EXPLANATORY NOTES

Receive and consider the 2024 Annual Report

The 2024 Annual Report of the Company includes the financial statements, directors' report and the auditor's report for the financial year ended 30 June 2024. A copy of the 2024 Annual Report is available at www.bathurst.co.nz.

During this item of business, directors will use their best efforts to respond to questions posed by shareholders, including those received in advance of the AGM.

A representative of the Company's auditors will also be available to answer questions to the extent they are relevant to the conduct of the audit of the Company, the preparation and contents of the auditor's report contained in section 2 of the 2024 Annual Report, the accounting policies adopted by the Company in the preparation of its financial statements, and the independence of the auditor.

1. Resolution 1: Re-election of Francois Tumahai as an executive director

Mr Tumahai will retire from the Board of Directors of the Company (**Board**) at the AGM and will offer himself for re-election to the Board.

Mr Tumahai was appointed to the Board on 4 May 2021 as an Independent Director. He is also Chairman of the Audit and Risk Committee of the Board, and member of the Remuneration and Nomination Committee.

Mr Tumahai (Ngāti Waewae, Ngāi Tahu and Ngati Whatua Orakei) is the CEO of Arahura Holding Limited and Chair of Te Runanga o Ngāti Waewae. Francois started his career as a mechanic and has over 25 years' experience in heavy machinery. He is an ardent supporter of the mining industry and a board member of the New Zealand Institute for Minerals to Materials Research. As CEO of Arahura Holding Limited, Mr Tumahai is also involved in the management of the extraction and mining of pounamu (greenstone).

Mr Tumahai has over 15 years of governance experience as a company director and 20 years of governance experience with not-for-profit organisations. He is currently on the board of Development West Coast, West Coast Conservation Board, Grey District Council, and the West Coast Regional Council.

All directors (other than Mr Tumahai) unanimously support the re-election of Mr Tumahai to the Board. The Board view Mr Tumahai as adding essential value with his extensive governance, mining, and health and safety knowledge. Mr Tumahai is considered an important part of the Company's effective governance framework in his capacity as independent director, which was confirmed as assessed against the Company's policy of independence for directors.

2. Resolution 2: Appointment and determination of remuneration of auditor

Section 207T of the Companies Act 1993 of New Zealand (**Act**) provides that a company's auditor is automatically re-appointed unless there is a resolution or other reason for the auditor not to be re-appointed. The Company wishes KPMG to continue as the Company's auditor, and KPMG has indicated its willingness to do so.

Section 207S of the Act provides that the fees and expenses of the auditor are to be fixed in such a manner as the Company determines at the AGM. Each Director proposes that the auditor's fees be fixed by the directors.

Each director recommends that shareholders vote in favour of Resolution 2.

3. Resolution 3: Issue of up to 335,770 Performance Rights to Richard Tacon or his nominee(s)

Overview of Resolution 3

The Board is committed to incentivising and retaining key management personnel in a manner which promotes the alignment of their interests with the interests of the Company and its shareholders. As a result, the Board proposes to issue to Mr Richard Tacon or his nominee(s), 335,770 performance rights (each a **Performance Right**) under the provisions of Company's Long-Term Incentive Plan (**LTIP**). Those Performance Rights are intended to reward Mr Tacon for his past performance and incentivise him in his ongoing roles as Chief Executive Officer and an executive director of the Company.

The adoption and implementation of the LTIP was approved by shareholders at the Company's 2018 Annual General Meeting. That shareholder approval was sought so that for all purposes under the Listing Rules, including Listing Rule

7.2 (exception 13), any equity securities issued under the LTIP would be excluded from the calculation of the maximum number of new equity securities that can be issued by the Company in any 12-month period, for a period of three years from the date of shareholder approval of the LTIP. Whilst that approval expired prior to the date of this AGM, these Performance Rights are proposed to be issued under the provisions of the LTIP which itself has not expired.

Listing Rule 10.14 provides that a listed company must not permit a director to acquire securities under an employee incentive scheme without prior shareholder approval, by ordinary resolution. Accordingly, the purpose of Resolution 3 is to seek shareholder approval of the proposed grant of Performance Rights to Mr Tacon or his nominee(s) pursuant to the provisions of the LTIP.

Assuming Resolution 3 is approved by the shareholders at the AGM and in accordance with its terms, no further shareholder approval of this resolution is required under Listing Rule 7.1.

Listing Rule 10.14

Listing Rule 10.14 provides that a listed company must not, without the approval of the holders of its ordinary securities, permit any of the following persons to acquire securities under an employee incentive scheme:

- a) a director;
- b) an associate of a director; or
- c) a person whose relationship with the company, or with a director or associate of a director, is such that in ASX's opinion, approval should be obtained.

The LTIP is an "employee incentive scheme" for the purposes of the Listing Rules and Mr Tacon qualifies as a director of the Company under Listing Rule 10.14.

Effect of Resolution 3

If Resolution 3 is passed, then the Company will be able to proceed with the issue of the Performance Rights to Mr Tacon or his nominee(s) that are the subject of Resolution 3.

If Resolution 3 is not passed, then the Company will not be able to proceed with the issue of the Performance Rights to Mr Tacon or his nominee(s) that are the subject of Resolution 3. In that circumstance, the Company may have to consider alternative methods of providing incentivisation or remuneration to Mr Tacon, which may take the form of cash-based payments, which would reduce the Company's cash reserves otherwise held.

Mr Tacon's remuneration package

Mr Tacon's remuneration package consists of fixed remuneration of AUD \$542,000 per annum, plus variable short-term incentives (value up to 50 per cent. of fixed remuneration, dependent on achievement of prescribed performance objectives) and long-term incentives (value up to 60 per cent. of fixed remuneration) issued under the LTIP.

Prior issues of long-term incentive benefits

Details of previous long-term incentives issued under the Company's current LTIP were:

- shareholders approved at the 2018 Annual General Meeting of the Company, the issue to Richard Tacon or his nominee(s) of 295,454 Performance Rights and to Russell Middleton or his nominee(s) 163,636 Performance Rights in December 2018 for a nil issue price. Those Performance Rights were cancelled on 30 June 2021 as the market performance conditions were not met;
- shareholders approved at the 2019 Annual General Meeting of the Company, the issue to Richard Tacon or his nominee(s) of 302,483 Performance Rights and to Russell Middleton or his nominee(s) 181,490 Performance Rights in January 2020 for a nil issue price. Those Performance Rights were cancelled on 30 June 2022 as the market performance conditions were not met;
- shareholders approved at the 2021 Annual General Meeting of the Company, the issue to Richard Tacon or his nominee(s) of 581,153 Performance Rights and to Russell Middleton or his nominee(s) 464,923 Performance Rights in December 2021 for a nil issue price. Subject to performance conditions being satisfied, those Performance Rights will vest no later than 1 December 2024 and must be exercised by no later than 1 March 2025.

- shareholders approved at the 2022 Annual General Meeting of the Company, the issue to Richard Tacon or his nominee(s) of 301,600 Performance Rights and to Russell Middleton or his nominee(s) 200,325 Performance Rights in November 2022 and to Peter Westerhuis 77,905 Service Rights for a nil issue price. Subject to performance conditions being satisfied, those Performance and Service Rights will vest no later than 1 December 2025 and must be exercised by no later than 1 March 2026.
- shareholders approved at the 2023 Annual General Meeting of the Company, the issue to Richard Tacon or his nominee(s) of 343,359 Performance Rights and to Russell Middleton or his nominee(s) 228,062 Performance Rights in November 2023 for a nil issue price. Subject to performance conditions being satisfied, those Performance and Service Rights will vest no later than 1 December 2026 and must be exercised by no later than 1 March 2027.

This information is also relevant to any consideration of the content of Section 4 (in relation to Resolution 4).

Grant of Performance Rights to Mr Tacon or his nominee(s)

The Remuneration and Nomination Committee has concluded that the remuneration for Mr Tacon (including the proposed grants of the LTIP Performance Rights) is reasonable and appropriate having regard to the circumstances of the Company and Mr Tacon's performance of his duties and responsibilities over the preceding financial year.

Maximum number of Performance Rights to be issued to Mr Tacon or his nominee(s)

If Resolution 3 is approved, the maximum number of Performance Rights that may be granted to Mr Tacon or his nominee(s) is 335,770. The number of Performance Rights was calculated by dividing 50 per cent. of Mr Tacon's fixed annual remuneration by the 5 day VWAP share price on 1 July 2024 – being A\$0.8071 - which is consistent to previous Performance Rights calculations.

Value of Performance Rights subject of Resolution 3

The value of each Performance Right that is the subject of Resolution 3 is estimated to be A\$0.8071 based on the 5 day volume weighted average price up to 1 July 2024. That value is before allowing for any discount that may be applied in order to allow for the Total Shareholder Return (TSR) performance condition to be satisfied. Therefore, the estimated gross contract value of the Performance Rights that are the subject of Resolution 3 is A\$271,000. However, the value of those Performance Rights for accounting purposes under IFRS- will be determined at the date of grant and will be expensed over Mr Tacon's relevant service period.

Price of Performance Rights

The Performance Rights will be granted for no cash consideration paid or payable by Mr Tacon or his nominee(s). Once the performance requirements stated below have been met, the Performance Rights issued to Mr Tacon or his nominee(s) after approval of Resolution 3, will be exercisable for nil cash consideration.

Timing of issue of Performance Rights subject of Resolution 3

Subject to shareholder approval of Resolution 3, it is anticipated that the Performance Rights will be granted to Mr Tacon or his nominee(s) shortly after the AGM. In any event, and as required under the Listing Rules, all the Performance Rights that are the subject of Resolution 3 will be issued within 12 months of the date of approval of Resolution 3.

Performance Requirements and important dates

The performance requirements attaching to the Performance Rights that are the subject of Resolution 3 are as follows:

- continuous employment of Mr Tacon by the Company or a related body corporate of the Company until and including 1 December 2027;
- the Company achieving a TSR compound annual growth rate (TSR CAGR) for the period on and including 1 July 2024 to and including 30 June 2027 (TSR Determination Period), of between:
 - 10%, in which case 50% in number of the Performance Rights that are the subject of Resolution 3 will vest in Mr Tacon or his nominee(s); and

- 15% in which case 100% in number of the Performance Rights that are the subject of Resolution 3 will vest in Mr Tacon or his nominee(s).

Where the TSR CAGR for the TSR Determination Period is greater than 10% and less than 15%, Mr Tacon or his nominee(s) will be entitled to a pro rata number of the Performance Rights that are the subject of Resolution 3. For example, if the TSR CAGR for the TSR Determination Period was 13%, Mr Tacon or his nominee(s) would be entitled 70% in number of those Performance Rights;

- the determination of the TSR CAGR for the TSR Determination Period will be a measure of the increase, if any, in the closing price of a fully paid ordinary share on the issued capital of the Company (each a **Share**), as quoted by ASX, and where the initial base price of a Share will be A\$0.81 which is the closing price of a Share as quoted by ASX, on 1 July 2024; and
- the first Vesting Date of the Performance Rights that are the subject of Resolution 3 is 1 December 2027. All those Performance Rights will lapse on 1 March 2028 if not vested and exercised by that later date.

Other conditions attaching to Performance Rights generally

- Unvested Performance Rights may, in certain circumstances, vest early in accordance with the terms of the LTIP, and any Leaver's Policy as stated in the terms and conditions of the LTIP that may apply from time to time, as approved by the Board.
- Any dealing in Shares is subject to the constraints of Australian and New Zealand insider trading laws and the Company's Share Trading Policy. Participants in the LTIP are specifically prohibited from hedging their exposure to the Share price in respect of any entitlement under the LTIP prior to the exercise of any such entitlement.
- If, in the Board's opinion, Mr Tacon has acted fraudulently or dishonestly or is in breach of his material obligations to the Company, the Board may determine that any or all of his Performance Rights or other awards under the terms and conditions of the LTIP (each an **Award**) that have not yet vested, will lapse and be of no effect.
- Persons referred to in Listing Rule 10.14 that are entitled to participate in the LTIP are Richard Tacon, Russell Middleton, Francois Tumahai and Peter Westerhuis, each in their capacity as directors of the Company, or their respective nominee(s).
- Details of any securities issued under the LTIP will be published in the annual report of the Company relating to the period in which they were issued, together with a statement that approval for the issue was obtained under Listing Rule 10.14.
- Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of securities under the LTIP after Resolution 3 is approved and who are not named in this Notice will not participate unless and until approval is obtained under that Listing Rule.

Directors' recommendation

Given the interest of Directors in this resolution, the Board makes no recommendations to shareholders regarding this Resolution 3.

4. Resolution 4: Issue of up to 267,625 Performance Rights to Russell Middleton or his nominee(s)

Overview of Resolution 4

The Board is committed to incentivising and retaining key management personnel in a manner which promotes the alignment of their interests with the interests of the Company and its shareholders. As a result, the Board proposes to issue to Mr Russell Middleton or his nominee(s), 267,625 Performance Rights. Those Performance Rights are intended to reward Mr Middleton for his past performance and incentivise him in his ongoing roles as Chief Financial Officer and an executive director of the Company.

The purpose of Resolution 4 is to seek shareholder approval of the proposed grant of Performance Rights to Mr Middleton or his nominee(s) pursuant to the provisions of the LTIP. Assuming Resolution 4 is approved by the shareholders at the AGM and in accordance with its terms, no further shareholder approval of this resolution is required under Listing Rule 7.1.

Listing Rule 10.14

Listing Rule 10.14 provides that a listed company must not, without the approval of the holders of its ordinary securities, permit any of the following persons to acquire securities under an employee incentive scheme:

- a) a director;
- b) an associate of a director; or
- c) a person whose relationship with the company, or with a director or associate of a director, is such that in ASX's opinion, approval should be obtained.

The LTIP is an "employee incentive scheme" for the purposes of the Listing Rules and Mr Middleton qualifies as a director of the Company under Listing Rule 10.14.

Effect of Resolution 4

If Resolution 4 is passed, then the Company will be able to proceed with the issue of the Performance Rights to Mr Middleton (or his nominee(s) that are the subject of Resolution 4.

If Resolution 4 is not passed, then the Company will not be able to proceed with the issue of the Performance Rights to Mr Middleton or his nominee(s) that are the subject of Resolution 4. In that circumstance, the Company may have to consider alternative methods of providing incentivisation or remuneration to Mr Middleton, which may take the form of cash-based payments, which would reduce the Company's cash reserves otherwise held.

Mr Middleton's remuneration package

Mr Middleton's remuneration package consists of fixed remuneration of AUD \$432,000 per annum, plus variable short-term incentives (value up to 50 per cent. of fixed remuneration, dependent on achievement of prescribed performance objectives) and long-term incentives (value up to 50 per cent. of fixed remuneration) issued under the LTIP.

Details of previous long-term incentives issued under the Company's current LTIP are stated in Section 3 above.:

Grant of Performance Rights to Mr Middleton

The Remuneration and Nomination Committee has concluded that the remuneration for Mr Middleton (including the proposed grants of the LTIP Performance Rights) is reasonable and appropriate having regard to the circumstances of the Company and Mr Middleton's performance of his duties and responsibilities over the preceding financial year.

Maximum number of Performance Rights to be issued to Mr Middleton

If Resolution 4 is approved, the maximum number of Performance Rights that may be granted to Mr Middleton or his nominee(s) is 267,625. The number of Performance Rights was calculated by dividing 50 per cent. of Mr Middleton's fixed annual remuneration by the 5 day VWAP share price on 1 July 2024 – being A\$0.8071 – which is consistent to previous Performance Rights calculations.

Value of Performance Rights

The value of each Performance Right that is the subject of Resolution 4 is estimated to be A\$0.8071 based on the 5 day volume weighted average price up to 1 July 2024. That value is before allowing for any discount that may be applied in order to allow for the TSR performance condition to be satisfied. Therefore, the estimated gross contract value of the Performance Rights that are the subject of Resolution 4 is A\$216,000. However, the value of those Performance Rights for accounting purposes under IFRS-2 will be determined at the date of grant and will be expensed over Mr Middleton's relevant service period.

Price of Performance Rights

The Performance Rights will be granted for no cash consideration paid or payable by Mr Middleton. Once the performance requirements stated below have been met, the Performance Rights issued to Mr Middleton or his nominee(s) after approval of Resolution 4, will be exercisable for nil cash consideration.

Timing of issue of Performance Rights

Subject to shareholder approval of Resolution 4, it is anticipated that the Performance Rights will be granted to Mr Middleton or his nominee(s) shortly after the AGM. In any event, and as required under the Listing Rules, all the

Performance Rights that are the subject of Resolution 4 will be issued within 12 months of the date of approval of Resolution 4.

Performance Requirements and important dates

The performance requirements attaching to the Performance Rights that are the subject of Resolution 4 are as follows:

- continuous employment of Mr Middleton by the Company or a related body corporate of the Company until and including 1 December 2027;
- the Company achieving a TSR CAGR for the TSR Determination Period, of between:
 - 10%, in which case 50% in number of the Performance Rights that are the subject of Resolution 4 will vest in Mr Middleton or his nominee(s); and
 - 15% in which case 100% in number of the Performance Rights that are the subject of Resolution 4 will vest in Mr Middleton or his nominee(s).

Where the TSR CAGR for the TSR Determination Period is greater than 10% and less than 15%, Mr Middleton or his nominee(s) will be entitled to a pro rata number of the Performance Rights that are the subject of Resolution 4. For example, if the TSR CAGR for the TSR Determination Period was 13%, Mr Middleton or his nominee(s) would be entitled 70% in number of those Performance Rights;

- the determination of the TSR CAGR for the TSR Determination Period will be a measure of the increase, if any, in the closing price of a Share, as quoted by ASX, and where the initial base price of a Share will be A\$0.81 which is the closing price of a Share as quoted by ASX, on 1 July 2024; and

- Persons referred to in Listing Rule 10.14 that are entitled to participate in the LTIP are Richard Tacon, Russell Middleton, Francois Tumahai and Peter Westerhuis, each in their capacity as a director of the Company.
- Details of any securities issued under the LTIP will be published in the annual report of the Company relating to the period in which they were issued, together with a statement that approval for the issue was obtained under Listing Rule 10.14.

Directors' recommendation

Given the interest of Directors in this resolution, the Board makes no recommendations to shareholders regarding this Resolution 4.

5. Resolution 5: Approval of 10 percent placement capacity

For personal use only

Overview of Resolution 5

Subject to a number of exceptions, Listing Rule 7.1A enables eligible entities to maintain an additional 10 per cent. capacity to issue equity securities for cash consideration through placements over a 12-month period by way of a special resolution passed at its annual general meeting (at which its shareholders approve of the creation or maintenance of that capacity (**10% Placement Facility**)). The 10% Placement Facility is in addition to the Company's ability to issue equity securities of up to 15 per cent of its current issued share capital under Listing Rule 7.1 (**15% Placement Facility**).

For the purposes of Listing Rule 7.1A, an eligible entity is an entity that:

- is not included in the S&P/ASX 300 Index; and
- has a market capitalisation of \$300 million or less (excluding restricted securities and securities quoted on a deferred settlement basis).

The Company is an eligible entity for the purposes of Listing Rule 7.1A.

The Company is seeking shareholder approval by way of a special resolution to have the ability to issue equity securities under the 10% Placement Facility. The exact number of equity securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer below).

The effect of Resolution 5 will be to allow the Company to issue equity securities under Listing Rule 7.1A during the 10% Placement Period (as defined below) without further shareholder approval and without reliance on the Company's 15% Placement Facility. If Resolution 5 is not passed, the Company will not be able to access the additional capacity to issue up to 10% of its then fully paid ordinary issued capital without shareholder approval of that issue, in accordance with the requirements of Listing Rule 7.1A. Further, the Company will remain subject to the 15% Placement Facility limit on issuing securities without shareholder approval as set out in Listing Rule 7.1.

Resolution 5 is a special resolution and therefore requires approval of 75 per cent. of the votes cast by shareholders present and entitled to vote on the resolution (by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

Description of Listing Rule 7.1A

(a) Shareholder approval

The Company's ability to issue equity securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting of the Company.

(b) Equity securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company.

(c) Formulae for calculating 10% Placement Facility

The exact number of equity securities that the Company may issue under the 10% Placement Facility will be calculated according to the following formula (as prescribed by Listing Rule 7.1A.2):

(A x D) – E

- A** is the number of fully paid ordinary securities on issue at the commencement of the relevant period (the 12 month period immediately preceding the date of the issue or agreement),
- plus the number of fully paid ordinary securities issued in the relevant period under an exception in rule 7.2 other than exception 9, 16 or 17,
 - plus the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4,

- plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4,
- plus the number of any other fully paid ordinary securities issued in the relevant period with approval under rule 7.1 or rule 7.4, Note: This may include fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 17 where the issue is subsequently approved under rule 7.1.
- plus the number of partly paid ordinary securities that became fully paid in the relevant period,
- less the number of fully paid ordinary securities cancelled in the relevant period;

D is 10 per cent.; and

E is the number of equity securities issued or agreed to be issued under Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under rule 7.4.

Minimum issue price

The issue price of equity securities issued under Listing Rule 7.1A must be issued for a cash consideration per security which is not less than 75 per cent. of the volume weighted average price of trading in those securities on the ASX market of equity securities in the same class, calculated over the 15 Trading Days as defined in the Listing Rule 19.12 (each a **Trading Day**) on which trades in that class were recorded immediately before:

- the date on which the price at which the equity securities are to be issued is agreed; or
- if the equity securities are not issued within 10 Trading Days of the date in the preceding sub-paragraph immediately above, the date on which the equity securities are issued.

A determination of the above volume weighted average will exclude block trades, large portfolio trades, permitted trades during the pre-trading hours period, permitted trades during the post-trading hours period, out of hours trades and exchange traded option exercises (see Listing Rule 19.12).

10% Placement Period

The equity securities may be issued under the 10% Placement Facility commencing on the date of the annual general meeting and expiring on the first to occur of the following:

- the date that is 12 months after the date of the annual general meeting at which its shareholders approve of the creation or maintenance of the 10% Placement Facility; or
- the time and date of the Company's next annual general meeting; or
- the time and date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main understanding) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

or such longer period if allowed by the ASX (**10% Placement Period**).

Specific information required in accordance with Listing Rule 7.3A

(d) Risk of voting dilution

Any issue of equity securities under the 10% Placement Facility will dilute the interests of shareholders who do not receive any shares under the issue.

If Resolution 5 is approved by shareholders and the Company issues the maximum number of equity securities available under the 10% Placement Facility, the existing shareholders' voting power in the Company will be diluted. An example of the potential dilution of the shareholders' voting power in the Company is shown in the below table, which example is based on a number of qualifications and assumptions.

There is a risk that:

- (i) the market price for the Company's shares may be significantly lower on the date of the issue of the equity securities than on the date of the annual general meeting; and
- (ii) the equity securities may be issued at a price that is at a discount to the market price for the Company's shares on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

The table below shows the potential dilution of existing shareholders on the basis of the current market price of shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date noted below.

The table also shows:

- (iii) two examples where variable "A" has increased, by 50 percent and 100 percent. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future shareholders' meeting; and
- (iv) two examples of where the issue price of ordinary securities has decreased by 50 percent and increased by 100 percent as against the current market price.

Variable "A" shares on issue		Dilution		
		AU \$0.3625	AU \$0.725	AU \$1.45
		50% decrease in market price	Current market price	100% increase in market price
Current Variable "A"	Shares issued	19,135,978	19,135,978	19,135,978
191,359,780	Funds raised	\$6,936,792	\$13,873,584	\$27,747,168
50% increase in Variable "A"	Shares issued	28,703,967	28,703,967	28,703,967
287,039,670	Funds raised	\$10,405,188	\$20,810,376	\$41,620,752
100% increase in Variable "A"	Shares issued	38,271,956	38,271,956	38,271,956
382,719,560	Funds raised	\$13,873,584	\$27,747,168	\$55,494,336

The table above uses the following assumptions:

- there are currently 191,359,780 Shares on issue as at the date of this Notice;
- the current market price set out above is the closing price of the shares on the ASX on 29 October 2024;
- the Company issues the maximum possible number of equity securities under the 10% Placement Facility, once duly approved;
- the Company has not issued any equity securities in the 12 months prior to the AGM that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1;
- the issue of equity securities under the 10% Placement Facility consists only of Shares;
- no remaining performance rights or convertible notes will be exercised into Shares before the date of issue of the equity securities under the 10% Placement Facility (for details of rights and notes on issue, refer to note 18 in the 2024 Annual Report <https://bathurst.co.nz/assets/reports/Annual-Report-2024.pdf>).

For personal use only

- the calculations above do not show the dilution that any one particular shareholder will be subject to. All shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances;
- the table above does not set out any dilution pursuant to approvals under Listing Rule 7.1; and
- the table above does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Facility, based on that shareholder's holding at the date of the AGM.

Shareholders should also note that there is a risk that:

- (v) the market price for the Shares may be significantly lower on the issue date than on the date of the AGM; and
- (vi) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) Purpose of issue under 10% Placement Facility

The Company may seek to raise funds by the issue of equity securities under the 10% Placement Facility for the following purposes:

- (i) acquisition of new resources, assets or investments (including expenses associated with such acquisition); or
- (ii) seeking to resolve the Company's debts as they fall due; or
- (iii) general working capital.

The Company will comply with the disclosure obligations under the Listing Rules 7.1A.4 upon issue of any equity securities pursuant to the 10% Placement Facility.

(f) Allocation policy under the 10% Placement Facility

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility.

The identity of the recipients of equity securities will be determined on a case-by-case basis having regard to factors that include the following:

- (i) the methods of raising funds that are available to the Company, including rights issues or other issues in which existing security holders can participate;
- (ii) the effect of the issue of the equity securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The recipients of any equity securities issued under the 10% Placement Facility have not been determined as at the date of this Notice, but may include existing shareholders and/or new investors who are not a related body corporate (as that term is defined in the Australian Corporations Act 2001) of the Company or their associates.

If Resolution 5 is approved by shareholders, the Company may issue equity securities under the 10% Placement Facility during the 10% Placement Period, as and when the circumstances of the Company require.

(g) Previous approval under Listing Rule 7.1A

The Company received shareholder approval for a 10% Placement Facility at the 2023 AGM. However this facility was not used and there have been no changes to the Company's shares over the last 12 months.

(h) Voting exclusion statement

At the time on which Resolution 5 will be voted upon at the Meeting, the Company will not be proposing to make an issue of Equity Securities. Accordingly, it is intended that each valid vote of a shareholder who is otherwise

entitled to vote in regard to Resolution 5 will be included for the purposes of determining whether or not shareholder approval of Resolution 5 was validly given.

Directors' recommendation

Each director recommends that shareholders vote in favour of Resolution 5.

Shareholder Questions

All shareholders are encouraged to submit questions for directors or KPMG to agm@bathurst.co.nz. During the course of the AGM, the Company will use its best efforts to address as many of the more frequently raised questions.
