The Chair of the Meeting will exercise their powers as the Chair to ensure that the meeting is conducted in an orderly and timely fashion, in the interests of all attending shareholders.

EXPLANATORY MEMORANDUM

This Explanatory Memorandum has been prepared for the information of shareholders of the Company (**Shareholders**) in relation to the business to be conducted at the Company's AGM to be held on Tuesday, 26 November 2024, at 10:00 am (Sydney time).

The purpose of this Explanatory Memorandum is to provide shareholders with information that is reasonably required by Shareholders to decide how to vote upon the resolutions.

Subject to the abstentions noted below, the Directors unanimously recommend that shareholders vote in favour of all Resolutions. The Chair of the Meeting intends to vote all available undirected proxies in favour of all Resolutions.

Resolutions 1, 3 and 4 are ordinary resolutions, which require a simple majority of votes cast by shareholders present and entitled to vote on the resolution. Resolution 2, relating to the Remuneration Report, is advisory and does not bind the Directors or the Company. Resolution 5 is to be voted on as a special resolution. For a special resolution to be passed, at least 75% of the votes cast by shareholders present and entitled to vote on the resolution must be in favour of the resolution.

RESOLUTION 1 – RE-ELECTION OF NON-EXECUTIVE DIRECTOR – BEN JARVIS

Mr Ben Jarvis was appointed as an independent non-executive Director of the Company on 6 September 2023 and approved by shareholders at the Annual General Meeting held on 27 November 2023. ASX Listing Rule 14.5 provides that there must be at least one director that stands for re-election. Therefore Mr Ben Jarvis has been nominated for Re-Election.

Mr Jarvis is an experienced company director in the small resources sector, most notably with companies that have operations in South America. Since 2011, he has been a Non-Executive Director of South-American focused Austral Gold Limited (ASX: AGD; TSX-V: AGLD), a precious metals mining and exploration company with an extensive portfolio of assets in Chile and Argentina. He is also the Non-Executive Chairman of Chilean-focused Freehill Mining Limited (ASX: FHS) which operates the 100%-owned Yerbas Buenas magnetite and aggregate materials project in near to La Serena. Mr Jarvis is the Managing Director of Six Degrees Investor Relations, an investor relations and advisory firm he founded in 2006 with offices in Sydney and Perth.

If shareholders do not approve the election of Mr Ben Jarvis, then Mr Jarvis will cease to be a Director at the conclusion of the Meeting.

The Board supports the re-election of Mr Ben Jarvis as he will contribute to the Board with significant experience in the areas of advisory services.

For the reasons above, the Directors, with Mr Ben Jarvis abstaining, unanimously recommend that Shareholders vote in favour of Resolution 1.

RESOLUTION 2 - REMUNERATION REPORT

As required by section 250R(2) of the Corporations Act, a resolution that the Company's Remuneration Report be adopted will be put to the vote. Section 250R(3) of the Act provides that the vote on this resolution is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into account in setting the remuneration policy for future years.

Shareholders can view the full 2024 Remuneration Report in the 2024 Annual Report, which is available on Aguia's website at <https://aguiaresources.com.au/>.

Following consideration of the 2024 Remuneration Report, the Chair of the Meeting will give shareholders a reasonable opportunity to ask questions about or make comments on the 2024 Remuneration Report.

The Directors abstain, in the interests of good corporate governance, from making a recommendation in relation to Resolution 2.

RESOLUTION 3 – APPOINTMENT OF AUDITOR

The Directors reviewed the current role of the previous auditor Ernst and Young and decided to change auditors to Hall Chadwick NSW. The Board believes the appointment of Hall Chadwick NSW is in the best interests of the Company and the Shareholders, based on the expertise of Hall Chadwick NSW and in conjunction with reduce costs associated with the audit. Ernst & Young, being the Company's previous auditor, gave notice of its intention to resign as auditor of the Company pursuant to Section 329(5) of the Corporations Act 2001, subject to the receipt of the consent of the Australian Securities & Investments Commission (ASIC).

Hall Chadwick have consented to act in this capacity and all other requirements of the Corporations Act in relation to the appointment of auditors have been, or, at the date of the Notice are being met.

If this Resolution is passed, the appointment of Hall Chadwick as the Company's auditor will be approved and ratified by shareholders.

The Directors, unanimously recommend that Shareholders vote in favour of Resolution 3.

RESOLUTION 4 - RATIFICATION OF ISSUE OF THE OCTOBER 2024 PLACEMENT SHARES UNDER LISTING RULE 7.1 AND RULE 7.1A

On 30 August 2024, the Company announced details of a placement to professional and sophisticated investors to subscribe to new Aguia shares at a price of \$0.025 per share to raise approximately \$2,500,000 (**Placement**). The 100,000,000 Placement shares were issued on 10 September 2024. Placement shares totalling 95,446,974 were issued under the Company's 15% placement capacity in accordance with ASX Listing Rule 7.1. Placement Shares totalling 4,553,026 were issued under the Company's additional placement capacity in accordance with ASX Listing Rule 7.1A.

The funds raised from the above issues of securities have been used to fund the Development of the Company's Santa Barbara Gold Project in Columbia and development of the Phosphate Project in Brazil.

Specific information about Resolution 4

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 and 7.1A limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period (Listing Rule 7.1) and additional capacity of 10% under listing rule 7.1A.

As described above, the issues referred to in Resolution 3 was issued within the 15% limit permitted under ASX Listing Rule 7.1 and under ASX Listing Rule 7.1A, an additional 10% capacity and without shareholder approval, thereby reducing the Company's remaining available capacity.

ASX Listing Rule 7.4.2 provides that shareholders may approve an issue of, or agreement to issue, securities after the fact so that the securities issued are regarded as having been made with approval for the purpose of ASX Listing Rule 7.1 and 7.1A. An issue made in accordance with ASX Listing Rule 7.1A can also be approved subsequently under ASX Listing Rule 7.4, and if it is, will be excluded from variable "E" in ASX Listing Rule 7.1A.2 and in addition, will be counted in variable "A" in under ASX Listing Rule 7.1.

The Company is seeking approval of Resolution 3 for the purposes of ASX Listing Rule 7.4 to enable the Company to refresh its issuing capacity under ASX Listing Rule 7.1, thereby providing the Company with the flexibility to issue further securities under ASX Listing Rule 7.1 if the need arises in the next 12 months.

If shareholders approve Resolution 4, the issue approved will be excluded in calculating Aguia's 15% limit in ASX Listing Rule 7.1 and Aguia's 10% additional capacity under ASX Listing Rule 7.1A, effectively increasing the number of equity securities the Company can issue without shareholder approval over the 12-month period following the issue of the securities.

If shareholders do not approve Resolution 4, any issue not approved will be included in calculating Aguia's 15% limit in ASX Listing Rule 7.1 and Aguia's 10% additional capacity under ASX Listing Rule 7.1A, effectively decreasing the number of equity securities it can issue without shareholder approval over the 12-month period following the issue of the securities.

To this end, Resolution 4 seek shareholder approval for the issues under and for the purposes of Listing Rule 7.4.

For the purposes of ASX Listing Rule 7.5, the following information is provided:

RESOLUTION 5 - APPROVAL OF ADDITIONAL SHARE ISSUE CAPACITY UNDER ASX LISTING RULE 7.1A

Background

ASX Listing Rule 7.1 generally limits the amount of equity securities that a listed entity can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under ASX Listing Rule 7.1A, certain listed companies may seek shareholder approval by special resolution to issue equity securities equivalent to an additional 10% of the number of ordinary securities on issue by way of placement over the earlier of a 12-month period (**Additional 10% Placement Capacity**). This is in addition to the existing 15% placement capacity permitted by ASX Listing Rule 7.1, bringing the total combined potential placement capacity for the entity to 25%.

A company is eligible to seek shareholder approval for this additional placement capacity under ASX Listing Rule 7.1A if it satisfies both of the following criteria at the date of the meeting at which that approval is sought:

- a. it has a market capitalisation of \$300 million or less; and
- b. it is not included in the S&P/ASX 300 Index.

The Company currently satisfies both the above criteria, and it is anticipated that it will satisfy both these criteria at the date of the AGM. If on the date of the AGM, Aguia no longer meets this eligibility criteria, Resolution 5 will be withdrawn.

Accordingly, Resolution 5 is seeking approval of shareholders by special resolution for the issue of up to the number of equity securities as calculated in accordance with the formula in ASX Listing Rule 7.1A.2, at an issue price permitted by ASX Listing Rule 7.1A.3 to such persons as the Board may determine, on the terms described in this Explanatory Memorandum.

Approval of Resolution 5 does not oblige the Company to conduct a placement or use the Additional 10% Placement Capacity. The approval would provide the Company with additional flexibility and the ability to move quickly if an opportunity arises which requires additional capital.

At the date of this Notice, the Company has on issue 1,323,776,070 fully paid ordinary shares, the Company will have the capacity to issue:

- a. 198,566,411 equity securities under ASX Listing Rule 7.1; and
- b. 132,377,607 equity securities under ASX Listing Rule 7.1A.

The actual number of equity securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

If shareholders approve Resolution 5, the effect will be to allow Aguia to issue equity securities under ASX Listing Rule 7.1A up to the combined 25% capacity in ASX Listing Rules 7.1 and 7.1A without further shareholder approval.

If shareholders do not approve Resolution 5, Aguia will not be able to access the additional 10% capacity to issue equity securities without shareholder approval under ASX Listing Rule 7.1A and will remain subject to the 15% capacity limit on issuing equity securities without shareholder approval under ASX Listing Rule 7.1.

Additional Information

For the purposes of ASX Listing Rule 7.3A, the following information is provided:

- 7.3A.1 If any of the securities being approved by this Resolution 5 are issued, they will be issued during the 10% Placement Period. The 10% Placement Period commences on the date of the annual general meeting at which the approval is obtained (26 November 2024) and expires on the first to occur of the following:
- o the date that is 12 months after the date of the annual general meeting at which the approval is obtained (i.e., 26 November 2025);
 - o the Company's 2025 annual general meeting; or
 - o the time and date of the approval by holders of the eligible entity's ordinary securities of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- 7.3A2 Any securities issued under ASX Listing Rule 7.1A must be issued for cash consideration. The minimum price at which the equity securities will be issued is a price per security which is not less than 75% of the volume weighted average market price for ordinary shares calculated over the 15 trading days on which trades are recorded immediately before:
- a. the date on which the price at which the securities are to be issued is agreed by the Company and the recipient of the securities; or
 - b. if the shares are not issued within 10 trading days of the date in paragraph a, the date on which the securities are issued.
- 7.3A.3 The shares will be issued for the purpose of raising working capital for the Company, which includes continuation of the Company's exploration activities, the assessment and evaluation of new business development opportunities and general working capital purposes.
- 7.3A.4 If Resolution 5 is approved by shareholders and the Company issues equity securities under the Additional 10% Capacity, the existing ordinary Shareholders face the risk of economic and voting dilution as a result of the issue of equity securities which are the subject of this Resolution, to the extent that such equity securities are issued, including the risk that:
- a. the market price of equity securities may be significantly lower on the issue date than on the date on which this approval is being sought; and
 - b. the equity securities may be issued at a price that is at a discount to the market price for those equity securities on the issue date, which may have an effect on the amount of funds raised by the issue of the equity securities.

The following table gives examples of the potential dilution of existing ordinary shareholders calculated as at the date of this Notice of Meeting using an issue price of \$0.0510 per share, being the closing price of

shares on ASX on 14 October 2024 and the current number of ordinary securities for variable “A” in the formula in ASX Listing Rule 7.1A.2.

The table also shows:

- a. two examples where variable “A” has increased by 50% and 100%. Variable “A” is based on the number of fully paid ordinary securities the Company has on issue. The number of fully paid ordinary securities on issue may increase as a result of issues of fully paid ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders’ meeting; and
- b. two examples of where the issue price of fully paid ordinary securities has decreased by 50% and increased by 100% as against the current market price.

No. of Shares on Issue ²	Dilution			
	Issue price (per Share)	\$0.0255 50% decrease in Issue Price	\$0.0510 Issue Price	\$0.1020 100% increase in Issue Price

	Funds raised.	\$6,751,258	\$13,502,516	\$27,005,032

The table has been prepared on the following assumptions:

- a. the Company issues the maximum number of equity securities available under the Additional 10% Capacity in ASX Listing Rule 7.1A;
- b. no options in ordinary shares are exercised before the date of issue of ordinary shares under ASX Listing Rule 7.1A;
- c. the 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%;
- d. the table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional 10% Capacity, based on that Shareholder’s holding at the date of the AGM;
- e. the table shows only the effect of issues of equity securities under ASX Listing Rule 7.1A, not under the 15% placement capacity under ASX Listing Rule 7.1;
- f. the issue of equity securities under the Additional 10% Capacity consists only of shares; and
- g. the issue price is \$0.051 per share³, being the closing price of the shares on ASX on 14 October 2024.

The Company will comply with the disclosure obligations under ASX Listing Rule 7.1A.4 upon issue of any equity securities.
