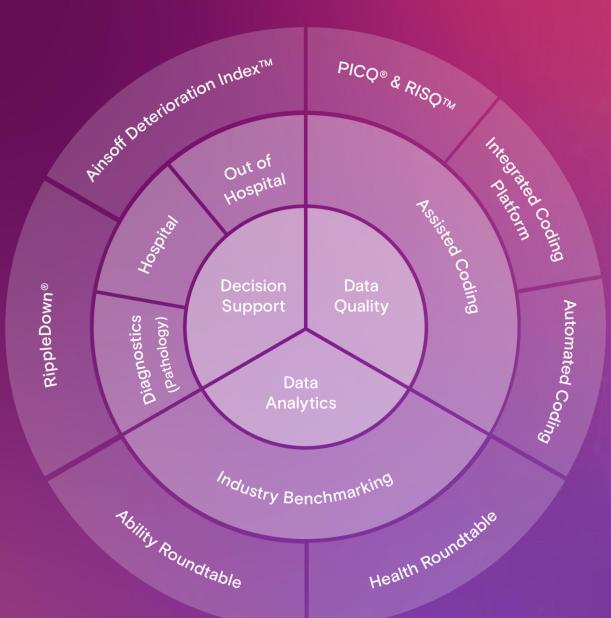

Coding
Assistance &
Data Quality

Analytics and Knowledge Networks

Beamtree is committed to supporting learning health systems

Driving continuous improvement by better access to healthcare information – towards safety, quality and efficiency.

The Problems We Help Solve

Tackle unwarranted variation

Offer revenue assurance

Promote transparency

Drive automation

Address equity of access and resource allocation

Bridge knowledge gaps

Increase efficiency, reducing errors

Improve quality of data

Our product segments

Diagnostic Technology

Enabling the effective delivery of diagnostic services as they underpin the future of health and personalised medicine.

RippleDown Expert

Clinical Decision Support

Combining human and artificial expertise with machine learning to enhance decisions that improve care, value and experience.

Coding Assistance and Data Quality

Digitising and automating workflows with data, classification, coding & technical expertise to improve information standardisation, quality and timeliness.

Picq[®] Risq[®]

Analytics and Knowledge Networks

Combining data analytics solutions with peer-to-peer alliances that accelerate innovation and knowledge diffusion.

Workforce Wellbeing Collaborative Program

Key Areas, Key Products and What They Do

| | Product/ Solutions | Application | Problem Solved | ROI | Pricing/Scale | |
|------------------------------------|------------------------------------|--|---|--|--|--|
| Diagnostic Technology | RippleDown [™] Expert | Clinical rules to automate expert decision making in Diagnostics | Removes duplication for experts in providing diagnostic results | Leverages scarce clinical resources through automating and standardising work | Recurring License + volume based fee, | |
| | RippleDown Auditor | Financial and Admin rules to automate data administration for Diagnostics | Removes data errors contributing to financial loss and duplication of effort | Fewer data errors/lower bad debts, increased efficiency | Typically annual or multi year contracts | |
| Coding Assistance and Data Quality | Picq® | Audit / benchmark tool to check and recognise activity for accurate coding / highlight risk for intervention | Reduces error and increases standardisation in coding for revenue and quality assurance | Timely, more complete and accurate information, provides education for continuous improvement and greater efficiency over time | Recurring licence fee based on volumes plus support fees Typically annual or multi year contracts | |
| | Risq [™] | | | | | |
| Clinical Decision Support (CDS) | Ainsoff Deterioration Index | Clinical rules with machine- learning to measures patient deterioration | CDS for predicting risk in acute patients, alerting clinical staff | Better patient care, less ICU admissions/ward bed days and a safety net for clinical teams | Recurring licence fee New products so pricing model evolving | |
| Analytics & Knowledge Networks | Together with HEALTH ROUNDTABLE | Combines data analytics solutions with peer-to-peer alliances | Accelerates innovation and knowledge diffusion amongst industry peers | Identifies best-in- class performance across industry peers to understand drivers for better care | Subscription revenue | |

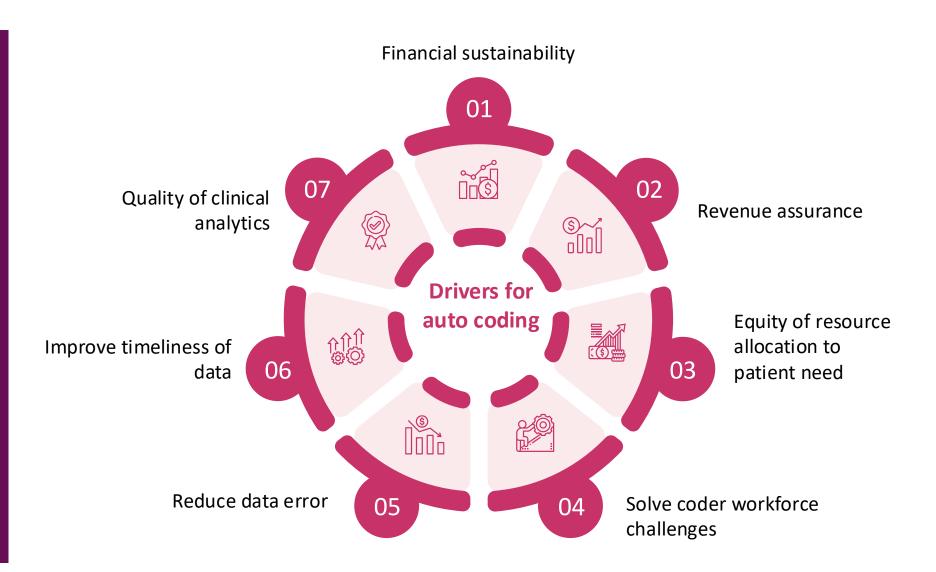

Beamtree's Al Product Innovation: Coding Deep Dive (1 of 3)

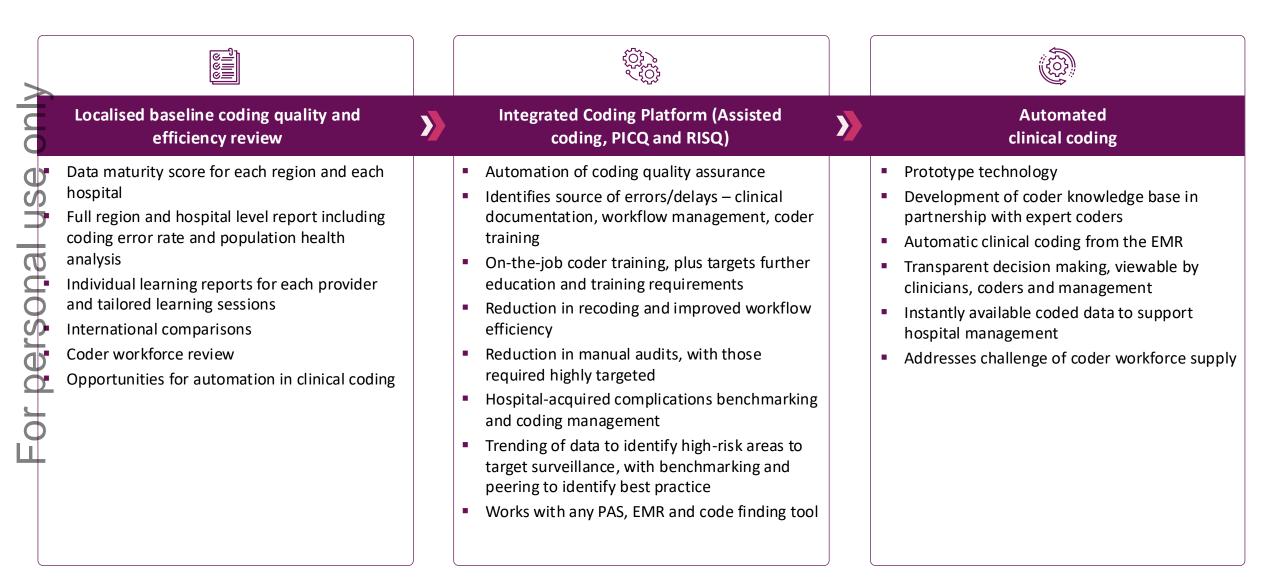

Pioneering the automation of clinical record coding

The automation of clinical record coding – the ability to produce high quality data in real time – may be the most important application of AI in healthcare administration and have the biggest impact on sustainability, value and improved clinical outcomes

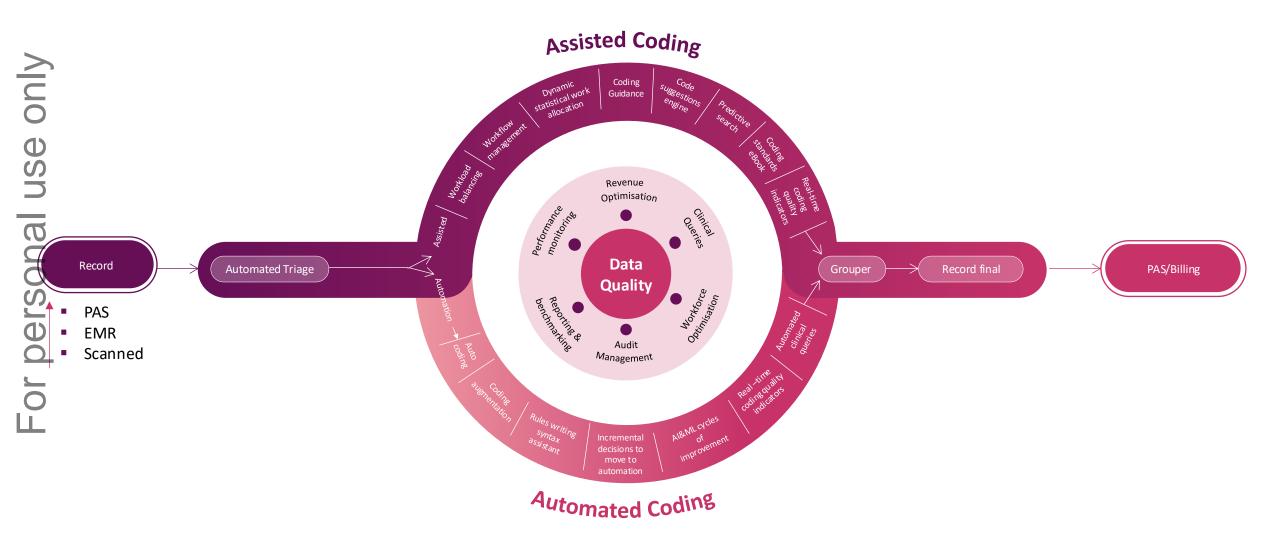

Al Product Innovation: Pathway to Coding automation (2 of 3)

Beamtree: Core International Markets

Beamtree

Canada

| Cash and cash equivalents at the beginning of the financial Cash and cash equivalents at the end of the financial | 6.4 8.8 | 8.8 5.0 |

Strong cashflow in 2H (Dec 23 \$5.1m vs June 24 \$5.0m)

2H operating cash inflow +\$1.8m vs 1H outflow of \$2.3m

\$4.0m investment in product,
~\$1m higher due to new data
platform

FY25 Outlook and Targets

Management reaffirms long term outlook of delivering annual recurring revenue of \$60m by 2026

Continuing revenue growth of +20%

Cost growth % targeted to be lower than revenue growth %

Geographical FY25 Priorities Growth

- ANZ: Pricing discipline, cross selling, rollout of new coding products and product upgrades.
- Kingdom of Saudi Arabia: Deliver recurring revenue sales, focus on supporting PICQ and ICP roll out with Lean.
- United Kingdom: Expand coding, diagnostics, clinical decision support, and knowledge networks.
- Canada: Deliver first recurring product sales in PICQ, expand coding & diagnostics.
