Dear Mr Logarajah

TRADING HALT REQUEST

Castile Resources Limited (**Castile** or the **Company**) requests a trading halt from the commencement of trading today.

For the purposes of Listing Rule 17.1, the Company provides the following information:

- The trading halt is requested for the purposes of considering, planning and executing a capital raising (**Announcement**).
- The Company requests the trading halt remain in place until the earlier of the Company making the Announcement, or commencement of trading on Friday, 6 December 2024.
- The Company is not aware of any reason why the trading halt should not be granted or any other information necessary to inform the market about the trading halt.

Authorised by the Board of Castile Resources Limited.

CASTILE RESOURCES LIMITED

Castile is developing the Rover 1 Project within the prolific gold-copper mining province of Tennant Creek in the Northern Territory. The Rover 1 PFS Rover 1 revealed a financially robust, polymetallic, high-grade iron oxide copper gold (IOCG) deposit that will produce gold doré, copper and cobalt metal and high-grade magnetite. High purity (99%) copper and cobalt metal produced will be available for sale to EV and battery manufacturers directly from Castile. The gold doré and 96.5% magnetite product (suitable for green steel) provide further diversity and revenue streams. Castile has been awarded Major Project Status by the NT Government and is engaged with NT Land Corp on a parcel of land within the Middle Arm Sustainable Development Precinct.
