Eagle Mountain Chairman, Rick Crabb, said:

"The Directors and the CEO sincerely thank Mr Bass for his ongoing financial support and belief in the Company by deferring the loan repayment date and accepting shares in Eagle Mountain Mining in lieu of interest. Mr Bass issued this unsecured loan, on attractive terms at a time when the Company was in need of funds. This deferral supports the Company's plans to advance exploration at Silver Mountain following the discovery of geophysical anomalies which are indicators of porphyry intrusions. In addition, the strategic review of Oracle Ridge, being conducted by Argonaut is progressing well. This review aims to build shareholder value to support ongoing exploration and ongoing studies. Mr Bass continues to show strong support for the Company and we thank him for his ongoing contributions."

The Company will seek shareholder approval for the proposed issue of Shares in lieu of interest at the upcoming AGM. Further details are set out in an Appendix 3B following this announcement.
