Investment Highlights

Pureplay Uranium Company Leveraged to the global low carbon economy megatrends, with a North American focus

Well funded – Cash in bank to complete ongoing work, and conduct follow up drilling at Geikie to advance initial success exploring for shallow high-grade uranium

Direct exposure to high grade uranium within the world class uranium mining district of the Athabasca Basin, Saskatchewan, Canada – a top three global uranium producer for over 45 years

Strategically located near world-class high-grade uranium discoveries, mining and processing operations with a constant uranium mining industry for 65 years

Located in Saskatchewan, a globally attractive and proven mining jurisdiction – Ranked 2nd in Fraser Institute 2021 global mining investment attractiveness index

Systematic exploration approach Clear exploration strategy allowing a gated approach to target generation and testing

Leveraging an extensive high-quality geological database assembled over decades, with significant recent exploration success

Experienced and dedicated team with relevant uranium exploration and development track record
