## DIRECTORS' REPORT

---

The Directors present their report together with the consolidated financial statements, on the Consolidated Entity (referred to hereafter as the "Consolidated Entity") consisting of Kalium Lakes Limited ("KLL" or the "Company") and the entities it controlled at the end of, or during, the half-year ended 31 December 2023, and the independent auditor's report thereon.

### SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

During the financial year ended 30 June 2023 and in the half-year ended 31 December 2023, challenges arose with the operational ramp up of the Beyondie Sulphate of Potash ("SOP") Mine ("Beyondie") in Western Australia ("Beyondie"), which resulted in the Consolidated Entity not meeting its production targets and consequently resulted in funding issues. On 6 June 2023 KLL's shares were suspended from trading on the Australian Securities Exchange ("ASX") whilst it conducted a strategic process with the assistance of its advisers. On 3 August 2023, the Directors formed the view that due to the Consolidated Entity's senior lenders declining to provide financial funding to continue with the strategic process, Martin Jones, Matthew Woods and Clint Joseph were appointed Administrators of KLL and two of its wholly owned subsidiaries, Kalium Lakes Potash Pty Ltd (Liquidators Appointed) (Receivers and Managers Appointed) ("KLP") and Kalium Lakes Infrastructure Pty Ltd (Liquidators Appointed) (Receivers and Managers Appointed) ("KLI").

Immediately afterwards, on 3 August 2023, the senior lenders appointed Mr Robert Michael Kirman, Mr Jason Preston and Mr Robert Conry Brauer of McGrathNicol, as Receivers and Managers of KLL, KLP and KLI.

The Receivers and Managers operated the Consolidated Entity under normal business conditions from their appointment on 3 August 2023 until the end of September 2023, during which time they continued the strategic process initiated by the Board of Directors to sell or recapitalise the Consolidated Entity. The Beyondie mine operation was eventually placed into care and maintenance at the end of September 2023 in order to reduce costs, at which time approximately 90% of the employees of the consolidated entity were made redundant.

A proposal by Alt Finance Pty Ltd, for the restructure and recapitalisation of KLL via a Deed of Company Arrangement ("DOCA") and Creditors Trust, was submitted to the Voluntary Administrators ("Recapitalisation Proposal") in late January 2024 and accepted by creditors on 16 February 2024. The DOCA was signed on 11 March 2024. The Deed Administrators are Martin Jones, Matthew Woods and Clint Joseph. The Recapitalisation Proposal was subject to, various approvals being obtained from the shareholders, and accordingly, the Deed Administrators called a general meeting of the Company which was held on 6 June 2024, at which the shareholders voted to approve the resolutions put forward to approve the Recapitalisation Proposal and effectuate the DOCA.

The resolutions approved by the shareholders at the general meeting were:

- (1) the consolidation of the Company's existing ordinary shares and options on a "1 for 291" basis;
- (2) the allotment and issue of 90 million ordinary shares in the Company at \$0.0018 per Share to ST Holding 1 Pty Ltd to raise \$162,000 and allow ST Holding Pty Ltd to acquire a 90% interest in the Company;
- (3) the allotment and issue of 3 million ordinary shares in the Company at \$Nil per Share to the Kalium Lakes Creditors Trust; and
- (4) the appointment of Richard Campbell Brien, George Terpens and Gregory Barry Starr as Directors of the Company;

the implementation of the above resolutions being the "Recapitalisation")

## DIRECTORS' REPORT

---

Following the approval by the shareholders of the resolutions put forward at the general meeting, the Deed Administrators gave notice on 29 June 2024 that the DOCA had been effectuated.

On 9 July 2024, the Company announced that it had appointed Richard Campbell Brien and Gregory Barry Starr as Directors of the Company. On 17 July 2024, the Company announced that the Receivers and Managers of the Company, Rob Brauer, Jason Preston and Rob Kirman from McGrathNicol had retired. On the same day the Company announced that it had appointed George Terpens as Director of the Company and Louisa Ho as the Company Secretary, and that it had changed its registered office and principal place of business to Level 2, 350 Kent Street, Sydney NSW 2000.

On 19 July 2024 the Company announced the issue of 93,000,000 ordinary shares which were issued as part of the Recapitalisation. On 22 July 2024 the Company made an application to the ASX for quotation of these shares, and advised that the revised number of securities in the Company was 99,977,536 ordinary shares, 108,294 performance rights and 17,182 options.

KLP and KLI, the main operating subsidiaries of KLL for the Beyondie operation, were the subject of their own deeds of company arrangement entered into on 22 December 2023 in relation to share sale agreements entered into between the Receivers and Managers and third party purchasers to purchase the shares of KLP and KLI from KLL. However, these share sale agreements failed to proceed due to the inability of the purchasers to raise the necessary purchase consideration funding. As a result, the deeds of company arrangements for KLP and KLI were terminated and KLP and KLI placed into liquidation on 18 March 2024, at which time Martin Jones, Matthew Woods and Clint Joseph of KPMG were appointed as Liquidators of KLP and KLI.

On the same day the Company announced that it had appointed George Terpens as Director of the Company and Louisa Ho as the Company Secretary.

On 19 July 2024 the Company announced the issue of 93,000,000 ordinary shares which were issued as part of the Recapitalisation. On 22 July 2024 the Company made an application to the ASX for quotation of these shares, and advised that the revised number of securities in the Company was 99,977,536 ordinary shares, 108,294 performance rights and 17,182 options.

KLP and KLI, the main operating subsidiaries of KLL for the Beyondie operation, were the subject of their own deeds of company arrangement entered into on 22 December 2023 in relation to share sale agreements entered into between the Receivers and Managers and third party purchasers to purchase the shares of KLP and KLI from KLL. However, these share sale agreements failed to proceed due to the inability of the purchasers to raise the necessary purchase consideration funding. As a result, the deeds of company arrangements for KLP and KLI were terminated and KLP and KLI placed into liquidation on 18 March 2024, at which time Martin Jones, Matthew Woods and Clint Joseph of KPMG were appointed as Liquidators of KLP and KLI.

As a result of the above events impacting upon KLL, KLP and KLI, the Directors of KLL expect that that for the financial statements for the year ended 30 June 2024, both KLP and KLI will be deconsolidated from the accounts of KLL with effect from 18 March 2024.

Due to the above events, the consolidated entity impaired its assets as at 30 June 2023 to write-down their carrying values to their highest expected realisable value that will be recovered from the receivership and administration of the entities in the consolidated group (and subsequent liquidation in the case of KLP and KLI).

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2023

However, as a result of the Company's DOCA and Recapitalisation which took place after the half year end, the Directors believe that it is reasonably foreseeable that the going concern basis of preparation of the financial report remains appropriate as the recapitalisation has provided the Company with sufficient funding to enable it to carry out its business plan over the next 12 months.

## Revenue recognition

The consolidated entity recognises revenue as follows:

### *Revenue from contracts with customers*

Revenue is recognised at an amount that reflects the consideration to which the consolidated entity is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the consolidated entity: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are recognised as a refund liability.

### *Sale of SOP*

Sale of SOP is recognised at the point of sale with the Consolidated Entity's offtake partner, which is where the customer has taken delivery of the goods, the risks and rewards are transferred to the customer. Amounts disclosed as revenue are net of sales returns and trade discounts.

## **New or Amended Accounting Standards and Interpretations Adopted**

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The Consolidated Entity operates as a single segment being the exploration for and development of minerals in Australia.

### Impairment of mine properties – in production, capital work in progress and property, plant and equipment

Due to the Company's external administration, receivership and management, the Consolidated Entity has written down the value of its non-financial assets by way of impairment as at 31 December 2023 and 30 June 2023. The basis for the impairment is the estimated recoverable amount of \$20 million expected from the sale of its non-current assets as part of the liquidation of subsidiaries KLP and KLI. This amount has been applied by the Company proportionately across the written down value of its mine properties – in production, capital work in progress and property, plant and equipment assets (except for those assets to which the Company does not believe any value should be attributed) as at 30 June 2023. For the half year ended 31 December 2023, there was an additional impairment charges to these assets of \$Nil to mine properties – in production, \$3.088 million to capital work in progress and \$Nil to property, plant and equipment.

## 14. Contingent Liabilities and Assets

The Consolidated Entity has no contingent liabilities and assets at 31 December 2023.

## 15. Commitments

Due to the external administration, receivership and management of the Company the information detailing the Consolidated Entity's commitments at the reporting date was unable to be accessed and reliably measured and as such have not been provided in this financial report.

## 16. Events Subsequent to Reporting Date

During the financial year ended 30 June 2023 and in the half-year ended 31 December 2023, challenges arose with the operational ramp up of the Beyondie Sulphate of Potash ("SOP") Mine ("Beyondie") in Western Australia ("Beyondie"), which resulted in the Consolidated Entity not meeting its production targets and consequently resulted in funding issues.

On 6 June 2023 KLL's shares were suspended from trading on the Australian Securities Exchange ("ASX") whilst it conducted a strategic process with the assistance of its advisers. On 3 August 2023, the Directors formed the view that due to the Consolidated Entity's senior lenders declining to provide financial funding to continue with the strategic process, Martin Jones, Matthew Woods and Clint Joseph were appointed Administrators of KLL and two of its wholly owned subsidiaries, Kalium Lakes Potash Pty Ltd (Liquidators Appointed) (Receivers and Managers Appointed) ("KLP") and Kalium Lakes Infrastructure Pty Ltd (Liquidators Appointed) (Receivers and Managers Appointed) ("KLI").

Immediately afterwards, on 3 August 2023, the senior lenders appointed Mr Robert Michael Kirman, Mr Jason Preston and Mr Robert Conry Brauer of McGrathNicol, as Receivers and Managers of KLL, KLP and KLI.

The Receivers and Managers operated the Consolidated Entity under normal business conditions from their appointment on 3 August 2023 until the end of September 2023, during which time they continued the strategic process initiated by the Board of Directors to sell or recapitalise the Consolidated Entity. The Beyondie mine operation was eventually placed into care and maintenance at the end of September 2023 in order to reduce costs, at which time approximately 90% of the employees of the consolidated entity were made redundant.

A proposal by Alt Finance Pty Ltd, for the restructure and recapitalisation of KLL via a Deed of Company Arrangement ("DOCA") and Creditors Trust, was submitted to the Voluntary Administrators ("Recapitalisation Proposal") in late January 2024 and accepted by creditors on 16 February 2024. The DOCA was signed on 11 March 2024. The Deed Administrators are Martin Jones, Matthew Woods and Clint Joseph. The Recapitalisation Proposal was subject to, various approvals being obtained from the shareholders, and accordingly, the Deed Administrators called a general meeting of the Company which was held on 6 June 2024, at which the shareholders voted to approve the resolutions put forward to approve the Recapitalisation Proposal and effectuate the DOCA.

The resolutions approved by the shareholders at the general meeting were:

- (1) the consolidation of the Company's existing ordinary shares and options on a "1 for 291" basis;
- (2) the allotment and issue of 90 million ordinary shares in the Company at \$0.0018 per Share to ST Holding 1 Pty Ltd to raise \$162,000 and allow ST Holding Pty Ltd to acquire a 90% interest in the Company;

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2023

(3) the allotment and issue of 3 million ordinary shares in the Company at \$Nil per Share to the Kalium Lakes Creditors Trust; and

(4) the appointment of Richard Campbell Brien, George Terpens and Gregory Barry Starr as Directors of the Company;

the implementation of the above resolutions being the “Recapitalisation”)

Following the approval by the shareholders of the resolutions put forward at the general meeting, the Deed Administrators gave notice on 29 June 2024 that the DOCA had been effectuated.

On 9 July 2024, the Company announced that it had appointed Richard Campbell Brien and Gregory Barry Starr as Directors of the Company. On 17 July 2024, the Company announced that the Receivers and Managers of the Company, Rob Brauer, Jason Preston and Rob Kirman from McGrathNicol had retired. On the same day the Company announced that it had appointed George Terpens as Director of the Company and Louisa Ho as the Company Secretary, and that it had changed its registered office and principal place of business to Level 2, 350 Kent Street, Sydney NSW 2000.

On 19 July 2024 the Company announced the issue of 93,000,000 ordinary shares which were issued as part of the Recapitalisation. On 22 July 2024 the Company made an application to the ASX for quotation of these shares, and advised that the revised number of securities in the Company was 99,977,536 ordinary shares, 108,294 performance rights and 17,182 options.

KLP and KLI, the main operating subsidiaries of KLL for the Beyondie operation, were the subject of their own deeds of company arrangement entered into on 22 December 2023 in relation to share sale agreements entered into between the Receivers and Managers and third party purchasers to purchase the shares of KLP and KLI from KLL. However, these share sale agreements failed to proceed due to the inability of the purchasers to raise the necessary purchase consideration funding. As a result, the deeds of company arrangements for KLP and KLI were terminated and KLP and KLI placed into liquidation on 18 March 2024, at which time Martin Jones, Matthew Woods and Clint Joseph of KPMG were appointed as Liquidators of KLP and KLI.

## 17. Dividends

No dividends were paid or declared since the end of the half-year. The directors do not recommend the payment of a dividend.

Subsequent to the appointment of voluntary administrators, the Group's major operations were put under care and maintenance by end of September 2023. On 11 March 2024, the Company executed a deed of company arrangement and effectuated on 29 June 2024.

The Group's accounting and statutory records were not adequate to permit the application of necessary review procedures, and we were unable to obtain all the information and explanations we required in order to form a review conclusion on the financial report. Hence, we were unable to determine whether the half-year financial report complies with Australian Accounting Standards.

Accordingly, we were unable to determine whether any adjustments were necessary in respect of the Group's consolidated statement of financial position as at 31 December 2023, its consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year then ended, and notes to the half-year financial report.
