Sinopec price review notice

Origin Energy Limited (Origin) confirms that Australia Pacific LNG, in which Origin owns a 27.5 per cent interest, has received a price review notice from Sinopec in respect of its long-term LNG supply contract with Australia Pacific LNG.

The contract requires the parties to use reasonable endeavours to agree on any changes required to have a contract price competitive with the prevailing market price for comparable long term LNG contracts. In the absence of agreement, either party may refer the matter to an expert determination process for decision. Any change to the contract price will be effective from 1 January 2025.

Origin will provide further updates to the market in accordance with its continuous disclosure obligations.
