Explanatory Memorandum

1. Introduction

This Explanatory Memorandum is provided to shareholders Australian Gold and Copper Ltd ACN 633 936 526 (**the Company**) to explain the resolutions to be put to Shareholders at the Annual General Meeting to be held at Level 2, 22 Mount Street, Perth WA 6000 on 27 November 2024 commencing at 10:30am AWST.

The Directors recommend Shareholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the resolutions.

Subject to the abstentions noted below, the Directors unanimously recommend that Shareholders vote in favour of all resolutions. The Chair of the Meeting intends to vote all available undirected proxies in favour of each resolution.

Terms used in this Explanatory Memorandum are defined in Section 10.

2. Financial Statements and Reports

In accordance with the Constitution, the business of the Annual General Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2024 together with the declaration of the Directors, the Directors' report, the Remuneration Report, and the auditor's report.

There is no requirement for shareholders to approve these reports. However, time will be allowed during the annual general meeting for consideration by shareholders of the financial statements and the associated directors' and auditors' reports.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.austgoldcopper.com.au

The Company's Annual Report is placed before the Shareholders for discussion.

No voting is required for this item.

3. Resolution 1: Adoption of Remuneration Report

3.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the Company's remuneration arrangements for the directors and senior management of the Company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

3.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the Company who were in office when the directors' report (as included in the Company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Explanatory Memorandum

Following the Spill Meeting those persons whose election or re-election as directors of the Company is approved will be the directors of the company.

3.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at the annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

4. Resolution 2: Re-election of Director – Dr Adam McKinnon

4.1 General

ASX Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting.

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum specified by the Constitution.

Pursuant to the Constitution and ASX Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Dr McKinnon was last elected at the 2023 Annual General Meeting. Dr McKinnon retires at this Annual General Meeting and offers himself for re-election.

4.2 Qualifications and other material directorships

Dr McKinnon is a mining and geoscience professional with 16 years industry and academic experience and is currently the Managing Director of Magmatic Resources Limited. Before joining Magmatic he was General Manager – Exploration and Business Development at Aurelia Metals Limited, where he was involved in a number of significant discoveries including the high-grade Federation deposit south of Nymagee, NSW.

Dr McKinnon also led several highly successful exploration programs whilst with KBL Mining Limited, including the discovery of the Pearse gold-silver deposit near the Mineral Hill Mine. Dr McKinnon holds a PhD in mineralogy and geochemistry from Western Sydney University, is a Chartered Chemist with the Royal Australian Chemical Institute (RACI) and a Member of the Australian Institute of Mining and Metallurgy (AusIMM).

Dr McKinnon is the Managing Director of Magmatic Resources Limited (ASX: MAG).

Dr McKinnon is not considered to be independent due to his position at Magmatic Resources Limited, who has been a substantial shareholder of the Company within the last 3 years.

4.3 Board recommendation

If Resolution 2 is passed, Dr McKinnon will be appointed as a Non-Executive Director of the Company. If Resolution 2 is not passed, Dr McKinnon will not be appointed as a Non-Executive Director of the Company and his directorship will cease at the conclusion of the Meeting.

The Board supports the re-election of Dr McKinnon as a Director of the Company and recommends (with Dr McKinnon abstaining) that Shareholders vote in favour of Resolution 2.

5. Resolution 3: Election of Director – Mr Zhang Yong

5.1 General

The Constitution allows the Directors to appoint at any time a person to be a Director either to fill a casual vacancy or as an addition to the existing Directors, but only where the total number of Directors does not at any time exceed the maximum number specified by the Constitution.

Pursuant to the Constitution and ASX Listing Rule 14.4, any Director so appointed holds office only until the next annual general meeting and is then eligible for election by Shareholders, but shall not be taken into account in determining the Directors who are to retire by rotation (if any) at that meeting.

Explanatory Memorandum

Mr Zhang commenced as a Non-Executive Director on 22 December 2023, and accordingly must seek election at this annual general meeting.

5.2 Qualifications and other material directorships

Mr Zhang is the Chairman of GeoZen, the Company's major shareholder, and has a long history of investments in Asia in resources and other industries.

Mr Zhang is not considered to be independent due to his substantial shareholder interest in the securities of the Company.

5.3 Board recommendation

If Resolution 3 is passed, Mr Zhang will be appointed as a Non-Executive Director of the Company. If Resolution 3 is not passed, Mr Zhang will not be appointed as a Non-Executive Director of the Company and his directorship will cease at the conclusion of the Meeting.

The Board supports the election of Mr Zhang as a Director of the Company and recommends (with Mr Zhang abstaining) that Shareholders vote in favour of Resolution 3.

6. Resolution 4: Increase in Non-Executive Director Remuneration Pool

6.1 Background

Non-executive directors are paid from a pool of fees, the maximum size of which must be approved by Shareholders. The present pool size is \$350,000 per annum and it is proposed that this be increased by \$150,000 to \$500,000 per annum.

Clause 40 of the Company Constitution provides that the directors' remuneration must not exceed the maximum sum determined by the Company in general meeting, with individual apportionments of that sum remaining within the discretion of the Board of the Company.

In addition, ASX Listing Rules 10.17 and 10.17A require shareholder approval for an increase to the total amount of directors' remuneration pool (excluding the remuneration of an executive director) payable by it or any of its child entities.

It is considered appropriate and necessary to increase the remuneration pool from which the non-executive directors are paid to allow the Company to continue to attract additional directors of the calibre required to progress and develop the Company's business.

If Resolution 4 is passed, the maximum aggregate amount that can be paid by the Company to non-executive directors will increase from \$350,000 to \$500,000.

If Resolution 4 is not passed, the maximum aggregate amount that can be paid by the Company to non-executive directors will remain at \$350,000 per annum and the Company may have to develop an alternative plan to remunerate non-executive directors.

6.2 Technical information required by ASX Listing Rule 10.17

As required by Listing Rule 10.17, the following information is provided:

- the amount of the increase is \$150,000 per annum;
- the maximum aggregate amount of directors' fees that may be paid to all of the Company's non-executive directors following approval will be \$500,000 per annum;
- the details of the securities issued to non-executive directors with shareholder approval in the preceding three years are:

Non-Executive Directors	Issue Date	Number of Securities	Security Type	Approval / Ratification

Mr David Richardson	25 November 2022	2,000,000	Unlisted options @ \$0.107 expiring 25 November 2025	2022 AGM
Mr Zhang Yong (GeoZen)	22 December 2023	122,222,222	Fully paid ordinary shares	2023 AGM
Mr Zhang Yong (GeoZen)	6 August 2024	18,906,250	Fully paid ordinary shares	2024 EGM

Explanatory Memorandum

(d) a voting exclusion statement is included in this Notice of Meeting.

6.3 Board recommendation

As the Directors have an interest in the outcome of Resolution 4, the Directors make no voting recommendation to Shareholders as to how to vote in relation to Resolution 4.

The Chair intends to vote all available proxies in favour of Resolution 4.

7. Resolutions 5 to 7: Approval to Issue Related Party Options

7.1 General

The Company has agreed, subject to obtaining Shareholder approval, to issue a total of 7,500,000 Options (**Related Party Options**) to Mr Zhang Yong, Mr Glen Diemar and Dr Adam McKinnon (or their nominees) (**Related Parties**) on the terms and conditions set out below.

The primary purpose of the grant of the Related Party Options to the Related Parties is to provide a performance linked incentive component in the remuneration package for the Related Parties to motivate and reward the performance of the Related Parties in their respective roles as Directors.

In addition, the Company considers that the issue of the Related Party Options:

- (a) will align the interests of the Related Parties with those of Shareholders; and
- (b) is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations that it would if alternative cash forms of remuneration were given to the Related Parties.

Resolutions 5, 6 and 7 seek Shareholder approval to issue the Related Party Options to the Related Parties.

7.2 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act requires that for a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue of Related Party Options constitutes giving a financial benefit and Mr Zhang Yong, Mr Glen Diemar and Dr Adam McKinnon are related parties of the Company by virtue of being Directors.

As the Related Party Options are proposed to be issued to all three Directors of the Company, the Directors are unable to form a quorum to consider whether one of the exceptions set out in sections 210 to 216 of the Corporations act applies to the issue of the Options.

Accordingly, Shareholder approval for the issue of Related Party Options to the Related Parties is sought in accordance with Chapter 2E of the Corporations Act.

7.3 ASX Listing Rule 10.11

ASX Listing Rule 10.11 provides that unless one of the exceptions in ASX Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

- 10.11.1 a related party;
- 10.11.2 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
- 10.11.3 a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board

Explanatory Memorandum

of the company pursuant to a relevant agreement which gives them a right or expectation to do so;

10.11.4 an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or

10.11.5 a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The issue of Related Party Options falls within ASX Listing Rule 10.11.1 and does not fall within any of the exceptions in ASX Listing Rule 10.12. It therefore requires the approval of Shareholders under Listing Rule 10.11.

Resolutions 5, 6 and 7 seek the required Shareholder approval for the issue of the Related Party Options under and for the purposes of Chapter 2E of the Corporations Act and ASX Listing Rule 10.11.

7.4 Technical information required by ASX Listing Rule 14.1A

If Resolutions 5, 6 and 7 are passed, the Company will be able to proceed with the issue of the Related Party Options to the Related Parties within one month after the date of the Meeting (or such later date as permitted by any ASX waiver or modification of the ASX Listing Rules).

As approval pursuant to ASX Listing Rule 7.1 is not required for the issue of the Related Party Options (because approval is being obtained under ASX Listing Rule 10.11), the issue of the Related Party Options will not use up any of the Company's 15% annual placement capacity.

If Resolutions 5, 6 and 7 are not passed, the Company will not be able to proceed with the issue of the Related Party Options and the Company will have to develop an alternate plan in how to remunerate their directors.

7.5 Technical information required by ASX Listing Rule 10.13 and section 219 of the Corporations Act

Pursuant to and in accordance with ASX Listing Rule 10.13 and section 219 of the Corporations Act, the following information is provided in relation to Resolutions 5, 6 and 7:

 - (ii) 4,000,000 Related Party Options to Mr Glen Diemar (or his nominee) (Resolution 6); and

its cash reserves on its operations than it would if alternative cash forms of remuneration were given to the Related Parties;

- (h) the Related Party Options are unquoted Options. The Company has agreed to issue Related Party Options to the Related Parties for the following reasons:
 - (i) the Related Party Options are unquoted; therefore, the issue of the Related Party Options has no immediate dilutionary impact on Shareholders;
 - (ii) the deferred taxation benefit which is available to the Related Parties in respect of an issue of Options is also beneficial to the Company as it means the Related Parties are not required to immediately sell the Related Party Options to fund a tax liability (as would be the case in an issue of Shares where the tax liability arises upon issue of the Shares) and will instead, continue to hold an interest in the Company; and
 - (iii) it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Related Party Options on the terms proposed;
- (i) the number of Related Party Options to be issued to each of the Related Parties has been determined based upon a consideration of:
 - (i) current market standards and/or practices of other ASX listed companies of a similar size and stage of development to the Company;
 - (ii) the remuneration of the Related Parties; and
 - (iii) incentives to attract and retain the service of the Related Parties who have appropriate knowledge and expertise, while maintaining the Company's cash reserves.

The Company does not consider that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing the Related Party Options upon the terms proposed;

- (j) the total remuneration package for each of the Related Parties for the previous financial year and the proposed total remuneration package for the current financial year are set out below:

8. Resolution 8: Approval of 10% Placement Capacity

8.1 General

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**10% Placement Capacity**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

Resolution 8 seeks Shareholder approval by way of special resolution for the Company to have the 10% Placement Capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

If Resolution 8 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 8 is not passed, the Company will not be able to access the 10% Placement Capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

8.2 Information on 10% Placement Capacity

(a) Quoted securities

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of Equity Securities of the Company that are quoted on ASX.

As at the date of this Notice, the Company currently has one class of Equity Securities quoted on the ASX, being Ordinary Shares (ASX Code: AGC).

(b) Formula for 10% Placement Capacity

If this Resolution 8 is passed, the Company may issue or agree to issue, during the 12-month period after this Meeting, the number of Equity Securities calculated in accordance with the following formula:

Additional Placement Capacity = (A x D) – E

A = the number of fully-paid ordinary securities on issue at the commencement of the Relevant Period:

- plus the number of fully-paid ordinary securities issued in the Relevant Period under an exception in ASX Listing Rule 7.2 other than exception 9, 16, or 17;
- plus the number of fully-paid ordinary securities issued in the Relevant Period on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the Relevant Period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully-paid ordinary securities issued in the Relevant Period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the Relevant Period; or
 - the agreement or issue was approved, or taken under the Listing Rules to have been approved under Listing Rule 7.1 or 7.4;
- plus the number of fully paid ordinary securities issued in the Relevant Period with approval under Listing Rule 7.1 or ASX Listing Rule 7.4;

For personal use only

Explanatory Memorandum

- plus the number of partly-paid ordinary securities that became fully-paid in the Relevant Period;
- less the number of fully-paid ordinary securities cancelled in the Relevant Period;

D = 10%; and

E = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by Shareholders under Listing Rule 7.4.

8.3 Listing Rule requirements

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 8:

(a) Period for which the 10% Placement Capacity is valid

The 10% Placement Capacity will commence on the date of the Meeting at which the Shareholder approval is obtained and expire on the first to occur of the following:

- (i) the date that is 12 months after the date of this Meeting (i.e. 27 November 2024), presuming Shareholder approval is obtained;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) Minimum Price at which equity securities may be issued

Any Equity Securities issued under the 10% Placement Capacity will be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the Equity Securities are issued.

(c) Use of funds raised under 10% Placement Capacity

The Company intends to use funds raised from issues of Equity Securities under the 10% Placement Capacity for:

- (i) the acquisition of new resources, assets and investments (including expenses associated with such an acquisition);
- (ii) continued exploration expenditure on the Company's current assets/or projects (funds would then be used for project, feasibility studies and ongoing project administration);
- (iii) the development of the Company's current business; and
- (iv) general working capital.

(d) Risk of voting dilution

If Resolution 8 is passed and the Company issues securities under the 10% Placement Capacity, then there is a risk to existing Shareholders of economic and voting dilution, including the risk that:

- (i) the market price for Equity Securities in the same class may be significantly lower on the issue date of the new Equity Securities than on the date Shareholder approval is obtained for this Resolution; and
- (ii) the new Equity Securities may be issued at a price that is at a discount to the market price for Equity Securities in the same class on the issue date.

For personal use only

Explanatory Memorandum

The table below shows the potential dilution of existing Shareholders following the issue of Equity Securities under the 10% Placement Capacity (based on the formula set out above) using difference variables for the number of issued Ordinary Shares and the market price of Ordinary Shares. The table below is calculated using the closing market price of Shares and the number of Equity Securities on issue as at 4 October 2024.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	\$0.1250 (50% decrease in current issue price)	\$0.2500 (Current issue price)	\$0.3750 (50% increase in current issue price)
256,597,222 (Current Variable A)	Shares issued – 10% voting dilution	25,659,722	25,659,722	25,659,722
	Funds raised	\$3,207,465	\$6,414,931	\$9,622,396
384,895,833 (50% increase in Variable A)	Shares issued – 10% voting dilution	38,489,583	38,489,583	38,489,583
	Funds raised	\$4,811,198	\$9,622,396	\$14,433,594
513,194,444 (100% increase in Variable A)	Shares issued – 10% voting dilution	51,319,444	51,319,444	51,319,444
	Funds raised	\$6,414,931	\$12,829,861	\$19,244,792

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

- (i) There are 256,597,222 Shares on issue as at the date of this Notice (ASX Code: AGC)
- (ii) The issue price set out above is the closing price of the Shares on the ASX on 4 October 2024.
- (iii) The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
- (iv) The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
- (v) The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
- (vi) The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- (vii) This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1 unless otherwise disclosed.
- (viii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (ix) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) Allocation under the 10% Placement Capacity

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

For personal use only

Explanatory Memorandum

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) Previous approval under ASX Listing Rule 7.1A

The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its annual general meeting held on 28 November 2023 (**Previous Approval**).

The Company has not made any issues under Listing Rule 7.1A in the period since the previous annual general meeting.

8.4 Voting Exclusion

As at the date of this Notice of Meeting, the Company is not proposing to make an issue of Equity Securities under ASX Listing Rule 7.1A. Accordingly, a voting exclusion statement is not included in this Notice of Meeting and consequently, no Shareholders are to be excluded.

8.5 Board recommendation

The Board recommends that Shareholders vote in favour of Resolution 8.

The Chair intends to vote all available proxies in favour of Resolution 8.
