Second mining lease granted for Springdale Graphite Project

International Graphite Limited (ASX: IG6) confirms mining lease M74/0252 has been granted by the Western Australian Department of Energy, Mines, Industry Regulation and Safety.

The mining lease covers deposits at the 100% owned Springdale Graphite Project near Ravensthorpe and Hopetoun on the south coast of Western Australia.

Together, mining leases M74/0252 and M74/0253 – the granting of which was announced last week – cover nearly 100% of the existing mineral resources at the Springdale Graphite Project (refer Table1)¹.

About International Graphite

International Graphite is an emerging supplier of processed graphite products, including active anode materials for lithium-ion batteries in electric vehicles, defence applications and global energy transformation. The Company is developing a mine-to-market capability, with mining and graphite concentrate production from its 100% owned Springdale Graphite Project, and downstream processing at Collie, both in Western Australia. The Company is building on Australia's reputation for technical excellence and outstanding ESG performance to provide secure and reliable graphite supply for growing markets in the US, Europe and Asia. Collie operations are certified to ISO9001:2015. International Graphite is listed on the Australian Securities Exchange (ASX: IG6) and Tradegate and Frankfurt Stock Exchange (FWB: H99, WKN: A3DJY5) and is a member of the European Battery Alliance ([EBA250](#)) and European Raw Minerals Alliance ([ERMA](#)). www.internationalgraphite.com.au
