Dear Dale

Pact Group Holdings Ltd – Response to ASX Price Query Letter

We refer to the questions listed in your letter dated 6 February 2025 regarding the change in the price of securities of Pact Group Holdings Ltd (ASX: PGH) (**PGH** or the **Company**).

In response to the questions in your letter (using the same numbering):

- (1) **Is PGH aware of any information concerning it that has not been announced to the market which, if known by some in the market, could explain the recent trading in its securities?**
- In responding to this question, please consider in particular whether PGH is aware of any information that its earnings for the 6 month period ending on 31 December 2024:**
- (a) are likely to differ materially (downwards or upwards) from any earnings guidance it has given for the period; or**
 - (b) if PGH has not given any earnings guidance for the period, are otherwise likely to come as a surprise to the market (by reference to analyst forecasts for the period or, if PGH is not covered by analysts, its earnings for the prior corresponding period)?**

No, PGH is not aware of any information concerning it or its earnings for the 6 month period ending 31 December 2024 that is likely to come as a surprise to the market.

PGH is currently scheduled to release its half-year results on 28 February 2025. It is anticipated that the half-year results will reflect the table set out below, noting that these results remain subject to further review and Board approval:

A\$' million	1H FY24*	1H FY25	Change \$*	Change %*
Continuing Operations* Only				
Revenue	897.7	929.5	31.8	up 3.5%
Underlying EBITDA ¹	118.5	124.0	5.5	up 4.6%
Underlying EBIT ¹	62.1	69.4	7.3	up 11.8%
Underlying NPAT ¹	8.5	14.8	6.3	up 74.1%
Total Group Net Debt	428.0	470.8	42.8	up 10.0%

*Effective 30 November 2023, the Company divested 50% of its Crate Pooling and Crate Manufacturing business (**Crates Business**) and retained the remaining 50% in a joint venture. In the table above, the results are for the continuing business only and exclude the five months of trading from the Crates Business in 1H FY24.

The increase in Revenue, Underlying EBITDA¹ and Underlying EBIT¹ reflects increased sales volumes in certain Pact businesses and the ongoing impact of Transformation Plan cost savings which were initially implemented in the first quarter of FY24, among other factors.

The increase in Underlying NPAT¹ reflects the improved Underlying EBIT¹, lower financing costs due to lower average debt over the period offset by an increased tax expense for the period.

Total Group Net Debt at 31 December 2024 increased by 10% as the Company continued its capital asset program.

On 31 December 2024, the Company completed the sale of 100% of its wholly owned subsidiary Viscount Rotational Mouldings Pty Ltd (**VRM**) to CRH Infrastructure Products Australia Pty Ltd. Net cash consideration received from the sale of VRM was \$21.2 million and the gain on sale before tax was \$12.8 million. The gain is excluded from Underlying NPAT¹ and will be reported as part of the Reported NPAT. The gain is still subject to review by Pact's auditors.

Furthermore, PGH considers potential divestments and acquisitions from time to time. However, PGH is not currently in discussions with any counterparties in relation to any material divestments or acquisitions.

- (2) **If the answer to question 1 is “yes”.**
- (a) **Is PGH relying on Listing Rule 3.1A not to announce that information under Listing Rule 3.1? Please note that the recent trading in PGH's securities would suggest to ASX that such information may have ceased to be confidential and therefore PGH may no longer be able to rely on Listing Rule 3.1A. Accordingly, if the answer to this question is “yes”, you need to contact us immediately to discuss the situation.**
- (b) **Can an announcement be made immediately? Please note, if the answer to this question is “no”, you need to contact us immediately to discuss requesting a trading halt (see below).**

¹ Underlying EBITDA refers to EBITDA before underlying adjustments. EBITDA is defined as earnings before net finance costs and losses on de-recognition of financial assets, income tax, depreciation and amortisation. Underlying EBIT refers to EBIT before underlying adjustments. EBIT is defined as earnings before net finance costs and losses on de-recognition of financial assets and income tax. Underlying NPAT is defined as net profit after tax before underlying adjustments. Underlying EBITDA, Underlying EBIT and Underlying NPAT are non-IFRS key financial performance measures used by Pact, the investment community, and Pact's Australian peers with similar business portfolios. Pact uses these and other non-IFRS measures for its internal management reporting as they better reflect what Pact considers to be its underlying performance. Non-IFRS information is not subject to review or audit by the Company's external auditor.

(c) If an announcement cannot be made immediately, why not and when is it expected that an announcement will be made?

See answer to (1) above.

(3) If the answer to question 1 is “no”, is there any other explanation that PGH may have for the recent trading in its securities?

Not applicable.

(4) Please confirm that PGH is complying with the Listing Rules and, in particular, Listing Rule 3.1.

PGH confirms that it is complying with the Listing Rules and, in particular, Listing Rule 3.1.

(5) Please confirm that PGH’s responses to the questions above have been authorised and approved under its published continuous disclosure policy or otherwise by its board or an officer of PGH with delegated authority from the board to respond to ASX on disclosure matters.

PGH confirms that the responses in this letter to the ASX’s questions have been authorised and approved by the Disclosure Committee in accordance with PGH’s Continuous Disclosure Policy.
