1 General information

Organisational Restructure

On 27 October 2023, Civmec Singapore Limited (formerly known as Civmec Limited, domiciled in Singapore) entered into an implementation agreement with Civmec Limited (formerly known as Civmec Australia Limited, domiciled in Australia) with the intention to change the domicile of the head company of the Civmec Group from Singapore to Australia. The Change of Domicile (the "Restructure") was achieved by way of a scheme of arrangement in accordance with Section 210 of the Companies Act 1967 of Singapore. The Shareholders' scheme became effective on 4 September 2024.

The Restructure was accounted for as a reverse acquisition in the Civmec Group consolidated financial statements as at 31 December 2024, with Civmec Singapore Limited identified as the acquirer in accordance with AASB 3 *Business Combinations* and SFRS(I) 3 *Business Combinations*. Accordingly, these condensed interim consolidated financial statements reflect a continuation of the Civmec Group. Refer to Supplementary Information section for additional details.

2 Material accounting policies

(a) Basis of preparation

These condensed interim consolidated financial statements of Civmec Limited (the "Company") and its subsidiaries (the "Group") for the six-month period ended 31 December 2024:

- have been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standard AASB 134: Interim Financial Reporting and Singapore Financial Reporting standards (International) SFRS(I) 1-34: Interim Financial Reporting.
- do not include all the information and disclosures required in the annual financial statements.
- should be read in conjunction with the Group's audited consolidated financial statements for the year ended 30 June 2024.
- presented in Australian dollars (AUD or A\$) unless otherwise stated.
- were approved by the Board of Directors on 12 February 2025.

(b) Accounting policies

The same accounting policies and methods of computation have been followed in these condensed interim consolidated financial statements as were applied in the 2024 Civmec Annual Report. The Group has considered the implications of new and amended Accounting Standards, but determined that their application to the financial statements is either not relevant or not material.

The Restructure involved the transfer of certain assets and entities between companies within the wider Civmec Group. From an accounting perspective, since these transfers were between wholly owned entities, they are considered common control transactions. The Group's accounting policy for such transfers is to apply book value accounting. This policy choice did not have a material impact on the Group's profit and loss or equity when the assets were transferred as part of the Restructure.

Notes to the Financial Statements

31 December 2024

2 Material accounting policies (continued)

(c) Use of estimates, assumptions and judgements

The preparation of the condensed interim consolidated financial statements requires management to make judgements, estimates and assumption that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements as at and for the year ended 30 June 2024.

Basic earnings per share (EPS) is calculated by dividing the consolidated profit after tax attributable to the equity holders of the Company, by the weighted average number of ordinary shares outstanding during the financial period. Diluted EPS is calculated by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number or ordinary shares used in the basic EPS calculation for the effect of dilutive potential ordinary shares.

As at 31 December 2024, the diluted earnings per share includes the effect of 6,089,000 unissued ordinary shares granted under the Performance Rights Plan due to their dilutive effect (30 June 2024: 5,289,000, dilutive).

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. They are non-interest bearing and generally due for settlement within 60 days and therefore are all classified as current.

The Group's internal credit evaluation practices and basis for recognition and measurement for expected credit losses were consistent with those disclosed in the 30 June 2024 Civmec Limited's Annual Report.

Contract assets primarily relate to the Group's right to consideration for work completed but not yet billed at the reporting date on construction contracts. The contract assets are transferred to trade receivables when the rights become unconditional, which usually occurs when the customer certifies the progress claims.

Contract liabilities primarily relate to the Group's obligation to transfer goods or services to customers for which the Group has received advances from customers for construction contracts and progress billings issued in excess of the Group's rights to the consideration in respect of construction contract revenue.

Performance rights plan

Following the Restructure, the 5,289,000 existing performance rights issued under Civmec Singapore (formerly known as Civmec Limited) were cancelled and replaced with new performance rights issued under Civmec Limited (formerly known as Civmec Australia Limited). These were issued equal in number to, and on the same terms and conditions as the existing performance rights, with the exception that the new performance rights, on conversion, convert into shares. The new performance rights are subject to the same vesting criteria.

The new Performance Rights Plan ("PRP") for key senior executives of the Group was approved and adopted at the Extraordinary General Meeting ("EGM") held on 1 August 2024. The PRP is called the "2024 Civmec Key Senior Executives Performance Rights Plan".

A Performance Right refers to a right to one issued ordinary share of the Company granted under the scheme for no consideration. To the extent the gateway hurdles are satisfied, 100% of the vesting will be based on the absolute earnings per share (aEPS) outcome. aEPS is based on the achievement of certain predetermined performance targets determined by the Committee. The Committee has the discretion to determine whether the performance targets have been met.

The balances of Performance Rights are as follows:

| | lssued | <u>Vested</u> | Forfeited /Lapsed / <u>Expired</u> | <u>Balance</u> |

24 Financial information by segments

Management has determined the operating segments based on the internal reports which are regularly reviewed by the Operations Management that are used to make strategic decisions.

The Operations Management comprises of the Executive Chairman, Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and the department heads of each operating segment.

The business is managed primarily on the basis of different products and services as the diversification of the Group's operations inherently have notably different risk profiles and performance assessment criteria.

Reportable segments disclosed are based on aggregating operating segments where the segments are considered to have similar economic characteristics and are also similar with respect to the following:

- the products sold and/or services provided by the segment;
- the manufacturing process;
- the type or class of customer for the products or services;
- the distribution method; and
- any external regulatory requirements.

The Group is organised into the following main business segments:

- Energy
- Resources
- Infrastructure, Marine & Defence

The business activities include heavy engineering, shipbuilding, modularisation, SMP (structural, mechanical, piping), EIC (electrical, instrumentation and control), precast concrete, site civil works, industrial insulation, maintenance, surface treatment, refractory and access solutions.

Although the Operations Management receives separate reports for each project in the Energy, Resources, and Infrastructure, Marine & Defence businesses, these have been aggregated into the respective reportable segments as they have similar long-term average gross margins.

24 Financial information by segments (continued)

Basis of accounting for purpose of reporting by operating segments

(a) Accounting policies adopted

Unless stated otherwise, all amounts reported to the Board of Directors, being the chief decision makers with respect to operating segments, are determined in accordance with accounting policies that are consistent to those adopted in the consolidated financial statements of the Group.

(b) Inter-segment transactions

An internally determined transfer price is set for all inter-segment sales. This price is reviewed quarterly and is based on what would be realised in the event the sale was made to an external party at arm's length. All such transactions are eliminated on consolidation of the Group's financial statements.

Inter-segment loans payable and receivable are initially recognised at the consideration received/to be received net of transaction costs.

(c) Segment assets and liabilities

The Group does not identify nor segregate its assets and liabilities in operating segments as these are managed on a 'group basis'.

Geographical segments (secondary reporting)

Revenue is based on the location of customers regardless of where the services are rendered. Non-current assets are based on the location of those assets:

Basis for Conclusion by Moore Australia Audit (WA)

We conducted our review in accordance with Auditing Standards on Review Engagements 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of the Directors for the Interim Financial Statements

The directors of the company are responsible for the preparation of the Interim Financial Statements that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and SFRS(I) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the Interim Financial Statements that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Interim Financial Statements

Our responsibility is to express a conclusion on the Interim Financial Statements based on our review.

ASRE 2410 requires Moore Australia Audit (WA) to conclude whether anything has come to their attention that causes them to believe that the Interim Financial Statements is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

A review of the Interim Financial Statements consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Singapore Standards on Auditing or Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
