Director's Report

The Directors present their report, together with the condensed financial report, on the consolidated entity (referred to hereafter as the 'Group'), consisting of FOS Capital Limited ('FOS') and the entities it controlled for the half-year ended 31 December 2024, and independent auditor's review report thereon.

Directors

The names of the Company's Directors in office during the half-year and until the date of this report are set out below. Each of the directors was in office for this entire period, unless otherwise stated.

Con Scrinis, Managing Director Michael Koutsakis, Executive Director (Sales & Marketing) Michael Monsonego, Non-Executive Director Alexander (Sandy) Beard, Non-Executive Chairman

Principal Activities

The principal activities of the Group include the manufacture of a full range of commercial luminaries, outdoor fittings, and linear extruded lighting, as well as the distribution of a range of commercial and architectural lighting.

Results of Operations and Significant Changes in the State of Affairs

The Board is pleased to report another strong result for the Group during the half-year ended 31 December 2024, with group revenues of \$14.0 million up 42% from \$9.9 million in the prior comparative period (pcp).

The Group achieved significant growth in profitability over the period, with Operating Profit before Tax of \$1,021,474 (up 51% from \$676,614 in the pcp), Statutory Net Profit After Tax of \$787,779 (\$127,401 in pcp), and Earnings Per Share of 1.46cps (up over 500% from 0.24cps in the pcp). This was driven by higher rebased sales and ongoing KLIK Systems integration following its acquisition in October 2023, which has lowered operating costs and improved gross margins. The continued strength of the KLIK Systems business and its positive impact on the broader Group reaffirms the advantages of the ongoing acquisition strategy.

Additional synergies were created through the consolidation of manufacturing and administration functions across the Group, while progress was also made on the rationalisation of product lines. International market sales have continued to grow, with export market sales reaching \$1.3 million (9% of Group sales) for the half year ended 31 December 2024, an increase of 149% vs the pcp.

During the period, wholly-owned subsidiary FOS Lighting entered into an exclusive distribution agreement with RP Group, a leading German-based global emergency & exit lighting products manufacturer, which expanded the total addressable market for FOS to more than \$700m. These markets remain highly fragmented, providing FOS with a competitive advantage as the business continues to scale and presenting further acquisition opportunities.

FOS was also engaged in December 2024 by the Board of ASX-listed Anagenics Limited (ASX:AN1) to undertake a restructure of that company's operations for an initial period of 3 months. Following the provision of these services the Board of Anagenics agreed to issue 35 million AN1 shares to FOS Capital at 1c per share, with issuance subject to Anagenics shareholder approval. As at the date of this report, shareholder approval is yet to be obtained. In the event shareholders do not approve the share issue, a fee of \$350,000 is payable in 12 months' time post completion of the business restructuring process. FOS now has an ongoing, mutuallybeneficial relationship with Anagenics that does not impact the Group's operations or strategic priorities.

In terms of capital management during the period, the Group paid a 1cps dividend to shareholders equivalent to \$538,061 (\$nil in the pcp) and the final \$1.0m KLIK Systems deferred consideration payment. Given positive operating cash flow of \$2.5 million (vs an operating cash outflow of \$(608,018) in the pcp), the Group ended 31 December 2024 with a strengthened balance sheet including Net Debt of \$0.7 million (vs Net Debt of \$1.0 million as at 30 June 2024).

Directors' Report (Continued)

The outlook for the key industries served by the Group remains strong, including infrastructure, hospitals, and schools, with active quotes at \$110.0m (vs \$100.0m in the pcp and unchanged from September 2024), while the order book has reduced to \$8.8m (vs \$11.0m in the pcp). This provides good visibility on performance in the current period.

Our organisational structure across Australian and New Zealand, rebased earnings profile, and favourable market positioning leave FOS very well placed to generate further growth. Alongside a consistent focus on product development and rationalisation, we are considering several accretive, strategic acquisitions.

We would like to take this opportunity to thank our customers for their business, shareholders for their support, and in particular our staff for their diligence over the period, and look forward to reporting on our progress in the second half of the financial year.

Dividend

The Directors have declared no interim dividend for the half year ended 31 December 2024 (no interim dividend declared in pcp).

Matters Subsequent to Reporting Date

There were no matters or circumstances specific to the Group that have arisen since 31 December 2024 that have arisen since and state of affairs.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the Corporations Act 2001 in relation to the review for the half-year is attached to these financial statements.

Rounding of Amounts

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2020/191, the amounts in the Directors' report and in the financial report have been rounded to the nearest dollar.

Signed in accordance with a resolution of the directors.

Responsibilities of the directors for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
