

## Quarterly Activities Report for the period ended 30 September 2024

### Highlights

- Hartshead Resources Limited acquired a 19.99% stake in Prominence, raising \$389,000.
- Bevan Tarratt joined as Executive Director, bringing financial and technical expertise.
- Quinton Meyers joined as Non-Executive Director, further strengthening the Board.

Prominence Energy Ltd (ASX: PRM) (“Prominence” or “the Company”) is pleased to report on its activities for the quarter ended 30 September 2024.

**Executive Director Bevan Tarratt said:** *“Our focus is on conducting a thorough review of Prominence Energy’s current projects and aligning them with a strategic direction that maximises value for shareholders. With the addition of Hartshead Resources as a key investor, we are well-positioned to explore new ventures and enhance our existing portfolio. Moving forward, we will prioritise opportunities that align with our long-term growth objectives while maintaining capital efficiency and operational flexibility.”*

During the quarter, Hartshead Resources Limited (ASX: HHR) made a strategic investment in Prominence, acquiring a 19.99% stake through a \$389,000 private placement. HHR’s proven success in the UK Southern Gas Basin and their technical and financial capabilities bring significant value to Prominence. This partnership will provide critical support for Prominence as it explores and pursues value-adding opportunities.

As part of this strategic investment, HHR nominated Bevan Tarratt and Quinton Meyers to the Prominence Board. Bevan Tarratt, the Executive Chairman of HHR, has taken on the role of Executive Director at Prominence, bringing a wealth of experience in financial management and technical expertise. His appointment strengthens Prominence’s leadership at a pivotal time. Quinton Meyers joined the board as Non-Executive Director, further broadening the Company’s leadership capabilities. Both directors are actively reviewing Prominence’s existing projects and assessing new ventures, with the goal of identifying strategic opportunities that will drive growth and enhance shareholder value.

In addition to the Board changes, Alex Parks, Prominence’s Managing Director, has announced his retirement. Alex Parks has played a crucial role in leading the Company, and his departure marks a transition in leadership as Prominence enters a new phase.

These strategic moves, alongside strengthened governance and leadership, position Prominence for growth and value creation in the upcoming quarters.

## Review of Current Projects

### Umine LLP – Kazakhstan Uranium Investment (PRM 20%)

Prominence holds a 20% stake in Umine LLP, which is focused on decontaminating and remediating the abandoned Djideli Uranium processing site in Kazakhstan. This pioneering project will process and sell uranium as part of the rehabilitation, making it the first of its kind in the region. Umine has secured a letter of support from local authorities and submitted a detailed engineering plan to the Kazakh Ministry of Industry, with permit approval expected soon. Following the permit's approval, next steps will include comprehensive resource sampling and construction of processing facilities. Recent surface sampling results show promising uranium concentrations, further enhancing the project's potential as a future revenue stream aligned with the growing demand for uranium in clean energy.

### Big Apple Exploration Prospect – Gulf of Mexico (PRM 100%)

Prominence continues to evaluate the Big Apple Gas Prospect in the Gulf of Mexico, where it holds a 100% working interest in Block A87. Seismic analysis has identified strong gas potential, and Prominence's focus remains on evaluating the structure within this block. To preserve capital, the adjacent Block A90 was relinquished, saving annual costs and releasing a bond. Block A87 has a five-year exploration term starting in July 2023, with no minimum work program, allowing flexibility for ongoing evaluation and decision-making.

### Bowsprit Oil Project – Louisiana (PRM 100%)

Prominence relinquished the Bowsprit lease after failing to secure a farm-in partner. The Company is now focused on abandoning the Bowsprit-1 well. Although the abandonment was delayed due to an active hurricane season, preparations are in place to remove the wellhead and protection cage once the season ends. Prominence plans to minimise costs by coordinating the abandonment work with other operations in the area.

### Sasanof Gas Prospect – WA-519-P (PRM 12.5%)

After drilling the Sasanof-1 well in 2022, which encountered no hydrocarbons, Prominence continues to hold a 12.5% interest in the project. The operator, Western Gas, has applied for a permit renewal to extend the exploration term for another five years. The WA-519-P project is located in a proven gas region offshore Western Australia, and future opportunities for exploration will depend on government approval of the permit.

### ECOSSAUS Salt Cavern Development (PRM 10.4%)

Prominence holds a 10.4% interest in ECOSSAUS Ltd, which is advancing projects for gas storage and GHG sequestration in salt caverns across tenements in Northern Territory, South Australia, and Queensland. Salt caverns offer significant potential for storing hydrogen and other gases, positioning ECOSSAUS for future energy storage solutions. In July 2024, ECOSSAUS raised capital, which diluted Prominence's interest from 10.9% to 10.4%. The capital will fund technical studies, while ECOSSAUS seeks major funding through a farm-out or IPO to commence large-scale operations.

## CORPORATE

### Share Placement

On 6 September 2024, Prominence welcomed HHR as a strategic investor via the issue of 77,800,000 shares at \$0.005 per share with a free-attaching option at a 1:2 basis exercisable at \$0.01 expiring 3 years from the date of issue, raising a total of \$389,000. The placement shares were issued on 10 September 2024.

Prominence will also issue 30,000,000 broker options on the same terms as the free-attaching placement options. The issue of the placement options and broker options is subject to shareholder approval to be obtained at the Annual General Meeting on 27 November 2024.

The primary use of proceeds is to fund the Company's exploration and development activities, including for general working capital purposes.

### Cashflow Report

Item 6.1: The aggregate amount of payments to related parties and their associates during the September quarter was \$98,000 in salaries.

During the quarter, the Company incurred administrative and corporate costs of \$223,000 which is inclusive of annual insurance costs, legal expenses, registry fees, compliance listing fees and corporate administration costs.

Exploration and evaluation expenditure of \$11,000 incurred during the quarter relates to technical exploration consultants and project due diligence.
