Dear Fellow Shareholders, Friends and Intrepid Explorers!

FY2024 has been one of exceptional company specific growth within an undeniably difficult and volatile business environment. Our two new high-grade discoveries of gold / silver and gallium at our Golconda Project is testament to the G50 Corp people, processes and projects.

The success at Golconda is complemented by our White Caps Project that has seen steady first principles work programs completed through the year as we finalise our maiden drilling plans in Nevada. We are extremely excited by the opportunities the first world jurisdictions of Arizona and Nevada offer us in the year ahead.

As a board we remain curious, not judgemental and our understanding of our high-grade gallium discovery has increased significantly. We believe Golconda is well placed to be a potential source of gallium for the global defence, semiconductor and data centre sectors in the years to come. Golconda is an historic high-grade zinc / lead mine with gold and silver and this multi element opportunity provides many commercialisation pathways.

Operating from our patented claims is a unique differentiator amongst our peers. We have noticed increased interest by those looking to enter the North American search space as under explored properties are refreshed with modern thinking.

I would personally like to thank the wonderful team at G50 Corp, our technical partners and shareholders for their continued belief and contribution to our why – to make and bring high grade discoveries to market from historical mining projects via our curiosity, exploration and continued pursuit of discovery at Golconda and White Caps.

MANAGING DIRECTOR - G50 CORP

Mark M) allace

We believe Golconda is well placed to be a potential source of Gallium for the global defence, semiconductor and data centre sectors in the years to come.

MARK WALLACE

# **BUSINESS STRATEGY**

The Company's proposed business model is to build a profitable mining and exploration business by commercialising its Projects, commencing with the discovery and identification of economically viable mineral resources through to advanced mining assessment and development.

G50 plans to systematically explore its Golconda Project in Arizona, White Caps Project in Nevada and various other projects in Nevada.

The Company will also continue to evaluate new acquisition opportunities, both by tenement application and commercial acquisitions, to maintain a pipeline of projects.

2024 ANNUAL REPORT G50 CORP LIMITED

# MATERIAL BUSINESS RISKS

The following material business risks have been identified as key issues that have the potential to impact the Company's performance:

- The Company is reliant on several key personnel and consultants, including members of the Board. The loss of one or more of these key contributors could have an adverse effect on G50 at this early stage of development, particularly as finding an effective replacement may be difficult
- G50's ongoing activities are likely to require substantial further funding
- Mineral exploration and development is a high-risk undertaking. There can be no assurance that exploration of G50's exploration properties will result in the discovery of an economic resource
- G50 could lose title to, or its interest in, the mining claims (or any additional mining claims, permits or other interests acquired by G50 in the future) if the conditions attaching to the claim or permit are not satisfied
- Sovereign risk relating to the expected fiscal, tax and regulatory environment in jurisdictions that G50 does business
- Failure to maintain the Company's social licence to operate by proactively engaging communities, regulators and other key stakeholders
- Possible litigation risks including tenure disputes, environmental claims, occupational health and safety claims and employee claims

# 1. INTRODUCTION

The Directors of G50 Corp Limited ("G50" or the "Company") present the Remuneration Report prepared in accordance with section 300A of the Corporations Act 2001 ("the Act") for the Group for the year ended 30 June 2024.

This Remuneration Report which forms part of the Directors Report outlines the remuneration strategy, framework and practices adopted by the Group in accordance with the requirements of the Act and its regulations. This information has been audited as required by section 308 (3C) of the Act.

This report details remuneration information pertaining to directors and executives who are the 'Key Management Personnel' ("KMP") of the Group. KMP are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group, directly or indirectly, including any director (whether executive or otherwise) of G50.

The following non-executive directors ("NEDs") and executives have been identified as KMP for the purpose of this report:

NON-EXECUTIVE DIRECTORS	ROLE	APPOINTED
Robert Reynolds	Non-Executive Chairman	12 February 2021
Bernard Rowe	Non-Executive Director	12 October 2020
Greg Foulis	Non-Executive Director	16 August 2022

EXECUTIVE ROLE APPOINTED

Mark Wallace Managing Director 19 April 2021

# 2. REMUNERATION GOVERNANCE

Although recommended in the ASX Recommendations, the Board has not formally established a remuneration committee as the Directors consider that the Company is not of a size nor are its affairs of such complexity as to justify the formation of a remuneration committee.

The Board considers that it is able to deal efficiently and effectively with Board monitoring and reviewing any matters of significance affecting the remuneration of the Board and employees of the Company without establishing a separate remuneration committee and in doing so, the Board will be guided by the Board Charter, which can be accessed on the Company Website. The Company will review this position annually and determine whether a remuneration committee needs to be established.

#### 3. REMUNERATION ARRANGEMENTS

#### 3.1 MANAGING DIRECTOR

G50's remuneration framework and executive reward strategy provides a mix of fixed and variable remuneration. The key elements of the remuneration packages are as follows:

- Fixed: Annual base salary
- Variable Equity: Options and performance rights granted under shareholder approved equity incentive plans (refer 3.2, Equity Incentive Plans in this Remuneration Report)
- Post-Employment Benefits: Superannuation contributions

The G50 executive compensation strategy provides for fair, competitive remuneration that aligns potential rewards with the Company's objectives while being transparent to shareholders. Key remuneration elements are reviewed annually to determine appropriate awards based upon factors such as individual performance, Company results and competitive benchmark survey data.

# 3.2 EQUITY INCENTIVE PLANS

# **EQUITY INCENTIVE PLAN**

G50 has established an Equity Incentive Plan. The purpose of this Equity Incentive Plan ("the Plan") is to provide eligible persons the opportunity to participate in the growth and profits of the Company and to attract, motivate and retain their services to promote the Company's long-term success.

The Plan is a long-term incentive plan, under which Options or Performance Rights to subscribe for or be transferred Shares ("Plan Awards") may be offered to Directors and eligible employees (or any other person who is declared by the Board to be eligible) selected by the Directors at their discretion.

Key features include:

- The Board may at its discretion make invitations to or grant awards to eligible persons.
- Award means an option or a performance right to acquire a share in the capital of the Company.
- Eligible persons include executive directors or executive officers of the Group, employees, contractors or consultants of the group or any other person.

# 6. REMUNERATION OUTCOMES OF NON-EXECUTIVE DIRECTORS

# 6.1 NON-EXECUTIVE DIRECTORS

Total remuneration for all non-executive directors, last fixed at the General Meeting of the Company, is not to exceed \$750,000 per annum, inclusive of superannuation (excluding special exertion fees).

This total pool enables the Company in the future, if required, to provide for:

- Adequate financial incentives, commensurate with the market to attract and retain suitably qualified and experienced directors to replace existing non-executive directors;
- Appropriate arrangements to be put in place to ensure a smooth transition on replacement of directors, including a period of overlap if required; and
- Increases in non-executive directors in the future should it be considered appropriate.

Total remuneration paid to non-executive directors in the current year was \$168,000. Annual directors' fees currently agreed to be paid by G50 are \$72,000 to the Chairman, and \$48,000 to each of the other non-executive Directors. In the current year the Company recorded share based payments expense of \$45,000 for each director representing performance rights detailed in 7.2 of this Remuneration Report.

The Board has determined that there will be no increase in fees payable to non-executive directors for the financial year ending 30 June 2025.

# 7. INTERESTS HELD BY NON-EXECUTIVE DIRECTORS

# **MOVEMENT IN EQUITY**

The board has no approved minimum shareholding guidelines for non-executive directors at the date of this report. However, generally non-executive directors have appropriate shareholdings and the board will continue to monitor investor expectation in this regard.

# NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

# **SECTION 1 - BASIS OF PREPARATION**

# 1.1 REPORTING ENTITY

With effect from 7 May 2024, the Company's name was changed from Gold 50 Limited to G50 Corp Limited.

The financial report of G50 Corp Limited for the year ended 30 June 2024 was authorised for issue in accordance with a resolution of the Directors on 20 September 2024.

G50 Corp Limited is a for profit company limited by shares and incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange under the ticker code "G50". The registered office of the Company is 1601, 213 Miller Street, North Sydney, NSW 2060 Australia.

The Company is principally engaged in the exploration and future development of it's precious metals projects in the states of Arizona and Nevada, USA.

# 1.2 BASIS OF PREPARATION

- The financial report is a general-purpose financial report, which has been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities
- These financial statements comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board ('IASB')
- Unless otherwise stated, the accounting policies disclosed have been consistently applied
- The financial report has been prepared on a historical cost basis
- The financial statements have been presented in Australian dollars which is the parent entity's functional currency

The financial statements have been prepared on the going concern basis which assumes the company and Group will have sufficient cash to pay its debts as and when they become payable for a period of at least 12 months from the date the financial report was authorised for issue

# 1.3 NEW AND AMENDED ACCOUNTING STANDARDS AND INTERPRETATIONS

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective, for the year ended 30 June 2024. The Group plans to adopt these standards at their application dates.

It is anticipated that the application of these standards will not have a material effect on the Group's results or financial report in future years.

The director's assessment of the impact of all standards applied during the current year is that they have not had a material impact on the financial report of the Group.

# 1.4 BASIS OF CONSOLIDATION

#### **CONTROLLED ENTITIES**

Controlled entities are entities controlled by the Company. Control exists when the Company has the power, directly or indirectly to govern the financial and operating policies of an entity to obtain benefits from its operations. The financial statements of controlled entities are included in the consolidated financial statements from the date control commences until the date that control ceases. There has been no change in the control of any subsidiaries during the financial year. All subsidiaries are 100% owned by the Company.

# TRANSACTIONS ELIMINATED ON CONSOLIDATION

All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full.

# **ACCOUNTING POLICIES**

The financial statements of subsidiaries are prepared for the same reporting year as the parent company, using consistent accounting policies.

# 1.5 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of these financial statements in conformity with Australian Accounting Standards has required management to make judgements, estimates and assumptions which impact the application of policies and reported amounts of assets and liabilities, income and expenses. These estimates and associated assumptions are based on historical knowledge and various other factors that are believed to be reasonable in the circumstance. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed regularly and revisions to accounting estimates are reviewed in the year in which the estimate is revised. The most significant estimates and assumptions which have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year relate to:

# **EXPLORATION AND EVALUATION ASSETS**

The Group's policy for exploration and evaluation expenditure is set out in Note 4.3. The application of this policy requires certain judgements, estimates and assumptions as to the future events and circumstances, in particular the assessment of whether economic quantities of reserves will be found. Any such estimates and assumptions may change as new information becomes available. If, after capitalisation of expenditure under the policy, it is concluded that the capitalised expenditure will not be recovered by future exploitation or sale, then the relevant amount will be written off in the statement of profit or loss. Changes in assumptions may result in a material adjustment to the carrying amount of exploration and evaluation assets.

# SHARE-BASED PAYMENT TRANSACTIONS

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity investments at the date on which they are granted. Additional information is set out in Note 7.3, Share-Based Payments.

**STATUTORY** 

# 1.6 FOREIGN CURRENCY TRANSACTIONS AND BALANCES

**DIRECTORS' REPORT** 

# FUNCTIONAL AND PRESENTATION CURRENCY

The functional currency of each of the Group's entities is measured using the currency of the primary economic environment in which that entity operates.

The functional currency of G50 Corp Limited is Australian Dollars, with Gold 50 US Inc. having a functional currency of United States Dollars.

The consolidated financial statements continue to be presented in Australian dollars, which is the parent entity's functional currency.

All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full.

# TRANSACTIONS AND BALANCES

Foreign currency transactions are translated at the foreign exchange rate at the date of the transaction. Monetary assets and liabilities denominated in a foreign currency at the end of the reporting year are translated at the year-end exchange rate. Exchange differences arising on the translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Exchange differences arising on the translation of non-monetary items are recognised directly in other comprehensive income to the extent that the underlying gain or loss is recognised in other comprehensive income; otherwise the exchange difference is recognised in profit or loss.

Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated at foreign exchange rates at the dates the fair value was determined.

# PRESENTATION OF FOREIGN EXCHANGE GAINS AND LOSSES IN THE STATEMENT OF **PROFIT OR LOSS**

The Group presents its foreign exchange gains and losses within net financing income /expense in the statement of profit or loss.

#### 1.7 **GOING CONCERN**

The Group incurred a net loss after tax for the year ended 30 June 2024 of \$1,886,955 and had net cash outflows from operating activities of \$1,263,598. The ability of the Group to continue as a going concern is dependent on securing additional funding through equity or joint arrangement to continue to fund its operational and exploration activities.

These conditions indicate a material uncertainty that may cast doubt about the Group's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The financial statements have been prepared on the basis that the Group is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

- The Group believe they can raise additional funding through equity; and
- The Group has a recent proven history of successfully raising capital

# **SECTION 2 - FINANCIAL PERFORMANCE**

# 2.1 OPERATING SEGMENTS

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including those that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance. The Managing Director is considered to be the CODM and is empowered by the Board to allocate resources and assess the performance of the Group.

Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

# **DESCRIPTION OF SEGMENTS**

NORTH AMERICA AUSTRALIA Represents activity in the US, primarily in relation to the exploration assets Represents head office expenditure, including ASX listing costs, exchange gains and losses and corporate assets (predominantly cash)

**2024 ANNUAL REPORT** 31 G50 CORP LIMITED

# **SECTION 3 - TAXATION**

# 3.1 TAXATION

No provision for income tax is considered necessary in respect of the Company for the year ended 30 June 2024. No recognition has been given to any future income tax benefit which may arise from operating losses not claimed for tax purposes. The Group has estimated tax loss positions across the group.

These amounts will only be obtained if:

- the Company and Controlled Entity derive future assessable income of a nature and of an amount sufficient to enable the benefit from the deductions for the losses to be realised,
- the Company and Controlled Entity continue to comply with the conditions for deductibility imposed by the law, and;
- no changes in tax legislation adversely affect the Company and Controlled Entity in realising the benefit from the deductions for the losses, i.e. current tax legislation permits carried forward tax losses to be carried forward indefinitely

G50 Corp Limited is not part of an Australian tax-consolidated group. Current and deferred tax amounts (if any) are measured as a stand-alone taxpayer. There are no tax funding arrangements or tax sharing agreements in place.

The group has additional tax value embedded in the US exploration assets. Future deductibility is expected against anticipated assessable income from the Projects once in production.

**2024 ANNUAL REPORT** G50 CORP LIMITED

# 4.3 EXPLORATION AND EVALUATION EXPENDITURE

Exploration and evaluation expenditure incurred by or on behalf of the Group is accumulated separately for each area of interest. Such expenditure comprises net direct costs but does not include general overheads or administrative expenditure not having a specific connection with a particular area of interest.

Exploration and evaluation costs in relation to separate areas of interest for which rights of tenure are current are brought to account in the year in which they are incurred and carried forward provided that:

- such costs are expected to be recouped through successful development and exploitation of the area, or alternatively through its sale; or
- exploration and/or evaluation activities in the area have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves.

Once a development decision has been taken, all past and future exploration and evaluation assets in respect of the area of interest are tested for impairment and transferred to the cost of development. To date, no development decision has been made.

The Directors assess at each reporting date whether there is an indication that an asset has been impaired and for exploration and evaluation costs carried forward whether the above carry forward criteria are met. No indicator of impairment has been identified as at 30 June 2024.

All financial liabilities are recognised initially at fair value net of directly attributable transaction costs.

After initial measurement, financial liabilities are subsequently measured at amortised cost. Current payables, other than lease liabilities, due to their short-term nature are measured at amortised cost and are not discounted.

The current payables, other than lease liabilities, are unsecured and are non-interest bearing generally on 30 day terms. The carrying amounts approximate fair value.

# **4.5 PROVISIONS**

# **EMPLOYEE ENTITLEMENTS**

Current		
Provision for Employee Benefits	73,750	46,848

Provision is made for the Group's liability for employee benefits arising from services rendered by employees to the end of the reporting year. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled.

# MAKE GOOD PROVISION

Non-Current		
Make Good Provision

#### **SECTION 6 - FINANCIAL INSTRUMENTS**

#### **6.1 CLASSIFICATION AND MEASUREMENT**

The carrying values of financial assets and liabilities of the Group approximate their fair value.

The Group has no financial assets where the carrying amount exceeds net fair values at balance date. The Group's receivables at balance date are detailed in Section 4.2 of this report.

#### **6.2 FINANCIAL RISK MANAGEMENT**

#### **FRAMEWORK**

The Group is involved in activities that expose it to a variety of financial risks including:

- A) Liquidity risk
- B) Market risk related to interest rates and currency fluctuations

The Board of Directors has overall responsibility for the establishment and oversight of the financial risk management framework of the Group. Management is responsible for monitoring the financial risks.

The Group does not undertake any hedging activities.

#### A) LIQUIDITY RISK

Liquidity risk is the risk that the Group will not have sufficient liquidity to meet its financial obligations as they fall due.

The Group manages liquidity risk by continually monitoring forecast and actual cash flows and matching maturity profiles of financial assets and liabilities. Short and long-term cash flow projections are prepared periodically and submitted to the Board.

All consolidated payables recognised as at the 30 June 2024 are due in less than 1 year.

#### B) MARKET RISK

#### **COMMODITY PRICE RISK**

The Company is exposed to future commodity price risk. This risk arises from its activities directed at exploration and development of mineral commodities. If commodity prices fall, the market for companies exploring for these commodities is affected. The Company does not hedge its exposures

#### **FOREIGN EXCHANGE RISK**

The Group operates internationally and is exposed to foreign exchange risk arising from foreign currency exposures, primarily with respect to United States dollars.

#### TRANSACTIONS WITH DIRECTORS AND KMP

With the exception of the disclosures within this note, no director or executive has entered into any material contracts with the Group since the inception of the Company and there were no material contracts involving directors' or executive interests existing at year end.

The Company has entered into indemnity deeds to indemnify executives of the Company against certain liabilities incurred in the course of performing their duties.

#### 7.3 SHARE-BASED PAYMENTS

#### **EQUITY INCENTIVE PLAN**

The purpose of the Equity Incentive Plan ("the Plan") is to provide eligible persons the opportunity to participate in the growth and profits of the Company and to attract, motivate and retain their services to promote the Company's long-term success.

Under the terms of the Plan, the Board may at its discretion invite eligible persons to participate in a grant of awards. An award may be either an option or performance right, to acquire a share in the capital of the Company in accordance with the Plan rules.

Options and rights issued under the terms and condition of the Equity Incentive Plan are as follows:

#### **PERFORMANCE RIGHTS - TYPE**

	KEY TERMS	EXPIRY DATE
TIME BASED	<ul> <li>Agreements included vesting in instalments after 12, 24 and 36 months</li> <li>Conditional on the achievement of continuing employment</li> </ul>	Refer to Schedule
PERFORMANCE BASED	Vest when the VWAP of shares on ASX exceeds hurdles over a 20 consecutive trading day period	Refer to Schedule

Key features include:

- The Board may at its discretion make invitations to or grant awards to eligible persons.
- Award means an option or a performance right to acquire a Share in the capital of the Company.
- Eligible Persons include executive directors or executive officers of the Group, employees, contractors or consultants of the group or any other person.

The expiry date of issued performance rights are detailed in the below schedule.

#### **SECTION 9 - OTHER DISCLOSURES**

#### 9.1 CAPITAL AND OTHER COMMITMENTS

#### **PROPERTY ACQUISITON**

The Group has secured exploration rights via entering into lease and option to purchase agreements for the mining claims forming the Golconda, Spitfire, Broken Hills, Top Gun, Caisson and White Caps Projects. These agreements have been structured with:

- an agreed upfront payment;
- subsequent annual payments agreed to be paid on the anniversary of signing the agreement, subject to the Group wanting to continue exploring the relevant exploration property; and
- an option to purchase the mining claims for a specified amount within a specified period (typically five years).

The maximum amount of these annual payments expenditure is \$250,000 USD, over the coming twelve months.

#### STATUTORY FEES

In order to maintain the Group's tenements in good standing with the various government authorities and comply with the underlying lease and option to purchase agreements, the Group is required to pay annual fees. The Group estimates the amount payable to be \$125,000 USD, for all projects across the coming twelve months.

It is likely that the staking of new mining claims and changes in the number of mining claims at renewal will change the expenditure commitment to the Group from time to time.

#### 9.2 CONTINGENT LIABILITIES

#### **ROYALTIES**

The commercial arrangements for most of the exploration properties acquired by the Group have included an agreed royalty stream payable upon future commercial production from the properties.

#### **PERFORMANCE RIGHTS**

Performance rights will be granted if performance hurdles are met. These are detailed in Note 7.3.

There are no other known contingent liabilities as at 30 June 2024.

#### **RELATED PARTY DISCLOSURES**

#### NON-KEY MANAGEMENT PERSONNEL DISCLOSURES

The Group has a related party relationship with its controlled entities, refer to Note 8.2. The Company and its controlled entities engage in a variety of related party transactions in the ordinary course of business. These transactions are conducted on normal terms and conditions.

#### **KEY MANAGEMENT PERSONNEL DISCLOSURES**

For all related party transactions with key management personnel, refer to Note 7.2, Key management personnel disclosures.

#### **EVENTS AFTER REPORTING DATE**

Since 30 June 2024 and up to the date of this report the Group has entered into the following transactions or events that due to their material and unusual nature are likely in the opinion of directors to have a substantial effect on the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

#### NON-EXECUTIVE DIRECTOR MOVEMENTS

Ian Davies was appointed to the G50 Board as an Independent Non-Executive Director, effective 16 July 2024.

This follows the resignation of Greg Foulis on the same date. Refer to the ASX annoucement dated 16 July for further details.

#### **PERFORMANCE RIGHTS**

1 million vested performance rights have been converted to ordinary shares.

#### **DIRECTORS' DECLARATION**

In accordance with a resolution of the Directors of G50 Corp Limited, we state that:

- 1. In the opinion of the Directors:
  - (a) The financial statements and notes of the Group are in accordance with the Corporations Act 2001, including:
    - (i) giving a true and fair view of the Group's financial position as at 30 June 2024 and of its performance for the year ended on that date; and
    - (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001; and
  - (b) There are reasonable grounds to believe that the Group will be able to pay its debts as and when they become due and payable.
  - (c) The consolidated entity disclosure statement required by section 295(3A) of the Corporations Act is true and correct
- 2. This declaration has been made after receiving the declarations required to be made to the Directors in accordance with section 295A of the Corporations Act 2001 for the financial year ended 30 June 2024.

On behalf of the Board

**MARK WALLACE DIRECTOR** 

Sydney, 20 September 2024

# **Independent Auditor's Report**

To the members of G50 Corp Limited,

#### **Report on the Financial Report**

#### **Opinion**

We have audited the accompanying financial report of G50 Corp Limited (the company and its subsidiaries) ("the Group"), which comprises the consolidated statements of financial position as at 30 June 2024, the consolidated statements of profit or loss and other comprehensive income, the consolidated statements of changes in equity and the consolidated statements of cash flows for the year then ended, notes comprising material accounting policy information and other explanatory information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion the accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:

- (i) giving a true and fair view of the group's financial position as at 30 June 2024 and of its performance for the year ended on that date; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Material Uncertainty Related to Going Concern**

We draw attention to Note 1.7 Going Concern to the financial statements which states that the Group is dependent on securing additional funding through equity or joint arrangement to continue to fund its operational and exploration activities. These conditions indicate a material uncertainty that may cast doubt about the Group's ability to continue as a going concern. Our opinion is not qualified in respect of this matter.

Our opinion is not modified in respect of the above matters for the financial year ended 30 June 2024.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key	audit	matter

How our audit addressed the key audit

# **Capitalised Deferred Exploration and Evaluation Expenditure** \$9.2 million

Refer to Note 4.3

The consolidated entity has the rights to mining claims located in Arizona and Nevada. Expenditure relating to these areas is capitalised and carried forward to the extent they are expected to be recovered through the successful development of the respective area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

This area is a key audit matter due to:

- The significance of the balance;
- The inherent uncertainty of the recoverability of the amount involved; and
- The substantial amount of audit work performed.

Our audit procedures included amongst others:

- Assessing whether any facts or circumstances exist that may indicate impairment of the capitalised assets;
- Performing detailed testing of source documents to ensure capitalised expenditure was allocated to the correct area of interest;
- Performing detailed testing of source documents to ensure expenditure was capitalised in accordance with Australian Accounting Standards; and
- Obtaining external confirmations to ensure the rights to mining claims are current and accurate.

# Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2024 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Directors for the Financial Report**

The directors of the company are responsible for the preparation of:

- a) the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001, and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the Corporations Act 2001, and

for such internal control as the directors determine is necessary to enable the preparation of:

- a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error;
   and
- b) the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

#### Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due
  to fraud or error, design and perform audit procedures responsive to those risks, and obtain
  audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk
  of not detecting a material misstatement resulting from fraud is higher than for one resulting
  from error, as fraud may involve collusion, forgery, intentional omissions,
  misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of
  accounting and, based on the audit evidence obtained, whether a material uncertainty exists
  related to events or conditions that may cast material doubt on the Group's ability to
  continue as a going concern. If we conclude that a material uncertainty exists, we are
  required to draw attention in our auditor's report to the related disclosures in the financial
  report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and material audit findings, including any material deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a Matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

# Report on the Remuneration Report

#### Opinion

We have audited the Remuneration Report which follows the directors' report for the year ended 30 June 2024.

In our opinion, the Remuneration Report of G50 Corp Limited for the year ended 30 June 2024 complies with section 300A of the Corporations Act 2001.

#### Responsibilities

The directors of the company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
