# Chairman's Letter

The 2024 financial year has seen more advancement in the Company's development of its principal target, the Cloncurry Project. The Company is earning back into this Project by way of diluting the other partner, Glencore plc. At 30 June 2024 the Company's interest was 31% from its initial interest of 23% in January 2023.

The project is located around the Cloncurry township and has substantial infrastructure at its doorstep including rail, power, water, support services and is in an area which has an ongoing commitment to the mining industry. Renegade moved its operational base from Mt Isa to Cloncurry in April 2023 to reflect the concentration of its work in Cloncurry.

The focus has been on the Cloncurry Project due to the large amount of previous work completed and the geological setting which sees it surrounded by world class mines and also having been the subject of mining itself. Renegade is firmly of the belief that more ore bodies will be found in this area and during the year announced an inferred maiden resource at Mongoose of 3.1Mt @ 0.55% copper and .07g/t gold. Substantial geophysical work on historic and new data to was completed to develop a large target named Mongoose Deeps which was drilled in the latter of the financial year.

The resource was completed after the two drill programs in the first half of calendar 2023 and we believe it has potential value as a development opportunity as the Company continues to explore this area and other parties are looking to commence operations nearby.

The Mongoose Deeps hole was part funded by Queensland Department of Resources through its Collaborative Exploration Initiative (CEI) scheme. Without this it would have been difficult to fund the 1,600m deep hole. The hole was successful in defining an Ernest Henry style iron oxide copper gold unit (IOCG) with some large breccia style intercepts. Of particular interest is the depth the major intercept, approximately 300m in length, was discovered. Early expectations were to hit the bigger target zones from approximately 1,000m and in fact the 300m zone was hit at approximately 300m or approximately 250m true depth, a very welcome surprise as being shallower may have implications for any future potential breccias discovered and their commercialisation. This has changed the Company's thinking and the plan for FY25 is to do more field work, a high-definition drone magnetic survey and then utilise RC drilling to test targets down to 500-600m. At the time of writing, this work is well underway.

Given the focus at the Cloncurry Project work remains limited at the North Isa Project however, future work at Lady Agnes and Tulloch remains a focus for future activity in the current financial year.

Funding was provided by a capital raising of \$2.3m in April 2024.

Yours faithfully

Robert Kirtlan

Chairman, Renegade Exploration Limited

Annual Report for the year ended 30 June 2024

# Review of Operations

For personal use only

# Project Overview

Renegade Exploration is an Australian based minerals exploration and development company focused on the development of projects in northern Queensland. The company's primary objective is to deliver long-term shareholder value through the discovery, acquisition and development of economic mineral deposits.

The Company's portfolio has exposure to copper, gold, zinc, cobalt, vanadium and rare earths and stretches from the prolific mining district of Mount Isa in the west to Barcaldine in central west Queensland. Our interest in the Carpentaria Joint Venture covers a package of advanced copper and gold projects in Queensland's Cloncurry mining district led by the Cloncurry Project, which is advanced in terms of prospective targets and previous exploration activity.

The Company has expanded its north-west Queensland interests by earning a 75% joint venture interest in the North Isa Project, located just north of MIM's George Fisher mining operations and has several advanced prospects to continue exploration activities on.

It has also acquired permits near Barcaldine in central west Queensland which are considered to be prospective for vanadium and rare earths.

For personal use only

# Cloncurry Project (EPM 8588)

## Copper | Gold | Cobalt

Renegade has a 31% interest in the Cloncurry Project, EPM 8588, which is located near the established mining town of Cloncurry in north-west Queensland and hosts a number of advanced copper prospects in particular the Mongoose project. The project is along strike from the neighbouring Great Australia Mine and Taipan Deposit.

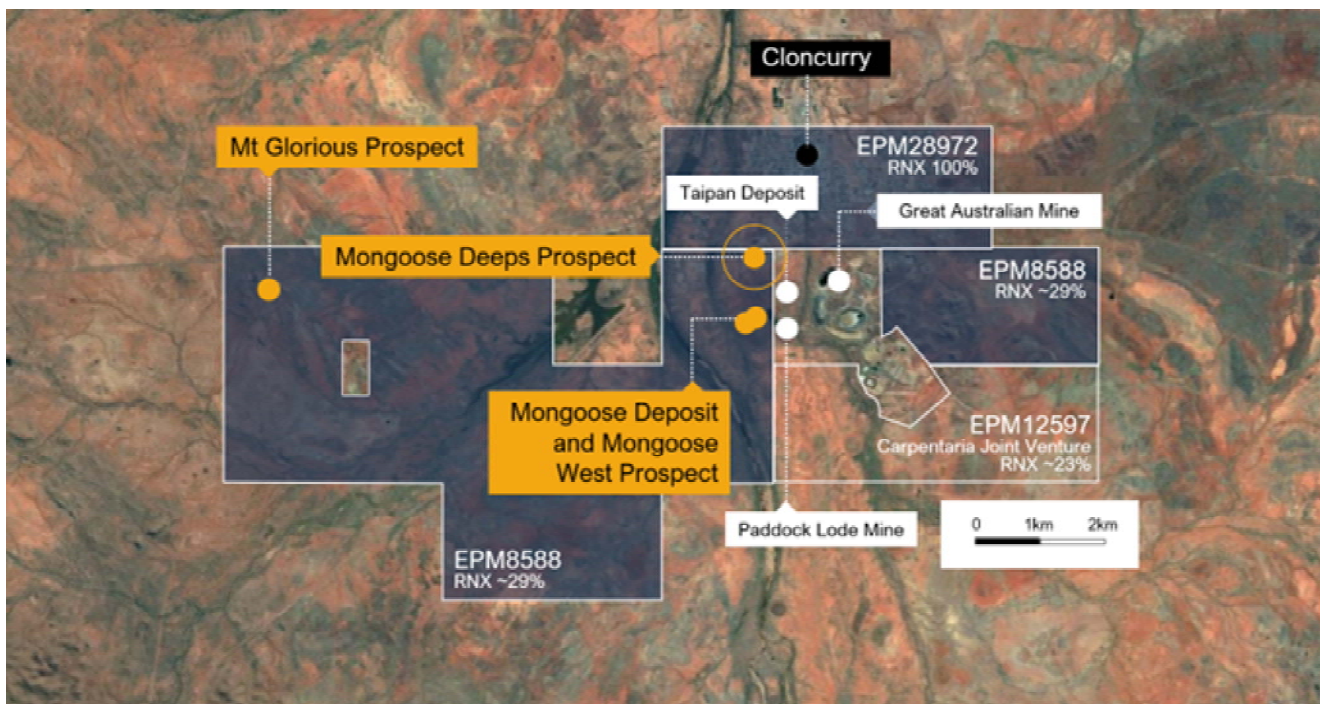

In January 2023, Renegade announced it had reached an agreement with Carpentaria Joint Venture (CJV) partner Mount Isa Mines Limited (MIM) to become sole operator and funder of EPM 8588.

### Mongoose Prospect and Deposit<sup>1</sup>

Located just south of Cloncurry, Mongoose is a primary target with significant historical copper-gold intercepts and is along strike from the neighbouring Great Australia Mine and Taipan Deposit. Mongoose has been the subject of two drilling programs since March 2023 to determine potential for near term mining with the initial target being near surface copper oxides.

Renegade has completed two reverse circulation drilling programs, totalling ~3,600m, at Mongoose in March and May 2023<sup>2</sup>. The program has been successful in expanding the supergene oxide zone and discovering a high-grade sulphide zone. Renegade announced an inferred resource on 12 December 2023.

3.1Mt @ 0.55% Cu and 0.07g/t Au utilising a 0.25% cut off

Mongoose Deposit, showing nearby open pit mines and resources.

<sup>1</sup> See ASX Release dated 12 December 2023; Maiden Mongoose Cu-Au Mineral Resource Estimate.

<sup>2</sup> See ASX Release dated 8 May 2023; Up to 25% Cu confirms Mongoose high grade copper sulphide.

See ASX Release dated 4 July 2023; High grade copper zones continue at Mongoose.

## Mongoose Deeps Prospect

Substantial geophysical work was done on historical regional gravity and magnetics and followed up with a close spaced gravity program to provide better targeting for a planned deep hole into the magnetic anomaly identified<sup>3</sup>. The anomaly is to the north of the Mongoose Deposit and has been named “Mongoose Deeps”. In early July 2024, the company announced it had discovered a large Iron Oxide Copper Gold (IOCG) breccia system at Mongoose Deeps similar in characteristics to the nearby Ernest Henry Mine, after its maiden drill hole reached a target depth of 1,612m<sup>4</sup>.

The project was the recipient of the Queensland Department of Resources Collaborative Exploration Incentive and the Company is anticipating an amount of \$300,000 in the ensuing financial year ending 30 June 2025 to facilitate drilling the hole.

Similarities to Ernest Henry include very-high magnetite shear zones, followed by crackle breccia with bird’s wing textures, massive pyrite zones, monomict/polymictic brecciation with magnetite and sulphides (pyrite-chalcopyrite), and red-rock alteration.

At 330m down hole a 300m long magnetic breccia zone was encountered which is significantly shallower than the initial geophysical modelling suggested. A drone high-definition magnetic survey will be completed in August to define new targets and enhance current zones of interest. This is a particularly positive development as future exploration can employ cheaper RC drilling to test new targets.

In general, the hole encountered numerous brecciated and magnetic zones finishing in altered rock containing veins of sulphides (pyrite-chalcopyrite) and detailed in the 2 July 2024 ASX Release; Ernest Henry style zone discovered at Mongoose Deeps.

Approximately 400m of core was cut for copper, gold and cobalt plus multi element assaying.

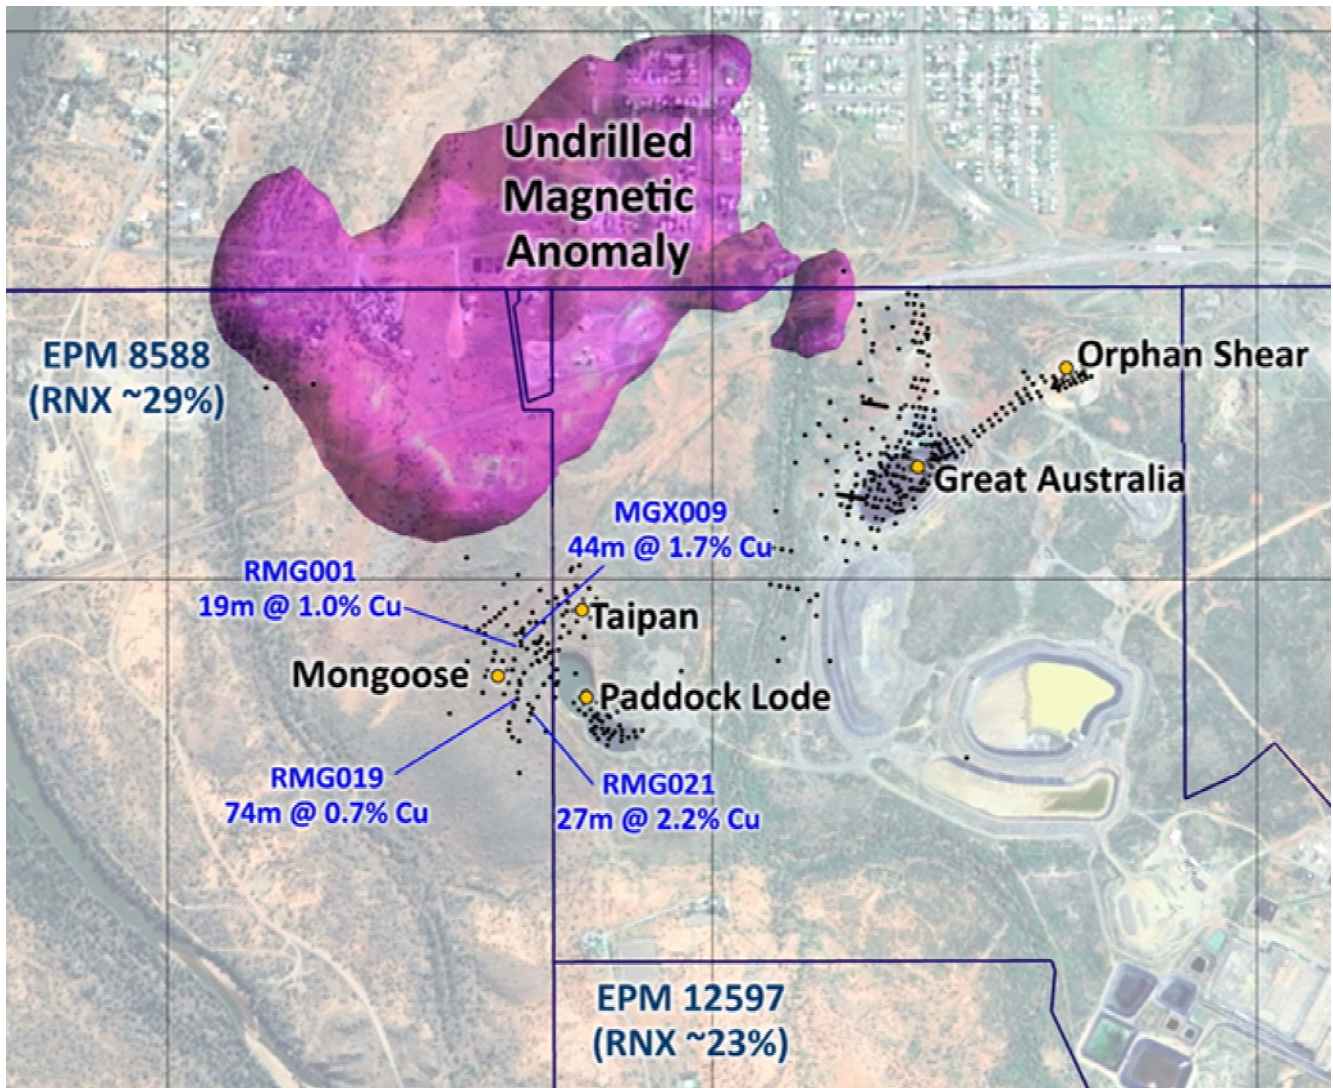

*Drilling at the Mongoose Deeps Prospect, Cloncurry Project, in June 2024.*

<sup>3</sup> See ASX Release dated 11 April 2024; Stunning Mongoose Deeps target nets CEI grant.

<sup>4</sup> See ASX Release dated 2 July 2024; Ernest Henry style IOCG zone discovered at Mongoose Deeps.

Plan view showing the very high magnetic anomaly and surrounding copper deposits & mines.

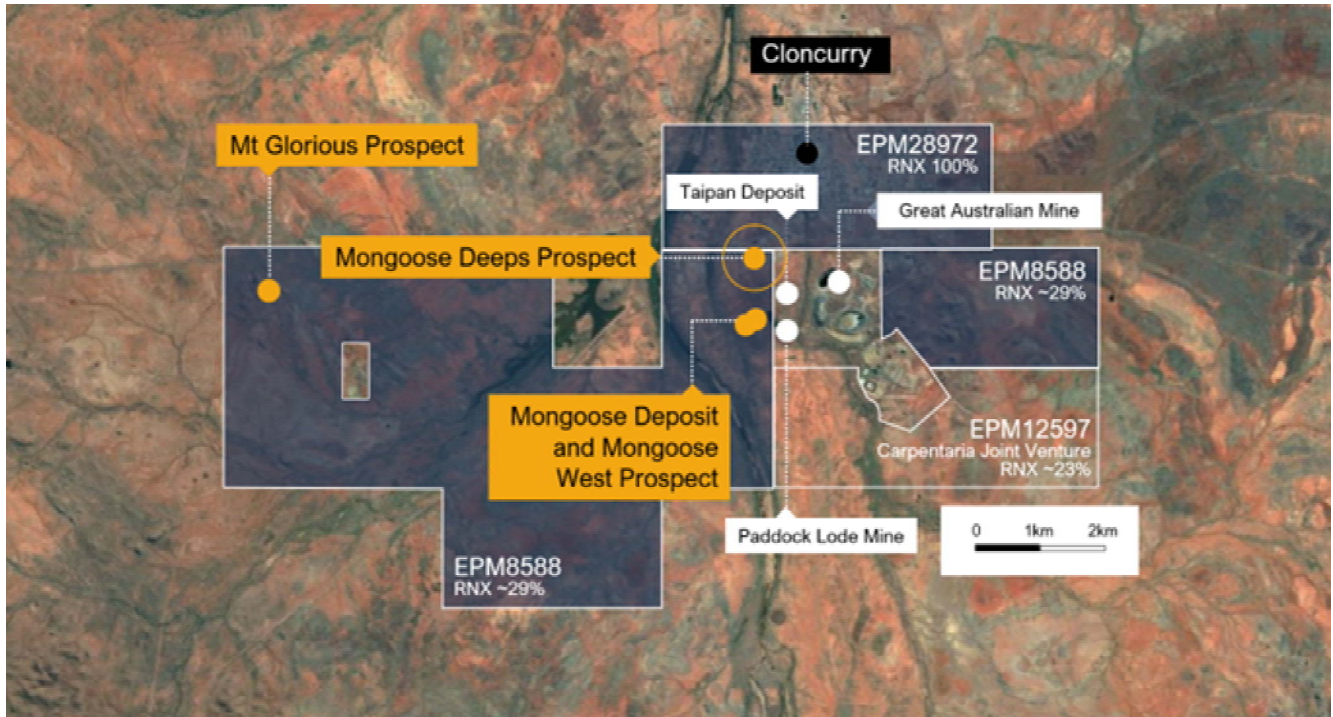

### Mongoose Prospect Background

The Mongoose Prospect is hosted by dolerite-gabbro-porphyrific basalts of the Toole Creek Formation. The mineralised zone is dominated by magnetite-actinolite-albite-chlorite altered, sheared and brecciated dolerites. The mineralisation is both primary and supergene in nature. The supergene zone is defined by the presence of malachite, chrysocolla, chalcocite, and cuprite. The fresh, primary (hypogene) copper mineralisation is defined by chalcopyrite with accessory pyrite.

The work completed by the CJV during 2013-14 delineated an extensive coincident magnetic-chargeable anomaly and based on this the CJV completed 3,988m of reverse circulation (RC) and diamond drilling over 21 drill holes during 2013/2014<sup>5</sup>.

<sup>5</sup> See ASX Release dated 16 January 2023; Renegade assumes control of Mongoose Project.

Mongoose project, showing nearby open pit mines and deposits, Mongoose Deposit and the Mongoose Deeps Prospect.

The entire EPM 8588 permit area has numerous historical workings and has been the subject of substantial historical work programs including soil and rock chip sampling, geophysics, mapping and over 15,000m of drilling. Numerous prospects exist which require follow up.

In general, the previous programs were targeting large deposits. Renegade is working on models which may host smaller high-grade deposits which lend themselves to early mining and cash generation opportunities. Renegade has inherited work from previous programs totalling ~\$5m.

Following the commencement of the sole risking or Earn Back in EPM 8588 Renegade is the operator of the permit and controls expenditure and exploration and development of the permit. Renegade will earn back into the permit on terms similar to the existing CJV terms previously announced.

## Mt Glorious Prospect<sup>5.1</sup>

Mt Glorious is located just 7km west of Mongoose and the Cloncurry townsite and lies 500m off the Barkly Highway.

Mt Glorious was mined up until approximately 2013-15. Records are limited but the Company is pursuing what data may be available. Mt Glorious consists of three pits, South Pit, Main Pit and North Pit. From the sampling done to date, field mapping and observation of the geological settings it appears the ore grade was high.

- Renegade carried out a small RC drilling program of 1,020m and encountered close to surface copper oxide mineralisation including:
  - 18m @ 0.35% Cu, 194ppm Co (RGL001, from surface)
  - 16m @ 0.43% Cu, 175ppm Co (RGL004, from 4m)
  - 10m @ 0.20% Cu, 116ppm Co (RGL008, from 8m)

With the development of the Mongoose Deeps target Company attention has and remains focused on the Mongoose area.

<sup>5.1</sup>See ASX Release dated 17 January 2024: Copper oxide zone discovery and IP anomalies detected

### Mt Glorious Geology

Copper deposits in the western portion of EPM 8588 are separated into two dominant types. The first type of deposits are limestone hosted, where the copper is delivered into the limestone via faults and fractures. Copper precipitation is thought to occur due to a chemical reaction between the copper rich fluids and the carbonate rich rock. These deposits include Magpie, Salmon, Dolomite, and the Dingo historical mines. The second deposit type is where the copper is fault/breccia hosted with the quartzite country rock.

Mt Glorious is the second type and is hosted by quartzites and dolerites which have been faulted and brecciated thereby providing the open spaces and fluid pathways required for mineralisation. The mineralisation at Mt Glorious is characterised by a large alteration system covering numerous faults which display differing elemental enrichments. From west to east, the faults display hematite enrichment, followed by a line of faults with copper enrichment, then by a zone of pyrite enrichment. The structures of interest are mainly steep dipping and trend to the NW and dipping steeply to the NE (70-80°). These faults develop into a quartz-hematite breccia and gossan in the central area.

# Carpentaria Joint Venture

## Copper | Gold | Cobalt

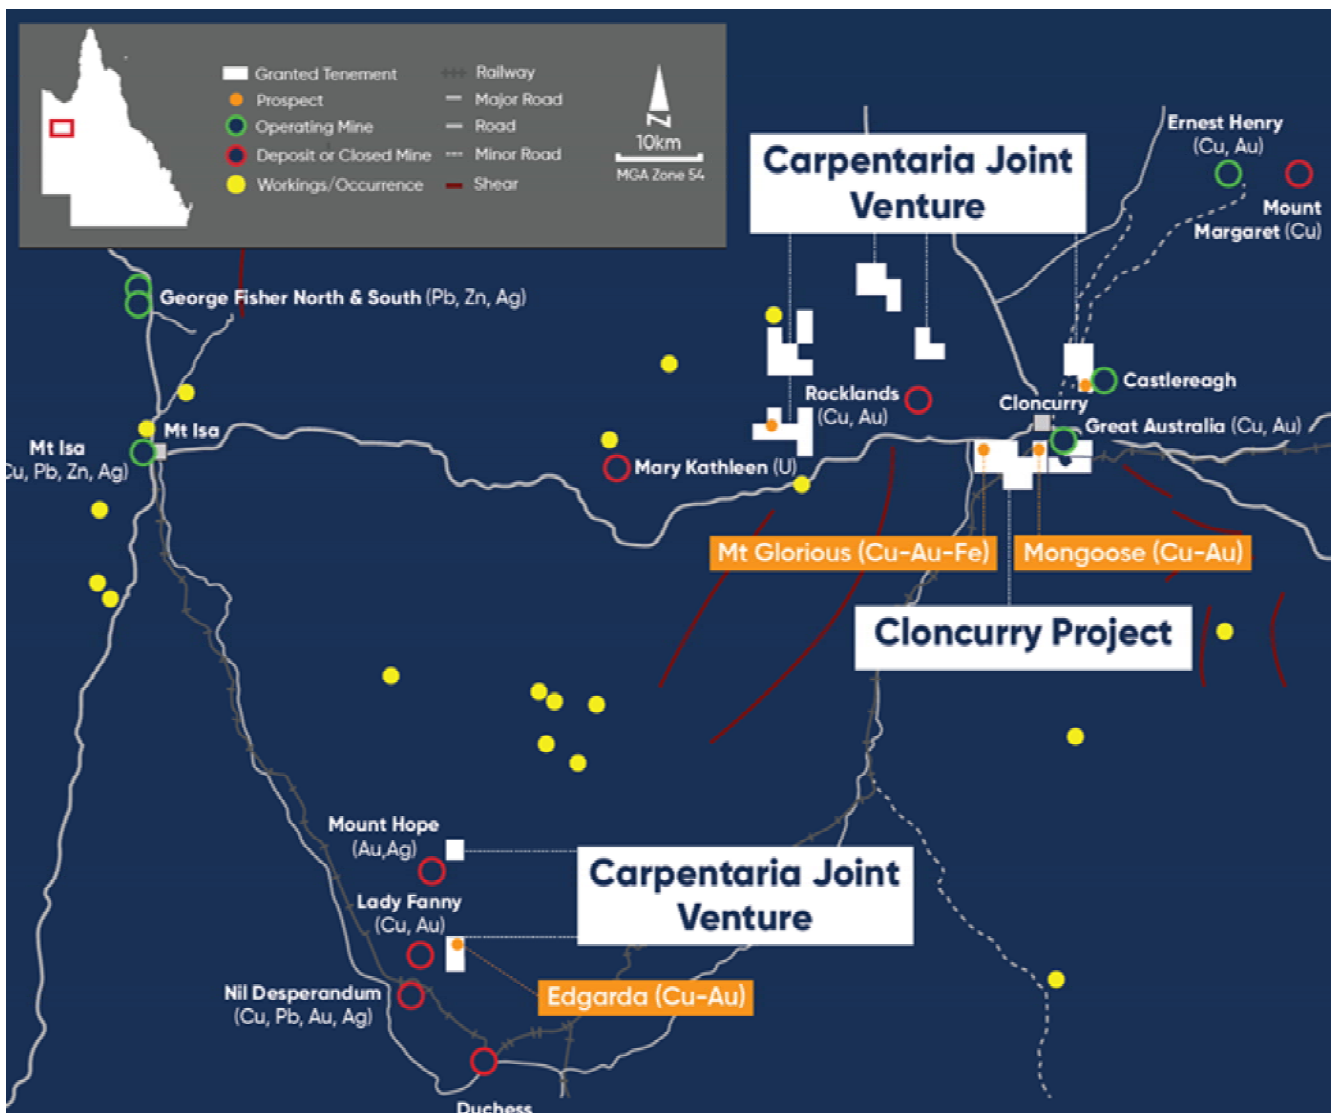

Renegade has a 23% interest in the Carpentaria Joint Venture (CJV) which covers a package of advanced copper and gold projects in Queensland's Cloncurry mining district. Our operating partner is Mount Isa Mines Limited ("MIM", a subsidiary of Glencore plc).

The CJV holds the following permits EPM 8586 (Mt Marathon), EPM 12180 (St Andrews Extended), EPM 12561 (Fountain Range), EPM 12597 (Corella River), and EPM 8588 (Mt Avarice) (excised under sole risk terms and now funded and operated by Renegade).

Work has been managed by MIM and has consisted of desk top review for the 2024 financial year.

Renegade carried out some field work at the Tommy Creek prospect in the latter part of 2023 before the wet season set in. Tommy creek is prospective for graphite, rare earths, uranium and copper.

For personal use only

# Renegade Exploration Limited

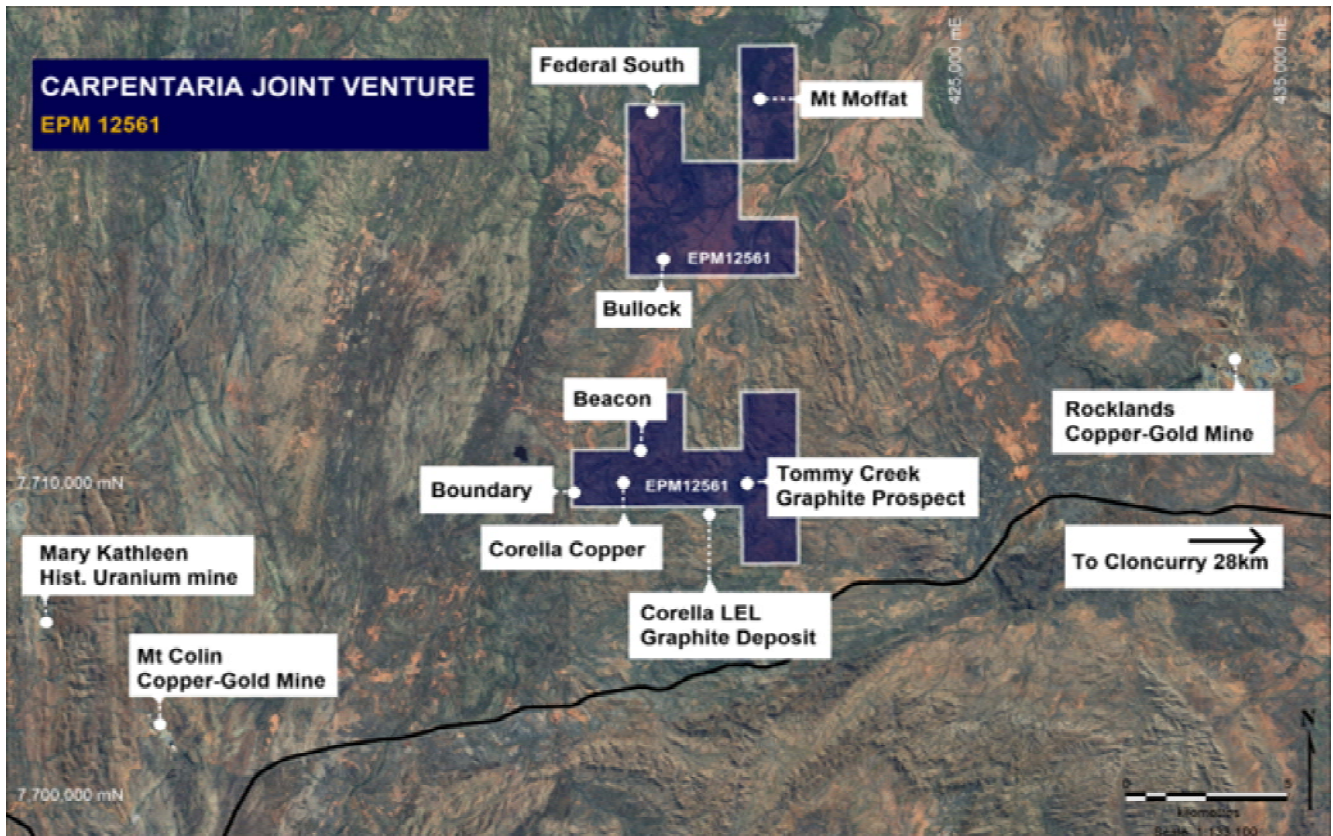

ABN: 92 114 187 978

## Annual Report for the year ended 30 June 2024

Tommy Creek has been identified as a potential target for graphite, REE, uranium and copper<sup>6</sup>. Renegade carried out a field program and reported the following results:

- Significant graphite rich zones identified at Tommy Creek prospect.
- Over 3km<sup>2</sup> of graphitic shist mapped, with high-grade rock samples returning:
  - **24.7% Total Graphitic Carbon (TGC), 15.2% TGC, 14.3% TGC**
- Historical diamond drilling at Tommy Creek intercepted:
  - **211m @ 11.1% TGC from 24m** including,
  - **23m @21.2% TGC from 120m**
- First pass reconnaissance of the Beacon U-REE prospect discovered:
  - **0.12% TREO and 303ppm U (RBCRS003)**
  - **0.21% TREO and 142ppm U (RBCRS001)**
- Review of the Boundary REE prospect identified:
  - **2.03% TREO (EX102432)**
  - **0.50% TREO (EX102434)**

Renegade approached the CJV operator with a view to excising the permit(s) in question and doing an earn back similar to the Cloncurry Project (EPM8588) with no success the time of writing.

Location of EPM 12561 – Carpentaria Joint Venture, showing Tommy Creek Graphite prospect.

<sup>6</sup>See ASX Release dated 23 January 2024; Graphite, REE and uranium prospects within CJV.

For personal use only

# North Isa Project

## Copper | Zinc | Gold

The North Isa Project is located directly north of Glencore's George Fisher Mine and approximately 40km north of Mt Isa township. Renegade met its expenditure requirement with Glencore and now owns 75% of the project.

Renegade drilled approximately 1,200m of reverse circulation drilling at Lady Agnes in the prior financial year with results reported on 8 August 2022. The campaign was designed to test under the historical Lady Agnes Copper Mine and follow up on legacy work and confirmed broad zones of significant copper mineralisation in the sulphide zone with gold credits. The broad zones of mineralisation are interpreted as being open to the south along the Eastern Creek Volcanic (ECV) contact, at depth and to the east of the ECV contact where an IP anomaly has been discovered.

Planned future programs include soil sampling, mapping and geophysics at the Tulloch Prospect with potential follow up drilling at Lady Agnes.

For personal use only

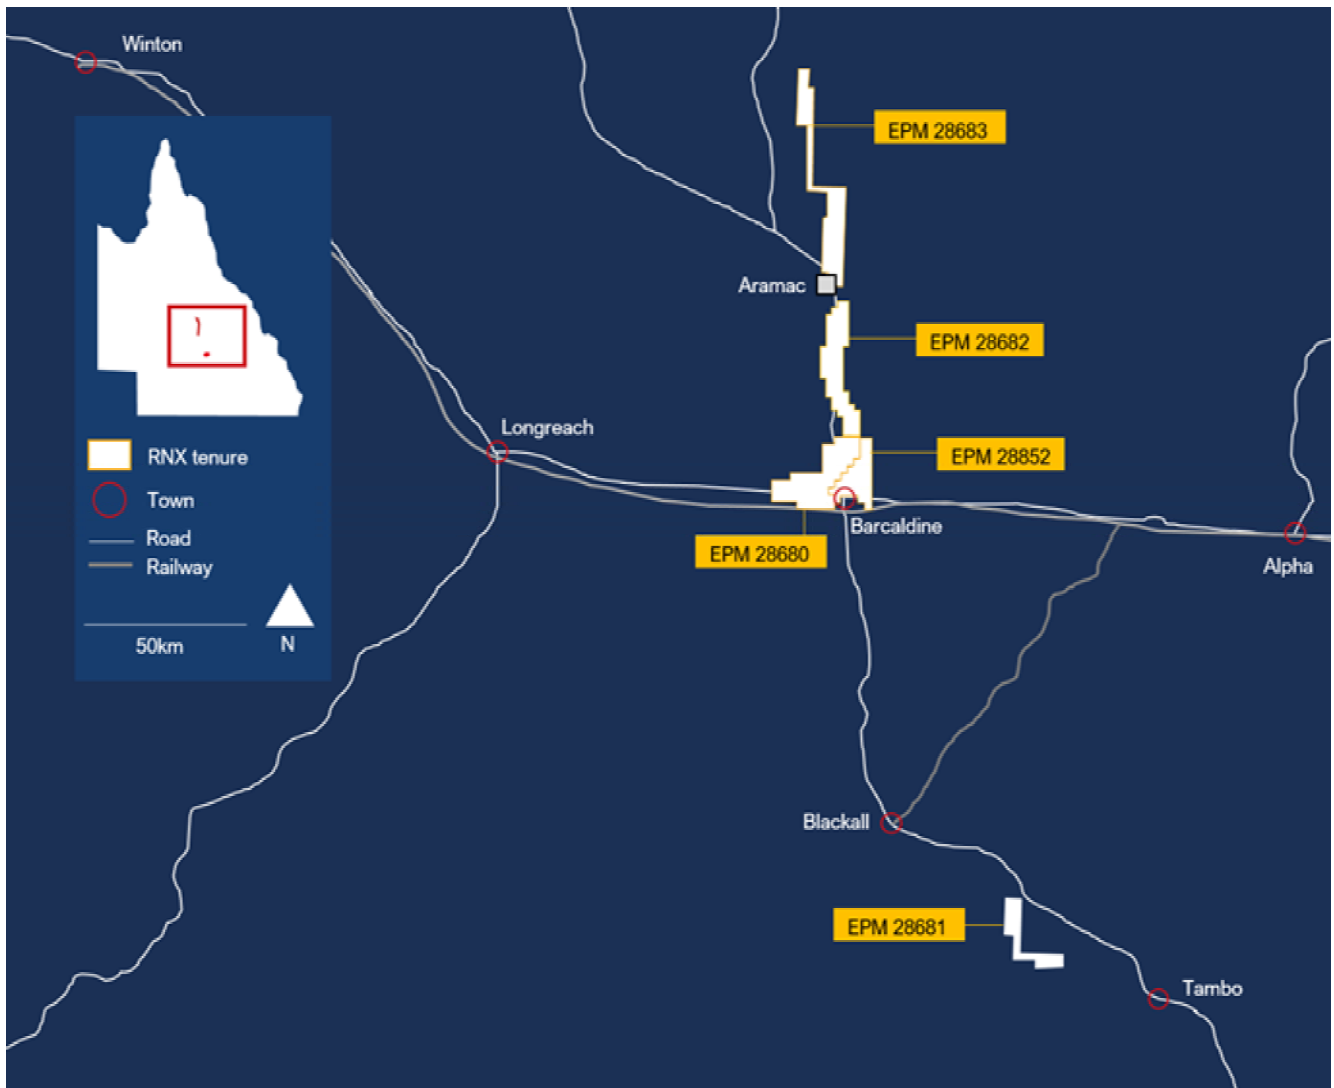

# Aramac Project

## Copper | Zinc | Gold

Renegade has made application for a number of permits in the Barcardine region. The permits cover previously discovered Toolebuc formation which is the host to Vanadium deposits to the north in the Julia Creek and Richmond areas.

Substantial historical work has been undertaken on the permits which contains well know sedimentary oil shale mineralisation with potential vanadium and rare earth element enrichment. The Company awaits the grant of one further permit application which was applied for in the previous financial year. Upon receipt of final permit grants Renegade intends to do a major review of previous data with a view to formulating field exploration programs.

For personal use only

# Yukon Base Metal Project

## Zinc

The Company owns an unexploited zinc deposit in the Yukon territory, Canada. Current measured, indicated and inferred resource for the project is:

**12.6Mt @ 5.3% zinc and 0.9% lead @ a lower cut off of 2% zinc and 1,00m RL applied<sup>6</sup>**

On 5 October 2020, the Company announced it had entered into a Letter of Intent with Scharfe Holdings Inc (Scharfe). The Sale and Purchase Agreement (SPA) was finalised on 30 November 2020 and executed with a Scharfe subsidiary, Actium Resources Inc (together Scharfe). The SPA was due for completion on 30 November 2023 and ultimately the SPA was terminated on 18 February 2024 with Scharfe owing \$1 million to close the transaction. Scharfe failed to comply with the terms of the option agreement and the Company terminated the agreement on 18 February 2024. Scharfe forfeited the initial payment of \$750,000 received, and the Company recognised this amount as other income during the year ended 30 June 2024 (Refer to Note 5 and 12).

Renegade continues to negotiate a potential sale to other parties.

For personal use only

<sup>6</sup>See ASX Release dated 2 March 2018; Yukon Base Metal Project – Resource Estimate

## Renegade Exploration Limited

ABN: 92 114 187 978

Annual Report for the year ended 30 June 2024

# Corporate

The Company had 1,280.1m ordinary shares on issue and the cash and cash equivalent of \$1.188m at bank as of 30 June 2024.

On 20 July 2023 the Company obtained a loan facility of \$700,000 from Outland Investment which was extended to \$1million on 06 February 2024. Total amount withdrawn from facility during the year is \$830,000 out of which \$500,000 is paid in cash and \$330,000 is settled against issuance of shares of 33m at share price of \$0.01 on 18 June 2024.

The Company manages its costs in accordance with the projects it holds and the requirements these projects have for either management or exploration funds. The company is being managed by its directors, a full-time exploration manager and engages external consultants, as required, with specific experience to its projects who provide advice as to how these projects are best managed.

Renegade continues to assess new opportunities presented. The board remains focused base metals, gold and new age minerals.

For personal use only

# Material Business Risks

The objective of the Company is to create long-term shareholder value through the discovery, development and acquisition of technically and economically viable mineral deposits. To date, the Company has not commenced production of any minerals, nor has it identified a Mineral Resource in accordance with the JORC Code. The material business risks faced by the Company that could have an effect on the Company's future prospects, and how the Company manages these risks include:

## **The Company's and its joint venture exploration programs may not identify an economic deposit**

Despite positive exploration results on a number of projects, current and potential investors should understand that mineral exploration, development and mining are high-risk enterprises, only occasionally providing high rewards. The success of the Company also depends, among other things on successful exploration and/or acquisition of reserves, securing and maintaining title to tenements and consents, successful design, construction, commissioning and operating of mining and processing facilities, successful development and production in accordance with forecasts and successful management of the operations. Exploration and mining activities may also be hampered by force majeure circumstances, land claims and unforeseen mining problems. There is no assurance that exploration and development of the mineral interests owned by the Company, or any other projects that may be acquired in the future, will result in the discovery of mineral deposits which are capable of being exploited economically. Even if an apparently viable deposit is identified, there is no guarantee that it can be profitably exploited. If such commercial viability is never attained, the Company may seek to transfer its property interests or otherwise realise value, or the Company may even be required to abandon its business and fail as a "going concern".

## **The Company's exploration activities being delayed due to lack of available equipment and services**

The exploration activities of the Company require the involvement of a number of third parties, including drilling contractors, assay laboratories, consultants, other contractors and suppliers. Demand for drilling equipment and exploration related services in Western Australia is currently very high and has resulted in higher exploration costs, delays in completing the Company's exploration activities, and delays in the assessment and reporting of the results. Should there continue to be high demand for exploration equipment and related services, there may be delays in undertaking exploration activities, which may result in increased exploration costs and/or increased working capital requirements for the Company and may have a material impact on the Company's operations and performance.

## **The Company's operations will require further capital**

The exploration and any development of the Company's exploration properties will require substantial additional financing. Failure to obtain sufficient financing may result in delaying, or the indefinite postponement of exploration and any development of the Company's properties or even a loss of property interest. There can be no assurance that additional capital or other types of financing will be available if needed or that, if available, the terms of such financing will be favourable to the Company.

## **The Company may be adversely affected by fluctuations in commodity prices**

The price of commodities fluctuates widely and are affected by numerous factors beyond the control of the Company. Future production, if any, from the Company's mineral properties will be dependent upon the price of commodities being adequate to make these properties economic. The Company currently does not engage in any hedging or derivative transactions to manage commodity price risk. As the Company's operations change, this policy will be reviewed periodically going forward.

## **Global financial conditions may adversely affect the Company's growth and profitability**

Many industries, including the mineral resource industry, are impacted by these market conditions. Some of the key impacts include contraction in credit markets resulting in a widening of credit risk, devaluations and high volatility in global equity, commodity, foreign exchange and precious metal markets, and a lack of market liquidity. Due to the current nature of the Company's activities, a slowdown in the financial markets or other economic conditions may adversely affect the Company's growth and ability to finance its activities.

# Directors' Report

For personal use only

## Renegade Exploration Limited

ABN: 92 114 187 978

### Annual Report for the year ended 30 June 2024

The Directors present their report for Renegade Exploration Limited (“Renegade” or “the Company”) and its subsidiaries (“the Group”) for the year ended 30 June 2024.

#### INFORMATION ON DIRECTORS

The names, qualifications and experience of each person who has been a director during the year and to the date of this report are:

Name	<b>Mr Robert Kirtlan</b>
Title	<b>Chairman</b>
Experience	Mr Kirtlan had a background in accounting and finance prior to working for major investment banks in Sydney and New York focusing on global mining. He has been involved in the mining industry for approximately 30 years arranging equity and debt financing for junior and major mining companies. More lately he has taken active roles in the financing, management and development of exploration opportunities across a broad spectrum of commodities in various countries.

Other current directorships in listed entities	None
--	------

Other directorships in listed entities held in the previous three years	In the last three years Mr Kirtlan was a Director of Currie Rose Resources Inc (resigned 15 September 2022).
---	--

Name	<b>Mr Mark Connelly</b>
Title	<b>Non-Executive Director</b>
Experience	Mark Connelly has a proven track record in the mining industry with over thirty years' experience and is well credentialed to join the Renegade Board to add experience and depth to the existing team.

In recent years he was the CEO of Papillon Resources and Adamus Resources. Both companies were acquired in by way of takeovers with Papillon valued at over USD570m. Papillon was developing the Fekola gold deposit in Mali and Adamus Resources was a gold production company based in Ghana.

Prior to this Mark Connelly worked held senior management roles at Inmet Mining and Newmont Mining and also as COO at Endeavour Mining following its acquisition of Adamus Resources.

Other current directorships in listed entities	Mr Connelly is a Director of Astral Resources NL, Tesoro Gold Ltd, Calidus Resources Limited, Nickel Search Limited, Omnia Metals Limited, BeMetals Corp Inc, Warriedar Resources Limited, and Alto Metals Limited.
--	---

Other directorships in listed entities held in the previous three years	Within the last three years Mr Connelly has been a director of Barton Gold (January 2021 to April 2022), Emmerson plc (July 2018 to June 2021), Tao Commodities Limited (May 2018 to May 2021), Primero Group (April 2018 to February 2021), Oklo Resources Limited (July 2019 - May 20-22), Chesser Resources Limited (Jul 2020 - Sept 2023).
---	--

Name	<b>Mr Mark Wallace</b>
Title	<b>Non-Executive Director</b>
Experience	Mr Wallace is a finance professional with a background in economics and finance. He has spent almost 20 years working for both major and boutique Investment Banks specialising in the Global Materials and Energy sectors. He spent the bulk of his career in London and Sydney identifying, advising and financing early stage and pre-development mining and energy companies.

Other current directorships in listed entities	Mr Wallace is Managing Director of Gold 50 Limited (ASX:G50)
--	--

Other directorships in listed entities held in the previous three years	None
---	------

## Annual Report for the year ended 30 June 2024

### INFORMATION ON DIRECTORS

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

### COMPANY SECRETARY

#### Mr. Graeme Smith

Mr Smith is the principal of Wembley Corporate Services Pty Ltd which provides corporate secretarial, Chief Financial Officer and governance services. Mr Smith has over 30 years of experience in company secretarial duties.

### INTERESTS IN THE SECURITIES OF THE COMPANY

As at the date of this report, the interests of the Directors in the securities of the Company were:

Director	Ordinary shares	Options over ordinary shares	Performance rights
Mr Robert Kirtlan	55,014,285	36,666,666	-
Mr Mark Wallace	49,600,000	16,000,000	-
Mr Mark Connelly	7,383,700	6,255,800	10,000,000

### PRINCIPAL ACTIVITIES AND SIGNIFICANT CHANGES IN NATURE OF ACTIVITIES

#### Principal activities

The principal activities of the Group during the financial year were mineral exploration. There have been no changes in the principal activities from prior years. During the previous years, the Group entered into a Joint Venture at the North Isa Project in Queensland, Australia and sold its Yandal East Project.

A brief summary of these transactions is listed below.

- ***Yukon Base Metal Project, Canada***

Renegade terminated the agreement with the Scharfe Group in February 2024 after its failure to pay the outstanding amount of \$1m due for settlement on 30 November 2023. The deposit paid by Scharfe Group was forfeited and has been recorded as other income (refer to Note 5).

The Company continues to progress negotiations with other parties.

- ***North Isa Project Joint Venture***

The North Isa Project (NIP) transaction was signed in December 2021 and work commenced immediately on a substantial historical data base. The data included historical drilling, soil sampling and geophysical programs.

Some of this information has been reported to the Australian Stock Exchange (ASX) through releases noted below in accordance with JORC12 requirements.

The transaction is a Joint Venture with Renegade spending \$500,000 over four years to acquire a 75% interest with the partner to be carried thereafter to a Pre-Feasibility Study before contributing or diluting to a royalty. Renegade earned its full 75% interest, and this was announced in January 2023<sup>8</sup>.

<sup>8</sup>See ASX Release dated 10 January 2023; Renegade achieves 75% interest in North Isa Project.

## Renegade Exploration Limited

ABN: 92 114 187 978

### Annual Report for the year ended 30 June 2024

#### PRINCIPAL ACTIVITIES AND SIGNIFICANT CHANGES IN NATURE OF ACTIVITIES

- ***Carpentaria Joint Venture (CJV) interest acquisition***

In December 2020, Renegade agreed to acquire the Joint Venture Interest that Sovereign Metals Limited holds in the Carpentaria Joint Venture Agreement (Carpentaria JVA, CJV) with Mount Isa Mines Limited (MIM), a subsidiary of Glencore plc.

The CJV was initially formed in 2001, with Sovereign acquiring its interest in the joint venture in 2007. Since 2001, total expenditure on the Carpentaria JVA has been approximately \$15.43m, with MIM contributing approximately \$12m and Sovereign contributing \$2.9m over that time. Sovereign elected to cease contributing to joint venture expenditure on the tenements, resulting in its joint venture interest reducing to the current interest of approximately 23%.

Renegade has been a contributing partner to the CJV and maintains its 23%.

It has increased its interest in EPM8588 to 31.17% by way of the Earn Back clause in the CJV. Renegade is the operator and sole funder of EPM8588, now called the Cloncurry Project<sup>9</sup>.

#### Significant change in nature of activities

Other than as disclosed elsewhere within this report, there were no significant changes in the nature of the Group's principal activities during the financial year ended 30 June 2024.

#### CORPORATE STRUCTURE

Renegade Exploration Limited is a company limited by shares that is incorporated and domiciled in Australia

#### OPERATING RESULTS AND REVIEW OF OPERATIONS FOR THE YEAR

##### Operating results

The consolidated loss of the Group amounted to \$ (1,140,926), after providing for income tax. This represented a 26% decrease on the results reported for the year ended 30 June 2023. The significant improvement was largely from the other income of \$755,736. This includes the recognition of \$750,000 as income following the termination of sale and purchase agreement with Scharfe for the sale of the Yukon project.

##### Review of operations

A review of the operations of the Group during the financial year are outlined in Review of Operations Report preceding this Directors' report.

##### Financial review

The net assets of the Group have increased by \$ 2,506,924 from 30 June 2023 to \$ 5,338,044 at 30 June 2024. This increase is largely due to following factors:

- Proceeds of \$2,450,000 from issue of ordinary share;
- proceeds of \$92,500 from disposal of investment in listed equity; and
- obtained loans and borrowings amounting to \$830,000.

#### SIGNIFICANT CHANGES IN STATE OF AFFAIRS

Other than as disclosed elsewhere within this report, there have been no significant changes in the state of affairs of entities in the Group during the year ended 30 June 2024.

<sup>9</sup>Refer ASX Release dated 16 January 2023; Renegade assumes control of Mongoose Project.

## Renegade Exploration Limited

ABN: 92 114 187 978

### Annual Report for the year ended 30 June 2024

#### EMPLOYEES

The Group has one full time employee at 30 June 2024 (2023: 1 employee).

#### DIVIDENDS PAID OR RECOMMENDED

No dividend was paid or declared by the Company in the year and up to the date of this report.

#### SIGNIFICANT EVENTS AFTER THE REPORTING DATE

No matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

#### LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

The Group will continue to carry out its business plan, by:

- continuing work programs at the Cloncurry Project (EPM 8588);
- contribution to the Carpentaria Joint Venture and North Isa JV and enhancing potential value;
- pursuing the acquisition of additional projects with synergy to those currently in the Group's asset portfolio;
- continuing to meet its commitments relating to exploration tenements and carrying out further exploration, permitting activities and project development; and
- prudently managing the Group's cash to be able to take advantage of any future opportunities that may arise to add value to the business.

#### ENVIRONMENTAL ISSUES

The Group's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a state or territory of Australia.

The Group carries out operations that are subject to environmental regulations under both Federal, Territorial and Provincial legislation in Canada and Australia. The Group has formal procedures in place to ensure regulations are adhered to. The Group is not aware of any breaches in relation to environmental matters

#### SHARE OPTIONS

At the date of this report, there were 294,255,808 unlisted options over ordinary shares. The details of the options of Renegade Exploration Limited are as follows:

Date of Expiry	Exercise Price	Number under Option
30 June 2025	\$0.015	92,127,924
30 June 2026	\$0.025	92,127,924
28 June 2027	\$0.015	40,000,000
30 June 2027	\$0.025	70,000,000

The option holders do not have any rights to participate in any issues of shares or other interests in the Company or any other entity.

## Renegade Exploration Limited

ABN: 92 114 187 978

### Annual Report for the year ended 30 June 2024

#### PERFORMANCE RIGHT

As at the date of this report, there were 35,000,000 unlisted performance rights over ordinary shares. The details of the performance rights at the reporting date are as follows.

Vesting date	Expiry date	Number of unlisted performance rights
14 February 2024	2 December 2025	2,000,000
14 February 2025	2 December 2025	8,000,000
Refer to Note 24	10 January 2028	25,000,000

15,000,000 performance rights were exercised during the financial year.

No holder has any right under the performance rights to participate in any other share issue of the Company or any other entity.

#### DIRECTORS' MEETINGS

During the financial year, 10 board and informal meetings were held and attended by each director during the year were as follows:

Name	Number of meetings eligible to attend/ circular resolutions attended/	Number of meetings circular resolutions
Mr Robert Kirtlan	10	10
Mr Mark Connelly	10	10
Mr Mark Wallace	10	10

#### PROCEEDINGS ON BEHALF OF THE COMPANY AND/OR GROUP

No person has applied for leave of court to bring proceedings on behalf of the Company or its controlled entities or intervene in any proceedings to which the Company or its controlled entities are a party for the purpose of taking responsibility on behalf of the Company or its controlled entities for all or any part of those proceedings. The Company or its controlled entities were not a party to any such proceedings during the year.

#### INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS

The Company has made agreements indemnifying all the Directors and Officers of the Company against all losses or liabilities incurred by each Director or Officer in their capacity as Directors or Officers of the Company to the extent permitted by the *Corporations Act 2001*. The indemnification specifically excludes wilful acts of negligence. The Company paid insurance premiums in respect of Directors' and Officers' Liability Insurance contracts for current Officers of the Company, including Officers of the Company's controlled entities. The liabilities insured are damages and legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the Officers in their capacity as officers of entities in the Group. The total amount of insurance premiums paid has not been disclosed due to confidentiality reasons.

#### CORPORATE GOVERNANCE

In recognising the need for the highest standards of corporate behaviour and accountability, the Directors of the Company support and have adhered to the principles of sound corporate governance. The Board recognises the recommendations of the Australian Securities Exchange Corporate Governance Council and considers that the Company is in compliance with those guidelines to the extent possible, which are of importance to the commercial operation of a junior listed resources Company. The Company's Corporate Governance Statement and disclosures are available on the Company's website <https://renegadeexploration.com/>.

ABN: 92 114 187 978

### Annual Report for the year ended 30 June 2024

#### AUDITOR'S INDEPENDENCE AND NON-AUDIT SERVICES

The auditor's independence declaration in accordance with section 307C of the *Corporations Act 2001* for the year ended 30 June 2024 has been received and can be found on page 86 of the financial report.

There were no non-audit services provided by the Company's auditor during the year ended 30 June 2024.

#### ASIC corporations instrument 2016/191 rounding of amounts

The Company is an entity to which ASIC Corporations (Rounding in Financial/Directors' Report) Instrument 2016/191 applies and, accordingly, amounts in the financial statements and directors' report have been rounded to the nearest million dollars where indicated.

#### REMUNERATION REPORT (AUDITED)

This report outlines the remuneration arrangements in place for key management personnel of Renegade Exploration Limited in accordance with the requirements of the *Corporations Act 2001* and its Regulations. For the purpose of this report, KMP are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Company and the Group, directly or indirectly, including any director (whether executive or otherwise) of the Parent entity.

#### Details of Key Management Personnel

Mr Robert Kirtlan	Chairman
Mr Mark Wallace	Non-Executive Director
Mr Mark Connelly	Non-Executive Director

#### Remuneration policy

The remuneration policy of Renegade Exploration Limited has been designed to align key management personnel (KMP) objectives with shareholder and business objectives. The Board is responsible for determining and reviewing compensation arrangements for the Directors and management. The Board assesses the appropriateness of the nature and amount of emoluments of such officers on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the retention of a high quality board and executive team. The Company does not link the nature and amount of the emoluments of such officers to the Group's financial or operational performance. The lack of a performance link at this time is not considered to have a negative impact on retaining and motivating Directors.

As part of its Corporate Governance Policies and Procedures, the Board has adopted a formal Remuneration Committee Charter. Due to the current size of the Company and number of Directors, the Board has elected not to create a separate Remuneration Committee but has instead decided to undertake the function of the Committee as a full Board under the guidance of the formal charter. The Company has no policy on executives and directors entering into contracts to hedge their exposure to options or shares granted as part of their remuneration package.

The rewards for Directors' have no set or pre-determined performance conditions or key performance indicators as part of their remuneration due to the current nature of the business operations. The Board determines appropriate levels of performance rewards as and when they consider rewards are warranted. No remuneration consultants were used during the year.

The following table shows the performance of the Group as measured by earnings/(loss) per share for the last five years, as well as the share prices at the end of the respective financial years.

	2024	2023	2022	2021	2020
Profit/(loss) per share (cents)	(0.11)	(0.17)	0.09	(0.10)	(0.12)
Share Price at Year-end (cents)	1.60	1.20	0.60	0.60	0.50

# Cautionary Statements

## Competent Person Statement and Geological Information Sources

The information in this announcement that relates to geological information for the Mongoose and Mt Glorious Projects is based on information compiled by Mr Edward Fry, who is a full-time employee of the Company. Mr Fry is a Member of the Australian Institute of Mining and Metallurgy. Mr Fry has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and the activity he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results (JORC Code). Mr Fry consents to the inclusion in the report of the matters based on the information in the form and context in which it appears.

The information in this announcement that relates to geological information for Lady Agnes Project is based on information compiled by Mr Simon Fleming, who is a consultant to the Company. Mr Fleming is a Member of the Australian Institute of Mining and Metallurgy. Mr Fleming has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and the activity he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results (JORC Code). Mr Fleming consents to the inclusion in the report of the matters based on the information in the form and context in which it appears.

The references in this announcement to Exploration Results were reported in accordance with Listing Rule 5.7 in the following announcements:

ASX release title	Release date
Renegade acquires interest in the Carpentaria Joint Venture	17 December 2020

# Corporate Governance Statement

The Board is committed to achieving and demonstrating the highest standards of corporate governance. The Board continues to refine and improve the governance framework and practices in place to ensure they meet the interests of shareholders. The Company complies with the Australian Securities Exchange (ASX) Corporate Governance Council's Corporate Governance Principles and Recommendations (the Principles).

Copies of Renegade Exploration Limited's Board and key corporate governance policies or summaries are available in the Corporate Governance section of the Company's website at [www.renegadeexploration.com](http://www.renegadeexploration.com).

## **Principle 1: Lay solid foundations for management and oversight**

### ***Role of the Board and Management***

The Board of Directors is responsible for the corporate governance of the Company. The Board provides strategic guidance for the Company, and effective oversight of management. The Board guides and monitors the business and affairs of the Group on behalf of the shareholders by whom they are elected and to whom they are accountable.

The Board has adopted a Charter that details its roles and responsibilities, which is available on our website.

### ***Responsibilities of the Board***

The Board is responsible for:

- Overseeing the Company, including its control and accountability systems;
- Overseeing the integrity of the accounting and corporate systems, including external audit;
- Where appropriate, ratifying the appointment and removal of senior executives;
- Providing input into and final approval of management's development of corporate strategy and performance objectives;
- Reviewing, ratifying and monitoring systems of risk management and internal controls, codes of conduct and legal compliance;

### ***Responsibilities of management***

Management are responsible for implementing the strategic objectives of the Company and operating within the risk appetite set by the Board as well as other aspects of the day-to-day running of the Company.

### ***Role and accountability of the Company Secretary***

The Company Secretary is appointed by the Board and is responsible for:

- Advising the Board on Governance matters;
- Monitoring compliance with Board policies and procedures;
- Co-ordinating Board papers;
- Accurately recording decisions and discussions from Board meetings; and
- Co-ordinating the induction and professional development of Directors.

# Corporate Governance Statement

## *Ongoing training*

### **Principle 2: Structure the Board to add Value**

The Board's policy is that the Board needs to have an appropriate mix of skills, experience, expertise and diversity to be well equipped to help the Company navigate the range of challenges faced by the Company.

The names, independence status and terms of service of the members of the Board as at the date of this report are set out in directors report.

### *Role of the Chair*

The Chair of the Board is responsible for leadership of the Board and for the efficient organisation and conduct of the Board's functioning.

The Chair facilitates the effective contribution of all directors and promotes constructive and respectful relations between directors and between Board and management.

### **Access to information**

The Board is provided with the information it needs to discharge its responsibilities effectively and all Directors have complete access to senior management through the Company Secretary at any time.

In certain circumstances, each Director has the right to seek independent professional advice at the Company's expense, within specified limits, or with the prior approval of the Board.

### **Principle 3: Act ethically and responsibly**

#### *Code of conduct*

The Board acknowledges and emphasises the importance of all directors and employees maintaining the highest standards of corporate governance practice and ethical conduct.

A code of conduct has been established requiring directors and employees to:

- Act in the best interest of the Company;
- Act honestly and with high standards of personal integrity;
- Exercise due care and diligence in fulfilling the functions of office;
- Avoid conflicts and make full disclosure of any possible conflicts of interest;
- Comply with the laws and regulations that apply to the Company and its operations;
- Not knowingly participate in any illegal or unethical activity; and
- Comply with the share trading policy outlined in the Code of Conduct.

For personal use only

# Corporate Governance Statement

## Principle 4: Safeguard integrity in corporate reporting

### *External auditor*

The Audit Committee oversees the relationship with the external auditor. In accordance with the *Corporations Act 2001*, the lead Audit Partner on the audit is required to rotate at the completion of a 5 year term.

The external auditor attends the AGM and is available to answer your shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

The Board have received from its Chief Financial Officer a declaration that, in their opinion, the financial records of the Company have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

### *Internal control*

The Board is responsible for reviewing the Company's policies on risk oversight and management and satisfying itself that management has developed and implemented a sound system of risk management and internal control.

The Board has received assurance from the Chief Executive Officer and the Chief Financial Officer that the declaration provided in accordance with section 295A of the *Corporations Act 2001* is founded on a system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

## Principle 5: Make timely and balanced disclosure

Renegade Exploration Limited has established policies and procedures to ensure timely and balanced disclosures of all material matters concerning the Company, and to ensure that all investors have equal and timely access to information on the Company's financial performance.

These policies and procedures include a comprehensive disclosure policy that includes identification of matters that may have a material effect on the price on the Company's securities, quality control procedures over announcements, notifying them to the ASX, posting relevant information on the Company's website and issuing media releases.

The policy is available on the Company's website.

The Annual Report includes relevant information about the operations of the Company during the year, key financial information, changes in the state of affairs and indications of future developments. The Annual Reports for the current year and for previous years are available under the Investor Relations section of the Company website.

The half year and full year financial results are announced to the ASX and are available to shareholders via the Company and ASX websites.

All announcements made to the market, and related information (including presentations to investors and information provided to analysts or the media during briefings) are made available to all shareholders under the investor relations section of the Company website after they are released to the ASX. All ASX announcements, media releases and financial information are available on Company website within one day of public release.

## Principle 6: Respect the rights of security holders

The Company Secretary has been nominated as the person responsible for communications with the ASX.

All Executive Management have an ongoing obligation to advise the Company Secretary of any material non-public

# Corporate Governance Statement

information which may need to be communicated to the market.

The Company has an Investor Relations Program which promotes effective communication with shareholders, encourages participation at general meetings and encourages communications throughout the year.

The Company engages with its security holders through:

- Giving them ready access to information about the Company and its governance via the Company website;
- Communicating openly and honestly with them;
- Encouraging and facilitating their participation in meetings of security holders; and
- Providing an email address on all communication for security holders who wish to contact the Company.

The Company makes all ASX announcements available via its website. In addition, shareholders who are registered receive email notification of announcements.

The Notice of Annual General Meeting (AGM) will be provided to all shareholders and posted on the Company's website. Notices for general meetings and other communications with shareholders are drafted to ensure that they are honest, accurate and not misleading and that the nature of the business of the meeting is clearly stated and explained where necessary.

The Board encourages full participation by shareholders at the Annual General Meeting to ensure a high level of Director accountability to shareholders and shareholder identification with the Company's strategy and goals.

For shareholders unable to attend, an AGM question form will accompany the Notice of Meeting, giving shareholders the opportunity to forward questions and comments to the Company or the external auditor prior to the AGM.

## **Principle 7: Recognise and manage risk**

The Board considers identification and management of key risks associated with the business as vital to maximise shareholder wealth. A yearly assessment of the business' risk profile is undertaken and reviewed by the Board, covering all aspects of the business from the operational level through to strategic level risks.

The Board is responsible for reviewing the Company's policies on risk oversight and management and satisfying itself that management has developed and implemented a sound system of risk management and internal control.

The Board requires management to design and implement the risk management and internal control system to manage the Company's material business risks and report to it on whether those risks are being managed effectively.

The Board has received a report from management as to the effectiveness of the Company's management of its material business risks.

A summary of the Company's risk related policies can be found with other corporate governance policies under the Corporate Governance section of the Company's website.

## **Principle 8: Remunerate fairly and responsibly**

The Company's remuneration policy is designed in such as way that it:

- motivates senior executives to pursue the long-term growth and success of the Company and
- demonstrates a clear relationship between senior executives' performance and remuneration.

For personal use only

# Corporate Governance Statement

The remuneration policy, which sets the terms and conditions for the key management personnel (KMP) was developed after seeking professional advice from independent consultants and was approved by the Board.

All executives receive a base salary, superannuation, fringe benefits, performance incentives and retirement benefits. The Board reviews executive packages annually by reference to Company performance, executive performance, comparable information from industry sectors and other listed corporations and independent advice. The performance of executives is measured against criteria agreed half yearly which are based on the forecast growth of the Company's performance and shareholder value. The policy is designed to attract the highest calibre executives and reward them for performance which results in long-term growth in shareholder value.

The Board expects that the remuneration structure implemented will result in the Company being able to attract and retain the best executives. It will also provide executives with the necessary incentives to work to grow long-term growth in shareholder value.

# Renegade Exploration Limited

ABN: 92 114 187 978

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 1 Corporate Information

This financial report covers Renegade Exploration Limited ("Renegade" or "the Company") and its controlled entities (collectively "the Group"). Renegade Exploration Limited is a for-profit public Company limited by shares, incorporated and domiciled in Australia whose shares are publicly traded on the Australian Securities Exchange.

The Company and its controlled entities are principally engaged in mining and exploration activities for the year ended 30 June 2024 as described in Directors' report.

The financial report was authorised for issue by the Directors on 30 September 2024.

### 2 Basis of Preparation

This financial report is a general purpose financial report that has been prepared in accordance with the Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board and the requirements of *Corporations Act 2001*.

#### (a) Reporting basis and conventions

These financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. Material accounting policy information relating to the preparation of these financial statements are presented below and are consistent with prior reporting periods unless otherwise stated.

#### (b) Compliance statement

The financial report complies with Australian Accounting Standards ("AAS") as issued by the Australian Accounting Standards Board and International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board.

### 3 Material Accounting Policy Information

#### (a) Going concern

This financial report has been prepared on a going concern basis which the directors believe to be appropriate. The directors are confident that the Group will be able to maintain sufficient levels of working capital to continue as a going concern and continue to pay its debts as and when they fall due.

For the year ended 30 June 2024, the Group incurred a loss before tax from continuing operation of \$1,123,871 (2023: loss \$1,530,486) and net cash outflow from operating activities \$852,909 (2023: net cash outflow \$959,648) and net cash outflow from investing activities \$683,093 (2023: net cash inflow \$343,499) respectively. At 30 June 2024, the Group had net current assets of \$1,513,455 (2023: \$445,573).

The financial report has been prepared on the going concern basis, which contemplates continuity of normal business activities and realisation of assets and settlement of liabilities in the ordinary course of business.

The Group's ability to continue as a going concern is dependent upon it maintaining sufficient funds for its operations and commitments. The Directors continue to be focused on meeting the Group's business objectives and is mindful of the funding requirements to meet these objectives. The Directors consider the basis of going concern to be appropriate for the following reasons:

- The current cash of the Group relative to its fixed and discretionary commitments;

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (a) Going concern

- The contingent nature of certain of the Group's project expenditure commitments;
- The ability of the Group to terminate certain agreements without any further on-going obligation beyond what has accrued up to the date of termination;
- The underlying prospects for the Group to raise funds from the capital markets and sale of its assets;
- The Company is currently evaluating the terms of the bid from another potential buyer following the termination of the Share Purchase Agreement (SPA) with Scharfe to sell the Yukon project due to failure to comply with the option agreement; and
- The fact that future exploration and evaluation expenditure are generally discretionary in nature (ie. at the discretion of the Directors having regard to an assessment of the progress of works undertaken to date and the prospects for the same). Subject to meeting certain expenditure commitments, further exploration activities may be slowed or suspended as part of the management of the Group's working capital.

The Directors are confident that the Group can continue as a going concern and as such are of the opinion that the financial report has been appropriately prepared on a going concern basis.

Should the Group be unable to undertake the initiatives disclosed above, there is uncertainty which may cast doubt as to whether or not the Group will be able to continue as a going concern and whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The financial report do not include any adjustments relating to the recoverability and classification of recorded asset amounts nor to the amounts and classification of liabilities that might be necessary should the Group not continue as a going concern.

#### (b) New and Amended Accounting Policies adopted by the Group

Following New and Amended Accounting Policies adopted by the Group:

- *AASB 2021-2: Amendments to Australian Accounting Standards – Disclosure of Accounting Policies and Definition of Accounting Estimates*

The Group adopted AASB 2021-2 which amends AASB 7, AASB 101, AASB 108 and AASB 134 to require disclosure of 'material accounting policy information' rather than significant accounting policies' in an entity's financial statements. It also updates AASB Practice Statement 2 to provide guidance on the application of the concept of materiality to accounting policy disclosures.

The adoption of the amendment did not have a material impact on the financial report.

- *AASB 2022-7: Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards*

AASB 2022-7 makes editorial corrections to various Australian Accounting Standards and AASB Practice Statement 2. It also formally repeals the superseded and redundant Australian Accounting Standards set out in Schedules 1 and 2 of these standards.

The adoption of the amendment did not have a material impact on the financial reports.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (c) Basis for consolidation

The consolidated financial report comprises the financial statements of the parent (Renegade Exploration Limited) and its subsidiaries as at 30 June 2024. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies

All intragroup assets, liabilities, equity, income, expenses and cashflows relating to transactions between entities in the consolidated entity have been eliminated in full for the purpose of this financial report.

Equity interests in a subsidiary not attributable, directly or indirectly, to the Group are presented as "non-controlling interests". The Group initially recognises non-controlling interests that are present ownership interests in subsidiaries and are entitled to a proportionate share of the subsidiary's net assets on liquidation at either fair value or at the non-controlling interests' proportionate share of the subsidiary's net assets. Subsequent to initial recognition, non-controlling interests are attributed their share of profit or loss and each component of other comprehensive income. Non-controlling interests are shown separately within the equity section of the statement of financial position and statement of comprehensive income.

A list of controlled entities is contained in Note 23 to the financial statements.

#### Deconsolidation of Subsidiary

As a result of the sale of its wholly owned subsidiary, Renegade derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any resulting gain or loss is recognised in profit or loss.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (d) Investments in controlled entities

All investments are initially recognised at cost, being the fair value of the consideration given and including acquisition charges associated with the investment. Subsequent to the initial measurement, investments in controlled entities are carried at cost less accumulated impairment losses

#### (e) Fair value measurement

The Group measures financial instruments such as derivatives, and non-financial assets such as investment properties, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability In the absence of a principal market; or
- in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group would change the categorisation within the fair value hierarchy only in the following circumstances:

- i. if a market that was previously considered active (Level 1) became inactive (Level 2 or Level 3) or vice versa; or

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (e) Fair value measurement

- ii. if significant inputs that were previously unobservable (Level 3) became observable (Level 2) or vice versa. When a change in the categorisation occurs, the Group recognises transfers between levels of the fair value hierarchy (i.e. transfers into and out of each level of the fair value hierarchy) on the date the event or change in circumstances occurred).

#### (f) Revenue and other income

Revenue is recognised and measured by the fair value of the consideration received or receivable to the extent that it is probable that the economic benefits will flow to the Group and the revenue is capable of being reliably measured.

##### *Interest income*

Revenue is recognised as the interest accrues (using the effective interest method), which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument) to the net carrying amount of the financial asset.

##### *Grant income*

Government grants are recognised at fair value where there is reasonable assurance that the grant will be received, and all grant conditions will be met. Grants relating to expense items are recognised as income over the periods necessary to match the grant to the costs they are compensating.

#### (g) Income tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance date

Deferred income tax is provided for on all temporary differences at balance date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes

Deferred tax is not provided for the following:

- The initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).
- Taxable temporary differences arising on the initial recognition of goodwill.
- Temporary differences related to investment in subsidiaries, associates and jointly controlled entities to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (g) Income tax

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in other comprehensive income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

#### (h) Property, plant and equipment

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment losses.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Repairs and maintenance expenditure is charged to statement of profit or loss during the financial period in which it is incurred.

##### *Depreciation*

Property, plant and equipment, is depreciated on a reducing balance basis and some of the fixed assets are depreciated on a straight-line basis over their useful lives to the Group, commencing when the asset is ready for use.

The depreciation rates used for each class of depreciable asset are shown below:

<b>Class of Fixed Asset</b>	<b>Depreciation rate</b>
Plant and Equipment	10% to 25%
Motor Vehicles	20%
Computer Equipment	45%
Camp Buildings	10%

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

##### *Derecognition*

Additions of property, plant and equipment is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are recognised in the Profit or Loss.

##### *Impairment*

Carrying values of plant and equipment are reviewed at each balance date to determine whether there are any objective indicators of impairment that may indicate the carrying values may be impaired.

Where an asset does not generate cash flows that are largely independent it is assigned to a cash generating unit and the recoverable amount test applied to the cash generating unit as a whole.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (h) Property, plant and equipment

##### Impairment

Recoverable amount is determined as the greater of fair value less costs to sell and value in use. The assessment of value in use considers the present value of future cash flows discounted using an appropriate pre-tax discount rate reflecting the current market assessments of the time value of money and risks specific to the asset. If the carrying value of the asset is determined to be in excess of its recoverable amount, the asset or cash generating unit is written down to its recoverable amount.

#### (i) Exploration and development expenditure

Exploration, evaluation and development expenditure incurred is accumulated in respect of each identifiable area of interest. Such expenditure comprises net direct costs and an appropriate portion of related overhead expenditure and excludes general overheads or administrative expenditure not having a specific nexus with a particular area of interest.

Each area of interest is limited to a size related to a known or probable mineral resource capable of supporting a mining operation

Exploration and evaluation expenditure for each area of interest is carried forward as an asset provided that one of the following conditions is met:

- such costs are expected to be recouped through successful development and exploitation of the area of interest or, alternatively, by its sale; or
- exploration and evaluation activities in the area of interest have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves, and active and significant operations in relation to the area are continuing.

Expenditure which fails to meet the conditions outlined above is written off, furthermore, the directors regularly review the carrying value of exploration and evaluation expenditure and make write downs if the values are not expected to be recoverable.

Identifiable exploration assets acquired are recognised as assets at their cost of acquisition, as determined by the requirements of *AASB 6 Exploration for and Evaluation of Mineral Resources*. Exploration assets acquired are reassessed on a regular basis and these costs are carried forward provided that at least one of the conditions referred to in AASB 6 is met.

Exploration and evaluation expenditure incurred subsequent to acquisition in respect of an exploration asset acquired, is accounted for in accordance with the policy outlined above for exploration expenditure incurred by or on behalf of the entity.

Acquired exploration assets are not written down below acquisition cost until such time as the acquisition cost is not expected to be recovered.

When an area of interest is abandoned, any expenditure brought forward in respect of that area is recognised in the consolidated statement of profit or loss.

Expenditure is not carried forward in respect of any area of interest/mineral resource unless the Group's rights of tenure to that area of interest are current.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (j) Impairment of non-financial assets

At the end of each reporting period the Group determines whether there is evidence of an impairment indicator for non-financial assets. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or categories of assets and the asset's value in use cannot be estimated to be close to its fair value. In such cases the asset is tested for impairment as part of the cash generating unit to which it belongs. When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses relating to continuing operations are recognised in those expense categories consistent with the function of the impaired asset unless the asset is carried at revalued amount (in which case the impairment loss is treated as a revaluation decrease).

An assessment is also made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in profit or loss unless the asset is carried at revalued amount, in which case the reversal is treated as a revaluation increase.

After such a reversal the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

#### (k) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognised initially on the date that the Group becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

##### Financial assets

All financial assets are initially measured at fair value adjusted for transaction costs (where applicable) except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

##### Classification

On initial recognition, the Group classifies its financial assets into the following categories, those measured at:

- amortised cost

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (k) Financial instruments

##### Financial assets

- fair value through profit or loss - FVTPL
- fair value through other comprehensive income - equity instrument (FVOCI - equity)
- fair value through other comprehensive income - debt investments (FVOCI - debt)

Classifications are determined by both:

- The contractual cash flow characteristics of the financial assets; and
- The entities business model for managing the financial asset.

##### *Amortised cost*

The Group's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows; and
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

##### *Fair value through other comprehensive income*

##### Debt instruments

The Group has debt securities which are held within a business model whose objective is achieved by both collecting contractual cash flows and having the intention to sell the debt securities before maturity. The contractual terms of the debt securities give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These assets are subsequently measured at fair value. Interest income calculated using the effective interest rate method, foreign exchange gains and losses and impairment are recognised in profit or loss.

Other gains or losses are recognised in OCI.

On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (k) Financial instruments

##### Financial assets

###### *Financial assets through profit or loss*

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at FVTPL.

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term.

###### *Impairment*

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

##### Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate

The Group measures all financial liabilities initially at fair value net of directly attributable transaction costs.

The financial liabilities of the Group comprise of trade payables.

Subsequently, financial liabilities are measured at amortised cost using the effective interest rate method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in statement of profit or loss.

All interest-related charges and, if applicable, gains and losses arising on changes in fair value are recognised in statement of profit or loss.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (l) Non-current assets held for sale and disposal groups

Non-current assets held for sale and disposal groups are presented separately in the current section of statement of financial position when the following criteria is met: the group is committed to selling the asset or disposal group, an active plan of sale has commenced, and in the judgement of Group management it is highly probable that the sale will be completed within 12 months. Immediately before the initial classification of the assets and disposal groups as held for sale, the carrying amounts of the assets (or all the assets and liabilities in the disposal groups) are measured in accordance with the applicable accounting policy. Assets held for sale and disposal groups are subsequently measured at the lower of their carrying amount and fair value less cost to sell. Assets held for sale are no longer amortised or depreciated.

#### (m) Trade and other receivables

Trade receivables, which generally have 30-90 day term, are recognised and carried at original invoice amount less an allowance for any uncollectible amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Individual debts that are known to be uncollectible are written off when identified. An impairment provision is recognised when there is objective evidence that the Group will not be able to collect the receivable. Financial difficulties of the debtor, default payments or debts more than 60 days overdue are considered objective evidence of impairment. The amount of the impairment loss is the receivable carrying amount compared to the present value of estimated future cash flows, discounted at the original effective interest rate

#### (n) Cash and cash equivalents

Cash and cash equivalents in the Consolidated Statement of Financial Position include cash on hand, deposits held at call with banks and other short term highly liquid investments with original maturities of three months or less. Bank overdrafts are shown as current liabilities in the Consolidated Statement of Financial Position. For the purpose of the Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as described above, net of outstanding bank overdrafts.

#### (o) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the consolidated statement of financial position are shown inclusive of GST.

The net amount of GST recoverable from, or payable to, ATO is included as part of receivables or payables in the consolidated statement of financial position.

Cash flows in the consolidated statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

#### (p) Trade and other payables

Liabilities for trade creditors and other amounts are measured at amortised cost, which is the fair value of the consideration to be paid in the future for goods and services received that are unpaid, whether or not billed to the Group.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (q) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, that are transferred to entities in the economic entity are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight-line basis over their estimated useful lives where it is likely that the Group will obtain ownership of the asset or over the term of the lease. Leases are classified as operating leases where substantially all the risks and benefits remain with the lessor.

Payments in relation to operating leases are charged as expenses in the periods in which they are incurred. Lease incentives under operating leases are recognised as a liability and amortised on a straight-line basis over the life of the lease term

#### (r) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost

#### (s) Earnings per share

##### *Basic earnings per share*

Basic earnings per share is calculated by dividing the profit/(loss) attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the year adjusted for any bonus elements.

##### *Diluted earnings per share*

Diluted earnings per share is calculated by dividing the profit/(loss) attributable to ordinary equity holders of the parent after adjusting for after-tax effect of interest and other financing costs associated with dilutive potential ordinary shares by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

#### (t) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (u) Share based payment transactions

Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services in exchange for equity instruments ("equity-settled transactions").

The Group operates equity-settled share-based payment Employee Share and Option Schemes ("ESOP") which provides benefits to directors and individuals providing services similar to those provided by an employee.

The cost of these equity settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value of options is ascertained using a Black-Scholes pricing model which incorporates all market vesting conditions as detailed in Note 24.

In valuing equity settled transactions, no account is taken of any performance conditions, other than conditions linked to the price of the shares of Renegade Exploration Limited ('market conditions').

The cost of the equity settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award ('vesting date').

The cumulative expense recognised for equity settled transactions at each reporting date until vesting date reflects (i) the extent to which the vesting period has expired and (ii) the number of awards that, in the opinion of the Directors of the group, will ultimately vest. This opinion is formed based on the best available information at balance date. No adjustment is made for the likelihood of the market performance conditions being met as the effect of these conditions is included in the determination of fair value at grant date. The profit or loss charge or credit for a period represents the movement in cumulative expense recognised at the beginning and end of the period.

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition.

Where the terms of an equity settled award are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any increase in the value of the transaction as a result of the modification, as measured at the date of the modification.

Where an equity settled award is cancelled, it is treated as if it had vested on the date of the cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award and designated as a replacement award on the date that it is granted, the cancelled and new award are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect, if any, of outstanding options is reflected in the computation of loss per share as disclosed in Note 20.

#### (v) Foreign currency transactions and balances

##### *Functional and presentation currency*

Items included in the financial statements of each entity within the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The functional and presentation currency of Renegade Exploration Limited is Australian dollars and the functional currency of the overseas subsidiary is Canadian dollars.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (v) Foreign currency transactions and balances

##### *Transaction and balances*

Foreign currency transactions are recorded at the spot rate on the date of the transaction.

At the end of the reporting period:

- Foreign currency monetary items are translated using the closing rate;
- Non-monetary items that are measured at historical cost are translated using the exchange rate at the date of the transaction; and
- Non-monetary items that are measured at fair value are translated using the rate at the date when fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition or in prior reporting periods are recognised through profit or loss, except where they relate to an item of other comprehensive income or whether they are deferred in equity as qualifying hedges.

##### *Group companies*

The financial results and position of foreign operations whose functional currency is different from the Group's presentation currency are translated as follows:

- assets and liabilities are translated at year-end exchange rates prevailing at that reporting date;
- income and expenses are translated at average exchange rates for the period where the average rate approximates the rate at the date of the transaction; and
- retained earnings are translated at the exchange rates prevailing at the date of the transaction.

Exchange differences arising on translation of foreign operations are transferred directly to the Group's foreign currency translation reserve in the statement of financial position. These differences are recognised in the consolidated statement of profit or loss and other comprehensive income in the period in which the operation is disposed.

#### (w) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the key operating decision maker. The key operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of Renegade Exploration Limited.

#### (x) Adoption of New and Amended Accounting Policies not yet adopted by the Group

New and Amended Accounting Policies Not Yet Adopted by the Group.

AASB 2020-1: Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 3 Material Accounting Policy Information (continued)

#### (x) Adoption of New and Amended Accounting Policies not yet adopted by the Group

The amendment amends AASB 101 to clarify whether a liability should be presented as current or non-current.

The Group plans on adopting the amendment for the reporting period ending 30 June 2025. The amendment is not expected to have a material impact on the financial statements once adopted.

AASB 2021-7c: Amendments to Australian Accounting Standards – Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections.

AASB 2021-7c defers the application of AASB 2014-10 Amendments to Australian Accounting Standards – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture so that the amendments are required to be applied for annual reporting periods beginning on or after 1 January 2025 instead of 1 January 2018.

The Group plans on adopting the amendments for the reporting periods ending 30 June 2026. The impact of initial application is not yet known.

The Group plans on adopting the amendment for the reporting period ending 30 June 2025. The amendment is not expected to have a material impact on the financial statements once adopted.

The Group has adopted certain standards and amendments which are effective for the first time for annual periods beginning on or after 1 January 2023 (unless otherwise stated). The Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the annual financial statements beginning on or after 1 July 2023. The adoption of these standards has not caused any material adjustments to the reported financial position, performance or cash flow of the Group or refer to Note 3(b) for details of the changes due to standards adopted.

The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 4 Critical Accounting Estimates and Judgments

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

#### Key estimates - Determination of mineral resources and ore reserves

Renegade Exploration Limited estimates its mineral resources, and ore reserves in accordance with the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves 2004 (the 'JORC code'). The information on mineral resources and ore reserves was prepared by or under the supervision of Competent Persons as defined in the JORC code. The amounts presented are based on the mineral resources and ore reserves determined under the JORC code.

There are numerous uncertainties inherent in estimating mineral resources and ore reserves and assumptions that are valid at the time of estimation may change significantly when new information becomes available.

Changes in the forecast prices of commodities, exchange rates, production costs or recovery rates may change the economic status of reserves and may, ultimately, result in the reserves being restated. Such changes in reserves could impact on depreciation and amortisation rates, asset carrying values, deferred stripping costs and provisions for decommissioning and restoration.

#### Key estimates - Share based payments

The Group measures the cost of equity settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using the Black Scholes formula taking into account the terms and conditions upon which the instruments were granted, as discussed in Note 24.

#### Key judgments - Capitalisation of exploration and evaluation expenditure

The Group capitalises expenditure relating to exploration and evaluation where it is considered likely to be recoverable or where the activities have not reached a stage which permits a reasonable assessment of the existence of reserves.

The future recoverability of capitalised exploration and evaluation expenditure is dependent on a number of factors, including whether the Group decides to exploit the related lease itself or, if not, whether it successfully recovers the related exploration and evaluation asset through sale.

Factors which could impact the future recoverability include the level of proved, probable and inferred mineral resources, future technological changes which could impact the cost of mining, future legal changes (including changes to environmental restoration obligations) and changes to commodity prices.

To the extent that capitalised exploration and evaluation expenditure is determined not to be recoverable in the future, this will reduce profits and net assets in the period in which this determination is made.

In addition, exploration and evaluation expenditure is capitalised if activities in the area of interest have not yet reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves. To the extent that it is determined in the future that this capitalised expenditure should be written off, this will reduce profits and net assets in the period in which this determination is made.

## Renegade Exploration Limited

ABN: 92 114 187 978

# Notes to the Consolidated Financial Statements

## For the Year Ended 30 June 2024

### 4 Critical Accounting Estimates and Judgments

#### Key judgments - Deferred taxation

Determining income tax provisions involves judgment on the tax treatment of certain transactions. Deferred tax is recognised on tax losses not yet used and on temporary differences where it is probable that there will be taxable revenue against which these can be offset. Management has made judgments as to the probability of future taxable revenues being generated against which tax losses will be available for offset based on budgets, current and future expected economic conditions.

#### Key judgments - Functional currency translation reserve

Under the Accounting Standards, each entity within the Group is required to determine its functional currency, which is the currency of the primary economic environment in which the entity operates. Management considers the Canadian subsidiary to be a foreign operation with Canadian dollars as the functional currency. In arriving at this determination, management has given priority to the currency that influences the labour, materials and other costs of exploration activities as they consider this to be a primary indicator of the functional currency.

### Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

#### 8 Income Tax Expense

The major components of tax expense (income) comprise:

	2024	2023
	\$	\$
Current tax	-	-
Deferred tax	-	-
	<u>-</u>	<u>-</u>

#### (a) Reconciliation of income tax to accounting profit/(loss):

The reconciliation of aggregate tax expense recognised in the statement of profit or loss and other comprehensive income and tax expense calculated per the statutory income tax rate is stated below.

	2024	2023
	\$	\$
Loss from all operations before income tax expenses	(1,140,926)	(1,537,240)
Prima facie tax payable (see Note 8(b)(i) and(ii))	<b>(285,573)</b>	(384,445)
Add: Tax effect of:		
- other non-allowable items	<b>978,619</b>	173,401
- non-deductible expenses	<b>222,475</b>	26,385
	<b>915,521</b>	(184,659)
Less: Tax effect of:		
- Allowable deductions	<b>(921,228)</b>	(603,284)
Income tax benefit not brought to account	<b>5,707</b>	787,942
<b>Income tax expense</b>	<u>-</u>	<u>-</u>

The income tax is calculated using the income tax rates enforced by the respective country's taxation authorities. Income tax rate applicable for the Company based in:

- i. Australia 25% (2023:25%)
- ii. Canada 27% (2023: 27%)

#### (b) Deferred tax

##### Statement of financial position

	2024	2023
	\$	\$
Unrecognised tax effect of tax base items:		
<b>Deferred tax liability</b>		
Capitalised exploration and evaluation expenditure	<b>941,827</b>	887,408
Prepayments	<b>11,003</b>	11,117
Unrealised gain on shares	<b>750</b>	54,000
Offset by deferred tax assets	<b>(953,580)</b>	(952,525)
Deferred tax liability	<u>-</u>	<u>-</u>

## Renegade Exploration Limited

ABN: 92 114 187 978

### Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

#### 8 Income Tax Expense

##### (b) Deferred tax

	2024	2023
	\$	\$
<b>Deferred tax asset</b>		
Tax losses available to offset against future taxable income	14,685,166	14,587,476
Blackhole expense deduction for share issue cost	995	1,991
Accrued expenses	22,877	22,940
Other expenses	14,078	16,100
	<u>14,723,116</u>	<u>14,628,507</u>
Deferred tax assets offset against deferred tax liabilities	(953,581)	(952,525)
Unrecognised deferred tax asset	<u>(13,769,535)</u>	<u>(13,675,982)</u>
Deferred tax asset	<u>-</u>	<u>-</u>
Unused tax losses	<u>55,647,538</u>	<u>55,162,809</u>
Tax effect of accumulated unused tax losses: Australia 25%(2023:25%), Canada 27% (2023:27%) not brought to account	<u>13,769,535</u>	<u>13,675,982</u>

The benefit for tax losses will only be obtained if the Company:

- i. derives future assessable income in Australia of a nature and of an amount sufficient to enable the benefit from the deductions for the losses to be realised;
- ii. continues to comply with the conditions for deductibility imposed by tax legislation in Australia; and
- iii. no changes in tax legislation in Australia, adversely affect the Company in realising the benefit from the deductions for the losses.

##### (c) Tax consolidation

Renegade Exploration has not formed a tax consolidation group and there is no tax sharing agreement.

#### 9 Operating Segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (Chief Operating Decision Maker) in assessing performance and determining the allocation of resources.

The Group is managed primarily on the basis of geographical operating segments based in Australia and Canada which involves mining exploration for zinc and gold. All of the Group's activities are interrelated. Therefore, all significant operating decisions are based upon analysis of the Group as one segment. The financial results from this segment are equivalent to the financial statements of the Group as a whole. The following table shows the assets and liabilities of the Group by geographical location.

	2024			2023		
	Australia	Canada	Total	Australia	Canada	Total
	\$	\$	\$	\$	\$	\$
Current assets	1,364,967	1,101,094	2,466,061	296,016	1,143,150	1,439,166
Non-current assets	3,824,589	-	3,824,589	2,385,546	-	2,385,546
<b>Total assets</b>	<u>5,189,556</u>	<u>1,101,094</u>	<u>6,290,650</u>	<u>2,681,562</u>	<u>1,143,150</u>	<u>3,824,712</u>

## Renegade Exploration Limited

#### 9 Operating Segments (continued)

	2024			2023		
	Australia \$	Canada \$	Total \$	Australia \$	Canada \$	Total \$
Current liabilities	951,772	834	952,606	993,593	-	993,593
Non-current liabilities	-	-	-	-	-	-
<b>Total liabilities</b>	<b>951,772</b>	<b>834</b>	<b>952,606</b>	<b>993,593</b>	<b>-</b>	<b>993,593</b>

#### 10 Cash and Cash Equivalents

	Note	2024 \$	2023 \$
Cash at bank and in hand	10(a)	1,187,929	76,669
<b>Total cash and cash equivalents</b>		<b>1,187,929</b>	<b>76,669</b>

##### (a) Reconciliation of cash

Cash and Cash equivalents reported in the consolidated statement of cash flows are reconciled to the equivalent items in the consolidated statement of financial position as follows:

	2024 \$	2023 \$
Cash and cash equivalents	1,187,929	76,669
<b>Balance as per statement of cash flows</b>	<b>1,187,929</b>	<b>76,669</b>

#### 11 Trade and Other Receivables

	2024 \$	2023 \$
Debtors	4,310	1,000
GST/VAT recoverable	113,517	54,768
Rental bond	6,500	6,500
Prepayments	43,211	44,079
<b>Total trade and other receivables</b>	<b>167,538</b>	<b>106,347</b>

Trade debtors and goods and services tax are non-interest bearing and generally recoverable on 30 day terms. The carrying value of trade receivables and goods and services tax are considered a reasonable approximation of fair value due to the short-term nature of the balances. The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable in the financial statements. The amount is fully collectible.

### Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

#### 12 Assets Held for Sale

	2024	2023
	\$	\$
Deferred exploration and evaluation expenditure	1,099,680	1,133,830
Cash and cash equivalents	280	8,863
Other receivables and prepayments	1,134	457
<b>Total assets held for sale</b>	<b>1,101,094</b>	<b>1,143,150</b>

On 30 November 2020, the Group signed a share purchase agreement with Scharfe to sell the Yukon project. Scharfe did not fulfill their exploration commitment in accordance with terms of the Share Purchase Agreement (SPA) signed on 30 November 2020. The final payment of \$1million was due on or before 30 November 2023. Scharfe failed to comply with the option agreement and the Company terminated the agreement on 18 February 2024. Scharfe forfeited the initial payment of \$750,000 received and the Company recognised this amount as other income during the year ended 30 June 2024 (refer to Note 5 and 16).

Renegade is currently evaluating the terms of a of the potential new buyer for the asset held for sale.

#### 13 Other Financial Assets

	2024	2023
	\$	\$

### Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

#### 14 Property, Plant and Equipment (continued)

Movement in the carrying amounts for each class of property, plant and equipment between the beginning and the end of the current financial year:

	Plant and Equipment	Motor Vehicles	Total
	\$	\$	\$
<b>Year ended 30 June 2024</b>			
Balance at the beginning of year	41,702	18,748	60,450
Additions	1,218	10,000	11,218
Depreciation expense	(8,688)	(7,227)	(15,915)
<b>Balance at the end of the year</b>	<b>34,232</b>	<b>21,521</b>	<b>55,753</b>
	Plant and Equipment	Motor Vehicles	Total
	\$	\$	\$
<b>Year ended 30 June 2023</b>			
Balance at the beginning of year	-	-	-
Additions	52,267	25,000	77,267
Depreciation expense	(10,565)	(6,252)	(16,817)
<b>Balance at the end of the year</b>	<b>41,702</b>	<b>18,748</b>	<b>60,450</b>

#### 15 Exploration and evaluation assets

	2024	2023
	\$	\$
<b>Balance at beginning of the year</b>	<b>2,325,096</b>	997,944
Expenditure incurred	1,443,740	1,327,152
<b>Balance at end of the year</b>	<b>3,768,836</b>	2,325,096

The recoverability of the carrying amount of the exploration and evaluation assets is dependent on successful development and commercial exploitation, or alternatively, sale of the respective areas of interest.

Exploration and evaluation expenditure during the previous year ended 30 June 2023 included the cost of acquiring 75 percent interest in North Isa project by issuing 10 million ordinary shares and 25 million Performance rights on 10 January 2023 under the option agreement with Burke Copper Pty Ltd. The share price was \$0.006 at the grant date. Performance rights conversion to ordinary shares is subject to satisfaction of one of the following milestones:

- Measured JORC compliant open pit Inferred Resource (verified by Independent Third Party) utilising a cut off of 0.3% to define a minimum 1Mt @ minimum copper grade, or its equivalent, of 1% for 10,000t of contained copper, or its equivalent; or
- Measured JORC compliant underground Inferred Resource (verified by Independent Third Party) utilising a cut off of 0.3% to define a minimum 2Mt @ minimum copper grade, or its equivalent, of 3% for 30,000t of contained copper, or its equivalent; and
- The Performance Rights will expire if the performance milestones have not been satisfied within five years of issue and will also lapse in other certain circumstances such as sale or withdrawal from the project by Renegade.

Advance for sale of Yukon project	(b)	-	750,000
Other payables		15,793	(290)
<b>Total trade and other payables</b>		<b>952,606</b>	<b>993,593</b>

#### (a) Trade and other payables

Trade and other payables are unsecured, non-interest bearing and are normally settled within 30 days. The carrying value of trade and other payables is considered a reasonable approximation of fair value due to the short-term nature of the balances

#### (b) Advance for sale of Yukon project

This represents the payments received from Scharfe as part of the total consideration of \$1,450,000 for sale of the Yukon Project as per the Share Purchase Agreement (SPA) signed on 30 November 2020. In July 2021, the Group agreed to amend the terms of the SPA with respect to the sale of the Company's Yukon Project with Scharfe Holdings Inc. (Scharfe) which included an immediate payment of \$500,000, paid to the Company on 4 August 2021. The terms of the Share Purchase have been amended as follows:

- Tranche 2 and Tranche 3 was replaced with a payment of AUD500,000 on or before 30 July 2021, which the Company received on 4 August 2021;
- The deadline to spend CAD500,000 on the project has been amended from 31 December 2021 to 30 November 2023; and
- If the Expenditure is not made by 30 November 2023, Scharfe will pay AUD300,000 to Renegade in lieu of the Expenditure.

The Company terminated the option agreement on 18 February 2024 as a result of failure to comply with the option agreement. Scharfe forfeited the initial payment of \$750,000 received, and the Company recognised this amount as other income during the year ended 30 June 2024 (refer to Note 5).

- 7) 1,945,945 fully paid ordinary shares issued to Republic Public Relation Pty against investor relation and corporate communication services.
- 8) \$2.3 million private placement, through the issue of 230 million Shares at \$0.01 per Share (Placement Shares). The Placement Shares were issued with free attaching options as follows:
  - a) A free attaching option, issued on the basis of 1 option for every 3 Placement Shares subscribed for, exercisable on or before 30 June 2025 at \$0.015 each (Placement Options A); and
  - b) An attaching bonus option to each Placement Option A, exercisable on or before 30 June 2026
- 9) 46,383,700 shares issued on 20 June 2024 in lieu to outstanding Director fees and Outland Loan repayment terms and conditions are defined below:
  - i. 33,000,000 Shares issued to Outland loan investment to repay loan amounting \$ 330,000.  
The deemed issue price of the Shares is \$0.01 per Share. The Placement Options are being issued on the same basis as the Placement, that is, as free-attaching bonus options as follows:
    - a. Placement Options A: a free attaching option, issued on the basis of 1 option for every 3 Placemen Shares issued, exercisable on or before 30 June 2025 at \$0.015 each; and
    - b. An attaching bonus option to each Placement Option A, exercisable on or before 30 June 2026 at \$0.025 each, with vesting subject to exercise of the Placement Option A.
  - ii. 13,383,700 Shares issued to directors in lieu of outstanding fee of amounting \$133,838:
    - a) up to 10,000,000 Shares to Mr Robert Kirtlan;
    - b) up to 1,500,000 Shares to Mr Mark Wallace;
    - c) up to 1,883,700 Shares to Mr Mark Connelly,

**(b) Ordinary shares**

The Group does not have authorised capital nor par value in respect of its issued capital. Ordinary shares have the right to receive dividends as declared and, in the event of a winding up of the Company, to participate in the proceeds from sale of all surplus assets in proportion to the number of and amounts paid up on shares held. Ordinary shares entitle their holder to one vote, either in person or proxy, at a meeting of the Company.

**(c) Capital management**

The key objectives of the Company when managing capital is to safeguard its ability to continue as a going concern and maintain optimal benefits to stakeholders.

There has been no change to capital risk management policies during the year.

The Company manages its capital structure and makes funding decisions based on the prevailing economic environment and has a number of tools available to manage capital risk. These include maintaining a diversified debt portfolio, the ability to adjust the size and the issue of new shares. The Group's capital comprises share

ABN: 92 114 187 978

### Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

#### 17 Issued Capital (continued)

##### (c) Capital management

capital, reserves less accumulated losses amounting to \$5,338,044 at 30 June 2024 (2023: \$2,831,119).

The Board monitors a range of financial metrics including return on capital employed and gearing ratios. A key objective of the Company's capital risk management is to maintain compliance with the covenants attached to the Company's debts. Throughout the year, the Company has complied with these covenants. The Group was ungeared at year end and not subject to any externally imposed capital requirements. Refer Note 25 for further information on the Group's financial risk management policies.

##### (d) Share capital

At 30 June 2024, there were 294,255,808 unissued ordinary shares under options (2023: 85,000,000 options and performance right). During the financial year 294,255,808 options were issued and 30 million options exercised and 5 million options expired. Since the end of the financial year, no options have been issued, exercised or expired.

No option holder has any right under the options to participate in any other share issue of the Company or any other entity. Information relating to the Renegade Exploration Limited Employee Share Option Plan, including details of options issued under the plan, is set out in Note 24.

For the Year Ended 30 June 2024

#### 24 Share-Based Payments

At 30 June 2024 the Group has the following share-based payment schemes:

##### (a) Employee Share option Plan (ESOP)

The Group has established an employee share option plan (ESOP). The objective of the ESOP is to assist in the recruitment, reward, retention and motivation of employees of the Company. Under the ESOP, the Directors may invite individuals acting in a manner similar to employees to participate in the ESOP and receive options. An individual may receive the options or nominate a relative or associate to receive the options. The plan is open to executive officers and employees of the Group. A summary of the Company options issued is as follows:

## Notes to the Consolidated Financial Statements For the Year Ended 30 June 2024

### 25 Financial Risk Management

The Group is exposed to a variety of financial risks through its use of financial instruments. The Group's principal financial liabilities, other than derivatives, comprise loans and borrowings, and trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade receivables, and cash and short-term deposits that derive directly from its operations. The Group does not hold or issue derivative financial instruments.

The Group's overall risk management plan seeks to minimise potential adverse effects due to the unpredictability of financial markets. The Group is exposed to market risk, credit risk and liquidity risk. The Group's Board of Directors oversees the management of these risks. The Group's Board is supported by the senior management advises on financial risks and the appropriate financial risk governance framework for the Group. The senior management provides assurance to the Group's Board of Directors that the Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The day-to-day risk management is carried out by the Group's finance function under policies and objectives which have been approved by the Board of Directors. The senior management has been delegated the authority for designing and implementing processes which follow the objectives and policies. This includes monitoring the levels of exposure to interest rate and foreign exchange rate risk and assessment of market forecasts for interest rate and foreign exchange movements. The Board of Directors receives monthly reports which provide details of the effectiveness of the processes and policies in place. Mitigation strategies for specific risks faced are described below:

#### Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, debt and equity investments and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at 30 June 2024 and 30 June 2023. The sensitivity analyses have been prepared on the basis that the amount of net debt, the ratio of fixed to floating interest rates of debt and derivatives and the proportion of financial instruments in foreign currencies at 30 June 2024.

#### Liquidity risk

Liquidity risk arises from the Group's management of working capital and the finance charges and principal repayments on its debt instruments. It is the risk that the Group will encounter difficulty in meeting its financial obligations as they fall due.

The Group's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due. The Group maintains cash and marketable securities to meet its liquidity requirements for up to 60-day periods. Funding for long-term liquidity needs is additionally secured by an adequate amount of committed credit facilities and issue of equity instruments.

The Group manages its liquidity needs by carefully monitoring scheduled debt servicing payments for long-term financial liabilities as well as cash-outflows due in day-to-day business. Liquidity needs are monitored in various time bands, on a day-to-day and week-to-week basis, as well as a rolling 30-day projection. Long-term liquidity needs for a 180-day and a 360-day period are identified monthly. At the reporting date, these reports indicate that the Group expected to have sufficient liquid resources to meet its obligations under all reasonably expected circumstances and will not need to draw down any of the financing facilities.

#### *Maturity analysis for financial liabilities*

Financial liabilities of the Group comprise trade and other payables. As at 30 June 2024 and 30 June 2023, all financial liabilities contractually mature within 60 days.

## Renegade Exploration Limited

ABN: 92 114 187 978

# Notes to the Consolidated Financial Statements

## For the Year Ended 30 June 2024

### 25 Financial Risk Management

#### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's earnings on cash and term deposits.

The Group manages the risk by investing in short term deposits.

Cash and cash equivalents	<u>1,187,929</u>	<u>76,669</u>

#### Interest rate sensitivity analysis

The following table demonstrates the sensitivity of the Group's consolidated statement of profit or loss and other comprehensive income to a reasonably possible change in interest rates, with all other variables constant.

Change in Basis Points movements	Effect on post tax loss increase/(decrease)		Effect on equity including accumulated losses increase/(decrease)	
	2024	2023	2024	2023
Judgements of reasonably possible movements	\$	\$	\$	\$
Increase 100 basis points	11,879	767	11,879	767
Decrease 100 basis points	(11,879)	(767)	(11,879)	(767)

A sensitivity of 100 basis points has been used as this is considered reasonable given the current level of both short term and long term interest rates. The change in basis points is derived from a review of historical movements and management's judgement of future trends. The analysis was performed on the same basis in 2023.

#### Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

At 30 June 2024, the Group held cash and bank deposits. The credit risk for liquid funds and other short-term financial assets is considered negligible, since the counterparties are reputable banks with high quality external credit ratings from Standard & Poors of A or above (long term). The Group has no past due or impaired debtors as at 30 June 2024 (2023: Nil).

## Renegade Exploration Limited

ABN: 92 114 187 978

# Notes to the Consolidated Financial Statements

## For the Year Ended 30 June 2024

### 25 Financial Risk Management

#### Foreign exchange risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency) and the Group's net investments in foreign subsidiaries. The Group's statement of financial position can be affected by movements in the CAD\$/AUD\$ exchange rates as a result of operations in Canada and expenditure in Canadian dollars. The Group seeks to mitigate the effect of its foreign currency exposure by holding cash in Canadian dollars to match the expenditure commitments.

#### Fair value

The aggregate net fair values of the consolidated entity's financial assets and financial liabilities both recognised and unrecognised are as follows:

	Carrying amount in the financial statements		Aggregate net fair value	
	2024	2023	2024	2023
	\$	\$	\$	\$
<i>Financial assets</i>				
Cash and cash equivalents	1,187,929	76,669	1,187,929	76,669
Receivables	124,327	62,268	124,327	62,268
Listed equity investments	9,500	113,000	9,500	113,000
	<b>1,321,756</b>	<b>251,937</b>	<b>1,321,756</b>	<b>251,937</b>
<i>Financial Liabilities</i>				
Payables	952,606	993,593	952,606	993,593
	<b>952,606</b>	<b>993,593</b>	<b>952,606</b>	<b>993,593</b>

The following methods and assumptions are used to determine the net fair value of financial assets and liabilities.

- Cash assets and financial assets and financial liabilities are carried at amounts approximating fair value because of their short term nature to maturity.

### 26 Auditors' Remuneration

The auditor of Renegade Exploration Limited and its subsidiaries is Stantons International Audit and Consulting Pty Ltd. Amounts received or due and receivable by Stantons International Audit and Consulting Pty Ltd for:

	2024	2023
	\$	\$
Audit or review of the current year financial report of the Company	46,750	43,500
<b>Total Auditors' remuneration</b>	<b>46,750</b>	<b>43,500</b>

# CLOSING REPORT

Renegade Exploration Limited  
Audit for Year Ended 30 June 2024

Dear Board of Directors,

We have completed our audit of Renegade Exploration Limited for the financial year ended 30 June 2024 and we are writing to report our findings.

This report outlines the following:

- Our quality control procedures
- Our compliance with independence requirements.
- Our considerations of materiality, adjusting journal entries and unadjusted errors.
- Particular risks associated with this audit and our response to these.
- Significant areas of judgement.
- Our consideration of the going concern basis and subsequent events.
- Control weaknesses found and similar matters.
- Our intended opinion.
- Points for future consideration.

This report is intended solely for the use of the members of the Board of Directors and should not be used for any other purpose nor given to any other party without our prior written consent.

We would like to thank your finance team for the assistance provided to us during the engagement.

I look forward to the opportunity of discussing with you any aspects of this report or any other issues arising from our work.

If you have any queries, for the meantime, please feel free to contact me on 08 9481 3188

Yours faithfully,

**Martin Michalik**  
Director

30 September 2024

## 1. QUALITY CONTROL

---

In accordance with the requirements of Australian Auditing Standards, we maintain strict quality control standards and comply with all relevant auditing standards.

This engagement has been planned and performed by exercising professional judgement; and with professional scepticism recognising that circumstances may exist that may cause the financial report to be materially misstated.

The audit has been undertaken by Senior auditor Raees Bhatti . It has then been reviewed by the Manager, Abhinay Datta, followed by the review of the signing Director, Martin Michalik. Finally, a Quality Control Review has been undertaken by Kelvin Westaway prior to sign-off.

## 2. INDEPENDENCE

---

As auditors of listed companies, we are required to comply with the independence requirements detailed in both the *Corporations Act 2001* and Australian Auditing Standards.

We will explicitly detail this to you for this audit with an independence declaration duly signed by the Audit Director.

All staff of our practice make explicit representations regarding their independence from all listed clients. These include representations that neither they nor any related party has any investments in clients.

Our practice is regularly reviewed by the Australian Securities and Investment Commission (ASIC) which has confirmed our compliance with requirements.

We would be grateful if you could advise us of any potential breaches of independence requirements that may become known to you as we are required to ensure that we remain independent. To the best of our knowledge, there are none.

### 3. AUDITOR ROTATION

---

Auditor rotation is part of the auditor independence requirements in Part 2M.4 of the *Corporations Act 2001*. Under S324DA(1) of the *Corporations Act 2001*, if an individual plays a significant role in the audit of a listed company for 5 successive financial years, the individual is not eligible to play a significant role in the audit of the company of the subsequent financial year; unless the individual has not played a significant role in the audit of the company.

For the year ended 30 June 2024, Martin Michalik was appointed the Engagement Director for the audit of Renegade Exploration Limited.

### 4. MATERIALITY, ADJUSTED AND UNADJUSTED ERRORS

---

#### 1. MATERIALITY THRESHOLDS

From our audit of financial statements, we have judged the following thresholds to be appropriate. These have been reconsidered as required during our audit, and initial judgements have been modified where appropriate.

Overall Materiality:	\$180,000
Performance Materiality:	\$135,000
Threshold of triviality:	\$9,000

Overall materiality is the pervasive materiality level we use when considering the aggregate effect of potential unadjusted errors on the financial report. In previous versions of auditing standards, it was called 'planning materiality'.

Performance materiality is the materiality threshold we consider in relation to individual account balances. We have chosen to use a performance materiality considerably lower than the overall materiality because, while the relatively high balance of cash and cash equivalents is relevant for consideration of the total assets and net assets, other balances are much lower than this but still significant. However, if we consider a balance or transaction to be qualitatively material, such as transactions with director-related parties, then we are only permitted to accept errors that are trivial.

The threshold of triviality is the threshold we use to consider whether it is an appropriate use of time to raise an unadjusted error based on the extreme unlikelihood of such trivial errors having any relevance for the users of the financial report. If we find a potential error in a transaction or balance that is below the threshold of triviality, we may show it to relevant staff and document it in our workpapers as trivial, but not consider it further.

**2. SIGNIFICANT ADJUSTED AUDIT DIFFERENCES**

## 5. KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How the matter was addressed in the audit
<p><b>Carrying value of the Deferred exploration and evaluation expenditure and the Assets held for sale</b></p> <p>As at 30 June 2024, Deferred exploration and evaluation expenditure totalled \$3,768,836 (refer to Note 15 of the financial report) and the Assets held for sale related totalled \$1,101,094 (refer to Note 12 of the financial report).</p> <p>The carrying value of these assets is a key audit matter due to:</p> <ul style="list-style-type: none"> <li>• The cumulative significance of their balances (constitute 77% of the total assets as at 30 June 2024);</li> <li>• The necessity to assess management's application of the requirements of the accounting standard Exploration for and Evaluation of Mineral Resources ("AASB 6"), in light of any indicators of impairment that may be present and the requirements of the accounting standard Non-current Assets Held for Sale and Discontinued Operations ("AASB 5"); and</li> <li>• The assessment of management's significant judgements concerning the capitalised exploration and evaluation expenditure.</li> </ul>	<p>Inter alia, our audit procedures included the following:</p> <ol style="list-style-type: none"> <li>i. Assessing the Group's right to tenure over exploration assets by corroborating the ownership of the relevant licenses for mineral resources to government registries and relevant third-party documentation.</li> <li>ii. Reviewing the directors' assessment of the carrying value of the capitalised exploration and evaluation costs and carrying value of Asset held for Sale and ensuring the veracity of the data presented and assessing management's consideration of potential impairment indicators in line with the requirements of AASB 6 and AASB 5 respectively.</li> <li>iii. Evaluating Group's documents for consistency with the intentions for continuing exploration and evaluation activities in areas of interest. The documents we evaluated included: <ul style="list-style-type: none"> <li>▪ <i>Minutes of meetings of the Board and management;</i></li> <li>▪ <i>Announcements made by the Company to the Australian Securities Exchange; and</i></li> <li>▪ <i>Cash flow forecasts.</i></li> </ul> </li> <li>iv. Considering the requirements of accounting standard AASB 6 and reviewing the financial statements to ensure appropriate disclosures are made; and</li> <li>v. Considering the requirements of accounting standard AASB 5 and ensuring correct reclassification has been presented and adequate disclosures made in the financial report.</li> </ol>

**Key Audit Matters****How the matter was addressed in the audit****Valuation of Share-based payments**

As disclosed in Note 24 of the financial report, the Company granted options to Directors, employees and external third parties during the year. Share-based payments expense recognized for the year ended 30 June 2024 amounted to \$889,900. Share based payments recognized as share issue cost for the year ended 30 June 2024 amounted to \$484,827.

The Company accounted for these shares and performance rights in accordance with its accounting policy and the accounting standard AASB 2 - *Share-based Payment*.

Measurement of share-based payments was a key audit matter due to estimates used in determining the fair value of the equity instruments granted, the grant date, vesting conditions and vesting periods.

In assessing the valuation of share-based payment, our audit procedures included, among others:

- i. Obtaining an understanding of the underlying transactions, reviewing agreements, minutes of the Board meeting and ASX announcements.
- ii. Verifying the terms and conditions of the share based payments including the vesting period and other key assumptions used in valuing these share based payments;
- iii. Assessing the accounting treatment and its application in accordance with AASB 2; and
- iv. Assessing the adequacy of disclosure made by the Group in the financial report.

**6. OTHER SIGNIFICANT RISKS ADDRESSED**

Significant risks were identified during the planning stage of the audit. No other significant risks were identified during the audit program that were not identified at planning.

**a. Significant Risk: Going Concern**

Going concern was identified as a significant risk. A Material uncertainty paragraph related to going concern has been added to our audit report. Disclosure also has been added in the notes to accounts to explain the uncertainty.

**Work Performed:**

- Reviewed cash flow projections for the next 18 months ending 31 December 2025.
- Reviewed the Group's cash position at balance date relative to the Group's administration and project development commitments over the relevant period;

- Understood what forecast expenditure is committed and what could be considered discretionary;
- Considered the liquidity of existing assets on the balance sheet; and
- Reviewed the financial report to ensure adequate disclosure in the notes regarding the going concern basis of preparation.

As at 30 June 2024 the Group had cash and cash equivalents of \$1,187,929. Operating cash outflow for the year ended 30 June 2024 was \$852,909, cash outflow from investing activities was \$683,093. The Group's ability to continue operations is dependent upon the Company's ability to raise funds from the capital markets and/or implementation of joint ventures agreements and sale of Yukon Project to fund ongoing exploration and working capital requirements. As informed as regards the Yukon project , the company continues to negotiate a potential sale to other parties.

**Audit Conclusion:**

Based on the work performed, we are satisfied with the directors' assessment of the company's ability to continue as a going concern and therefore, accept that the accounts are prepared on a going concern basis. However material uncertainty related to going concern added to audit report and relevant disclosure is also has been added in the notes to accounts to explain the uncertainty

**7. CHANGES IN ACCOUNTING POLICY**

---

Changes in accounting policies noted based on the new and revised accounting standards. New applicable standards have been disclosed in the financial report however are not considered as having material effect to the financial statements.

**8. SUBSEQUENT EVENTS**

---

We have carried out a subsequent events review up to 30 September 2024. We are satisfied that other than as disclosed in the Financial Report, there are no subsequent events that would result in changes to the financial report or have a significant impact on the operations of the company.

This review will be completed up until the date of signing of the Audit Report.

**9. COMMITMENTS AND CONTINGENCIES**

---

Based on the audit work performed, all the commitments and contingencies as at 30 June 2024 have been properly disclosed in the Financial Statements.

## **10. SUMMARY OF CONTROL WEAKNESSES AND OTHER MATTERS**

---

We have not identified any other material weaknesses during the audit. We do not intend to issue a formal management letter as we have not identified significant weaknesses in the internal control systems.

## **11. AUDIT OPINION**

---

Based on the audit evidence obtained our audit of the management's use of the going concern basis of preparation, we shall issue an unmodified audit opinion in respect of the audit of the financial report of Renegade Exploration Limited and its subsidiaries for the year ended 30 June 2024.

No other matters of audit significance have been identified.

## **12. S311 ISSUES**

---

During the course of the audit, there have been no known or identified breaches of matters noted in S311 of the Corporations Act 2001 required to be reported to ASIC.

## **13. OUTSTANDING MATTERS**

---

- None

## 14. APPENDIX 1 – AUDITORS’ INDEPENDENCE DECLARATION

---

30<sup>th</sup> September 2024

Board of Directors  
Renegade Exploration Limited  
C/- Unit 13  
6-10 Duoro Place  
West Perth WA 6005

Dear Directors

**RE: RENEGADE EXPLORATION LIMITED**

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of Renegade Exploration Limited.

As Audit Director for the audit of the financial statements of Renegade Exploration Limited for the year ended 30 June 2024, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

**STANTONS INTERNATIONAL AUDIT AND CONSULTING PTY LTD**  
**(An Authorised Audit Company)**

**Martin Michalik**  
**Director**

## 15. APPENDIX 2 - INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF RENEGADE EXPLORATION LIMITED

---

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF RENEGADE EXPLORATION LIMITED

#### Report on the Audit of the Financial Report

##### Our Opinion

We have audited the financial report of Renegade Exploration Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion: the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2024 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

##### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### **Material Uncertainty Related to Going Concern**

Without modifying our audit opinion, attention is drawn to the following matter:

As referred to in Note 3(a) to the financial statements, the financial statements have been prepared on a going concern basis. For the year ended 30 June 2024, the Group incurred a loss before tax from continuing operations of \$1,123,871, had net cash outflow from operating activities of \$852,909 and net cash outflow from investing activities of \$683,093.

The Group's ability to continue operations is dependent upon the Company's ability to raise funds from the capital markets and/or sale of its assets and curtailing administration and operational cashflows. These events or conditions, along with other matters as set forth in Note 3(a), indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern.

## Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How the matter was addressed in the audit
<p><b>Carrying value of the Deferred exploration and evaluation expenditure and the Assets held for sale</b></p> <p>As at 30 June 2024, Deferred exploration and evaluation expenditure totalled \$3,768,836 (refer to Note 15 of the financial report) and the Assets held for sale related totalled \$1,101,094 (refer to Note 12 of the financial report).</p> <p>The carrying value of these assets is a key audit matter due to:</p> <ul style="list-style-type: none"> <li>• The cumulative significance of their balances (constitute 77% of the total assets as at 30 June 2024);</li> <li>• The necessity to assess management's application of the requirements of the accounting standard Exploration for and Evaluation of Mineral Resources ("AASB 6"), in light of any indicators of impairment that may be present and the requirements of the accounting standard Non-current Assets Held for Sale and Discontinued Operations ("AASB 5"); and</li> <li>• The assessment of management's significant judgements concerning the capitalised exploration and evaluation expenditure</li> </ul>	<p>Inter alia, our audit procedures included the following:</p> <ol style="list-style-type: none"> <li>i. Assessing the Group's right to tenure over exploration assets by corroborating the ownership of the relevant licences for mineral resources to government registries and relevant third-party documentation;</li> <li>ii. Reviewing the directors' assessment of the carrying value of the capitalised exploration and evaluation costs and carrying value of Asset held for Sale and ensuring the veracity of the data presented and assessing management's consideration of potential impairment indicators in line with the requirements of AASB 6 and AASB 5 respectively.</li> <li>iii. Evaluating Group's documents for consistency with the intentions for continuing exploration and evaluation activities in areas of interest. The documents we evaluated included: <ul style="list-style-type: none"> <li>▪ Minutes of meetings of the Board and management;</li> <li>▪ Announcements made by the Company to the Australian Securities Exchange; and</li> <li>▪ Cash flow forecasts.</li> </ul> </li> <li>iv. Considering the requirements of accounting standard AASB 6 and reviewing the financial statements to ensure appropriate disclosures are made; and</li> <li>v. Considering the requirements of accounting standard AASB 5 and ensuring correct classification has been presented and adequate disclosures made in the financial report.</li> </ol>

For personal use only

### **Valuation of Share-based payments**

As disclosed in Note 24 of the financial report, the Company granted options to Directors, employees and external third parties during the year. Share-based payments expense recognized for the year ended 30 June 2024 amounted to \$889,900. Share based payments recognized as share issue cost for the year ended 30 June 2024 amounted to \$484,827.

The Company accounted for these shares and performance rights in accordance with its accounting policy and the accounting standard AASB 2 - *Share-based Payment*.

Measurement of share-based payments was a key audit matter due to estimates used in determining the fair value of the equity instruments granted, the grant date, vesting conditions and vesting periods.

In assessing the valuation of share-based payment, our audit procedures included, among others:

- (i) Obtaining an understanding of the underlying transactions, reviewing agreements, minutes of the Board meeting and ASX announcements.
- (ii) Verifying the terms and conditions of the share based payments including the vesting period and other key assumptions used in valuing these share based payments;
- (iii) Assessing the accounting treatment and its application in accordance with AASB 2; and
- (iv) Assessing the adequacy of disclosure made by the Group in the financial report.

### **Other Information**

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2024 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of the Directors for the Financial Report**

The directors of the Company are responsible for the preparation of

- a) the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 (other than the consolidated entity disclosure statement); and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the Corporations Act 2001, and for such internal control as the directors determine is necessary to enable the preparation of
  - i) the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
  - ii) the consolidated entity disclosure statement that is true and correct and is free from misstatement whether due to fraud and error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable

assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

We evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in Internal control that we identify during our audit.

The Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements. We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on the Remuneration Report**

### *Opinion on the Remuneration Report*

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2024

In our opinion, the Remuneration Report of Renegade Exploration Limited for the year ended 30 June 2024 complies with section 300A of the *Corporations Act 2001*.

### *Responsibilities*

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

Dear Directors

**RE: RENEGADE EXPLORATION LIMITED**

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the directors of Renegade Exploration Limited.

As Audit Director for the audit of the financial statements of Renegade Exploration Limited for the year ended 30 June 2024, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours sincerely

**STANTONS INTERNATIONAL AUDIT AND CONSULTING PTY LTD**
