

Coal Resources and Reserves

New Hope Group are pleased to announce the 2024 update of Coal Resources and Reserves, in accordance with the JORC Code 2012.

Key updates from the previous reporting period are:

- The Company has acquired an Assessment Lease (AL19, West Muswellbrook) and has included an additional 513Mt of Resources pertaining to this area.
- The Bengalla Resource and Reserves estimate utilises updated geological model data, along with the current extents of mining.
- The New Acland Resource and Reserves volumes (tonnes) are based off depletion of 2Mt that has been mined between reporting periods.
- All remaining Resource and Reserves estimates remain unchanged from 2023.

Coal Resources and Reserves are stated as at 31 May 2024. Production information for the 2024 Financial Year is available in the 2024 Annual Financial Report.

JORC declaration - Coal Resources

The estimates of Coal Resources reported herein, have been prepared in accordance with the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code (2012)). The updated resources for Bengalla Mine are based on an updated geological model along with the current extents of mining. The Resources for New Acland have been determined based on 2023 quoted values, less depletion. Elimatta, Collingwood, Taroom and Woori have been re-quoted from the Company's 2023 Annual Financial Report. West Muswellbrook Resources are being reported for the first time.

²Figures shown represent the Resources acquired from AL19.
