The directors of the Company that held office during the half year ended 31 December 2023 and up to the date of this report, unless otherwise indicated, are:

Tomasz Jacek Rudas, Managing Director and Chief Executive Officer Saithsiri Saksitthisereekul (appointed Chairman 14 December 2022) Damien Craig Flugge (appointed 14 December 2022)

REVIEW OF OPERATIONS AND FINANCIAL RESULTS

Operations

For the half year ended 31 December 2023, the company recorded revenue of \$288,842 compared to \$983,992 for the prior corresponding period ("pcp"), a decrease of 71%.

Total income was \$4,545,614 compared to \$1,755,553 for the pcp. Included in income is \$3.5 million arising on the early termination of a lease by the company, together with \$300,000 attributable to reversal of impairment on a receivable.

The company recorded a profit after tax of \$2,689,747 for the reporting period. This compares to a loss after tax of \$1,414,264 for the pcp.

Maddington Waste Facility ("Maddington")

The Company made a strategic decision to exit the Construction and Demolition (C&D) waste recycling sector as market and regulatory conditions had not improved to a point that made recycling economically viable.

In order to focus on more valuable waste streams as well as prepare for the eventual opening of Gingin landfill and the anticipated waste supply requirements that M8 could fulfill with its waste transfer station license, it was decided to reduce the site requirements at Maddington, by relinquishing the lease over Lot 280 and the offices.

M8 utilized its remaining C&D waste recycling equipment to off-set its costs of remediating the Maddington site and removing all unprocessed waste as well as carrying out repairs and maintenance on the site.

On 1 October 2023 the Company reduced its out-goings by reducing its rent from \$115,000 per month to \$62,000 per moths by relinquishing leases over Unit 1 and 2, 48 Kelvin Road Maddington (offices) and Lot 280, 42 Kelvin Rd, Maddington.

The lease over Lot 281, 42 Kelvin Rd, Maddington allows M8 to focus on scrap metal recycling and waste transfer station.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF M8 SUSTAINABLE LIMITED

Report on the Interim Financial Report

Conclusion

We have reviewed the accompanying interim financial report of M8 Sustainable Limited (the company) which comprises the statement of financial position as at 31 December 2023, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the interim financial report of M8 Sustainable Limited is not in accordance with the *Corporations Act 2001* including:

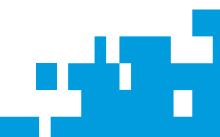

- (a) giving a true and fair view of the company's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

Material Uncertainty Related to Going Concern

We draw attention to Note 2 in the interim financial report, which indicates that the company's current liabilities exceeded its current assets by \$2,368,051. As stated in Note 2, these events or conditions, along with other matters as set forth in Note 2, indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of M8 Sustainable Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibility for the Half-Year Financial Report

The directors of the M8 Sustainable Limited are responsible for the preparation of the interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2023 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

AUDITOR'S INDEPENDENCE DECLARATION

As lead auditor for the review of the financial report of M8 Sustainable Limited for the half-year ended 31 December 2023, I declare that, to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and

Notes to the Financial Statements For the Half-Year Ended 31 December 2023

Note 1. Corporate Information

These interim financial statements of M8 Sustainable Limited (the "Company") for the six months ended 31 December 2023, were authorised for issue in accordance with a resolution of the Directors on 22 December 2024.

The Company is a listed public company, incorporated and domiciled in Australia. Its registered office is Unit 1, 48 Kelvin Road, Maddington WA 6109 and its principal place of business is Unit 1, 48 Kelvin Road, Maddington WA 6109. Its principal activities are related to the waste industry.

Note 2. Basis of Preparation and Material Accounting Policy Information

a) Basis of preparation

(i) Compliance statement

The interim financial statements are condensed general purpose financial statements, prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard 134 *Interim Financial Reporting* ("AASB 134").

The interim financial statements do not include all notes of the type normally included in annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the 2023 Financial Statements for the year ended 30 June 2023 and any public announcements made by the Company during the period ended 31 December 2023 in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the ASX Listing Rules.

The accounting policies adopted in the preparation of the interim financial statements are consistent with those followed in the preparation of the company's annual financial statements, except as disclosed below.

The financial statements do not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Company does not continue as a going concern.

As noted below, the company lost control of its subsidiary, entity Fernview Environment Pty Ltd, in February 2023. Accordingly comparative periods Statements of Profit or Loss and other Comprehensive Income, Changes in Equity and Cash Flows for the six months ended 31 December 2022 are presented on a consolidated basis.

(ii) Going concern

For the period ended 31 December 2023, the company recorded a net profit before tax of \$2,689,747 (2022: \$1,414,264 Loss). Included in net profit after tax is \$3.5 million arising on the early termination of a lease by the company, together with \$300,000 attributable to reversal of impairment on a receivable. As at 31 December 2023, the company's cash and cash equivalents amounted to \$1,906 (30 June 2023: \$25,748) and had net current liabilities of \$2,368,051 (30 June 2023: \$3,661,447).

On 10 February 2023, the securities of the Company were suspended from quotation on the ASX and on 13 February 2023, McGrathNicol Restructuring was appointed as Voluntary Administrators of the Company. On the 14 February 2023, McGrathNicol Restructuring was also appointed as Voluntary Administrators of the Company's wholly owned subsidiary, Fernview Environment Pty Ltd. In connection with the appointment of Voluntary Administrators, McGrathNicol undertook an assessment of the Company and its business and assets and explored options for the sale and/or recapitalisation of the Company.

The Voluntary Administrators advised on 1 June 2023 that the Company had executed a pooled Deed of Company Arrangement (DOCA). Execution of the DOCA had the effect of appointing McGrathNicol as Deed Administrators responsible for the administration of the DOCA and the Voluntary Administration of the Company came to an end.

The Deed Administrators of the Company advised that on 6 June 2023, pursuant to the DOCA, control and management of the Company and Fernview Environment Pty Ltd reverted to their respective directors and Mr R Illingworth ceased as a director of the Company.

Note 2. Basis of Preparation and Material Accounting Policy Information (continued)

a) Basis of preparation (continued)

(ii) Going concern (continued)

The financial effect of the appointment of Voluntary Administrators to the Company and execution of the DOCA includes:

- The loss of control of Fernview Environment Pty Ltd and resulting deconsolidation of that entity, which
 among other assets was the owner of the Gingin Landfill Facility (now wholly owned by M8 Holdings Limited); and
- The settlement of the creditors existing as at 13 February 2023 of the Company, other than:
 - o continuing employees in respect to their continuing employment as at that date;
 - o all claims of M8 Holdings Ltd as at that date; and
 - all claims of RPS Recycling, Sbang Australia, the Maddington property lessors, Iron Capital and any amounts with respect to a performance bond or bank guarantee as at that date.

Since 10 February 2023 the Company has had and continues to have its securities suspended from quotation on the ASX.

Since 6 June 2023, Directors of the Company have been in on-going discussions with its majority shareholder, M8 Holdings Limited with regard to funding alternatives and strategic partnering arrangements, including with respect to the near complete Gingin Landfill Facility now owned indirectly by M8 Holdings Limited through its now wholly owned subsidiary Fernview Environmental Pty Ltd.

Since 6 June 2023, the Company has:

- reduced its monthly salaries and wages cost with all continuing employees other than the managing director having been made redundant;
- revised its leasing arrangements with the Maddington property lessor so as to reduce the monthly lease cost; and
- continued its green waste agreement with Community Green Waste and its weighbridge activities which is contributing cashflow and revenue for the Company, albeit at relatively low amounts at this time.

Since 6 June 2023, M8 Holdings Limited has provided working capital funding, by way of loan, to the company of \$420,992 net of repayments.

On or around 22 December 2023, the Company and its shareholder M8 Holdings Limited agreed to extend the maturity date of convertible notes with face values of \$540,433 and \$1,008,000 to 31 March 2025.

On 13 August 2024 the Company entered into a tri-party Deed of Assignment, Assumption and Variation with M8 Holdings Limited and Patina Metals Pty Ltd, a director of related entity, which assigned to Patina Metals Pty Ltd (Patina) all of M8 Holdings Limited future rights and obligations relating to the convertible notes held by M8 Holdings Limited at that date with the face value of \$7,048,433, together with Capitalised Interest. On 11 November 2024, Patina provided the Company with notification that it will seek to convert all of its Convertible Notes at the Company's next Annual General meeting. Conversion of the Convertible Notes will be subject to shareholder approval.

Directors anticipate re-capitalising the Company through both debt and equity raisings and are endeavoring to have the securities of the Company back trading on the ASX by February 2025. The company has advised the ASX of its intention of raising \$3,500,000 in February 2025 of which \$1,500,000 will be applied towards repayments of loans and creditors, and \$2,000,000 for use as working capital. Directors also anticipate the conversion to shares of the debt payable under the Convertible Notes as part of the company's recapitalisation plans. If successful, directors anticipate the ability for the Company, in the longer term, to be able to meet its debts as and when they fall due and payable.

Notes to the Financial Statements For the Half-Year Ended 31 December 2023

Note 2. Basis of Preparation and Material Accounting Policy Information (continued)

b) Basis of preparation (continued)

(ii) Going concern (continued)

Whilst Directors anticipate having, in the immediate short term, sufficient funding available to enable the Company to settle creditors arising from its current day to day activities, the Company does not currently hold the funds necessary to settle the liabilities noted above.

Accordingly, the above matters give rise to a material uncertainty with respect to the Company's ability to continue as a going concern and therefore its ability to realise its assets and settle its liabilities in the ordinary course of business and at the amounts set out in the financial statements.

- (ii) M8 Holdings continues to support the company with working capital and has provided the company with additional working capital loans during half year ended 31 December 2023 which are on call and non-interest bearing.

(iii) In September 2019, the Company entered loan facility agreement ("the Facility") with M8 Holding Limited ("M8H"), pursuant to which M8H has agreed to lend up to \$4 million to the Company. On 29 October 2021, the Company issued a letter to M8H seeking to draw down on the Facility. The funds are to be utilised for current capital projects and to meet working capital requirements. Key terms of the Facility are as follows:

Loan Amount: Interest Rate:	\$4,000,000 10% per annum
Term:	24 months after the first advance is made or such other date as agreed between the parties
Security:	security interest over all of the present and future property and assets of the Com pany and its controlled entity, Fernview Environmental Pty Ltd which was approved by the Company's shareholders at the annual general meeting held in June 2020. As a consequence of the Company entering into a loan facility with the Remagen, M8H has agreed to take second ranking security for the Facility.

(iii) On 19 August 2022 the Company entered into a \$10 million convertible note facility with M8H. The facility has an interest rate of 10% per annum. This \$10 million convertible note facility was with M8H, was subsequently adjusted by reducing the loan facility to \$5.5 million. This facility was fully drawn down as at 31 December 2022 and 31st December 2023. The maturity date of these notes is 15 August 2025.

On 21 December 2022, the Company entered into an additional \$2.5 million convertible note facility with M8H. The facility has an interest rate of 4.5% per annum with a maturity date of 22 December 2023. This facility was drawn down by \$540,433 as at 31 December 2022 and a further draw down of \$1,008,000 occurred in January 2023. On or before 22 December 2023, the maturity date of this convertible note facility was modified to 31 March 2025.

Note 18 Operating segments

The company has identified its operating segments based on the internal reports that are reviewed and used by the managing director (chief operating decision makers) in assessing performance and in determining the allocation of resources.

Operating segments outlined below are identified based on the nature of the operations. The executive management team consider the business strategically and operationally from a service perspective and have identified the three reportable segments:

The company has the following operating segments:

- Waste Management and Recycling
- Operations and Maintenance (O&M)

Management monitors the performance of the operating results of the segments separately for the purpose of making decisions about resource allocation and performance assessment. Their performance is measured in accordance with the Company's accounting policies.

Types of services by reportable segments

(i) Waste Management and Recycling

The Waste Management segment involves resource recovery from C&D waste and C&I waste. C&D waste includes waste from demolition and civil construction activities, including roads and buildings. C&I waste includes waste from industries such as manufacturing and retail as well as wholesale businesses.

(ii) Operations and Maintenance

The O&M segment primarily involves providing technical, business and other ancillary support to companies in the waste industry.
