OpenLearning Limited and Controlled Entities

Managing Directors' report

Dear Shareholders,

The first half of FY2024 has been an exciting and transformative period for OpenLearning as we continue our evolution into an AI-powered SaaS platform for lifelong learning. Building on the strong foundations laid in previous years, we have made significant progress in rolling out new generative AI tools, driving customer adoption, and expanding our global footprint. Our commitment to innovation and operational excellence is already delivering results.

At the core of our success is the deployment of generative AI across our platform, revolutionizing how education providers design, deliver, and manage online courses. In January 2024, we launched our AI-powered course builder, which automates the creation of courses from start to finish based on educator inputs. This innovative tool, along with other features in our AI Assistant suite, has been embraced by over 75% of our customer base, and usage of these tools has more than doubled over the first half of the year.

We further extended our AI capabilities with the launch of CourseMagic in late June 2024, a standalone suite of AI-powered instructional design tools compatible with leading learning management systems. This new product has already begun generating revenue within its first two weeks of launch, and we see AI as a key growth driver in the quarters to come.

Our platform's annual recurring revenue (ARR) continues to grow, increasing by 18% year-on-year to \$2.17 million in Q2 FY24. We are particularly proud of our ability to increase average revenue per customer, which rose 13% year-on-year to reach \$9,217 per annum. These figures highlight the strong demand for our platform and the growing value we are delivering to our customers.

Operational efficiency remains a key focus, and we have successfully reduced net loss for the period by 25.4% in H1 FY24 compared to the previous year. At the same time, we made the difficult decisions to implement a substantial cost reduction exercise and exit our program delivery and learning services businesses. These improvement in cost management, coupled with our growing ARR, has improved our trajectory towards break-even and set the stage for continued sustainable growth.

On the international front, our partnership with Education Centre of Australia (ECA) has helped us establish a presence in India through the launch of OpenLearning Bharat. We are actively working with Gujarat University and other leading institutions in India, where our platform is being trialled for the digital delivery of compulsory courses to thousands of students. This partnership with ECA is key to our strategy of expanding into the dynamic and fast-growing Indian market.

As we look ahead to the second half of FY2024, we are more confident than ever in our transformation strategy and the strength of our AI-powered platform. Generative AI is reshaping the education sector, and OpenLearning is well-positioned to lead this shift. Our Board and leadership team are committed to continuing our journey of innovation and growth, and we are excited by the opportunities that lie ahead.

Thank you for your continued support as we execute our strategy and deliver on our vision for the future of education.

On behalf of the Board of Directors I am pleased to present to you with the half yearly report for the period ended 30 June 2024.

Adam Brimo
Group CEO and Managing Director

OpenLearning Limited and Controlled Entities

Directors' report

Your directors present their report on the Consolidated Entity (referred to herein as the Group) consisting of OpenLearning Limited and its controlled entities for the half-year ended 30 June 2024.

Directors

The following persons were directors of OpenLearning Limited during or since the end of the half-year up to the date of this report:

Spiro Pappas	- Non-Executive Chairman
Adam Brimo	- Managing Director and Group CEO
Matthew Reede	- Non-Executive Director (appointed on 21 February 2024)
Rupesh Singh	- Non-Executive Director

Dividends

There were no dividends paid, recommended or declared during the current or previous financial half-year.

Review of operations and financial position

OpenLearning Limited (ASX: OLL) continues to make significant strides in its journey toward becoming the leading AI-powered SaaS platform for lifelong learning. The company's focus on leveraging generative AI has been instrumental in accelerating growth and enhancing the value proposition for its customers. H1FY24 has been marked by strong financial performance, new product launches, and expansion into new markets.

Operational Efficiency and Cost Management

OpenLearning continues to focus on operational efficiency, resulting in a 25.4% reduction in its half yearly loss compared to the previous corresponding period (pcp). The company's disciplined cost management, combined with growth in customer receipts across its core SaaS platform and marketplace segments, has strengthened its financial position.

Platform SaaS fee revenue grew by 13.5% pcp, while overall revenue grew by 1.7% as a result of the Group's strategic decision to exit the program delivery and services businesses in HY2024.

Platform Overview and Target Markets

OpenLearning's lifelong learning platform is designed to empower education providers to create, manage, and deliver engaging online courses, micro-credentials, and degrees. By incorporating generative AI tools, such as the AI Course Builder and AI Assistant, the platform helps educators streamline course design and reduce development time, enabling faster market entry for their offerings.

The platform primarily serves higher education institutions and training providers, with a strong focus on the Australian and Malaysian markets. In Australia, OpenLearning has established a strong foothold, working with universities, private higher education colleges, and registered training organisations. The company is also expanding its presence in Southeast Asia, particularly in Malaysia, where it has forged partnerships with prominent universities and education providers.

Additionally, the recent acquisition of Australian higher education marketplaces further strengthens OpenLearning's ability to assist education providers in attracting students and promoting their programs.

Financial Performance & ARR Growth

OpenLearning delivered robust financial results during H1FY24, driven by increased demand for its AI-powered platform and tools. Annual recurring revenue (ARR) for the platform SaaS business increased by 18% YoY, reaching \$2.17 million in Q2 FY24. This growth was underpinned by a 16% YoY increase in average revenue per customer, which now stands at \$9,507. The company has achieved 11 consecutive quarters of ARR growth, reflecting consistent market demand for its solutions.

OpenLearning Limited and Controlled Entities

Directors' report

Generative AI Rollout and Adoption

In January 2024, OpenLearning launched its generative AI-powered course builder, revolutionizing the way educators design and deliver online courses. This groundbreaking AI tool automates course creation based on input from educators, significantly reducing time and resource requirements for course development. The AI Course Builder, which forms part of OpenLearning's AI Assistant, has already been adopted by over 75% of OpenLearning's customer base, with usage doubling from Q1 to Q2 FY24.

In late June 2024, the company introduced CourseMagic, a new AI product designed to extend OpenLearning's generative AI tools to other learning management systems (LMS). This strategic move expands the company's addressable market by offering a standalone suite of AI-powered instructional design tools compatible with popular LMS platforms such as Canvas, Blackboard, and Moodle. Within just two weeks of its launch, CourseMagic secured its first five paid customers, signalling strong market interest.

Strategic Expansion and Acquisitions

OpenLearning completed the acquisition of three leading Australian higher education marketplaces, which have been rebranded as The Uni Guide. This acquisition has enhanced OpenLearning's capabilities in student acquisition and created new cross-selling opportunities for education providers using the platform. The marketplaces are already contributing to revenue growth, and sales campaigns are underway to further drive performance in this segment.

The Group is actively working with its network of resellers and partners across India, Philippines, Indonesia and Malaysia to promote its platform and win new business. In HY2024, OpenLearning expanded its geographical footprint by signing reseller agreements with three partners in the Philippines.

OpenLearning entered the Indian market in FY23 in partnership with ECA, collaborating to bring over 200 courses from global education providers to its Indian marketplace and sell its SaaS platform to Indian universities under the brand OpenLearning Bharat. This partnership has enabled OpenLearning to commence a trial with Gujarat University, which will trial the platform for digital delivery of courses under India's national education policy for up to 60,000 students.

These initiatives are opening new growth avenues for OpenLearning and reinforcing its position as a global leader in AI-driven education solutions.

OpenLearning Limited and Controlled Entities

Directors' report

Summary of Operating Expenses

The Group's main operating expenses by key function decreased by 38% in HY2024 as a result of a significant cost reduction exercise.

	Half-year ended 30 June 2024	Half-year ended 30 June 2023
Operating expenses	\$	\$
Sales and marketing	317,612	396,038
Platform design and development	372,406	542,310
Program and service delivery	310,056	686,908
Total	1,000,074	1,625,256

As a result of the cost optimisation initiatives, the Group's loss after tax for HY2024 decreased by 25.4% pcp to \$1,663,308. The Group ended HY2024 with cash and cash equivalents of \$458,115 and a remaining undrawn loan facility of \$950,000 as at 30 June 2024.

Conclusion

The Group is successfully executing its turnaround strategy with substantial progress made during HY2024. The Group remains focused on further expanding the adoption of its platform across new and existing markets and is committed to driving continued ARR growth through innovation, operational efficiency, and strategic partnerships.

The Group is grateful for the support of its partners and shareholders, and for the hard work and dedication of employees.

Auditor's Independence Declaration

The lead auditor's independence declaration under s 307C of the *Corporations Act 2001* is set out on page 19 for the half-year ended 30 June 2024.

This directors' report is signed in accordance with a resolution of the Board of Directors.

Spiros Pappas
Chair of the Board

OpenLearning Limited and Controlled Entities

Notes to the financial statements – half-year ended 30 June 2024

1. Summary of significant accounting policies

1.1 Basis of preparation

These general purpose interim financial statements for half-year reporting period ended 30 June 2024 have been prepared in accordance with requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: *Interim Financial Reporting*. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of OpenLearning Limited and its controlled entities (the 'Group'). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 31 December 2023, together with any public announcements made during the following half-year.

Where required by AASBs, comparative figures have been adjusted to conform with changes in presentation for the current period.

These interim financial statements were authorised for issue on 28 August 2024.

1.2 Going concern

The financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation and settlement of liabilities in the ordinary course of business.

The Group incurred a net loss for the half-year of \$1,663,308 (HY2023: \$2,229,966) and net operating cash outflows of \$1,164,896 (HY2023: \$1,701,965). As at 30 June 2024, the Group had accumulated losses of \$41,608,845 (31 Dec 2023: \$39,994,037).

As at 30 June 2024, the Group has a net current liabilities of \$1,480,540 (31 Dec 2023: \$550,451) and cash and cash equivalents of \$458,115 (31 Dec 2023: \$1,103,418).

The Group has prepared a cashflow forecast for the next 18 months which indicates a risk that the Group may not meet all its payment obligations. However, the directors believe that it is appropriate for the financial statements to be prepared on a going concern basis after consideration of the following factors:

- increasing traction in revenue growth of the Platform Subscription segment with improved gross margins and increasing cash inflow from this segment;
- results of cost optimisation initiatives have come into effect with a reduction in operating costs
- active management of the discretionary expenditure in line with funds availability;
- support from ECA in the form of a debt facility that was extended during the half year;
- raising of additional working capital through the issuance of securities and/or other funding.

OpenLearning Limited and Controlled Entities

Notes to the financial statements – half-year ended 30 June 2024

1.2 **Going Concern (Cont'd)**

Accordingly, the directors believe that the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial statements. In the event that the Group is unsuccessful in implementing the above stated objectives, a material uncertainty exists, that may cast significant doubt on the Group's ability as a going concern and its ability to recover assets, and discharge liabilities in the normal course of business and at the amount shown in the financial statements.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be necessary should the Group not continue as a going concern.

1.3 **Accounting Policies**

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements.

The Group has considered the implications of new and amended Accounting Standards, but determined that their application to the financial statements is either not relevant or not material.

2. **Income and Expenses**

	30 June 2024	30 June 2023
	\$	\$
Loss before income tax from continuing operations includes the following revenue and expense items:

	<hr/> 170,597	<hr/> 282,311

OpenLearning Limited and Controlled Entities

Notes to the financial statements – half-year ended 30 June 2024

3. Loss per share

Both the basic and diluted losses per share have been calculated by dividing the loss for the period attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial period.

The reconciliation of the weighted average number of ordinary shares for the purposes of calculating the diluted losses per share is as follows:

	30 June 2024	30 June 2023
Weighted average number of ordinary shares for basic losses per share computation	267,869,076	267,869,076
Effects of dilution from:		
- Debt conversion	103,183,207	–
Weighted average number of ordinary shares for diluted losses per share computation	371,051,283	267,869,076

The effects from the potential ordinary shares of the Company arising from the conversion of share-based payments for the current financial half-year ended 30 June 2024 is deemed anti-dilutive. Accordingly, the basic and diluted earnings per share for the current financial half-year are the same.

4. Intangible assets

4. Intangible assets (Cont'd)

Domain names and trademarks are recognised at cost of acquisition. Goodwill represents premium paid for business assets. These are considered to have an indefinite life and are carried at cost less any impairment losses.

Platform development is recorded at cost. It has a finite life and is carried at cost less accumulated amortisation and any impairment losses. Platform development has an estimated useful life of five years. Amortisation commences when the development is completed and ready for commercial use.

Learning platform software is recorded at cost. It has a finite life and is carried at cost less accumulated amortisation and any impairment losses. Software has an estimated useful life of ten years. Amortisation commences when the software is ready for commercial use.

Course design is costs expended to develop the OpenCredits' micro-credential courses, the computer science program titled 'CS101' and the study courses for the UNSW Transition Program Online. It has a finite life based on the contract periods or expected obsolescence period and is carried at cost less accumulated amortisation and any impairment losses. Course design has an estimated useful life of between five and ten years. Amortisation commences when the courses are ready for commercial use.

UniGuide platform is recorded at cost of acquisition. It has a finite life and is carried at cost less accumulated amortisation and any impairment losses. UniGuide platform has an estimated useful life of five years. Amortisation commences when the handover is completed and ready for commercial use.

Cash Generating Units (CGUs)

The recoverable amounts of the CGUs are determined through value-in-use calculations, utilising a five-year cash flow forecast derived from internal budgets and long-term management forecasts. These calculations involve the adoption of assumptions and estimates and are based on cash flow projections. The key assumptions used in estimating the recoverable amounts are detailed below. Each assumption and estimate reflect management's best estimate at the time of the valuation, drawing upon historical data from both external and internal sources.

As of 30 June 2024, the group operated two CGUs: the OpenLearning platform CGU and the UniGuide platform CGU.

OpenLearning platform CGU

The OpenLearning platform CGU includes domain names, trademarks, goodwill, platform development, and learning platform software intangible assets.

Impairment testing

Key Assumptions:

- Platform Revenue Growth: It is assumed that platform revenue will sustain steady growth over the next five years, with an annual growth rate of 20% in the first year and 15% in the subsequent four years.
- Revenue from New APIC Contract: Revenue from a new APIC contract is projected to be \$225,000 in the 2nd half-year of the FY2024, with subsequent growth rates of approximately 30% in the second and third years and 10% in the fourth and fifth years.

OpenLearning Limited and Controlled Entities

Notes to the financial statements – half-year ended 30 June 2024

4. Intangible assets (Cont'd)

- Expected Revenue from OpenLearning India: Revenue from OpenLearning's expansion into the Indian market is estimated to be \$33,750 in the 2nd half-year year, with anticipated growth rates of approximately 146% in the second year, 126% in the third year, and 15% in the fourth and fifth years.
- Terminal Value Growth: A terminal value growth rate of 3% is applied to account for future cash flows beyond the explicit forecast period.
- Discount Rate: The discount rate utilised in the assessment is 10.21%, reflecting the risk-adjusted rate of return required by investors.

Based on the conducted impairment assessment, no impairment losses have been identified or recognised for the half-year ended 30 June 2024.

Sensitivity analysis:

- If the key assumptions were adjusted as indicated in the table below, with all other assumptions remaining the same as in the base impairment model, the Value in Use and Headroom would be reduced. These changes to the key assumptions represent scenarios that are considered unlikely by the group and would not alter the outcome of the impairment test, except in two specific cases: if the platform revenue growth rate drops to 5% over years 1 to 5, resulting in a potential impairment of \$1,531,064, or if APIC revenue falls to \$Nil, leading to an impairment of \$222,263.

Sensitivity in assumptions:

	Value in Use \$	Headroom \$
Based on management's assumptions and forecasts in impairment analysis	5,499,373	3,807,366
Platform Revenue Growth Rate in years 1 to 5 is reduced to 8%	1,692,007	–
Platform Revenue Growth Rate in years 1 to 5 is reduced to 5%	160,943	(1,531,064)*
APIC Revenue is reduced from \$250,000 to \$100,000 in the 2 nd HY 2024 with the reduced growth rate in years 1 to 5 of 5%	2,539,533	847,526
APIC Revenue is reduced from \$250,000 to \$Nil	1,469,744	(222,263)*
Revenue from the Indian market and related costs are reduced to \$Nil	2,242,550	550,543
Discount Rate is increased from 10.21% to 17.05%	1,692,007	–
Terminal Value Growth is reduced from 3% to 0%**	3,637,637	1,945,630

* Represents amount of potential impairment in the unlikely scenarios as indicated above.

** The Value in Use is not significantly affected by changes in the Terminal Value Growth assumption, provided there are no alternations to the other key assumptions.

OpenLearning Limited and Controlled Entities

Notes to the financial statements – half-year ended 30 June 2024

4. Intangible assets (Cont'd)

UniGuide platform CGU

UniGuide platform is considered as an independent CGU.

Impairment testing

Key Assumptions:

- UniGuide Revenue Growth: It is assumed that platform revenue will sustain steady growth over the next five years, with an annual growth rate of 43% in the first two years and 15% in the subsequent three years.
- Terminal Value Growth: A terminal value growth rate of 3% is applied to account for future cash flows beyond the explicit forecast period.
- Discount Rate: The discount rate utilised in the assessment is 10.21%, reflecting the risk-adjusted rate of return required by investors.

Based on the conducted impairment assessment, no impairment losses have been identified or recognised for the period ended 30 June 2024.

Sensitivity analysis:

- If the key assumptions were adjusted, with all other assumptions remaining the same as in the base impairment model, the Value in Use and Headroom would be reduced. The directors and management have considered and assessed reasonably possible changes for the key assumptions and have not identified any instances that could cause the carrying amount of the UniGuide platform intangible to exceed its recoverable amount.

* exercise of the options is subject to escrow periods.

5.3 Performance rights

4,000,000 performance rights were granted on 17 June 2024 to key management personnel of the Group. These performance rights are exercisable to 4,000,000 ordinary shares in the Company across a three-year vesting period, as outlined below and expiring five years after the date of allotment.

- Tranche 1 (400,000 rights) - Subject to continued employment:
 - 133,334 Performance Rights to vest one year after the date of allotment;
 - 133,333 Performance Rights to vest two years after the date of allotment; and
 - iii. 133,333 Performance Rights to vest three years after the date of allotment.
- Tranche 2 (1,600,000 rights) - Share price target: \$0.06 & Subject to continued employment:
 - 533,334 Performance Rights to vest one year after the date of allotment;
 - 533,333 Performance Rights to vest two years after the date of allotment; and
 - 533,333 Performance Rights to vest three years after the date of allotment.
- Tranche 3 (2,000,000 rights) - Share price target: \$0.12 & Subject to continued employment:
 - 666,667 Performance Rights to vest one year after the date of allotment;
 - 666,667 Performance Rights to vest two years after the date of allotment; and
 - 666,666 Performance Rights to vest three years after the date of allotment.

None of the above performance rights were vested during the financial period.

7. Events after the reporting period

No events have arisen that would be likely to materially affect the operations of the Group, or the state of affairs of the Group not otherwise disclosed in the Group's financial report.

8. Contingent liabilities

There has been no change in contingent liabilities since the last annual reporting period.

9. Seasonality of Operations

The Group's performance is generally not affected by seasonality with the exception of the program delivery revenue stream. Program delivery, which comprise the online program management business, is subject to seasonality as revenue is affected by commencement date of the foundation study courses as determined by the education partner.

10. Fair value measurements

The Group's financial instruments consist of cash and cash equivalents, trade and other receivables and trade and other payables. These financial instruments are measured at amortised cost, less any provision for non-recovery. The carrying amount of the financial assets and liabilities approximate their fair value

OpenLearning Limited and Controlled Entities

Directors' declaration – half-year ended 30 June 2024

In accordance with a resolution of the directors of OpenLearning Limited, the directors of the Company declare that:

1. The financial statements and notes, as set out, are in accordance with the *Corporations Act 2001*, including:
 - a. complying with Australian Standard AASB 134: *Interim Financial Reporting*; and
 - b. giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance for the half-year ended on that date;
2. In the directors' opinion there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

On behalf of the Board of Directors

UNDER SECTION 307C OF THE CORPORATIONS ACT 2001
TO THE DIRECTORS OF OPENLEARNING LIMITED**

In accordance with Section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of OpenLearning Limited. As the lead partner for the review of the financial report of OpenLearning Limited for the half year ended 30 June 2024, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF
OPENLEARNING LIMITED

Report on the Half Year Financial Report

Conclusion

We have reviewed the half-year financial report of OpenLearning Limited (the Company) and controlled entities (the Group), which comprises the consolidated statement of financial position as at 30 June 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance for the half year ended on that date; and
- (ii) complying with AASB 134: Interim Financial Reporting and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of Financial Report performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1.2 in the half year financial report which indicates that the Group had incurred a net loss of \$1,663,308 and net operating cash outflow of \$1,164,896. These conditions, along with other matters as set forth in Note 1.2 indicate the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

**INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF
OPENLEARNING LIMITED**

Directors' Responsibility for the Half Year Financial Report

The directors of OpenLearning Limited are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half year financial report based on our review. ASRE 410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 30 June 2024 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
