Chairman's letter

1 for 7.16 pro-rata accelerated non-renounceable entitlement offer of New GDG Shares at \$4.15 per New Share

Dear Shareholder

On behalf of the Directors of Generation Development Group Limited (**GDG** or **Company**), I am pleased to invite you to participate in our recently announced fully underwritten equity raising comprising a placement of GDG shares to institutional investors and 1 for 7.16 pro-rata accelerated non-renounceable entitlement offer (**Entitlement Offer**) of new GDG shares (**New Shares**) at an issue price of \$4.15 per New Share to raise approximately \$287.9 million (**Equity Raising**).

As announced to the ASX on Wednesday 12 February 2025, the Company has successfully completed:

- the institutional placement to new and existing institutional investors (**Placement**); and
- the institutional component of the Entitlement Offer (**Institutional Entitlement Offer**).

The Placement and Institutional Entitlement Offer raised approximately \$234 million.

This retail offer booklet (**Booklet**) relates to the retail component of the Entitlement Offer (**Retail Entitlement Offer**).

Under the Retail Entitlement Offer, GDG is offering Eligible Retail Shareholders 1 New Share for every 7.16 Existing Shares held on the Record Date of 7.00pm (Sydney time) on Wednesday 12 February 2025 (**Entitlement**).

If you take up your Entitlement in full, you may also apply for Additional New Shares under the Top-Up Facility (refer to section 1.3 of this Booklet for more information) up to a maximum of 100% of your Entitlement. Additional New Shares will only be available to the extent that there are Entitlements that are not taken up by Eligible Retail Shareholders. Allocations under the Top-Up Facility will be determined by GDG in its absolute discretion, including by applying a scale-back mechanism and any allotment of Additional New Shares is not guaranteed.

Should there be any shortfall of New Shares under the Entitlement Offer and Top-Up Facility, the Directors reserve the right (subject to the Underwriting Agreement summarised in section 9 of this Booklet) to issue the shortfall of New Shares available for a period of up to three months following the Closing Date at a price no less than offered under the Equity Raising.

New Shares offered under the Entitlement Offer will be issued at a price of \$4.15 per New Share (**Offer Price**) which is the same price paid by institutional investors who participated in the Placement and Institutional Entitlement Offer.

Each New Share issued under the Equity Raising will rank equally with existing shares then on issue and will be quoted on ASX.

Jefferies (Australia) Pty Ltd (**Jefferies**) and MA Moelis Australia Advisory Pty Ltd (**MA Moelis Australia**) are acting as joint lead managers and underwriters of the Equity Raising (**Joint Lead Managers**).

Certain Directors and senior managers (or their associated entities) have agreed to take up some or all of their pro rata entitlements totalling approximately \$1.6 million or 0.4 million New Shares. Further details of the Directors' participation is set out in section 3.4 of this Booklet.

The Retail Entitlement Offer will raise up to approximately \$53.9 million.

The proceeds from the Equity Raising of approximately \$287.9 million will be used to fund:

- the cash portion of the acquisition by GDG of all of the equity securities in Evidentia Group Holdings Pty Ltd (**Proposed Acquisition**); and
- associated transaction costs, synergy implementation costs and future growth initiatives.

For personal use only

Proceeds from the Retail Entitlement Offer will be used for payment of a deferred component of the Proposed Acquisition.

Details of the Retail Entitlement Offer and how to participate and take advantage of the Retail Entitlement Offer can be found in this Booklet.

The closing date for the receipt of your Entitlement and Acceptance Form and Application Monies for the Retail Entitlement Offer is 5.00pm (Sydney time) on Thursday 27 February 2025.

If you decide to take this opportunity to increase your investment in GDG please ensure that, before this time, your completed Entitlement and Acceptance Form and Application Monies are received by the Share Registry, Boardroom Pty Limited, or you have paid your Application Monies through BPAY® in accordance with the instructions set out in the Entitlement and Acceptance Form and 'Required Actions' section of this Booklet.

For further information, I urge you to read the Investor Presentation which is included in this Booklet and also contains a summary of some of the key risks associated with an investment in the Company. Shareholders who are in any doubt as to how they should respond to this Retail Entitlement Offer should consult their stockbroker, accountant, solicitor or other independent professional adviser.

Entitlement Offer overview

1. Details of the Entitlement Offer

1.1 The Entitlement Offer

GDG is conducting a fully underwritten equity raising comprising a placement of New Shares to new and existing institutional investors and a 1 for 7.16 pro-rata accelerated non-renounceable entitlement offer to institutional and retail Shareholders as at the Record Date in Australia or New Zealand and eligible foreign institutional Shareholders in Permitted Jurisdictions at the Issue Price of \$4.15 per New Share.

Institutional Entitlement Offer

On Wednesday 12 February 2025, GDG announced that it had successfully completed the Institutional Entitlement Offer raising approximately \$119.6 million. Settlement of the Institutional Entitlement Offer is expected to occur on Friday 14 February 2025. Shares to be issued under the Institutional Entitlement Offer are expected to be allotted and commence trading on Monday 17 February 2025. Completion of the Proposed Acquisition is scheduled for Tuesday 18 February 2025.

Retail Entitlement Offer

Each Eligible Retail Shareholder is entitled to subscribe for 1 New Share for every 7.16 Existing Shares held on the Record Date. Applications can also be made for Additional New Shares under the Top-Up Facility. The Retail Entitlement Offer is non-renounceable. This means that Shareholders who do not take up their Entitlements by 5.00pm (Sydney time) on the Closing Date of Thursday 27 February 2025, will not receive any payment or value for those Entitlements, and their proportionate equity interest in GDG will be diluted. Payment of a deferred completion amount in relation to the Proposed Acquisition using funds raised from the Retail Entitlement Offer is scheduled for Friday 7 March 2025.

The Entitlement Offer is being made under section 708AA of the *Corporations Act 2001* (Cth) (**Corporations Act**) (as modified by *ASIC Corporations (Non-Traditional Rights Issues) Instrument 2016/84* and *ASIC Corporations (Disregarding Technical Relief) Instrument 2016/73*) which allows rights issues to be made without a prospectus, provided certain conditions are satisfied. As a result, it is important for Eligible Retail Shareholders to read and understand the information on GDG and the Entitlement Offer made publicly available, prior to accepting all or part of their Entitlement or applying for Additional New Shares. In particular, please refer to this Booklet and GDG's other periodic and continuous disclosure announcements to the ASX available at www.asx.com.au.

The Equity Raising is fully underwritten by the Joint Lead Managers, subject to the terms and conditions of the underwriting agreement between GDG and the Joint Lead Managers dated 10 February 2025 (**Underwriting Agreement**). See the Underwriting Agreement Details appendix to the Investor Presentation included in the Booklet for a summary of the key terms of the Underwriting Agreement, including particulars of the material circumstances allowing the Joint Lead Managers to terminate their obligations under the Underwriting Agreement.

The number of New Shares to which you are entitled is shown on the offer website or Entitlement and Acceptance Form. If you have more than one registered holding of Shares, you will have more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

Fractional entitlements to New Shares will be rounded down to the nearest whole number of New Shares.

New Shares issued under the Retail Entitlement Offer will be fully paid and rank equally with Existing Shares, including in respect of entitlement to dividends. If you take no action you will not be allocated any New Shares and your Entitlement will lapse.

To qualify for the Retail Entitlement Offer, you must:

- (a) be registered as a Shareholder at 7.00pm (Sydney time) on the Record Date;

- (b) have an address in Australia or New Zealand as recorded on GDG's share register as at the Record Date or be an Institutional Investor in another Permitted Jurisdiction as recorded on GDG's share register as at the Record Date;
- (c) not have received an offer (other than as nominee) under the Institutional Entitlement Offer (and not have been treated as an ineligible institutional Shareholder under the Institutional Entitlement Offer); and
- (d) be eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus or other formal offer document to be lodged or registered,

(Eligible Retail Shareholder).

Retail Shareholders who are not Eligible Retail Shareholders are **'Ineligible Retail Shareholders'**. GDG reserves the right to determine whether a Shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

By returning a completed personalised Entitlement and Acceptance Form or making a payment by BPAY®, you will be taken to have represented and warranted that you satisfy each of the criteria listed above to be an Eligible Retail Shareholder. Nominees, trustees or custodians are therefore advised to obtain independent professional advice as to how to proceed.

GDG may (in its absolute discretion) extend the Retail Entitlement Offer to any institutional Shareholder that was eligible to participate in the Institutional Entitlement Offer but was not invited to participate in the Institutional Entitlement Offer or to other retail Shareholders (subject to compliance with relevant laws).

By receiving this Booklet, you will be taken to have acknowledged and agreed that determination of eligibility of investors for the purposes of the institutional or retail offer components of the Entitlement Offer is determined by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of GDG, and each of GDG and the Joint Lead Managers and each of their respective affiliates disclaim any duty or liability (including for negligence) in respect of that determination and the exercise or otherwise of that discretion, to the maximum extent permitted by law.

1.2 Purpose of the Placement and Entitlement Offer

The proceeds of the Placement and Entitlement Offer will be used to fund:

- the cash portion of the Proposed Acquisition; and
- associated transaction costs, synergy implementation costs and future growth initiatives.

The remaining up-front consideration will be funded through a Placement to Evidentia shareholders who have elected to receive Shares in exchange for their equity in Evidentia.

The table below provides a breakdown of the proposed use of funds from the Equity Raising.

Purpose	Equity Raising (\$ million)	Percentage of funds raised (%)
Proposed Acquisition cash portion	\$244.9m	85%
Transaction costs, synergy implementation costs and future growth initiatives	\$43m	15%
Total funds raised	\$287.9m	100%

Further details regarding the use of funds are set out in the Investor Presentation.

1.3 Top-Up Facility

Eligible Retail Shareholders who take up their Entitlements in full may also apply for Additional New Shares in excess of their Entitlement, up to a maximum of 100% of their full Entitlement at the Issue Price in a 'top-up' facility (**Top-Up Facility**). Please note that New Shares in excess of Entitlements will only be allocated to Eligible Retail Shareholders if there are sufficient New

Shares available and to the extent that GDG determines in its absolute discretion based on the Allocation Policy outlined below.

Any New Shares in excess of Entitlements will be limited by the Allocation Policy and also to the extent that there are sufficient New Shares from Eligible Retail Shareholders who do not take up their full Entitlements. Subject to the following, GDG may apply a scale-back as set out below.

Allocation Policy

The Allocation Policy is that each Eligible Retail Shareholder that:

- (a) takes up their Entitlement in full; and
- (b) subscribes for Additional New Shares under the Top-Up Facility,

will be allocated the number of Additional New Shares they applied for up to a maximum of 100% of their full Entitlement. However there may be a scale-back applied if the Top-Up Facility is oversubscribed as set out below.

In addition, Eligible Retail Shareholders should be aware that:

- (a) there is no guarantee that any application in the Top-Up Facility will be successful;
- (b) the Top-Up Facility has the same closing date as the Retail Entitlement Offer;
- (c) the issue price of Additional New Shares under the Top-Up Facility is the same as the Issue Price; and
- (d) GDG will not issue Additional New Shares under the Top-Up Facility where to do so would result in a breach of its constitution, the Corporations Act or the ASX Listing Rules.

Scale-back

If there are oversubscription applications under the Top-Up Facility, GDG reserves the right to scale back applications for Additional New Shares. The scale back will apply on a pro rata basis to applications for Additional New Shares subject to GDG's discretion.

In the event of a scale-back, the difference between the Application Monies received, and the number of Additional New Shares allocated to you multiplied by the Issue Price will be refunded following allotment. No interest will be paid on any Application Monies received and returned.

1.4 Underwriting

The Equity Raising is fully underwritten by the Joint Lead Managers, subject to the terms and conditions of the Underwriting Agreement.

It is important to note that the Joint Lead Managers will be acting for, and providing services to, GDG in relation to the Entitlement Offer and will not be acting for or providing services to Shareholders. The Joint Lead Managers have been engaged solely as independent contractors and are acting solely in a contractual relationship on an arm's length basis with GDG. The engagement of the Joint Lead Managers by GDG is not intended to create any agency or other relationship between the Joint Lead Managers and Shareholders.

1.5 Issue of New Shares

New Shares under the Retail Entitlement Offer are expected to be issued on or about Thursday 6 March 2025 with normal trading commencing on ASX on or about Friday 7 March 2025 (subject to variation at the discretion of GDG). Fractional entitlements to New Shares will be rounded down to the nearest whole number of New Shares.

GDG reserves the right (in its absolute discretion) to reduce the number of New Shares allocated to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if their claims prove to be overstated or otherwise incorrect or if they fail to provide information to substantiate their claims.

1.6 ASX quotation

GDG will apply for official quotation of New Shares issued under this Booklet. If permission for quotation is not granted by the ASX, the New Shares will not be issued and Application Monies will be refunded (without interest) as soon as practicable.

1.7 Application Monies

Until New Shares are issued, GDG will hold the Application Monies in one or more bank accounts in Australia. The account(s) will be established and kept solely for the purpose of depositing Application Monies and retaining those funds for as long as required.

Any interest accrued on Application Monies will not be paid to the relevant Eligible Retail Shareholder, including if the Retail Entitlement Offer is cancelled or withdrawn.

1.8 Market prices for Shares on ASX

The Issue Price of \$4.15 per New Share under the Entitlement Offer represents a 10.8% discount to the last traded price of GDG shares on 6 February 2025, and a 8.5% discount to TERP¹.

1.9 Foreign Shareholders

The New Shares being offered under this Booklet are being offered to eligible retail Shareholders with registered addresses in Australia or New Zealand.

The Retail Entitlement Offer will not be offered to Ineligible Retail Shareholders. GDG has determined that it is not economically viable to make offers to Ineligible Retail Shareholders due to the cost of meeting compliance requirements with securities laws in each applicable jurisdiction in which Ineligible Retail Shareholders reside. GDG reserves the right in its absolute discretion to offer the Retail Entitlement Offer to a Shareholder with an address in GDG's share register outside Australia or New Zealand if GDG is satisfied that it is not precluded from lawfully issuing New Shares to that Shareholder either unconditionally or after compliance with conditions which the Board in its sole discretion regards as acceptable.

This Booklet does not constitute an offer in any place in which, or to any person to whom, it would not be lawful to make such an offer. No action has been taken to register the New Shares or otherwise permit an offering of New Shares in any jurisdiction outside of Australia or New Zealand.

The distribution of this Booklet outside Australia or New Zealand may be restricted by law. In particular, this document or any copy of it must not be distributed or released in the United States. If you come into possession of this Booklet, you must observe any such restrictions. Any failure to comply with such restrictions may contravene applicable securities laws.

Please refer to section 7 of this Booklet for further information in relation to the foreign jurisdictions in which this Retail Entitlement Offer may be made.

1.10 Nominees and custodians

Nominees with registered addresses in the eligible jurisdictions, irrespective of whether they participated under the Institutional Entitlement Offer, may also be able to participate in the Retail Entitlement Offer in respect of some or all of the beneficiaries on whose behalf they hold Shares, provided that the applicable beneficiary would satisfy the criteria for an Eligible Retail Shareholder.

Due to legal restrictions, nominees and custodians may not send copies of this Booklet or accept the Retail Entitlement Offer on behalf of any person in the United States, or any other jurisdiction outside Australia or New Zealand, except to Institutional Investors in other Permitted Jurisdictions. GDG is not required to determine whether or not any registered shareholder is acting as a nominee or the identity or residence of any beneficial owners of Existing Shares.

1.11 Taxation implications

You should be aware that there may be taxation implications associated with participating in the Retail Entitlement Offer and receiving New Shares (and any Additional New Shares). The taxation consequences of participating in the Retail Entitlement Offer and/or receiving New Shares (and any Additional New Shares) may vary depending on the individual circumstances of each Shareholder.

¹ The Theoretical Ex-Rights Price (TERP) is the theoretical price at which Shares should trade immediately following the ex-date for the Equity Raising. TERP is calculated by reference to GDG's closing price of \$4.65 on 6 February 2025, being the last trading day prior to the announcement of the Placement and Entitlement Offer. TERP is a theoretical calculation only and the actual price at which Shares trade immediately after the ex-date of the Entitlement Offer will depend on many factors and may not be equal to TERP.

Please refer to section 8 of this Booklet for a general discussion of the Australian tax consequences of the Retail Entitlement Offer for Eligible Retail Shareholders resident in Australia and who hold their Shares as capital assets.

Shareholders should consult their professional tax adviser in connection with subscribing for New Shares under this Booklet.

1.12 Risks

There are a number of risks associated with an investment in GDG which may affect its financial performance, financial position, cash flows, distributions, growth prospects and Share price. You should consider the key risk factors which are set out in the Risk Factors section of the Investor Presentation included in this Booklet.

1.13 Regular reporting and disclosure

GDG is a 'disclosing entity' for the purposes of the Corporations Act and accordingly is subject to regular reporting and disclosure obligations under the Corporations Act and ASX Listing Rules. These obligations require GDG to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the market. In particular, GDG has an obligation (subject to a limited exception) to notify ASX once it is, or becomes, aware of information concerning GDG which a reasonable person would expect to have a material effect on the price or value of GDG's securities. All announcements made by GDG to ASX are available from ASX's website (www.asx.com.au) and from GDG's website (www.gendevdevelopmentgroup.com.au).

Additionally, GDG is required to prepare and lodge with ASIC yearly and half yearly financial statements accompanied by a directors' statement and report, and an audit or review report. These reports are released to ASX and published on GDG and ASX websites. You should also have regard to any further announcements which may be made by GDG to ASX after the date of this Booklet.

1.14 Rights and liabilities attaching to New Shares

New Shares and any Additional New Shares issued under this Booklet will be fully paid ordinary shares in the capital of GDG and will rank equally with all Existing Shares, including for any dividend paid after the date of issue of the New Shares.

The rights and liabilities attaching to Shares are set out in GDG's constitution and are regulated by the Corporations Act, the general law, the ASX Listing Rules and the ASX Settlement Rules. The constitution may only be varied by a special resolution passed in a general meeting by 75% of the votes cast by Shareholders present (and entitled to vote) at the meeting.

1.15 Disclaimer

No person is authorised to give any information or make any representation in connection with the Retail Entitlement Offer described in this Booklet, which is not contained in this Booklet. Any information or representation not contained in this Booklet may not be relied on as having been authorised by GDG in connection with the Retail Entitlement Offer. Except as required by law, and only to the extent so required, none of GDG, or any other person, warrants or guarantees the future performance of GDG or any return on any investment made pursuant to this Booklet.

1.16 Financial amounts

Money as expressed in this Booklet is in Australian dollars unless otherwise indicated. Any discrepancies between totals in tables and sums of components in tables in this Booklet and between those figures and figures referred to in other parts of this document may be due to rounding.

1.17 Privacy

Chapter 2C of the Corporations Act requires information about you as a Shareholder (including your name, address and details of your Shares) to be included in the public register of members of GDG. Information is collected to administer your Shares. Your personal information may be disclosed to GDG. You can obtain access to your personal information by contacting the Share Registry at the address or telephone number listed in the corporate directory. The Share

Registry's privacy policy is available on its website <https://boardroomlimited.com.au/corp/privacy-policy/>.

1.18 Governing Law

This Booklet, the Entitlement Offer and the contracts formed on acceptance of the Entitlement and Acceptance Forms are governed by the laws applicable in Victoria, Australia. - (a) take up all of your Entitlement and, if you wish, also apply for Additional New Shares under the Top-Up Facility;
- (b) take up part of your Entitlement and allow the balance to lapse; or
- (c) decline to exercise your Entitlement, in which case your Entitlement will lapse and you will receive no value for those lapsed Entitlements.

If you are an Eligible Retail Shareholder and wish to take up all or part of your Entitlement, or you wish to also apply for Additional New Shares:

- (a) read this Booklet in full;
- (b) consider the risks associated with the Entitlement Offer, as summarised in the Risks appendix to the Investor Presentation included in this Booklet, in light of your personal circumstances;

- (a) through the BPAY® facility according to the instructions set out on the Entitlement and Acceptance Form;

If you provide insufficient funds to meet the Application Monies due to take up all or part of your Entitlement, you may be taken by GDG to have applied for such lower number of New Shares as your cleared Application Monies will pay, or your Application may be rejected.

If you pay for more than your full Entitlement, you are deemed to have applied for as many Additional New Shares as your excess amount will pay for in full (subject to the Allocation Policy and any scale-back determined by GDG in its absolute discretion).

Any Application Monies received for more than your final allocation of New Shares and Additional New Shares will be refunded to you as soon as practicable (only where the amount is \$5.00 or greater). You are not entitled to any interest that accrues on any Application Monies received or returned (wholly or partially).

Eligible Retail Shareholders may pay through BPAY®

Australian Eligible Retail Shareholders and New Zealand Eligible Retail Shareholders with an Australian bank account may pay through BPAY®. Payment by BPAY® should be made in accordance with the instructions set out on the Entitlement and Acceptance Form using the reference number shown on that form and must be received by no later than 5.00pm (Sydney time) on Thursday 27 February 2025 (or such other date as may be determined by GDG). Applicants should be aware that their own financial institution may implement earlier cut off times with regard to electronic payment. Applicants should therefore take this into consideration when making payment. It is the responsibility of the Applicant to ensure that funds submitted through BPAY® are received by this time.

If you are paying by BPAY®, please make sure to use the specific Biller Code and unique Customer Reference Number on your Entitlement and Acceptance Form. If you receive more than one Entitlement and Acceptance Form, please only use the Customer Reference Number specific to the Entitlement on that form. You must use the reference number shown on each Entitlement and Acceptance Form to pay for each holding separately. If you inadvertently use the same Customer Reference Number for more than one of your Entitlements, you will be deemed to have applied only for New Shares (and Additional New Shares) on the Entitlement to which that Customer Reference Number applies. If you pay by BPAY® and do not pay for your full Entitlement, your remaining Entitlements will lapse.

If you make your payment by BPAY® you do not need to lodge the Entitlement and Acceptance Form. We strongly urge you to apply by paying through BPAY if possible. This is the fastest and easiest way to apply and is recommended, as you do not need to return the Entitlement and Acceptance Form enclosed with this Booklet if you choose this option.

Your completed Entitlement and Acceptance Form or BPAY® acceptance, once received by the Share Registry, cannot be withdrawn.

2.3 Declining all or part of your Entitlement

If you decide not to take up all or part of your Entitlement, the Entitlement which is unexercised will lapse and may be taken up by other Eligible Retail Shareholders under the Top-Up Facility. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable and cannot be traded on the ASX nor any other financial markets, nor can it be privately transferred.

If you decide not to participate in the Retail Entitlement Offer, you do not need to fill out or return the accompanying Entitlement and Acceptance Form. By allowing your Entitlement to lapse, you will forgo any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement and you will not receive any value for your Entitlement. Your proportionate interest in GDG will also be diluted to the extent that New Shares are issued under the Entitlement Offer.

2.4 Ineligible Retail Shareholders

If you are an Ineligible Retail Shareholder, you may not take up any of, or do anything in relation to, your Entitlement under the Retail Entitlement Offer.

2.5 Warranties made on acceptance of Retail Entitlement Offer

- (x) you acknowledge and agree that determination of eligibility of investors for the purposes of the Institutional Entitlement Offer and the Retail Entitlement Offer was made by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of GDG and/or the Joint Lead Managers, and each of GDG and the Joint Lead Managers and their respective related bodies corporate and affiliates disclaim any duty or liability (including for negligence) in respect of that determination and the exercise of that discretion to the maximum extent permitted by law;

The pro forma balance sheet has been prepared to provide investors with information on the assets and liabilities of GDG and pro forma assets and liabilities of GDG as noted below. Note: the figures stated in this pro forma balance sheet are subject to the effects of rounding. Does not consider impact of earn out which may be classified as a financial liability (pending audit / purchase price adjustments).

3.3 Impact on control

GDG does not believe that any person will increase their voting power in GDG under the Entitlement Offer in a way that will have any material impact on the control of GDG. In particular, consistently with the *Insurance Acquisitions and Takeovers Act 1991* (Cth), no person presently has a relevant interest in more than 15% of Shares and no person is expected to have a more than 15% relevant interest in Shares immediately following the Entitlement Offer.

4. Risk factors

4.1 Introduction

GDG's operations are subject to a number of risks which may impact its future performance and forecasts. Before subscribing for New Shares, Shareholders should carefully consider and evaluate GDG and its business and whether the New Shares are suitable to acquire having regard to their own investment objectives and financial circumstances and taking into consideration the material risk factors.

In particular, Shareholders should consider the risks outlined in the Risks appendix to the Investor Presentation included in this Booklet, any of which could affect the operating and financial performance of GDG or the value of an investment in GDG. The risks set out in the Risks appendix to the Investor Presentation are not exhaustive.

You should consult your stockbroker, accountant, solicitor, tax adviser or other independent professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer. GDG has applied to ASX for the grant of official quotation of the New Shares.

It is expected that normal trading on the ASX will commence in relation to New Shares issued under the Retail Entitlement Offer on Friday 7 March 2025. GDG will have no responsibility and disclaims all liability (to the maximum extent permitted by law, including for negligence) to persons who trade New Shares before the New Shares are quoted on the official list of the ASX or before they receive their written confirmation of issue, whether on the basis of confirmation of the allocation provided by GDG, the Share Registry or the Joint Lead Managers. The ASX accepts no responsibility for any statement in this Booklet.

4.2 New Zealand Shareholders

8. Taxation

8.1 General

Taxation is only one of the matters that must be considered when making a decision in relation to participating in the Entitlement Offer.

Set out below is a broad summary of the Australian tax implications of the Entitlement Offer for Eligible Retail Shareholders hold their Shares on capital account.

This section does not consider the Australian tax consequences for particular types of Eligible Retail Shareholders, including those who:

- (a) hold their Shares as revenue assets or trading stock (which will generally be the case for banks, insurance companies or entities that carry on a business of share trading), or are subject to the taxation of financial arrangements (**TOFA**) rules in Division 230 of the *Income Tax Assessment Act 1997* (Cth) (**ITAA 1997**) or the investment manager regime (**IMR**) in Subdivision 842-I of the ITAA 1997;
- (b) acquired their Shares in respect of which their Entitlements are issued under an employee share scheme or acquired their New Shares or Additional New Shares under an employee share scheme; or
- (c) may be subject to special tax rules, such as insurance companies, partnerships, tax exempt organisations, trusts (except where expressly stated), superannuation funds (except where expressly stated) or temporary residents for tax purposes.

The summary below is based on the law in effect as at the date of this Booklet, is general in nature and should not be relied on by Eligible Retail Shareholders as tax advice. It does not purport to be a complete analysis of the potential tax consequences of participation in the Retail Entitlement Offer and is intended as a general guide on the Australian income tax, GST and stamp duty implications. Eligible Retail Shareholders should seek specific and independent advice from an appropriate professional advisor in relation to the tax implications of the Retail Entitlement Offer based on their own particular circumstances.

8.2 Income tax

Issue of Entitlements

Subject to the qualifications noted above and assuming that the Eligible Retail Shareholder continues to hold their Shares until the issue of the Entitlements, the issue of the Entitlements should be non-assessable non-exempt income and should not, of itself, result in any amount being included in the assessable income of an Eligible Retail Shareholder. This is on the basis that the Entitlements should satisfy the conditions in section 59-40 of the ITAA 1997.

Exercise of Entitlements

Eligible Retail Shareholders who exercise their Entitlements and subscribe for New Shares (under the Entitlement Offer) or Additional New Shares (under the Top-Up Facility) should acquire those Shares with a cost base for CGT purposes which includes the Issue Price payable by them for those Shares plus certain non-deductible incidental costs they incur in acquiring those Shares. Eligible Retail Shareholders should not make any capital gain or loss, or derive assessable income, from exercising their Entitlements.

Lapse of Entitlements

On the basis that no proceeds will be received by Eligible Retail Shareholders who allow their Entitlements to lapse in whole or in part, no amount should be included in the assessable income of any Eligible Retail Shareholders in relation to the lapsing of their Entitlements.

8.3 New Shares and Additional New Shares

Taxation of income for Eligible Retail Shareholders

Australian residents

Dividends in respect of New Shares or Additional New Shares will generally be included in the assessable income of an Eligible Retail Shareholder in the income year in which the dividends are paid and subject to Australian income tax at the Eligible Retail Shareholder's marginal tax rate. Where the Eligible Retail Shareholder is a 'qualified person' and the dividends are franked, the Eligible Retail Shareholder must include the franking credits attached to the dividends in its assessable income. Subject to being a 'qualified person', the Eligible Retail Shareholder should also be entitled to a franking tax offset equal to those franking credits, which reduces the tax payable on the Eligible Retail Shareholder's taxable income.

Where the franking tax offset exceeds the tax payable on the Eligible Retail Shareholder's taxable income and such Eligible Retail Shareholder is:

- (a) an individual or complying superannuation entity – the Eligible Retail Shareholder should be entitled to a refund of the excess franking tax offsets;
- (b) a corporate tax entity – the excess franking tax offsets may be carried forward to future income years as tax losses (provided that certain tax loss utilisation tests are satisfied); or
- (c) a trust – the treatment of the excess franking tax offsets will depend upon the identity of the person liable to tax on the trust's net income and the tax status of the trust.

Broadly, an Eligible Retail Shareholder is a 'qualified person' if the Eligible Shareholder:

- (a) is an individual and would obtain total franking tax offsets of no more than \$5,000 in the income year in which the dividend was paid; or
- (b) satisfies both of the following:
 - i. holds the New Shares or Additional New Shares for a continuous period which includes at least 45 days 'at risk' during the period commencing the day after the Eligible Retail Shareholder acquires the New Shares or Additional New Shares and ending on the 45th day after the New Shares or Additional New Shares become ex-dividend (but excluding the day of any disposal).

This 'holding period rule' generally only needs to be satisfied once for the New Shares or Additional New Shares.

- ii. broadly, where the benefit of the dividends is passed on to other parties via related payments, holds the New Shares or Additional New Shares for a continuous period of at least 45 days at risk during the period commencing the 45th day before the New Shares or Additional New Shares become ex-dividend and ending on the 45th day after the New Shares or Additional New Shares become ex-dividend.

This 'related payments' rule needs to be satisfied in respect of each New Share or Additional New Share dividend to which it applies.

The 'qualified person' provisions are complex and Eligible Retail Shareholders should obtain separate advice on these provisions based on their particular circumstances.

Foreign residents

Foreign resident Eligible Retail Shareholders will not be subject to Australian tax on fully franked dividends. The unfranked portion of any dividend paid to them will generally be subject to Australian dividend withholding tax at a rate of 30%, but this may be reduced by the operation of a double tax agreement between Australian and the jurisdiction of their tax residence.

Taxation of disposals for Eligible Retail Shareholders

Australian residents

The disposal of New Shares and Additional New Shares will give rise to a CGT event for Eligible Retail Shareholders. Eligible Retail Shareholders may make a capital gain or capital loss, depending on whether the capital proceeds of that disposal are more than the Eligible Retail Shareholder's cost base or less than the Eligible Retail Shareholder's reduced cost base in the New Shares or Additional New Shares.

The cost base of those New Shares or Additional New Shares is described above and could also include a reasonable apportionment of the non-deductible incidental costs on disposal and certain other non-deductible holding costs.

If an Eligible Retail Shareholder makes a capital loss, the Eligible Retail Shareholder can only use that capital loss to reduce other capital gains (i.e. the capital loss cannot be used to reduce other assessable income). Unused capital losses may be carried forward for use in future income years, provided certain tax loss recoupment tests are satisfied. The capital loss cannot be carried back to offset a prior year net capital gain. Trusts are not subject to tax loss recoupment rules in relation to carry forward net capital losses.

If an Eligible Retail Shareholder makes a capital gain, the Eligible Retail Shareholder may benefit from the CGT discount available to individuals, trusts and complying superannuation funds in respect of a disposal of the New Shares or Additional New Shares. The CGT discount factor is 50% for individuals and trusts and 33⅓% for complying superannuation funds.

In order to benefit from the CGT discount, the relevant New Shares or Additional New Shares must have been held for at least 12 months before the earlier of the entry into a contract for the sale of the relevant New Shares or Additional New Shares or disposal of the relevant New Shares or Additional New Shares.

New Shares should be treated for the purposes of the CGT rules as having been acquired when the Eligible Shareholder exercised the Entitlement to subscribe for them. Additional New Shares should be treated for the purposes of the CGT rules as having been acquired when GDG issues or allots those Additional New Shares. Any current year or carry forward capital losses of the Eligible Shareholder can only be applied to reduce the capital gain prior to the application of any applicable CGT discount.

In relation to trusts, the rules surrounding capital gains and the CGT discount are complex, but the benefit of the CGT discount may flow through to relevant beneficiaries, subject to certain requirements being satisfied. Eligible Retail Shareholders which are trusts should seek specific advice as to the circumstances in which a beneficiary may be entitled to a CGT discount.

Foreign residents

A foreign resident Eligible Retail Shareholder should not be subject to Australian CGT on disposal of the New Shares or Additional New Shares where they are not 'taxable Australian property' (**TAP**).

The New Shares or Additional New Shares will only be TAP where they are held by a foreign resident in carrying on a business through an Australian 'permanent establishment', or where both of the following requirements are met:

- (a) the foreign resident Eligible Retail Shareholder has an associate inclusive interest of at least 10% in GDG at the time of the CGT event or within 12 of the last 24 months prior to the CGT event; and
- (b) more than 50% of the underlying market value of GDG is attributable to Australian real estate assets or mining rights.

Tax file numbers and withholding

An Eligible Retail Shareholder is not required to quote their tax file number (**TFN**) or their Australian Business Number (**ABN**) to GDG. However, if TFN, ABN or exemption details are not

provided, Australian tax may be required to be deducted by GDG at the maximum marginal tax rate plus the Medicare levy from certain dividends paid.

No withholding requirement applies in respect of fully franked dividends paid by GDG on the New Shares or Additional New Shares.

8.4 Stamp Duty

No Australian stamp duty should be payable by an Eligible Retail Shareholder on either the acquisition of New Shares under the Entitlement Offer or the acquisition of Additional New Shares under the Top-Up Facility.

8.5 Goods and Services Tax

The supply of New Shares (under the Entitlement Offer) or Additional New Shares (under the Top-Up Facility) by GDG to an Eligible Retail Shareholder should not be subject to GST, on the basis that it should be either an input taxed financial supply or a GST-free supply, (depending on the circumstances of the Eligible Retail Shareholder).

Eligible Retail Shareholders may be charged GST on costs (such as third party brokerage or advisor fees) that relate to their participation in the Entitlement Offer. Eligible Retail Shareholders may not be entitled to claim full input tax credits for the GST included in such costs if the Eligible Retail Shareholder is not registered for GST or if the costs relate to certain activities (such as the acquisition of New Shares or Additional New Shares). Eligible Retail Shareholders should seek their own independent advice as to the impact of GST in their particular circumstances.

9. Underwriting

GDG has entered into the Underwriting Agreement with the Joint Lead Managers under which the Joint Lead Managers have agreed, among other things, to underwrite the Equity Raising. Please see the Underwriting Agreement Details appendix to the Investor Presentation included in this Booklet for a summary of the Underwriting Agreement, including a summary of the significant events that could lead to the Underwriting Agreement being terminated.

10. Information availability

Eligible Retail Shareholders in Australia or New Zealand can obtain a copy of this information during the period of the Retail Entitlement Offer by calling the Share Registry on 1300 737 760 (within Australia) or +61 2 9290 9600 (outside Australia) between 8.30am to 5.30pm (Sydney time) Monday to Friday during the Offer Period. ASX Announcement

10 February 2025

Generation Development Group Limited to acquire 100% of Evidentia Group Holdings Pty Ltd for \$320m, to be partly funded by a fully underwritten Equity Raising of approximately \$287.9m

Highlights

- Generation Development Group Limited (ASX:GDG) ('**GDG**') has entered into a binding agreement to acquire 100% of Evidentia Group Holdings Pty Ltd ('**Evidentia**') for \$320m up-front consideration¹ ('**Acquisition**')
- Evidentia is a highly strategic opportunity for GDG as one of Australia's leading providers of investment management and tailored managed account solutions
- GDG's acquisition of Evidentia and subsequent merger with Lonsec Investment Solutions will bring together two of the leading and fastest growing managed account providers as the undisputed leader in the market, with a combined total of over \$25bn funds under management ('**FUM**')².
- The Acquisition will build on GDG's presence in the rapidly expanding managed accounts market (currently valued at over \$200bn), which is estimated to grow at approximately 15% p.a. to \$474bn by 2030³
- Evidentia management will be retained post-acquisition, with existing CEO, Peter Smith to become the Executive Chairman of this expanded managed accounts business and also join GDG's board of directors
- All Evidentia key management personnel have elected to roll a portion of their equity into GDG shares, creating strong alignment for the future⁴
- The acquisition has also provided GDG the timely opportunity to realign its businesses to ensure it continues to deliver exceptional performance and enhance its customer propositions. Moving forward GDG will operate three distinct businesses: Generation Life, Lonsec Research and Ratings, and Evidentia Group, formed through the merger of the Evidentia and Lonsec Investment Solutions businesses. Under the newly created Evidentia Group, GDG will be executing a multi-brand strategy with Lonsec branded products and offerings continuing to be distributed
- The acquisition of Evidentia is expected to be low double-digit EPS accretive in the first full year of ownership (FY26F exclusive of synergies)⁵ and deliver other material benefits

¹ Subject to customary completion adjustments

² As at 31 December 2024 (excludes strong January FUM growth)

³ IMAP (Jun-24), NMG Consulting (forecast including the treatment of MDA as including MDAs, IMAs and other discretionary with no roll-forward or adjustment for MDA managers that did not provide data to IMAP in Jun-24)

⁴ ~33% management rollover based on completion accounts with scrip consideration to be escrowed for 12 months post completion

⁵ EPS accretion on an NPAT basis excludes transaction costs, integration costs and amortisation of acquired identifiable intangibles. The impact of purchase price accounting has not been completed, which will impact future depreciation and amortisation charges. The calculation has been prepared in accordance with AASB 133 and reflects the impact of securities issued under both the Entitlement Offer and Placement

- The Acquisition, transaction costs and additional balance sheet flexibility to support synergy implementation and future growth initiatives to be funded through:
 - a \$287.9m fully underwritten placement and pro rata accelerated non-renounceable entitlement offer (**'Equity Raising'**); and
 - \$75.1m of new GDG shares issued to Evidentia shareholders as scrip consideration at the Equity Raising Offer Price⁶
- GDG Directors and Senior Management have committed to participate for \$1.6m of their entitlements under the Entitlement Offer and continue to be significant shareholders in GDG

Commenting on the transaction, GDG Chief Executive Officer Grant Hackett OAM said, "I am excited to announce today that Generation Development Group has entered into a binding agreement to acquire 100% of Evidentia. This transaction represents another significant milestone in GDG's growth strategy, following the successful acquisition of the remaining equity interests in Lonsec in 2024."

"Since launching in 2020, Evidentia has grown into a leading player in the rapidly expanding managed accounts market. The transaction presents a highly strategic growth opportunity for GDG, given the complementary nature of the Evidentia and Lonsec Investment Solutions businesses."

"Evidentia's boutique tailored managed account solutions, client communications expertise and financial advice practice management experience, paired with Lonsec's enduring heritage of knowledge, broad managed account offering and strength in research will deliver a more complete and scalable offering. This will provide financial advisers and their clients with an even stronger value proposition, access to deeper insights, more extensive investment solutions and an integrated service experience that ultimately supports better outcomes for both financial advisers and clients."

"This transaction will be a continuation of the best-in-class services that both Lonsec and Evidentia have to offer."

Acquisition of Evidentia – Accelerating growth in the large managed accounts sector

- Evidentia, one of Australia's fastest growing managed accounts businesses, provides tailored SMA portfolios and investment management services to Australia's leading private wealth firms
- Since launching in January 2020, it has grown to ~\$12.7bn⁷ in FUM through a client-centric strategy focused on building long-term competitive advantages
- By merging their collective strengths, GDG will provide a leading end-to-end investment management and managed account solutions for licensees, financial advisers, and their clients with minimal overlap in client bases, products offerings and target markets
- There will be no impact to financial advisers and clients as a result of the restructuring, with business as usual and no changes to the leading client service models in place
- \$320m up-front enterprise value (100% basis), comprised of \$244.9m cash consideration and \$75.1m scrip issued at the Offer Price
 - up-front consideration reflects implied valuation of EV / FY26F EBITDA of 15.2x
 - Evidentia key management personnel to own 4.7% of GDG (\$75.1m), demonstrating strong alignment post transaction
- Potential Earn Out of up to \$40.0m (maximum payable if the combined Evidentia and Lonsec's Managed Accounts business achieves FY26 YoY revenue growth of 46%)⁸
- Completion expected in February 2025, subject to customary closing conditions

Details of the Equity Raising

GDG intends to conduct an Equity Raising to raise approximately \$287.9m through a:

- fully underwritten placement to institutional investors to raise approximately \$114.4m (**'Institutional Placement'**); and

⁶ Scrip issued to Evidentia shareholders will be placed under GDG's existing capacity per ASX Listing Rule 7.1

⁷ As at 31 December 2024 (excludes strong January FUM growth)

⁸ Earn out linearly scales from \$0-\$40m from combined FY26 YoY revenue growth of 38% up to 46%

- fully underwritten 1 for 7.16 accelerated non-renounceable entitlement offer of New Shares to raise approximately \$173.5m (**'Entitlement Offer'**)

Proceeds from the Equity Raising will be applied to fund the cash portion of the Acquisition and associated transaction costs, synergy implementation costs and future growth initiatives.

The offer price for the Institutional Placement and the Entitlement Offer will be \$4.15 per New Share (**'Offer Price'**). The Offer Price represents:

- a 10.8% discount to the last traded price of GDG shares on 6 February 2025; and
- a 8.5% discount to the theoretical ex-rights price (**'TERP'**)⁹

Under the Entitlement Offer, eligible shareholders will be able to subscribe for one New Share for every 7.16 existing GDG shares held at 7.00pm (Sydney time) on Wednesday 12 February 2025 (**'Record Date'**) at the Offer Price (**'Entitlements'**).

Luminis Partners Pty Ltd is acting as financial adviser to GDG in relation to the Acquisition. Jefferies (Australia) Pty Ltd and MA Moelis Australia Advisory Pty Ltd are acting as joint lead managers, joint underwriters and joint bookrunners of the Equity Raising. Baker McKenzie is acting as a legal adviser to GDG in relation to the Acquisition and Equity Raising. Morgans Financial Limited have been appointed as Co-Manager in relation to the Equity Raising.

The Entitlements are non-renounceable and will not be tradeable on ASX or otherwise transferable. Shareholders who do not take up their Entitlements will not receive any value for those Entitlements that they do not take up. Shareholders who are not eligible to receive Entitlements will not receive any value for the Entitlements they would have received had they been eligible.

It is expected that up to 69.4m New Shares will be issued as part of the Equity Raising. New Shares issued under the Institutional Placement do not participate in the Entitlement Offer. New Shares issued under the Equity Raising will rank equally in all respects with existing shares and will be eligible for any dividend declared for the half year ending 31 December 2024.

The Entitlement Offer includes an institutional component (**'Institutional Entitlement Offer'**) and a retail component (**'Retail Entitlement Offer'**).

Under the Institutional Entitlement Offer, eligible institutional shareholders will be invited to participate in the Institutional Entitlement Offer which will take place from Monday, 10 February to Tuesday, 11 February 2025. Eligible institutional shareholders can choose to take up all, part or none of their Entitlements. Entitlements that eligible institutional shareholders do not take up by the close of the Institutional Entitlement Offer and Entitlements that would otherwise have been offered to ineligible institutional shareholders, will be sold through an institutional shortfall bookbuild at the Offer Price from 10 February to 11 February 2025.

Eligible retail shareholders in Australia and New Zealand will be invited to participate in the Retail Entitlement Offer at the same Offer Price and offer ratio as the Institutional Entitlement Offer. The Retail Entitlement Offer will open on Friday, 14 February 2025 and close at 5.00pm (Sydney time) on Thursday, 27 February 2025.

The Retail Entitlement Offer will include a top-up facility under which eligible retail shareholders who take up their full Entitlement may apply for additional shares in the Retail Entitlement Offer (subject to a cap of 100% of their Entitlements) from a pool of shares not taken up by other eligible retail shareholders. There is no guarantee that applicants under this top-up facility will receive all or any of

ASX Announcement

12 February 2025

Successful completion of Institutional Offer

Generation Development Group Limited (ASX:GDG) (**'GDG'**) is pleased to announce that it has successfully completed the institutional component of the equity raising announced on 10 February 2025 (**'Equity Raising'**). The fully underwritten institutional placement (**'Institutional Placement'**) and the institutional component of the fully underwritten 1 for 7.16 accelerated non-renounceable entitlement offer (**'Institutional Entitlement Offer'**), together raised approximately \$233.3m (**'Institutional Offer'**). The Equity Raising is fully underwritten by Jefferies (Australia) Pty Ltd and MA Moelis Australia Advisory Pty Ltd as joint lead managers, joint underwriters and joint bookrunners.

As announced on 10 February 2025, proceeds from the Equity Raising will be used to fund the acquisition of Evidentia Group Holdings Pty Ltd (**'Evidentia'**) for \$244.9m up-front cash consideration (**'Acquisition'**) plus associated transaction costs, synergy implementation costs and future growth initiatives. The remaining \$75.1m up-front consideration will be funded through a placement to Evidentia shareholders who have elected to receive fully paid ordinary shares in GDG at the Offer Price (**'Shares'**) in exchange for their equity in Evidentia.

The Institutional Placement attracted strong interest, significantly in excess of available shares, from both existing and new institutional investors. A total of 27.6m new Shares will be issued under the Institutional Placement, raising approximately \$114.4m at \$4.15 per New Share (**'Offer Price'**). The Offer Price represents a 10.8% discount to the last traded price of \$4.65 on 6 February 2025 and a 8.5% discount to TERP¹ of \$4.54.

The Institutional Entitlement Offer attracted strong support with a take up of approximately 68% by eligible institutional shareholders of their entitlements. New Shares not taken up were allocated to other institutional shareholders and investors through the institutional shortfall bookbuild. The Institutional Entitlement Offer raised approximately \$118.9m at the Offer Price.

GDG Chief Executive Officer, Grant Hackett OAM said, "We are delighted to announce the successful completion of the institutional component of the offer, with the strong support of both new and existing institutional shareholders. We look forward to the continued support of our existing investors and welcome new institutional investors to GDG in this next phase of our growth strategy."

Settlement of the New Shares issued as part of the Institutional Offer is expected to occur on Friday 14 February 2025, with the issue of those New Shares and ordinary trading to occur on Monday 17 February 2025.

¹ TERP is the theoretical price at which GDG shares should trade immediately after the ex-date of the Entitlement Offer and Institutional Placement and is calculated based on the Entitlement Offer of \$173.5m and Institutional Placement of \$114.4m. TERP is a theoretical calculation only and the actual price at which GDG shares will trade on the ASX immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to the TERP. TERP is calculated by reference to GDG's closing price of \$4.65 on 6 February 2025, being the last trading day prior to the announcement of the Placement and Entitlement Offer.

Retail Entitlement Offer

The retail component of the Equity Raising ('**Retail Entitlement Offer**') will open on Friday 14 February 2025 and is expected to close at 5.00pm (Sydney time) on Thursday 27 February 2025.

The Retail Entitlement Offer will be open to eligible retail shareholders who:

- are registered as a holder of GDG shares as at 7.00pm (Sydney time) on Wednesday 12 February 2025 ('**Record Date**');

- are not in the United States and are not acting for the account or benefit or a person in the United States (to the extent they are holding Shares for the account or benefit of such person in the United States); and
- are not an eligible institutional shareholder of an ineligible shareholder

('Eligible Retail Shareholder')

Under the Retail Entitlement Offer, Eligible Retail Shareholders will be able to subscribe for 1 New Share for every 7.16 existing Shares held on the Record Date, at the same price as the Institutional Offer (\$4.15 per New Share). Eligible Retail Shareholders can take up their entitlements in whole or in part. New Shares issued under the Retail Entitlement Offer will rank equally with existing Shares from the date of issue.

Eligible Retail Shareholders may also apply for additional New Shares at the Offer Price for up to 100% of their existing entitlement ('**Top Up Facility**'). Additional New Shares will only be available where there is a shortfall between applications received from Eligible Retail Shareholders and the number of New Shares proposed to be issued under the Retail Entitlement Offer. GDG retains the discretion to scale back applications for additional New Shares.

Full details of the Retail Entitlement Offer will be set out in the Retail Entitlement Offer Booklet and the accompanying personalised entitlement and acceptance form, which will be made accessible to Eligible Retail Shareholders on or about Friday 14 February 2025. - GDG has undertaken analysis of potential synergies

Significant growth outlook

Appendices

Risks

Risks specific to Generation Development Group

For personal use only

Decline in FUM	GDG derives a significant proportion of its earnings from fees and charges based on the level of funds under management (FUM). The level of FUM will reflect (in addition to other factors such as the funds flowing into and out of FUM) the investment performance of those funds. Therefore, changes in domestic and/or global investment market conditions or poor investment performance of the products in which GDG's clients invest could lead to a decline in FUM, adversely impacting the amount that GDG earns in fees and charges. Deterioration in investment market conditions could also lead to a reduced consumer interest and decrease in the ability to attract new investors in GDG's financial products and services. Additionally, it is possible that some funds could reduce in size or be terminated. As GDG's management fees and charges are based on a percentage of FUM, a decline in GDG's FUM could result in a consequential reduction in management fees, income, profit and share value
Staff retention and key person risk	GDG's future success will depend on its continued ability to attract and retain highly skilled, qualified and experienced personnel. There can be no assurance that key personnel will continue to be employed by, or contracted to, GDG or that GDG will be able to attract and retain qualified personnel in the future. Failure to retain or attract key personnel could have a material adverse impact on GDG's business, reputation, financial position and performance and could restrict GDG's ability to grow and scale in a manner consistent with its aspirations.
Competitive risks	<p>GDG operates in the financial services industry which is highly competitive. GDG may not be able to effectively compete with or maintain its market share in relation to competitors which may have a greater range of products and services or greater financial and marketing resources.</p> <p>Although GDG will undertake all reasonable due diligence in its business decisions and operations, GDG will have no influence or control over the activities or actions of its competitors, which activities or actions may, positively or negatively, affect the operating and financial performance of GDG's business.</p>
Growth Strategies	GDG may not be able to execute effectively the strategies for its current and future acquired businesses. Future growth strategies which target expansion of existing business or products or creation of new businesses or products could expose GDG to additional or unforeseen costs or other barriers to entry, including due to factors such as the existing competitive landscape, changes in law or regulation and economic and market conditions. There is also a risk of disruption to GDG's business strategies and models due to factors that are outside the control of GDG. Such disruption could adversely impact GDG's reputation and financial performance.
Mergers, acquisitions and divestments	GDG at times evaluates and may undertake a range of initiatives, including mergers, acquisitions, joint ventures, strategic alliances and divestments, which facilitate GDG's strategic direction. These strategic initiatives can be complex and costly and may require GDG to comply with additional regulatory requirements which may carry additional risk. There can also be no guarantee that GDG will identify any future strategic initiatives or that these strategic initiatives will deliver the anticipated positive business results. This could have a material adverse impact on the business, prospects, engagement with regulators, financial performance or position of GDG.
Cybersecurity	There is a risk of significant failure in GDG's operations or material financial loss as a result of cyber-attacks. Threats to information security are constantly evolving and techniques used to perpetrate cyber-attacks are increasingly sophisticated.

Risks specific to Generation Development Group (cont'd)

Security or privacy data	Failures or breaches of data protection and systems security can cause reputational damage, regulatory impositions and financial loss. The legal and regulatory environment surrounding information security and privacy is increasingly complex and demanding. Australian Privacy Principles govern privacy and data protection throughout Australia and significantly enhance privacy and data protection regulation. The protection of customer, employee, third party and company data is critical to GDG's operations. GDG retains a significant amount of customer, employee and third party information, including through its database of customers. Customers, employees and third parties such as suppliers will also have high expectations that GDG will adequately protect their personal information.
Information technology	GDG and the financial services industry rely heavily on information technology to conduct an efficient and cost-effective business. Therefore, any significant or sustained failure or inadequacy in GDG's core technology systems or cyber security could have a materially adverse effect on its operations in the short term, which in turn could undermine longer term confidence and impact GDG's future profitability and financial position. Third party risk management is of key importance for GDG. GDG requires adequate assurance over the policies and processes that third parties have in place, for protection of information that is in the custody of the third party. In addition, GDG faces the risk, common with other industry participants, that further technology changes will be required which could result in an increase in costs.
Unit pricing errors	Systems failures or errors in unit pricing of investments are issues affecting the broader funds management industry that may result in significant financial losses and brand damage to a number of financial services organisations. A unit pricing error made by GDG could cause significant financial or reputational loss.
Reliance on AFSL	In order to provide some of its services in Australia, some GDG entities are required to hold licences including an Australian Financial Services Licence (AFSL). If there is a failure to comply with the general obligations of its AFSL, this could result in penalties, such as fines, obligations to pay compensation, enforceable undertakings, imposition of (or variations to) licence conditions or, ultimately the suspension or cancellation of the AFSL which enables GDG to operate key parts of its business. A breach or loss of licences could have a material adverse effect on the business and financial performance of GDG. AFSLs also require the licence holder to maintain certain levels of capital. These capital requirements may change. Earnings dilution may occur where GDG is required to hold a higher capital base.
Prudential regulation and capital adequacy	<p>Certain GDG entities are required to meet capital, prudential and liquidity standards prescribed by the Australian Prudential Regulation Authority (APRA) and other regulators. If these entities fail to meet these prudential standard requirements or these standards change, the relevant regulator has a number of broad powers at its disposal which may have an adverse effect on GDG and may be adverse to the interests of shareholders.</p> <p>In certain circumstances, APRA or other regulators may require GDG to hold a greater level of capital to support its business. Regulatory changes may require GDG to revise or withdraw its range of products or services, change its product pricing, fees or charges, redesign its technology or other systems including significant expense and having to retrain its staff, pay additional tax, hold more capital or incur other costs. While GDG may try to mitigate the impacts of these changes should they occur, they may still have a material adverse impact on the financial performance and position of GDG.</p>
Regulatory and legislative risk	The financial services sectors in which GDG operates are subject to extensive legislation, regulation and supervision by a number of regulatory bodies in multiple jurisdictions. The regulatory regimes governing GDG's business activities are complex and subject to change. For example, financial services regulation is impacted by published ASIC guidance as well as ASIC's views, both of which may change. In addition, there are aspects of financial services regulation involving uncertainty as to their application and ASIC's views and interpretation may diverge from those taken by the market (including GDG). The impact of future regulatory and legislative change on GDG cannot be predicted and could impact adversely GDG's financial performance and position. In addition, if the amount and complexity of new regulation increases, so too may the cost of compliance and risk of non-compliance. GDG's business is also impacted by potential superannuation tax changes which could have a material impact on GDG's financial performance and position.

Risks specific to Generation Development Group (cont'd)

For personal use only

New product development risk	Successful product development in the financial services sector requires a material amount of capital, time, resources and various approvals before it can be brought to market. Any of these factors, or a combination thereof, could materially delay or derail a successful product development leading to material financial loss and reputation damage. In addition, even if a compelling and attractive product is introduced to market, it may not sell due to a lack of investor demand, resulting in material adverse financial consequences including an inability to recoup investments in developing the product.
Failure of risk management strategies	GDG has implemented risk management strategies and internal controls involving processes and procedures intended to identify, monitor and mitigate the risks to which it is subject, including market risk, strategic risk, financial risk, insurance risk, credit and counterparty risk and operational risk. GDG has a defined risk appetite which outlines the level of risk that is acceptable in striving to achieve GDG's strategic goals and financial objectives. This is combined with what GDG considers to be a robust risk management framework which monitors, mitigates and manages the risks to which GDG is exposed. However, there are inherent limitations with any risk management framework as there may exist, or develop in the future, risks that GDG has not anticipated or identified or controls that may not operate effectively. If any of GDG's risk management processes and procedures prove ineffective or inadequate or are otherwise not appropriately implemented, GDG could suffer unexpected losses and reputational damage which could adversely affect GDG's financial performance, capital resources, financial condition and prospects.
Reputational damage	GDG's ability to attract and retain customers and investors and its prospects could be adversely affected if GDG's reputation is damaged. Failure to appropriately address issues that could or do give rise to reputational damage could also give rise to additional legal risks, subject GDG to regulatory enforcement action, fines and penalties and could lead to loss of business, which could adversely affect GDG's financial performance, financial condition and prospects.
Future payment of dividends	The payment of dividends on GDG shares is dependent on a range of factors including the profitability of GDG, the availability of cash, capital requirements of the business and other business obligations. Any future dividend levels will be determined by the GDG board having regard to its operating results and financial position at the relevant time. There will be factors outside of the control of GDG and its directors that may affect the ability of the Company to pay dividends. There is no guarantee that any dividend will be paid by GDG and, if paid, that it will be franked.
Funding risk	A deterioration in GDG's ability to obtain the necessary funding required to meet its strategic objectives may have an adverse impact on GDG's performance or financial position.
Litigation	GDG may, in the ordinary course of business, be involved in possible litigation and disputes. The outcome of litigation or a dispute cannot be predicted with certainty and any such litigation or dispute may be costly and adversely affect the operational and financial results of GDG as well as its reputation.
Insurance	<p>GDG holds insurance policies, including for errors and omissions (professional indemnity) and directors' and officers' insurance, at levels at which GDG regards as commensurate with industry standards, and adequate having regard to its business activities. These policies provide a degree of protection for GDG's assets, liabilities, officers and employees. However, no assurance can be given that any insurance that GDG currently maintains will be available in the future on a commercially reasonable basis or provide adequate cover against claims made against GDG, noting that there are some risks that are uninsurable or risks where the insurance coverage is less than might be required.</p> <p>GDG also faces risks associated with the financial strength of its insurers to meet indemnity obligations when called on which could have an adverse effect on earnings. If GDG incurs uninsured losses or liabilities, its assets, profits and prospects may be adversely affected.</p>

Equity Raising and Acquisition risks

For personal use only

<p>GDG's accretion expectations</p>	<p>GDG has undertaken financial, operational, business and other analysis of Evidentia in order to confirm its attractiveness to GDG and whether to pursue the Acquisition.</p> <p>It is possible that such analysis, and the best estimates and assumptions made by GDG, draw conclusions and forecasts which are inaccurate or which are not realised in due course (whether because of incorrect data, flawed methodology, changes in taxation and other applicable laws, changes in market conditions, occurrence of risks which are not adequately mitigated or misinterpretation of economic circumstances).</p> <p>To the extent that the actual results achieved by Evidentia are weaker than anticipated, or there any difficulties in integrating its operations into GDG, there is a risk that Evidentia's financial position, performance and prospects may be materially different from the financial information reflected in this presentation, including any expectations as to the accretive nature of the Acquisition.</p>
<p>Reliance on information provided in Evidentia due diligence</p>	<p>GDG undertook a due diligence process in respect of the Acquisition, which, among other things, relied on the review of financial information and other information provided by Evidentia. Despite making reasonable efforts, GDG has not been able to verify the accuracy, reliability or completeness of all the information which was provided, including forecast information.</p> <p>If any information provided to and relied on by GDG in its due diligence and preparation proves to be incorrect, incomplete or misleading, there is a risk that the actual financial position and performance of Evidentia may be materially different to expectations.</p> <p>Investors should also note that there is no assurance that the due diligence conducted was complete or conclusive, and that all material issues and risks in respect of the Acquisition have been identified and avoided or managed appropriately. Therefore, there is a risk that issues and risks may arise that could adversely affect the financial performance of GDG.</p>
<p>Business risk</p>	<p>The negotiations between GDG and the shareholders of Evidentia (Sellers) were conducted on the basis of the information that was publicly available to GDG and on certain disclosures by or on behalf of the Sellers of Evidentia.</p> <p>While GDG considers the due diligence investigations to have been adequate and consistent with market practice for a transaction of this type as noted above, GDG has not been able to verify the accuracy, reliability or completeness of all of the information provided by Evidentia against independent data.</p> <p>Certain liabilities and potential exposures of Evidentia have been identified during the course of due diligence investigations. While GDG has sought to minimise these risks through the negotiation of the terms of the Share Sale Agreement (SSA), including through the indemnities and warranties in the SSA, these contractual protections are subject to limitations including in relation to scope and time. Accordingly there is no guarantee that the risks can or will be partially or completely mitigated.</p> <p>As a result, following the Acquisition, unknown or unquantified risks and liabilities of Evidentia may arise, or expected types of risks and liabilities may be greater than anticipated, and this may impact negatively on profitability, results of operations, financial position or market value of Evidentia, which in turn will affect the value and performance of GDG.</p>
<p>Acquisition risk</p>	<p>GDG intends to use the funds raised from the Entitlement Offer to fund the acquisition of the shares in Evidentia Group Holdings Pty Ltd and cover the transaction costs relating to the Acquisition and Entitlement Offer. Equity raising also includes \$30.0m of capital, to support synergy and implementation costs and future growth opportunities in the Evidentia business</p> <p>The Acquisition is subject to only one condition precedent, namely that the Underwriting Agreement is not terminated prior to completion of the Acquisition which is scheduled for 18 February 2025. If the Acquisition does not proceed, GDG will need to redirect the use of the majority of the funds raised under the Placement and Institutional Entitlement Offer to working capital, another acquisition, a potential return of capital to GDG shareholders or other uses to be determined by the board of GDG. Any failure to complete or delay in completing the Acquisition may adversely affect GDG's financial performance and the price of its shares.</p> <p>The Earn Out is based on revenue growth of the merged Managed Accounts business from FY25 to FY26. This has the effect that a low revenue outcome for FY25 increases the likelihood that the Earn Out will be achieved.</p>

Equity Raising and Acquisition risks (cont'd)

For personal use only

<p>Underwriting risk</p>	<p>GDG has entered into an underwriting agreement with the Jefferies (Australia) Pty Ltd and MA Moelis Australia Advisory Pty Ltd (collectively, the Underwriters) under which the Underwriters have agreed to fully underwrite the Equity Raising, subject to the terms and conditions of the underwriting agreement (Underwriting Agreement).</p> <p>Prior to the completion of the Equity Raising, there are certain events which if they were to occur (e.g. market disruptions, defects in the offer documents, alterations, termination, material adverse changes experienced by GDG, regulatory interventions, breaches of the Underwriting Agreement by GDG, etc.), may lead to the Underwriters terminating the Underwriting Agreement.</p> <p>The Underwriters' obligation to underwrite is also subject to customary terms and conditions.</p> <p>The ability of the Underwriters to terminate the Underwriting Agreement in respect of some events will depend (among other things) on whether the event has or is likely to have a material adverse effect on the success, settlement or marketing of the Equity Raising, or on the ability of the Underwriters to market or promote or settle the Equity Raising or is likely to give rise to a material liability of the Underwriters under, or give rise to, or result in, a contravention by the Underwriters or the Underwriters being involved in a contravention of, any applicable law.</p> <p>If the Underwriting Agreement is terminated for any reason, GDG may not receive the full amount of the proceeds expected under the Equity Raising and its financial position might change. GDG might, in those circumstances, need to take other steps to raise capital, including by raising additional debt to fund the Acquisition.</p> <p>Completion of the Acquisition is conditional on the Underwriting Agreement not having been terminated before the Institutional Settlement Date and is scheduled to occur following the close of the Placement and Institutional Offer but before the close of the Retail Entitlement Offer. In the unlikely event that the Underwriting Agreement is terminated during the Retail Entitlement Offer period, not all monies from the Retail Entitlement Offer will necessarily be received in due course in order to satisfy GDG's payment obligations under the SSA. However, GDG is confident that it will have access to necessary funds to support payment of any outstanding monies.</p>
<p>Equity Raising – dilution</p>	<p>Entitlement rights cannot be traded on the Australian Securities Exchange (ASX) or otherwise transferred. If a GDG shareholder does not participate in the Entitlement Offer or does not take up their full entitlement to acquire New Shares under the Entitlement Offer their percentage shareholding in GDG will be diluted.</p> <p>GDG shareholders who do not participate in the Placement to the extent of their proportionate shareholding will also be diluted as a result of it.</p>
<p>Integration and synergies</p>	<p>The Acquisition will have an impact on GDG's business, operational profile, capital structure and size compared to that of GDG on a standalone basis.</p> <p>There is a risk that the success and profitability of GDG following completion of the Acquisition could be adversely affected if Evidentia is not integrated effectively. There is a risk that integration could take longer, be more complex or cost more than expected, encounter unexpected challenges or issues, divert management attention or that the anticipated benefits and cost synergies may not be achieved.</p> <p>Any failure to or delay in achieving integration may impact on the financial performance, operation, position and/or market share of GDG and the future price of GDG shares.</p>
<p>Difference in accounting policies</p>	<p>The accounting policies to be applied by Evidentia in the preparation of its accounts could differ from those adopted by GDG. This could materially increase the reporting complexity and costs associated with the preparation of GDG's accounts. There is also a risk that the preparation of Evidentia's financial accounts is delayed, impacting the ability of GDG to finalise its financial accounts on a timely basis.</p>

Evidentia business risks

<p>Ability to maintain high growth</p>	<p>Evidentia is a high growth business. If new client wins, growth in FUA, and / or conversion of client FUA to FUM materially diverges from expectations Evidentia may fail to achieve management forecasts. There is also a risk of adverse market movements given Evidentia’s product exposure to equity markets.</p>
<p>Scaling technology, systems and compliance</p>	<p>Evidentia is a relatively young, founder-led business. As the business continues to scale, its technology, systems and compliance requirements will change. This may present a risk from an information and operational standpoint. For example, if Evidentia were to have issues scaling its technology platform, and client experience were to suffer as a result this, this presents a financial and reputational risk to Evidentia and the broader GDG group.</p>
<p>Retention of Key Personnel</p>	<p>As a founder-led, people-driven business, retaining key talent and management personnel is an important driver of Evidentia’s future success. Loss of key personnel could pose a risk to Evidentia’s performance and client relationships which presents a financial risk to Evidentia and the broader GDG group.</p>

General risks

General economic environment	Changes in general economic factors such as economic growth, interest rates, exchange rates, inflation and business and consumer confidence and general market factors may have an adverse impact on GDG's earnings. Aspects of the business that could be affected include reduced management and administration fees and funds under management.
General share investment risk	<p>There are various risks associated with investing in any form of business and with investing in listed entities generally. The value of GDG shares following the Offer will depend on general share market and economic conditions as well as the specific performance of GDG. There is no guarantee of profitability, dividends, return of capital, or the price at which GDG shares will trade on the ASX. The past performance of GDG shares is not necessarily an indication as to future performance as the trading price of GDG shares can go down or up in value.</p> <p>As GDG is a listed company, the price at which its shares trade will be subject to the numerous influences that may affect both the broad trend in the share market and the share prices of individual companies and sectors. Investors should recognise that the price of New Shares may fall as well as rise.</p>
General regulatory risk	<p>Changes in laws, regulations and government policy may affect GDG and the attractiveness of an investment in GDG positively or negatively. The financial services sector in which GDG operates is subject to extensive legislation, regulation and supervision by a number of regulatory bodies.</p> <p>The regulatory environment is increasingly onerous and this has increased the cost of compliance and risk of non-compliance over the years. Changes in laws, regulations and government policy may impact on the attractiveness of an investment in GDG or Generation Life's financial products, thereby impacting upon GDG's profitability. Delays in or failure to secure regulatory approvals may impede new product innovation.</p>
Capital availability	Current economic conditions can impact on the availability of equity funding that may be required to support the cash flow of a business. GDG's operations and growth may be affected by the availability of funding which would impact on GDG's ability to develop products and establish business operations in the expected time frame and/or at its current levels.
Operational and controls risk	Operational risk relates to the risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events which impact on GDG's business. GDG is exposed to operational risks including risks arising from process error, fraud, system failure, failure of security and physical protection systems including cyber security and any pricing errors. GDG has specific operational exposures in connection with product disclosure statements, legal and regulatory compliance, product commitments and others. Operational risk has the potential to have an effect on GDG's financial performance and position as well as reputation.
Liquidity and realisation	<p>There can be no guarantee that there will be an active market in the New Shares or that the price of the New Shares will increase or not decrease. There may be relatively few or many buyers or sellers of the New Shares on the ASX at any one time which may lead to increased price volatility and affect the price at which shareholders are able to sell their New Shares.</p> <p>The Company nor its Directors guarantee the market price or liquidity of GDG shares and there is a risk that you may lose some or all of the money you invest in New Shares.</p>
Taxation	Future changes in taxation law in Australia, including changes in interpretation or application of the law by the courts or taxation authorities in Australia, may impact the future tax liabilities of GDG or may affect taxation treatment of an investment in GDG shares, or the holding or disposal of those shares.
Force Majeure Events	Events may occur within or outside Australia that could impact on the global and Australian economies, the operations of GDG and the price of GDG shares. These events include but are not limited to terrorism, an outbreak of international hostilities, fires, floods, earthquakes, labour strikes, civil wars, natural disasters, outbreaks of disease and biosecurity threats such as Covid19 or man-made or natural events or occurrences that can have an adverse effect on the demand for GDG's products and services.

General risks (cont'd)

Accounting standards

GDG prepares its general purpose financial statements in accordance with IFRS and the Corporations Act. Australian Accounting Standards are subject to amendment from time to time, and any such changes may impact on GDG's statement of financial position or statement of financial performance.

Preparation of the GDG's financial statements requires management to make estimates and assumptions and to exercise judgement in applying relevant accounting policies, each of which may directly impact the reported amounts of assets, liabilities, income and expenses. A higher degree of judgement is required for the estimates used in the calculation of valuation of goodwill and other intangible assets and as well as other statement of financial position items. Changes in the methodology or assumptions on which the assessment of goodwill and intangible balance is based together with expected future cash flows (including changes flowing from current and potential regulatory reform), could result in the potential write-off or a part of all of the goodwill or intangible balances.

If the judgements, estimates and assumptions which are used to prepare financial statements are subsequently found to be incorrect, there could be a significant loss to GDG beyond that anticipated or provided for, which may adversely impact GDG's reputation and financial performance and position.

Underwriting Agreement Details

Overview of the Underwriting Agreement terms

Jefferies and MA Moelis Australia are acting as underwriters and lead managers (Underwriters) of the Placement and the Entitlement Offer. GDG has entered into an underwriting agreement with the Underwriters (Agreement) under which the Underwriters have agreed to fully underwrite the Placement and the Entitlement Offer on the terms and conditions of the Agreement.

The Agreement contains customary representations and warranties and indemnities in favour of the Underwriters for an agreement of this nature.

The Underwriters' obligations under the Agreement, including to manage and underwrite the Placement and the Entitlement Offer, are conditional on certain matters, including GDG delivering certain certificates, reports, sign-offs and opinions and meeting timetable requirements. Further, if certain events occur, some of which are beyond the control of GDG, the Underwriters may terminate the Agreement. Termination of the Agreement would have a materially adverse impact on the total amount of proceeds that could be raised under the Placement and the Entitlement Offer.

Capitalised terms in this summary have the meaning given to them in the Agreement unless otherwise defined in this Presentation.

The Underwriters may terminate their obligations under the Agreement if any of the following events occur prior to 5.00pm on the Second Settlement Date (or at any other time specified below) for the Placement and the Entitlement Offer by giving written notice to GDG where:
