Dividend update

As a result of the Company's return to profitability and cash generation, Bravura intends to recommence the declaration of dividends in February 2025 when the 1H25 results are announced, with payment in March 2025.

This is in addition to the capital return of at least \$0.163 per share to be paid on 30 January 2025, reflecting the Company's improved financial performance and strong balance sheet.

"We are pleased to inform shareholders that our Cash EBITDA, EBITDA and revenue performance is anticipated to be ahead of the guidance previously provided. This is further confirmation of the execution progress of our strategy to reset and energise the Bravura business. We have returned to profitability and have a healthy balance sheet. As a result, we intend to recommence the payment of dividends which will be announced as part of our half year results."
