#### **DIRECTORS' REPORT**

Your Directors present their report, together with the financial statements of the Group, being the Company and its controlled entity, for the year ended 30 June 2024.

### **Principal Activities and Significant Change in Nature of Activities**

The principal activities of the Group during the financial year were the exploration and evaluation of mineral resource projects.

There were no other significant changes in the nature of the Group's principal activities during the financial year.

### Operating Results and Review of Operations for the Year

#### **Operating Results**

The profit / (loss) of the Group for the financial year after providing for income tax amounted to:

| Year ended   | Year ended   |
|--------------|--------------|
| 30 June 2024 | 30 June 2023 |
| \$           | \$           |
| 1,936,128    | (2,659,800)  |

### **Review of Operations**

The Financial year ending 30 June 2024 was highlighted by the significant development at the Company's Morrissey Hill Lithium project, which ultimately resulted in a financially advantageous deal for the Company via its neighbour, Delta Lithium Ltd.

In addition, further discovery of high-grade niobium/REE potential at the Company's Wabli Creek project and high-grade manganese at the Company's White Castles project in the Gascoyne has given the Company a truly diversified portfolio when considering Reach already has a ~1Mt 3.2g/t 105kt gold resource, which clearly sets us apart from similar capitalized junior explorers (ASX Announcement 6 December 2021). During the third and fourth quarters of 2023 and the first quarter of 2024, the Company also spent time on the ground evaluating its Murchison gold project and commenced an external engineering and resource review of its gold resource.

The Company completed a \$4M placement in August 2023, which provided additional funding to commence the maiden drill program (August/September) and a follow up program (November/December) at Morrissey Hill. Additionally, and as announced in May 2024, Reach raised a further \$2.4M following the completion of a non-renounceable rights issue and priority offer.

As announced on 11 March 2024, neighbouring company Delta Lithium entered into an earn in deal with Reach. The key terms of the deal included a \$3.2M cash payment to Reach on signing. Delta can earn an initial 51% joint venture interest in the tenements comprising the Morrissey Hill and Camel Hill lithium projects by spending \$3M on exploration over an initial 2-year period. Delta may earn a further 29% upon further expenditure of \$6M over the next 2 years. Reach and Delta also agreed to negotiate in good faith the terms pursuant to which Delta may purchase Reach's remaining 20% interest. In the event that Delta delineates a mineral resource estimate of equal to or greater than 7.5Mt at 0.8% Li2O (at 0.5% cut off grade) at any time within 8 years of signing the earn in, Delta has agreed to pay Reach \$10M in either cash, Delta ordinary shares or a combination of both (ASX Announcement 11 March 2024).

Ongoing exploration at the Company's Wabli Creek project including extensive soil and rock chip sampling resulted in the confirmation of high-grade Niobium, the most exciting being the confirmation of up to 17.65% Nb2O5 from an insitu source (straight off the bedrock). Specifically, the identification of this mineralisation was within bedrock material on the contact with a plug of alkaline granite.

The Company also has an exposure to Manganese. As announced on 4 October 2023, a field reconnaissance trip was undertaken over the White Castles Manganese project area which confirmed high grade manganese with rock chip samples reporting assays of up to 48% Mn over a potential strike length of up to 50km.

Finally, as the gold price continued to climb toward the end of 2023 and through 2024, the Company completed a series of site visits to its Murchison gold project and collected valuable field data to assist in its internal review of historical drilling results, and to provide to external engineering and resource consultants for independent analysis.

The Company continues to focus on its Niobium/REE project at Wabli Creek in the Gascoyne and its gold project in the Murchison.

#### **Competent Person's Statement**

Information in this report that relates to exploration results is based on and fairly represents information and supporting documentation prepared and compiled by Mr Nick Revell, who is a Member of the Australian Institute of Geoscientists and a Member of the Australian Institute of Mining and Metallurgy.

Mr Nick Revell is the geological consultant for Reach Resources Limited. Mr Nick Revell has sufficient experience, which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person, as defined in the 2012 Edition of the Australasian Code for Reporting Exploration Results, Mineral Resources and Ore Reserves. Mr Nick Revell consents to the inclusion in the announcement of the matters based on this information in the form and context in which it appears.

#### **Forward Looking Statements**

This report contains forward looking statements concerning the projects owned by Reach Resources Limited. If applicable, statements concerning mining reserves and resources may also be deemed to be forward looking statements in that they involve estimates based on specific assumptions. Forward-looking statements are not statements of historical fact and actual events and results may differ materially from those described in the forward-looking statements as a result of a variety of risks, uncertainties and other factors. Forward looking statements are based on management's beliefs, opinions and estimates as of the dates the forward looking statements are made and no obligation is assumed to update forward looking statements if these beliefs, opinions, and estimates should change or to reflect other future developments.

#### **Financial Position**

The net assets of the Group have increased by \$8,658,822 at 30 June 2024 to \$14,685,675. The increase was predominantly as a result of the Company's exploration and evaluation expenditure incurred which was capitalised during the year and a non-refundable cash payment of \$3,200,000 received as part of the "Earn-in and Joint Venture Agreement, Morrissey Hill and Camel Hill Lithium Project".

### **Significant Changes in the State of Affairs**

Other than as disclosed in this Annual Report, no significant changes in the state of affairs of the Group occurred during the financial year other than that referred to in the financial statements or notes thereto in the *Review of Operations*.

#### **Dividends Paid or Recommended**

No dividends were declared or paid since the start of the financial year. No recommendation for payment of dividends has been made.

### **Events after the Reporting Date**

No matters or circumstances have arisen since the end of the financial year which significantly affect or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

### **Future Developments, Prospects and Business Strategies**

Likely developments in the operations of the Group and the expected results of those operations in future financial years have not been included in this report, as the inclusion of such information is likely to result in unreasonable prejudice to the Group.

### **Environmental Issues**

The Group is subject to environmental regulations in respect of its exploration activities. Tenements in Western Australia are granted subject to environmental conditions with strict controls on clearing, including a prohibition on the use of mechanised equipment or development without the approval of the relevant government agencies, and with rehabilitation required on completion of exploration activities. These regulations are controlled by the Department of Mines and Petroleum.

Reach Resources Ltd conducts its exploration activities in an environmentally sensitive manner and the Group is not aware of any breaches of statutory conditions or obligations.

### Greenhouse gas and energy date reporting requirements

The Directors have considered compliance with both the Energy Efficiency Opportunity Act 2006 and the National Greenhouse and Energy Reporting Act 2007 which require entities to report annual greenhouse gas emissions and energy use. The Directors have assessed that there are no current reporting requirements for the year ended 30 June 2024, however reporting requirements may change in the future.

### **REMUNERATION REPORT (AUDITED)**

#### **Remuneration Policy**

The Board as a whole is responsible for considering remuneration policies and packages applicable both to Board members and key management personnel of the Group. Broadly, the Group's remuneration policy is to ensure that any remuneration package properly reflects the person's duties and responsibilities and that it is competitive in attracting, retaining and motivating people of the highest quality.

#### **Fixed Remuneration**

Executive Directors and Non-Executive Directors are remunerated by way of a consulting fee and receive a fixed monthly amount for their services. This remuneration package is reviewed annually by the Board.

#### Performance Linked Remuneration and Entitlements

The Board may from time to time approve cash bonuses and/or options designed to reward or incentivise executives, contractors and staff on such terms and conditions determined appropriate at the time of payment or issue. Often this will be linked to the achievement of Group objectives with a direct link to the creation of shareholder value.

#### **Director Remuneration and Incentives**

The Board policy is to remunerate Non-Executive Directors at market rates for time commitment and responsibilities. Independent external advice is sought where required. All securities issued to Directors and related parties must be approved by shareholders. In addition to Directors' fees, it is a policy of the Group that a Director may be paid fees or other amounts as the Board determines where a Director performs special duties or otherwise performs services outside the scope of the ordinary duties of a Director. A Director may also be reimbursed for out of pocket expenses incurred as a result of their directorship or any special duties.

No securities were issued to Directors or key management personnel of the Group since the end of the financial year as remuneration.

#### **Post-Employment Benefits**

The Group does not have any scheme relating to retirement benefits for Directors or key management personnel.

#### Nomination and Remuneration Committee

Currently, the full Board together with the Company Secretary, will consider all Nomination and Remuneration matters. The objective when the Board is convened to consider these matters is to ensure that the Group adopts and complies with remuneration policies that:

- attract, retain and motivate high calibre executives and directors so as to encourage enhanced performance by the Group;
- are consistent with the human resource needs of the Group;
- motivate directors and management to pursue the long-term growth and success of the Group with an appropriate framework; and
- demonstrate a clear relationship between key executive performance and remuneration.

The service terms and conditions of key management personnel other than the Chief Executive Officer are not formalised via a contract of employment. The service terms and conditions are not for a fixed term. There is no notice period and no entitlement upon termination.

### **Service Agreements**

On 23 March 2022, the Company entered into an Executive Service Agreement with Mr Jeremy Bower.

Under the Agreement, Mr Bower was engaged by the Company to provide services to the Company in the capacity of Chief Executive Officer.

The material terms of the executive service agreement with Mr Bower are as follows:

- 1. \$200,000 per annum on an FTE basis, plus superannuation. At the reporting date, Mr Bower currently works 5 days per week (100% FTE). Subsequent to 30 June 2024, Mr Bower's salary was approved by the Board to be increased to \$224,000 per annum on an FTE basis, plus superannuation.
- 2. 1,000,000 (post-consolidation) unlisted options exercisable at \$0.075 (Tranche A) and 1,000,000 (post-consolidation) options exercisable at \$0.10 (Tranche B). Both Tranches have an expiry of 3 years from the date of issue. The options were issued on 14 April 2023.
- 3. There is no fixed term although the Company or Mr Bower may terminate the employment agreement by providing three month's written notice.

### **Share-based Payments**

There were no shares, options and performance rights that were granted as remuneration during the year to key management personnel and other executives.

The following table of payments and benefits detail the components of remuneration for each member of the key management personnel of the Group for the financial years ended 30 June 2024 and 30 June 2023.

Notes to the Financial Statements for the year ended 30 June 2024

#### 1 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies that are material in the preparation of the financial statements are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated. This financial report of Reach Resources Ltd ('the Company'), for the year ended 30 June 2024 comprises the Company and its subsidiaries (collectively referred to as 'the Consolidated Entity' or 'Group'). Reach Resources Ltd is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange. The financial report was authorised for issue in accordance with a resolution of Directors dated 18 September 2024.

#### New, revised or amending Accounting Standards and Interpretations adopted

The Consolidated Entity has adopted all of the new, revised or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period.

### New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Consolidated Entity for the annual reporting period ended 30 June 2024. The Consolidated Entity has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

#### **Basis of Preparation**

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Australian Accounting Interpretations and the *Corporations Act 2001*. Reach Resources Ltd is a for-profit entity for the purposes of preparing the financial statements.

The consolidated financial statements of Reach Resources Ltd also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

### **Historical Cost Convention**

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets at fair value through profit or loss and other comprehensive income.

### **Critical Accounting Estimates**

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2.

#### **Income Tax**

The Consolidated Entity adopts the liability method of tax-effect accounting whereby the income tax expense is based on the profit adjusted for any non-assessable or disallowed items.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the Statement of Profit or Loss and Other Comprehensive Income except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the Consolidated Entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

### **Revenue Recognition**

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances and amounts collected on behalf of third parties. Revenue is recognised for major business activities as follows:

- (i) Interest Income
  - Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.
- (ii) Other Services
  - Other services are recognised at the amount receivable and are due for settlement within 30 days from the end of the month in which services were provided.
- (ii) Farm-Out Arrangements
  - On entering into a farm-out agreement the Group records cash and non-cash consideration received against the carrying amount, with any excess included as a gain in profit or loss.

The Group does not record exploration expenditures on the tenement made by the farmee.

Notes to the Financial Statements for the year ended 30 June 2024

**Exploration and Evaluation Expenditure** 

Exploration and evaluation expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage which permits reasonable assessment of the economically recoverable reserves.

Accumulated costs in relation to an abandoned area are written off in full against operating results in the year in which the decision to abandon the area is made. When production commences the accumulated costs for the relevant area of interest are classified as development costs and amortised over the life of the project area according to the rate of depletion of the economically recoverable reserves.

Where independent valuations of areas of interest have been obtained, these are brought to account. Subsequent expenditure on re-valued areas of interest is accounted for in accordance with the above principles. A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

At 30 June 2024 the Directors considered that the carrying value of the mineral tenement interests of the Consolidated Entity was as shown in the Statement of Financial Position and there have been no indicators of impairment in accordance with AASB 6.

### **Share-Based Payments**

The fair value of options and performance rights granted to Directors and executives is recognised as an employee benefit expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the Directors and/or executives become unconditionally entitled to the options. Where options or performance rights are issued to consultants the fair value of the options or performance rights given is valued by the market value of the service being provided.

The fair value at grant date is independently determined using an option pricing model that takes into account the exercise price, the term of the option, the vesting and performance criteria, the impact of dilution, the non-tradeable nature of the option, the share price at grant date and expected price volatility of the underlying share, the expected divided yield and the risk-free interest rate for the term of the option or performance rights.

### Earnings per share

(i) Basic earnings per share

Basic earnings per share is determined by dividing the profit attributable to equity holders of the company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

### 1 MATERIAL ACCOUNTING POLICY INFORMATION continued

#### **Impairment of Assets**

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units).

#### **Provisions**

Provisions are recognised when the Consolidated Entity has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

### **Comparative Figure**

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

### 2 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and the best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained externally and within the Group.

### Key Judgment – Exploration and Evaluation Expenditure

The Group's policy for exploration and evaluation requires management to make certain assumptions as to future events and circumstances. Any such estimates and assumptions may change as new information becomes available. If, after having capitalised exploration and evaluation expenditure, management concludes that the capitalised expenditure is unlikely to be recovered by future sale or exploitation, then the relevant capitalised amount will be written off.

### **8 FINANCIAL RISK MANAGEMENT**

The Consolidated Entity's activities expose it to a variety of financial risks: market risk, credit risk, liquidity risk and cash flow interest rate risk. The consolidated entity's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Consolidated Entity.

The totals for each category of financial instruments, measured in accordance with AASB 139 (Financial Instruments: Recognition and Measurement) as detailed in the accounting policies to these financial statements, are as follows:

|                             |      | <b>Consolidated Entity</b> |           |  |

Risk management is carried out by the Board of Directors, who identify, evaluate and manage financial risk as they consider appropriate.

8a Market Risk

(i) Cash Flow Interest Rate Risk Refer to (d) below.

#### 8b Credit Risk

The Group does not have any significant concentrations of credit risk. Credit risk is managed by the Board and arises from cash and cash equivalents as well as credit exposure including outstanding receivables and committed transactions.

All cash balances held at banks are held at internationally recognised institutions. The majority of receivables are immaterial to the Group. Given this, the credit quality of financial assets that are neither past due or impaired can be assessed by reference to historical information about default rates. The maximum exposure to credit risk at reporting date is the carrying amount of the financial assets as summarised at the start of Note 8. Financial assets that are neither past due and not impaired are as follows:

| Consolidated Entity |      |  |
|---------------------|------|--|
| 2024                | 2023 |  |
| \$                  | \$   |  |

### Cash and cash equivalents

'AA' S&P rating 6,014,564 1,229,665

#### 8c Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and, the availability of funding through the ability to raise further equity or through related party entities. Due to the dynamic nature of the underlying businesses, the Board aims at maintaining flexibility in funding through management of its cash resources.

The Group has normal trade and other payables incurred in the general course of business.

The Group also manages liquidity risk by maintaining adequate reserves and banking facilities and by continuously monitoring forecast and actual cash flows and matching maturity profiles of financial assets and financial liabilities.

### 8d Cash Flow Risk

As the Group has interest-bearing assets in the form of cash, the Group's income and operating cash flows are exposed to changes in market interest rates.

Based on the year-end balances, a 1% increase in interest rates would have increased the consolidated profit by \$60,146 (2023: Loss \$12,297) and increased the cash balances by the corresponding amount. There were no other amounts included in Net Assets subject to material interest rate risks.

### 9 TRADE AND OTHER RECEIVABLES

| Prepayments    | 13,15 | 6 12,346  |
|----------------|-------|-----------|
| GST refundable | 48,85 | 0 130,908 |

|                | 62,00 | 6 143,254 |

No receivables are impaired or past due but not impaired. Refer to Note 8 for Financial Risk considerations. The carrying value of all receivables approximates their fair value.

#### 13 EARN-IN AND JOINT VENTURE AGREEMENT

## Earn-in and Joint Venture Agreement, Morrissey Hill and Camel Hill Lithium Project

On 11 March 2024, the Company announced it had entered into an 'Earn-in and Joint Venture Agreement, Morrissey Hill and Camel Hill Lithium Project' (the "Agreement"), with Electrostate Malinda Pty Ltd, a wholly owned subsidiary of Delta Lithium Ltd (ASX: DLI) ("Delta").

#### **Key Material Terms of the Agreement**

- Delta agreed to pay to Reach a non-refundable cash payment of \$3,200,000 (received on 13 March 2024).
- Delta (via its subsidiary Electrostate) can earn an initial 51% joint venture interest ("Joint Venture Interest") in the tenements comprising the Morrissey Hill and Camel Hill Lithium Projects ("Tenements") by spending \$3,000,000 on exploration over an initial 2-year period from the Commencement Date.
- If Delta earns an initial 51% Joint Venture Interest (Stage 1 Earn In), the parties agree to form an unincorporated joint venture (the "Joint Venture"), to explore for minerals in the area of the Tenements, on the standard terms and conditions, as set out in the Agreement.
- Delta can earn a further 29% Joint Venture Interest (Stage 2 Earn In), taking its total Joint Venture Interest to 80%, upon further expenditure of \$6,000,000 over the next 2 years from Stage 1 completion.
- On completion of the Stage 2 Earn In, Reach can elect to either maintain its 20% Joint Venture Interest by cocontributing to further expenditures pro rata to its Joint Venture Interest or dilute its 20% Joint Venture
  Interest in accordance with a standard dilution formula.
- The parties have also agreed to negotiate in good faith the terms pursuant to which Delta may purchase Reach's 20% Joint Venture Interest (assuming that Delta has either earned its 80% Joint Venture Interest or Reach has diluted its Joint Venture Interest to 20%) for a fair market value which may be determined by an independent expert.
- In the event that **Delta delineates a mineral resource estimate** (as that term is defined in the JORC Code) **of equal to or greater than 7.5Mt at 0.8% Li2O (at a 0.5% cut off grade)** at any time within 8 years of the Commencement Date, on the Tenements, Delta agrees to pay Reach \$10,000,000 in either in cash, Delta ordinary fully paid shares or a combination of both.
- The Agreement contains standard terms and conditions for documents of this nature, including standard contractual joint venture terms, warranties, representations, dilution provisions, default provisions as well as assignment and pre-emptive rights.

### Tenements the subject of earn in by Delta:

The Agreement includes the below listed granted exploration tenements, mining lease tenement, and tenement ballot applications (the "Tenements"), for the purposes of earn in by Delta:

- Reach Granted Tenements:
   exploration licenses 09/2375 and 09/2388 held by RR1;
   exploration license 09/2354 held by Critical Elements;
- M09/101: and
- Reach Ballot Applications (applied for by Critical Elements):
   09/2805; 09/2807; 09/2897; 09/2902; 09/2906; and 09/2909.

The value of shares issued for the settlement of services or acquisitions is based on the fair value of the service or acquisition provided as determined by the Directors.

Ordinary shares have the right to receive dividends as declared and, in the event of winding up the company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid up on shares held. Ordinary shares entitle their holder to one vote, either in person or by proxy, at a meeting of the Company.

### 16f Capital Risk Management

The Group's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns to shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may issue new shares, pay dividends or return capital to shareholders.

Capital is calculated as 'equity' as shown in the Statement of Financial Position, and is monitored on the basis of funding current activities.

The range of the exercise prices at 30 June 2024 is \$0.075 to \$0.10 (2023: \$0.01 to \$0.02)

The weighted average fair value of the options granted during financial year was \$nil (2023: \$0.001).

This price for the options was calculated using a binomial option pricing model applying the following inputs:

| Weighted average exercise price     | \$0.0175 |
|-------------------------------------|----------|
| Weighted average life of the option | 3 years  |
| Underlying share price              | \$0.004  |
| Expected share price volatility     | 100.0 %  |
| Risk free interest rate             | 2.99 %   |

Historical volatility has been the basis for determining expected share price volatility as it is assumed that this is indicative of future tender, which may not eventuate.

The life of the option is based on the historical exercise patterns, which may not eventuate in the future.

Included under share based payments expenses in the statement of profit or loss is \$nil (2023: \$10,000).

#### 22 COMMITMENTS FOR EXPENDITURE

#### **Exploration commitments**

Under the requirements of the Western Australian Department of Mines and Petroleum, the Company has an annual minimum expenditure of \$479,302 on the granted tenements. As at 30 June 2024 the Company had met the minimum expenditure requirement on all granted tenements.

In order to retain the rights of tenure to its granted tenements, the Company is required to meet the minimum statutory expenditure requirement but may reduce these at any time by reducing the size of the tenements, selling or surrendering tenements, or joint venture. The figure below assumes that no new tenements are granted and that only compulsory statutory area reductions are made.

#### 23 CONTINGENCIES

There are no contingent liabilities or assets at the reporting date, other than those disclosed below.

### 1. Westgold Shares

The Company retains the potential for deferred consideration payable on the sale of Albury Health, being an additional \$400,000 and further \$200,000 of cash or Westgold shares, if the Albury Health project achieves performance targets, as outlined in the 23 April 2020 ASX release.

### 2. M09/101 Contingent Consideration

On 25 October 2023, the Company announced the acquisition of 100% of the Western Australian mining lease M09/101 from Tamas Kapitany ("Seller") for the equivalent for \$100,000 cash and \$100,000 fully paid ordinary shares using the 5-day volume weighted average price of Reach shares for the five trading days preceding completion. 46,361,901 fully paid ordinary shares at an issue price of \$0.00216 per share were issued on 11 March 2024. Stamp Duty payable on the acquisition was \$10,423. Contingent consideration shares will also be issued to the Seller in the event Reach produces a JORC 2012 compliant measured mineral resource on the Mining Lease of greater than 10,000,000 tonnes at greater than 1% Li<sub>2</sub>O ("Milestone"). The contingent consideration shares will be a number of Reach fully paid ordinary shares with a total value of \$100,000 using the 5-day volume weighted average price of Reach shares for the five trading days prior to the date following satisfaction of the Milestone. The Seller acknowledges and agrees that the obligation of Reach to issue the contingent share consideration is for the term of the tenement.

#### 24 EVENTS OCCURRING AFTER REPORTING DATE

No matters or circumstances have arisen since the end of the financial year which significantly affect or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

### AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

To the directors of Reach Resources Ltd:

As lead auditor of the audit of Reach Resources Ltd for the year ended 30 June 2024, I declare that, to the best of my knowledge and belief, there have been:

- no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- no contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Reach Resources Ltd and the entities it controlled during the year.

# REACH RESOURCES LTD INDEPENDENT AUDITOR'S REPORT

To the members of Reach Resources Ltd

### Opinion

We have audited the financial report of Reach Resources Ltd ("the Company") and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2024, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Company, is in accordance with the *Corporations Act 2001*, including:

- a) giving a true and fair view of the company's financial position as at 30 June 2024 and of its financial performance for the year then ended; and
- b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **INDEPENDENT AUDITOR'S REPORT (continued)**

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the following key audit matters to communicate in our report:

# Key Audit Matter - Exploration and Evaluation Expenditure

As disclosed in Note 12 to the financial statements, the Group records capitalised exploration assets with a carrying value of \$8,892,204, which represents 60% of the Group's total assets.

The recognition and recoverability of exploration was considered a key audit matter due to the following:

- the carrying value represents a significant asset to the Group. Therefore, we considered it necessary to assess whether facts and circumstances existed to suggest that an impairment to the carrying value of the asset may be required;
- significant management judgement is involved in determining whether impairment indicators exist.

### How our Audit Addressed the Key Audit Matter

Our procedures in assessing exploration and evaluation expenditure included but were not limited to the following:

- We reviewed the ownership rights to the tenements, against which the expenditure is capitalised, their expiry dates and, where required, that expenditure commitments were met;
- We assessed the reasonableness of capitalising exploration and evaluation expenditure in accordance with AASB 6 Exploration for and Evaluation of Mineral Resources:
- We tested a sample of exploration and evaluation expenditure to supporting documentation, including acquisition agreements, to ensure they were bona fide transactions;
- We assessed the reasonableness of the management's assessment for the existence impairment indicators; and
- We assessed the appropriateness of the related disclosures included in the financial report.

### **INDEPENDENT AUDITOR'S REPORT (continued)**

### **Key Audit Matters (continued)**

### **Key Audit Matter - Earn-In and Joint Venture Agreement**

During the year, the Group announced that it had entered into an agreement with Delta Lithium Limited (Delta) whereby Delta can earn up to 80% interest in a number of the company's tenements.

We consider this transaction a key audit matter due to the following:

- the general significance to the shareholders;
- its effect on the financial report;
- the complexity of the accounting treatment of joint venture arrangements; and
- materiality of the balance.

### How our Audit Addressed the Key Audit Matter

Our procedures in relation to this agreement included but were not limited to the following:

- We reviewed the agreement with Delta to understand the terms and conditions of the arrangements;
- We reviewed the accounting treatment of the transactions to date in relation to the agreement;
- We confirmed the receipt of non-refundable deposit amounting to \$3,200,000; and
- We assessed the appropriateness of the related disclosures included in the financial report.

### **INDEPENDENT AUDITOR'S REPORT (continued)**

### **Other Information**

The Directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2024, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) the financial report (other than consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the Corporations Act 2001, and

for such internal control as the directors determine is necessary to enable the preparation of:

- the financial report (other than consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at:

https://www.auasb.gov.au/admin/file/content102/c3/ar1 2020.pdf. This description forms part of our auditor's report.

REPORT ON THE REMUNERATION REPORT

### **Opinion on the Remuneration Report**

We have audited the remuneration report included in the directors' report for the year ended 30 June 2024.

In our opinion the remuneration report of Reach Resources Ltd for the year ended 30 June 2024 complies with section 300A of the *Corporations Act 2001*.

### Responsibilities for the Remuneration Report

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
