## EXPLANATORY STATEMENT

---

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolution which is the subject of the business of the Meeting.

### 1. BACKGROUND TO THE RESOLUTION

#### 1.1 Overview

As announced on 24 June 2024, the Company entered into:

- (a) a share sale agreement (**Veridis SSA**) to acquire 100% of the issued capital of Veridis Energie SARL (a company incorporated in the Republic of Guinea) (**Veridis**) which is the holder of two reconnaissance permits and two exploration licence applications over the reconnaissance permits in the Kissidougou-Mafran region of Guinea known as the Firawa Rare Earth Element-Uranium Project (**Firawa Project**) on 14 May 2024; and
- (b) a share sale agreement (**Mining Development SSA**) to acquire 100% of the issued capital of Mining Development Resources SARLU (a company incorporated in the Republic of Guinea) (**Mining Development**) which is the holder of one reconnaissance permit application and one exploration licence application which has been applied for over the reconnaissance permit application located in located in the Labé district of Guinea (**Labé Project**) on 15 May 2024,

(together, the **Proposed Acquisitions**).

ASX has advised the Company that as the Proposed Acquisitions will amount to a significant change in the nature and scale of the Company's activities, the Company is required to obtain Shareholder approval for the Proposed Acquisitions and must re-comply with Chapters 1 and 2 of the Listing Rules before it can be re-instated to trading on the ASX (including the requirement to have net tangible assets (**NTA**) of at least \$4 million at the time of re-admission after deducting the costs of any capital raising).

The Company held a Shareholder meeting on 23 August 2024 (**Re-compliance Meeting**), pursuant to which it sought approval for, amongst other things, the issue of up to 110,000,000 Shares at an issue price of \$0.05 per Share under the Capital Raising, to enable the Company to raise up to \$5,500,000 (**Maximum Subscription**).

As announced on 23 October 2024 and further disclosed in the supplementary prospectus to the prospectus dated 22 August 2024 (**Prospectus**) prepared by the Company dated 14 November 2024 (**Supplementary Prospectus**), the Company has faced unforeseen delays in the grant of the exploration licences (**Exploration Licences**) over the Firawa and Labé Projects due to the temporary closure of the cadastral system, which operates within the Centre de Promotion et de Development Miniers, part of the Guinean Ministry of Mines and Geology (**Delay**).

As the grant of these Exploration Licences is a condition to the Capital Raising and the Proposed Acquisitions, the Company has been unable to satisfy the conditions for re-admission of its securities to the Official List and has incurred working capital and operating costs during this period which would otherwise have been met from the funds raised under the Capital Raising.

Accordingly, the Company is now seeking Shareholder approval to increase the Maximum Subscription from \$5,500,000 to \$6,000,000 (**New Maximum Subscription**) to ensure that the Company has sufficient funds to meet the NTA requirement at the time of re-admission. The additional funds raised will be applied towards repayment of loan facilities which have been entered into by the Company to meet its working capital and operating costs incurred since lodgement of the Prospectus. The Company will only seek to raise additional funds under the Capital Raising above the Maximum Subscription to the extent required to satisfy the NTA requirement. The maximum amount of funding that may be raised if this Resolution is approved is \$6,000,000.

For further information with respect to the Proposed Acquisitions refer to the notice of general meeting released to the Company's ASX platform on 23 July 2024 (**Re-compliance**

**Notice)** for the Re-compliance Meeting, the Prospectus and the Supplementary Prospectus.

## 1.2 Use of Funds

### Notes:

1. Refer to the Independent Limited Assurance Report set out in Annexure E of the Prospectus for further details. These funds represent cash held by the Company as at 18 July 2024. The Company has expended approximately \$116,000 between 18 July 2024 and the date of lodgement of the Prospectus on working capital, corporate and general administration costs.
2. As set out in the Supplementary Prospectus, the Company entered into a secured loan agreement with Aries Finance Pty Ltd (ACN 671 328 171) (**Aries Finance**) pursuant to which the Company is permitted to draw down up to \$500,000, which has been fully drawn down (**Loan Agreement**). The Company has applied the funds under the Loan Agreement to on-going working costs during the Capital Raising. The Company is negotiating revised terms of the Loan Agreement with Aries to increase the Loan Facility by an additional \$300,000 (**Revised Loan Agreement**). If the parties agree to the Revised Loan Agreement, it is anticipated that the Company will immediately draw down \$100,000 under the Revised Loan Agreement. Additional funds will only be drawn down under the Revised Loan Agreement as required to meet working capital costs. Any additional funds to be drawn down pursuant to the Revised Loan Agreement after the date of this Notice, will be allocated in a manner to enable the Company to meet its working capital requirements in the period prior to re-admission of its securities to the Official List (which are already contemplated within the use of funds table set out in the Prospectus).
3. Exploration expenses include tenure expenses, drilling, drilling assays, metallurgical testwork, and resource estimation costs.
4. Expenses of the Capital Raising include legal fees, ASX fees, advisor fees, investigating accountant fees, independent geological advisory fees, share registry fees and brokerage costs.

5. Administration costs include the general costs associated with the management and operation of the Company's business including administration expenses, management salaries, directors' fees, rent and other associated costs.
6. If agreed, approximately \$100,000 of funds drawn down under the Revised Loan Agreement will be applied to working capital, corporate and general administration costs. If the Company draws down any further loans under the Revised Loan Agreement, this will be repaid out of the Company's working capital, corporate and general administration costs.
7. To the extent that the Company's exploration activities warrant further exploration activities or the Company identifies additional acquisition or investment opportunities, the Company's working capital will also be utilised to fund such further exploration activities and/or acquisition or investment costs (including due diligence investigations and expert's fees in relation to such acquisitions or investments) as applicable.

In the event the amount raised is between the Minimum Subscription and the New Maximum Subscription, the funds raised above the Minimum Subscription will be applied to additional expenses of the Capital Raising, then exploration at the Firawa Project and finally working capital.

The above table is a statement of current intentions as of the date of this Notice. As with any budget, intervening events (including exploration success or failure) and new circumstances have the potential to affect the manner in which the funds are ultimately applied. The Board reserves the right to alter the way funds are applied on this basis.

The Directors and Proposed Directors consider that following completion of the Capital Raising, the Company will have sufficient working capital to carry out its stated objectives. It should however be noted that an investment in the Company is speculative.

## 2. RESOLUTION 1 – APPROVAL TO ISSUE SHARES PURSUANT TO THE CAPITAL RAISING

### 2.1 General

This Resolution seeks Shareholder approval for the purposes of Listing Rule 7.1 for the issue of up to 120,000,000 Shares at an issue price of \$0.05 per Share, to raise up to \$6,000,000 under the Capital Raising.

It is noted that the Shares the subject of the Capital Raising will only be issued if:

- (a) the Minimum Subscription is raised;
- (b) the Company has received conditional approval from ASX for the Company to be reinstated to official quotation on ASX following the Company's compliance with Listing Rule 11.1.3 and Chapters 1 and 2 of the Listing Rules; and
- (c) the issue occurs contemporaneously with settlement of the Proposed Acquisitions.

Further details of the Capital Raising are set out in the Prospectus and the Supplementary Prospectus.

### 2.2 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

As the proposed issue of Shares is being conducted in connection with a re-compliance transaction, ASX has advised that it requires the approval of Shareholders under Listing Rule 7.1.

### 2.3 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to proceed with the issue of Shares up to the New Maximum Subscription. In addition, the issue will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If this Resolution is not passed, the Company will not be able to proceed with the issue of up to a further 10,000,000 Shares under the Capital Raising and will not be able to raise more than \$5,500,000 under the Capital Raising.

The Company will be able to proceed with the issue of up to 110,000,000 Shares under the Capital Raising to raise up to \$5,500,000 (as approved by Shareholders at the Re-compliance Meeting). However, if the funds raised under the Capital Raising are insufficient to enable the Company to satisfy the NTA requirements at the time of seeking re-admission to the Official List, the Company will be unable to complete the Proposed Acquisitions or the Public Offer and is likely to default under its existing loan facilities with Aries Finance.
