Explanatory Statement

This statement explains the items of business to be considered at the meeting and should be read in conjunction with the notice of meeting.

Resolution 1

Receive and consider the financial and other reports

The full year results of Brickworks Limited (**Company** or **Brickworks**) are available either in the Annual Report sent to those shareholders who elected to receive the Annual Report, or on the Company's website (investors.brickworks.com.au).

This item does not require voting by shareholders. It is intended to provide an opportunity for shareholders to raise questions on the financial reports and on the performance and management of the Company.

The auditors of the Company, EY, will also be present at the meeting, and will be available to answer any questions relevant to the financial reports, including:

- ▶ the conduct of the audit;
- ▶ the preparation and content of the auditor's report;
- ▶ the accounting policies adopted by the Company; and
- ▶ the independence of the auditor.

Resolution 2

Adopt the remuneration report for the year ended 31 July 2024

The Corporations Act requires listed companies to present their remuneration report for adoption by shareholders at the Company's Annual General Meeting (**AGM**). The vote on this Resolution is advisory only, and does not bind the directors or the Company.

The Brickworks Board (**Board**) is committed to ensuring that the remuneration framework is focused on driving a performance culture that is closely aligned to the achievement of the Company's strategy and business objectives as well as the retention of key members of the senior management team.

The Directors unanimously recommend that shareholders vote in favour of Resolution 2.

Resolution 3

Grant of Performance Rights to the Chief Executive Officer under the Brickworks Executive Rights Plan for FY2024

Background

In 2019 the Company introduced an Executive Rights Plan (**Plan**) which is designed to reward the Managing Director, Chief Executive Officer and Chief Financial Officer if the strategic long-term goals for the Company are achieved over a 3 year period.

This Plan is weighted toward achieving long term growth and financial performance, based on objective measurable goals, and to align with growth in shareholder value.

Chief Executive Officer's participation in the Plan for FY2024

Resolution 3 seeks shareholder approval for the Chief Executive Officer (**CEO**) to participate in the Plan and for the grant of Performance Rights to Mr Ellenor under the Plan to be allocated following the 2024 AGM.

The key terms of the Plan together with Mr Ellenor's participation in the Plan for FY2025 are set out below.

Why is shareholder approval being sought?

The Company is currently seeking approval for the equity grants under the Plan as a matter of good corporate governance and in accordance with ASX Listing Rule 7.1. The Board will exercise its discretion in determining how to source any shares at the relevant time with the best interests of the Company's shareholders in mind.

If shareholders' approval is given under ASX Listing Rule 7.1, the Performance Rights granted to Mr Ellenor and any shares issued pursuant to that approval will not be included within the limit of 15% of issued equity securities that can be issued by the Company without shareholder approval.

What if shareholder approval is not obtained?

If shareholders' approval is not given, the Board will consider alternative arrangements to appropriately remunerate and incentivise Mr Ellenor.

Incentive opportunity under the Plan

For FY2025 the CEO's maximum long-term incentive (**LTI**) opportunity is 75% of his total fixed remuneration (including base salary, car allowance and superannuation). The CEO's target STI opportunity is 75% of total fixed remuneration and his maximum short-term incentive (**STI**) opportunity is 90% of total fixed remuneration.

Details of the CEO's FY2025 LTI grant

The CEO's LTI will be granted as exercisable Performance Rights. A Performance Right is a right to receive an ordinary share in the Company at no cost, subject to the satisfaction of performance conditions. However, the Company retains discretion to pay a cash equivalent payment (either fully or partly) instead of allocating shares (for example, this will often be appropriate where Performance Rights vest after cessation of employment).

Dividends and voting rights

The Performance Rights do not have voting rights attached to them.

In order to align the participants' and shareholders' interests, the CEO will be compensated at the end of the performance period for dividends during the performance period on those Performance Rights that meet the performance criteria. No compensation will be provided for dividends on the Performance Rights that do not meet the performance criteria.

Quantum and number of Performance Rights

The CEO's maximum LTI opportunity for FY2025 is AUD 975,000 and the CEO will be awarded a maximum number of Performance Rights determined by dividing the maximum opportunity by the volume weighted average price (**VWAP**) of Company shares traded on the ASX 5 trading days prior to the grant date.

However, the Board has the discretion to reduce the number of Performance Rights awarded if the Board determines in good faith that it is necessary in order to ensure that no inappropriate benefit is obtained by the CEO.

The Performance Rights will only vest if the performance hurdles are met at the end of a 3 year performance period, ending on 31 July 2027, subject to the discretion of the Board (as outlined below).

After vesting and exercise, each Performance Right is adjusted in accordance with the following formula:

$$(1 + \text{Adjustment Number})$$

Where:

Adjustment Number means the Notional Dividend Value divided by the volume weighted average of the selling price of the Company's shares recorded on the ASX over 5 ASX trading days immediately preceding the exercise date that the exercised Performance Right is equity settled and/or cash settled or such other period as determined by the Board.

Holding Period means, in respect of a Performance Right, the period between the first day of the financial year of the Company in which the Grant Date occurs and the exercise date of the Award.

Notional Dividend Value means the value (expressed in dollars) equal to the aggregate amount of dividends that would have been payable to the CEO on one share of the Company with dividend record dates occurring during the Holding Period, such value to be grossed up or otherwise adjusted to account for:

- (A) the value of any franking credits and tax offsets which would have been available to the CEO had the CEO actually been paid the dividends referred to above; and
- (B) the time value of money during the period elapsed between the time the relevant party would have been paid each relevant dividend and the exercise date of the Performance Right.

The maximum number of shares in the Company that may be received by the CEO is equal to the maximum number of Performance Rights as adjusted.

No exercise price will be payable by the CEO upon the exercise of the Performance Rights.

Performance hurdles for the FY2025 LTI award

The Performance Rights will only vest if the performance hurdles are met at the end of a 3 year performance period, ending on 31 July 2027. The Board may exercise discretion at the time of testing for vesting purposes to ensure that LTI outcomes reflect overall performance and are appropriate.

Subject to the above, there is no retesting of the hurdles if they fail the test. Any Performance Rights that do not meet the vesting criteria by the second test date will lapse. Any Performance Rights that vest will become exercisable (at no cost to the CEO) for a period of up to 3 years from the vesting date. Any Performance Rights that remain unexercised at the end of this period will lapse. The 2 performance hurdles are as follows:

Performance hurdles

50% of the award is subject to Brickworks relative total shareholder return (**TSR**) vesting condition under which Brickworks TSR is compared to the companies in the S&P/ASX 200 Franking Credit Adjusted Annual Total Return Index (**XJOAI Franked**) over a period of 3 years from 1 August 2024 up to and including 31 July 2027 (subject to the discretion of the Board). The remaining 50% of the award is subject to an absolute TSR vesting condition also over the same period.

Relative TSR

For the relative TSR measure, the vesting schedule is:

BK's TSR inclusive of Grossed Dividends as a % of XJOAI Franked	Level of Vesting
Below the median	0% vesting
At the median	50% vesting
Between the median and the 60th percentile	Pro rata vesting on a straight line basis between 50 and 100%
At the 60th percentile or above	100% vesting

Absolute TSR

The Absolute TSR is equivalent to the sum of the grossed-up dividend yield plus or minus the movement in the 90 day VWAP's during the year under review. The vesting schedule is:

Absolute after tax (pre-tax with gross up for dividend component) annual compounding TSR Target over the performance period	Level of Vesting
Less than 6%	0% vesting
Equal to 6%	50% vesting
Between 6% and 8%	Pro rata vesting on a straight line basis between 50% and 100%
Equal to 8% or greater	100% vesting

The Board believes that these measures, when combined with the short-term incentive, provides the most suitable link to long-term security holder value creation because:

- ▶ absolute TSR ensures vesting is commensurate with the Company's actual TSR, meaning there are no awards when TSR is negative and it also provides a good line of sight for the CEO and Chief Financial Officer (CFO);
- ▶ measuring TSR on a relative basis levels the playing field by removing overall market movements and industry economics for the evaluation of CEO and CFO performance, relative TSR provides a relative, external market performance measure having regard to a peer group of ASX200 companies with which the Company competes for capital, customers and talent;
- ▶ the use of relative TSR ensures that the CEO and CFO are motivated to deliver returns that are superior to what a security holder could achieve in the broader market and ensures as the most senior management they maintain a strong focus on security holder outcomes;
- ▶ Brickworks calculates its after tax TSR incorporating the full value of franking credits. The S&P ASX 200 Franking Credit adjusted annual total return Index also adjusts the total return for the tax effect of franking credits;
- ▶ the use of the S&P ASX 200 Franking Credit adjusted annual total return Index was chosen as the relative performance target following testing of this group against a range of historical and future share price/payout scenarios to confirm that outcomes align with the Company's historical notion of superior long-term performance. The XJOAI Franked measure adjusts the total return of the S&P / ASX 200 Accumulation Index for franked dividends to ensure consistency of calculation. This Index is readily available and simple to use as a comparator for a Group that spans across the building materials and property development sectors. Given the diverse nature of the Brickworks Group and the size of Brickworks investment in Washington H. Soul Pattinson and Company Limited (and its investment profile) this remains the most appropriate index to compare Brickworks performance. The hurdles are reviewed annually by the Board and the Board believes that the TSR measures will drive outperformance without encouraging excessive risk taking; and
- ▶ while the Board appreciates that there are at times different views held by different stakeholders, it considers that these measures provide the appropriate balance between market and non-market measures.

The share price used at commencement of each tranche for assessing both relative and absolute TSR performance of Brickworks shares is the 90 day Volume Weighted Average Price (VWAP) prior to 31 July 2024. The actual share price used to compare to the TSR target share price is the 90 day VWAP prior to the relevant test date.

Cessation of employment

Unvested Performance Rights will generally remain on foot subject to the original performance hurdles and will be tested in the normal course.

Unvested Performance Rights will be forfeited if Mr Ellenor's employment is terminated for cause.

Clawback

The Board and the Remuneration Committee have discretion with regard to the remuneration outcomes including the LTI wherever and whenever this is considered appropriate. **This discretion also applies in the event of financial misstatement, reputational damage and/or evidence of misconduct.**

Change of Control

If a change of control event occurs in relation to Brickworks then any shares held by the employee share plan trust on behalf of a participant will vest upon a change of control event.

Other information provided

For alignment of interests, the Company's CFO is also entitled to participate in the Plan (and this will apply to the holders of that position during the financial year). The CFO will receive 100% of his FY25 LTI (being 65% of his total fixed remuneration) subject to the same relative and absolute performance measures as outlined in this Notice for Meeting for the CEO.

Any Performance Rights issued to Mr Ellenor under the Plan with shareholder approval are issued at no cost to him as they form part of his remuneration.
