About Actinogen Medical

Actinogen Medical (ACW) is an ASX-listed, biotechnology company developing a novel therapy for neurological and neuropsychiatric diseases associated with dysregulated brain cortisol. There is a strong association between cortisol and detrimental changes in the brain, affecting cognitive function, harm to brain cells and long-term cognitive health.

Cognitive function means how a person understands, remembers and thinks clearly. Cognitive functions include memory, attention, reasoning, awareness and decision-making.

Actinogen is currently developing its lead compound, Xanamem, as a promising new therapy for Alzheimer's Disease and Depression and hopes to study Fragile X Syndrome and other neurological and psychiatric diseases in the future. Reducing cortisol inside brain cells could have a positive impact in these and many other diseases. The cognitive dysfunction, behavioural abnormalities, and neuropsychological burden associated with these conditions is debilitating for patients, and there is a substantial unmet medical need for new and improved treatments.

Current Clinical Trials

The **XanaCIDD Phase 2a depression trial** was a double-blind, six-week proof-of-concept, placebo-controlled, parallel group design trial in 167 patients with moderate depression and a degree of baseline cognitive impairment. Participants were evenly randomized to receive Xanamem 10 mg once daily or placebo, in most cases in addition to their existing antidepressant therapy, and effects on cognition and depression were assessed. Positive topline results on depression were announced 12 August CY2024 and updated 26 August CY2024.

The **XanaMIA Phase 2b Alzheimer's disease trial** is a double-blind, 36-week treatment, placebo-controlled, parallel group design trial in 220 patients with mild to moderate AD and progressive disease, determined by clinical criteria and confirmed by an elevated level of the pTau181 protein biomarker in blood. Patients receive Xanamem 10 mg or placebo, once daily, and its ability to slow progression of Alzheimer's disease is assessed with a variety of endpoints. The primary endpoint of the trial is the internationally-recognized CDR-SB (Clinical Dementia Rating scale – Sum of Boxes). Initial results from an interim analysis of the first 100 participants are anticipated in mid 2025 and final results mid 2026.

About Xanamem

Xanamem's novel mechanism of action is to control the level of cortisol in the brain through the inhibition of the cortisol synthesis enzyme, 11 β -HSD1, without affecting production of cortisol by the adrenal glands. Xanamem is designed to get into the brain after it is absorbed in the intestines upon swallowing.

Chronically elevated cortisol is associated with progression in Alzheimer's Disease and excess cortisol is known to be toxic to brain cells. Cortisol itself is also associated with depressive symptoms and when targeted via other mechanisms has shown some promise in prior clinical trials. The recent XanaCIDD trial demonstrated clinically and sometimes statistically significant benefits on depressive symptoms.

The Company has studied 11 β -HSD1 inhibition by Xanamem in more than 380 volunteers and patients in eight clinical trials. Xanamem has a promising safety profile and has demonstrated clinical activity in patients with depression, patients with biomarker-positive Alzheimer's disease and cognitively normal volunteers. High levels of target engagement in the brain with doses as low as 5 mg daily have been demonstrated in a human PET imaging study.

Xanamem is an investigational product and is not approved for use outside of a clinical trial by the FDA or by any global regulatory authority. Xanamem[®] is a trademark of Actinogen Medical.

For personal use only

a range of matters relating to the remuneration of Directors and senior executives of the Company.

A vote on this resolution is advisory only and does not bind the Directors or the Company. A copy of the Company's 2024 Annual Report can be found on its website at www.actinogen.com.au.

The Corporations Act provides that:

- (a) members of the Key Management Personnel whose remuneration details are included in the Remuneration Report (and any closely related party of those members) are not permitted to vote on a resolution to approve the Remuneration Report, and
- (b) if the vote to approve the Remuneration Report receives a "no" vote by at least 25% of the votes cast, this will constitute a "first strike".

The Company's current "strike" count is zero. If a "first strike" was to occur at this 2024 Annual General Meeting:

- (c) the Company's subsequent Remuneration Report (in other words, the Company's Remuneration Report to be included in the 2024 Annual Report) must include an explanation of the Board's proposed action in response to the "no vote" or an explanation of why no action has been taken; and
- (d) if the Company's next Remuneration Report (i.e. the Remuneration Report for 2024) also receives a "no vote" at the 2024 Annual General Meeting of at least 25% of the votes cast, then Shareholders at the 2024 Annual General Meeting will be asked (at that 2024 Annual General Meeting) to vote on whether or not the Company is to hold another general Shareholder's meeting (within the following 90 days) to vote on a "spill resolution" under section 250V of the Corporations Act.

2.2 Board Recommendation

Accordingly, the Board abstains from making a recommendation in relation to Resolution 1. The Chair intends to exercise all undirected proxies in favour of Resolution 1.

3. Resolution 2: Re-election of Dr Geoffrey Brooke

3.1 Background

Clause 13.3 of the Company's Constitution provides that there must be an election of Directors at each annual general meeting. No Director may hold office for a period in excess of 3 years, or beyond the third annual general meeting following the Director's election, whichever is the longer, without submitting themselves for re-election.

- Non-Executive Director of Acrux Limited (ASX:ACR) – Current
- Non-Executive Chair of Cynata Therapeutics Limited (ASX:CYP) – Current

3.2 Board Recommendation

The Directors (with Dr Brooke abstaining) recommend that Shareholders vote in favour of this Resolution 2.

4. Resolution 3: Approval of increased 7.1A placement capacity

4.1 Placement capacity

ASX Listing Rule 7.1A enables eligible entities, after obtaining shareholder approval by way of a special resolution at an annual general meeting, to issue equity securities up to 10% of its issued share capital through placements over a 12-month period after the annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company’s 15% placement capacity under Listing Rule 7.1. This Resolution 3 seeks approval to allow the Board the flexibility to issue additional Shares if it so decided. The Board may decide not to issue any Shares pursuant to this Resolution 3.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less..

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue equity securities under the 10% Placement Facility.

The exact number of equity securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2.

If this Resolution 3 is not approved by shareholders, then the Company will not have the flexibility of an available additional 10% capacity to issue Shares under the 10% Placement Facility described in this section 5 of the Explanatory Memorandum. The Company not having the 10% Placement Facility will have no effect on the Company's existing Listing Rule 7.1 15% capacity.

4.2 Description of Listing Rule 7.1A

Any equity securities issued under the 10% Placement Facility (**Placement Securities**) must be in the same class as an existing quoted class of equity securities of the Company. The Company, as at the date of the Notice, has on issue one quoted class of equity securities, being ordinary shares (**Shares**).

Resolution 3 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Eligible entities which have obtained Shareholder approval at an annual general meeting may issue or agree to issue, during the 12-month period after the date of the annual general meeting, a number of Placement Securities calculated in accordance with the formula in Listing Rule 7.1A.2.

The effect of Resolution 3 will be to allow the Directors to issue the Placement Securities under Listing Rule 7.1A during the 10% Placement Period (as defined below) without using any of the Company's 15% placement capacity under Listing Rule 7.1.

4.3 Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

(a) Period for which approval will be valid

(10% Placement Period).

(b) Minimum issue price

- (i) the date on which the price at which the Placement Securities are to be issued is agreed; or
- (ii) if the Placement Securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the Placement Securities are issued.

The actual number of Placement Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Placement Securities in accordance with the formula prescribed in Listing Rule 7.1A.2.

(c) Maximum Number of Shares to be Issued:

Listing Rule 7.1A.2 provides that an eligible entity which has obtained a 7.1A mandate may, during the period of the mandate, issue or agree to issue a number of equity securities (**N**) equal to the 10% Placement Facility, calculated in accordance with the following formula prescribed in Listing Rule 7.1A.2:

$$\mathbf{N = (A \times D) - E}$$

where:

A = is the number of shares on issue 12 months before the date of the issue or agreement:

- i. plus the number of fully paid ordinary securities issued in the relevant period under an exception in Listing Rule 7.2 other than exception 9, 16 or 17,
 - ii. plus the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under Listing Rule 7.1 or Listing Rule 7.4,
 - iii. plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within Listing Rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under these rules to have been approved, under Listing Rule 7.1 or Listing Rule 7.4,
- plus the number of any other fully paid ordinary securities issued in the relevant period with approval under Listing Rule 7.1 or Listing Rule 7.4,
 - plus the number of partly paid ordinary securities that became fully paid in the relevant period,
 - less the number of fully paid ordinary securities cancelled in the relevant period.

(Note: "A" has the same meaning as in Listing Rule 7.1 when calculating the 15% capacity);

D = 10%;

E = the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period (being the 12-month period immediately preceding the date of the issue or agreement), where the issue or agreement has not been subsequently approved by holders of ordinary securities under Listing Rule 7.4;

(d) Purposes for which Placement Securities may be issued

The Company may seek to issue the Placement Securities as cash consideration for the acquisition of new assets and or other investments, or as cash for general working capital purposes.

The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.3 upon issue of any Placement Securities.

(e) Effect on existing (non-participating) Shareholders

If Resolution 3 is approved by Shareholders and the Company issues Placement Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table. There is a risk that:

- (i) the market price for the Company's equity securities may be significantly lower on the date of the issue of the Placement Securities than on the date of the Annual General Meeting; and
- (ii) the Placement Securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date.

The below table is included for illustrative purposes and shows the potential dilution of existing Shareholders on the basis of the current market price of the Shares as at 1 October 2024 and the current number of Shares for variable "A" (above) calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice.

The table also shows:

- (i) Two examples where variable 'A' has increased by 50% and 100%. Variable 'A' is based on the number of Shares the Company has on issue as at the date of this Notice of Meeting. The number of Shares on issue may increase as a result of issues of Shares that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing rule 7.1 that are approved at a future shareholders' meeting; and
- (ii) Two examples where the issue price of the Shares has decreased by 50% and increased by 100% as against the current market price.

The table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Placement Securities available under the 10% Placement Facility.

- (ii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (iii) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Annual General Meeting.
- (iv) The table shows only the effect of issues of Placement Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- (v) The issue of Placement Securities under the 10% Placement Facility consists only of Shares.
- (vi) The issue price is \$0.026 being the closing price of the Shares on ASX on 1 October 2024.

Variable 'A' in Listing Rule 7.1A.2		\$0.013 50% decrease in Issue Price	\$0.026 Issue Price	\$0.052 (100% increase in Issue Price)
Current Variable A 2,945,001,421 Shares	10% Voting Dilution	294,500,142	294,500,142	294,500,142
	Funds raised	\$3,828,501	\$7,657,003	\$15,314,007
50% increase in current Variable A 4,417,502,132 Shares	10% Voting Dilution	441,750,213	441,750,213	441,750,213
	Funds raised	\$5,742,752	\$11,485,505	\$22,971,011
100% increase in current Variable A 5,890,002,842 Shares	10% Voting Dilution	589,000,284	589,000,284	589,000,284
	Funds raised	\$7,657,003	\$15,314,007	\$30,628,014

(f) Company's share allocation policy

The Company's share allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Placement Securities will be determined

on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, issues in which existing security holders can participate;
- (ii) the effect of the issue of the Placement Securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice of Meeting but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.
