

ASX ANNOUNCEMENT

11 October 2024

NRW awarded Jimblebar Contract by BHP

NRW Holdings Limited (ASX:NWH) is pleased to advise that NRW Civil & Mining has been awarded a development contract for BHP at the Jimblebar mine in the East Pilbara (approximately 39km east of Newman).

The scope of the contract includes various civil, building, mechanical and electrical works to support sustainable production at Jimblebar.

The project will include bulk earthworks and covers the construction of a number of permanent facilities.

The contract also includes the construction of a new floodway and an LV access road complete with heavy and light vehicle standpipes and washdown facility. Additionally, the contract requires a HDPE pipeline re-alignment and installation of a 33kV overhead powerline.

The contract is valued at approximately \$109 million and will commence in November 2024. The project is scheduled for completion in Q2 2026 and will employ a team of up to 120 personnel and 55 items of plant and equipment.

This ASX Announcement has been approved in accordance with the Company's published continuous disclosure policy and authorised for release by the Chief Executive Officer of NRW Holdings Limited.

About NRW Holdings Limited:

NRW is a leading provider of diversified contract services to the resources and infrastructure sectors in Australia. With extensive operations in all Australian States except Tasmania and offices in Canada and the United States, NRW's geographical diversification is complemented by its ability to deliver a wide range of services. These encompass civil construction including bulk earthworks, road and rail construction and concrete installation, together with contract mining and drill and blast services through NRW Civil & Mining, Golding Contractors and Action Drill & Blast. NRW also offers a comprehensive OEM capability through Action Mining Services providing refurbishment and rebuild services for earthmoving equipment and machinery. NRW's MET Division comprising RCR Mining Technologies, DIAB Engineering and Primero offers tailored mine to market solution, specialist maintenance (shutdown services and onsite maintenance), Non- Process Infrastructure, innovative materials handling capability and complete turnkey design, construct & operation of minerals processing and energy projects. NRW has a workforce of around 8,000 people supporting more than one hundred projects around Australia for clients across the resources, infrastructure, industrial engineering, maintenance and urban subdivision sectors.
