## **Note 1. Significant accounting policies**

These general purpose financial statements for the interim half-year reporting period ended 30 June 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 December 2023 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period unless otherwise stated.

### **New or amended Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

### **Going Concern**

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a loss of \$978,000 for the half-year ended 30 June 2024. In addition, as at that date, the consolidated entity's current liabilities exceed its current assets by \$76.5M and it had a net liability position of \$9.3M, related to liabilities amounting to \$173.1M offset by assets amounting to \$163.7M. These factors indicate a material uncertainty which may cast significant doubt as to whether the consolidated entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Directors believe that there are reasonable grounds to believe that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The Directors have reviewed the cash forecast, for the forthcoming 12 months which indicates the consolidated entity will continue to generate significant net cash inflows from its operating activities;
- The consolidated entity has the ability to scale down its operations in order to curtail exploration expenditure, in the event cash available is insufficient to meet projected expenditure;
- As disclosed in note 12 below, the company has entered into a framework agreement with Glencore, Secover, and Thiess to discharge all secured debt and the unsecured trade payable owed to Thiess. Under this agreement, all secured debt will be repaid from the proceeds of the Anthill Project; and
- The Company is progressing towards the removal of its suspension from the ASX and, subsequently will seek to raise additional capital through the issuance of shares under the Corporations Act 2001.

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the consolidated entity does not continue as a going concern.

## **Note 2. Operating segments**

### *Identification of reportable operating segments*

The consolidated entity is organised into one operating segment, being mining and exploration operations. This operating segment is based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

The CODM reviews EBITDA (earnings before interest, tax, depreciation and amortisation). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

*Environmental*

The rehabilitation provision represents the present value of rehabilitation costs relating to mine sites, which are expected to be incurred over the life of the estimated life of mine, which is when the producing mine properties are expected to cease operations. Assumptions based on the current economic environment have been made, which management believes are a reasonable basis upon which to estimate the future liability. These estimates are reviewed regularly to take into account any material changes to the assumptions. However, actual rehabilitation costs will ultimately depend upon future market prices for the necessary rehabilitation works required that will reflect market conditions at the relevant time.

**Directors and key management personnel**

On 4 August 2021, 44,537,500 performance rights were issued to key management personnel under the Performance Share Plan. Where an employee leaves during the vesting period and the KPI's are not met within three months of the employees termination date the performance rights will be forfeited. In the scenario where the KPI's were met then the employee is eligible to elect to exercise the rights through to the expiry date. On 12 May 2022, 1,603,350 performance rights were issued to Michael Hansel under the Performance Share Plan and were approved at the company's AGM. These performance rights are subject to the same KPIs as the performance rights issued to the key management personnel on 4 August 2021. Each Performance Right converts into one AR1 share upon vesting and exercise.

On 17 October 2022, 4,302,326 performance rights were issued to key management personnel under the Performance Share Plan. Where an employee leaves during the vesting period and the KPI's are not met within three months of the employees termination date the performance rights will be forfeited. In the scenario where the KPI's were met then the employee is eligible to elect to exercise the rights through to the expiry date. These performance rights were re-issued following the cancelation of the existing HSSEQ performance rights after the Directors identified the HSSEQ KPI should be better defined.

Total expense arising from share-base payments transactions is \$84,000 (2023: \$585,000) for the half-year ended 30 June 2024.

## INDEPENDENT AUDITOR'S REVIEW REPORT To The Member of Austral Resources Australia Ltd

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the accompanying half-year financial report of Austral Resources Australia Ltd ('the Company') and its controlled entities (together 'the Consolidated entity') which comprises the statement of financial position as at 30 June 2024, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Austral Resources Australia Ltd is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Consolidated entity's financial position as at 30 June 2024 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* ('ASRE 2410'). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Consolidated entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Austral Resources Australia Ltd, would be in the same terms if given to the directors as at the time of this auditor's review report.

## Report on the Half-Year Financial Report (Continued)

### *Material Uncertainty Related to Going Concern*

We draw attention to Note 1 in the financial report, which indicates that the consolidated entity incurred a loss of \$978,000 for the half-year ended 30 June 2024. In addition, as at that date, the Consolidated entity's current liabilities exceeded its current assets by \$76.5 million and had a net liability position of \$9.3 million. As stated in Note 1, these conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Consolidated entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

### *Directors' Responsibility for the Half-Year Financial Report*

The directors of Austral Resources Australia Ltd are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility for the Review of the Half-Year Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Consolidated entity's financial position as at 30 June 2024 and of its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
