SUPPLEMENTARY PROSPECTUS

1 Important Information

This is a supplementary prospectus (**Supplementary Prospectus**) which is intended to supplement and be read with the prospectus dated 3 September 2024 (**Original Prospectus**) issued by Magnetite Mines Limited ACN 108 102 432 (**Company**).

This Supplementary Prospectus is dated 2 October 2024 and was lodged with the Australian Securities and Investments Commission (**ASIC**) on that date. ASIC, the Australian Securities Exchange (**ASX**) and their respective officers do not take any responsibility as to the contents of this Supplementary Prospectus.

This Supplementary Prospectus should be read together with the Original Prospectus. Other than as set out below, all details in relation to the Original Prospectus remain unchanged. To the extent of any inconsistency between this Supplementary Prospectus and the Original Prospectus, this Supplementary Prospectus will prevail. Unless otherwise indicated, terms defined and used in the Original Prospectus have the same meaning in this Supplementary Prospectus.

This Supplementary Prospectus and the Original Prospectus are important documents and should be read in their entirety. If you do not understand the documents, you should consult your professional advisors without delay.

2 Purpose of Supplementary Prospectus

On 3 September 2024, the Company announced a pro rata renounceable rights issue to raise up to \$4.1 million (**Rights Issue**). The Rights Issue was lead managed and partially underwritten by Mahe Capital pursuant to the terms of a mandate letter from Mahe Capital dated 28 August 2024 (**Mandate Letter**), and a subsequent underwriting agreement between Mahe Capital and the Company dated 2 September 2024 (**Underwriting Agreement**).

On 2 October 2024 the Company announced the results of the Rights Issue to ASX, raising a total of \$2.4 million. In accordance with the terms of the Rights Issue set out in the Original Prospectus, the shortfall arising from the Rights Issue will now be offered to investors by the Company within 3 months from the date of the closing of the Rights Issue, and the Company has engaged Mahe Capital to assist with that process.

By way of written addendum to the Mandate Letter dated 1 October 2024, in consideration for the lead manager services performed, and to be performed, by Mahe Capital in connection with the Rights Issue and the Shortfall Offer, the Company has agreed to allot and issue to Mahe Capital one new option for every \$2 raised under the Rights Issue and the Shortfall Offer, resulting in a total of 1.2 million options to be issued to Mahe Capital in connection with the Rights Issue and up to 850,000 options to be issued to Mahe Capital in connection with the Shortfall Offer

This Supplementary Prospectus is intended to be read in conjunction with the Original Prospectus dated 3 September 2024, issued by Magnetite Mines Limited and lodged with ASIC on that date.

(Broker Options). The Broker Options are in addition to the existing fees payable to Mahe Capital in accordance with the Mandate Letter and Underwriting Agreement.

The Broker Options will be issued on the same terms as the options issued under the Rights Issue, including that they will be freely tradeable on ASX following their issue. To ensure that the Broker Options are freely tradeable (including any fully paid ordinary shares issued on the future exercise of the Broker Options), the Broker Options are being offered to, and subscribed by, Mahe Capital in accordance with the terms of this Supplementary Prospectus and the Original Prospectus, and the Original Prospectus should be read accordingly.

By this Supplementary Prospectus, the Company updates the Original Prospectus to include the offer of up to 2,050,000 Broker Options and supplements, and amends the Original Prospectus, as set out in this Supplementary Prospectus.

The information outlined in Section 3 below should be read in conjunction with the Original Prospectus.

3 Supplementary disclosure and amendments to the Original Prospectus

3.1 Offer of Broker Options

The Company has resolved to approve the issue of Broker Options to Mahe Capital on the same terms as the attaching options under the Rights Issue that were offered under the Original Prospectus (see Section 6 of the Original Prospectus) (**Broker Offer**). The Broker Options are being offered solely to Mahe Capital, and only Mahe Capital may subscribe for the Broker Options. No other person may apply for the Broker Options under the Broker Offer. No cash consideration will be received by the Company under the Broker Offer, but the Broker Options are being issued in consideration for services performed, and to be performed, by Mahe Capital in connection with the Rights Issue and the Shortfall Offer.

The offer of Broker Options is being made pursuant to the terms of this Supplementary Prospectus and the Original Prospectus to remove any trading restrictions following the issue of the Broker Options (including any trading restrictions with respect to any Shares that may be issued by the Company in the future upon the exercise of the Broker Options).

The Broker Options are being issued to Mahe Capital in accordance with the Company's available capacity to issue equity securities under listing rule 7.1 of the ASX Listing Rules.

Mahe Capital will be contacted directly by the Company with respect to its subscription for the Broker Options.

The initial tranche of 1.2 million Broker Options (**Tranche 1 Broker Options**) are expected to be issued to Mahe Capital at the same time as the New Shares and attaching Options are issued to subscribers under the Rights Issue. Up to 850,000 further Broker Options (**Tranche 2 Broker Options**) may be issued to Mahe Capital at the time that any further New Shares (with attaching Options) are issued to subscribers under the Shortfall Offer, prior to the closing date of the Shortfall Offer, being 25 December 2024. The Tranche 2 Broker Options will only be issued to Mahe Capital to the extent that Mahe Capital raises further funds for the Company under the Shortfall Offer, on the basis of one Broker Option for each further \$2 raised.

This Supplementary Prospectus is intended to be read in conjunction with the Original Prospectus dated 3 September 2024, issued by Magnetite Mines Limited and lodged with ASIC on that date.

References in the Original Prospectus to:

- “Application Form” will include any application form in connection with the Broker Offer;
- “Offers” will be taken to include a reference to the offer of the Broker Options; and

The Broker Offer is not expected to have any effect on the control of the Company.

Consequently, the capital structure table in section 4.3 of the Original Prospectus is deleted and replaced with the following updated capital structure table, based on \$2.4 million (being the amount raised under the Rights Issue and the Shortfall Offer prior to the date of this Supplementary Prospectus); \$3 million; and up to approximately \$4.1 million (being full subscription under the Rights Issue and Shortfall Offer but subject to the rounding of fractional entitlements to New Shares), being raised under the Offers.

If the Company does not receive sufficient Applications to meet the requirements for Official Quotation of a second class of securities (being the class of Options offered under the Original Prospectus and this Supplementary Prospectus, including all Loyalty Options and Broker Options) under the ASX Listing Rules, or ASX does not grant Official Quotation of the Broker Options offered pursuant to this Supplementary Prospectus and the Original Prospectus before the expiration of 3 months after the date of issue of the Original Prospectus (or such other period as varied by ASIC), the Company will not issue the Broker Options and it will refund all Application Monies received for the Broker Options (which will be \$nil as there is no consideration payable with respect to the issue of the Broker Options) within the time prescribed under the Corporations Act, without interest, however the Company may continue with the issue of Broker Options, subject to compliance with applicable law, and issue Broker Options that are not quoted on ASX.
