The Logo / Emblem:	

The emblem of London City Equities Limited represents the London Plane Tree. This plant, initially recorded in 1670, has become a long term survivor of the English seasons and population growth. Its resilience comes from its hardwood strength and its ability to shed bark, thereby renewing and protecting itself from risk of disease. Its shiny leaves are easily washed and reinvigorated by the rain. There are many examples still growing vigorously in London Squares that are estimated to be over 200 years old.

Chairman's Key Points

Strong Six Months - Record Asset Values - Up 10% - Liquidity boosted

Coming off the back of continuing strong stock-market conditions over 2023/24 Directors report further gains in the values of the Investment Portfolio. And these gains have continued into the New Year. A significant (and rare for London City) reduction in the size of a key investment took place in October - see below. As a result, London City finished the half year with nearly a third of its net assets in liquid cash or cash equivalents.

Stock-market conditions - a mention

Despite mixed clouds of inflation, high interest rates and international conflict the world markets continued to move ahead after June and break record "highs". The Australian market in 2023/24 saw the ASX All Ordinaries Index rise from 7384 to 8014 - up 8.5%. Surprisingly it continued. By the end of December it had hit 8420 (up 5%). And this week it had reached 8764 - up 9.5% on June. It was in these conditions that Directors took the unusual step to convert some equity to cash liquidity.

Investments - major change to liquidity - Fiducian holding reduced - Capital Gain \$7 million.

As I mentioned earlier, the Investment Portfolio changed character over the six months. It now has some 30% held in cash or cash equivalents. While there may be a lower correlation with market trends going ahead, the overall balance of sizeable cash is one of caution. The funds arose mainly from a reduction in our Fiducian shareholding. We bought our first shares for \$1.20 each in 2006. Dividends have easily repaid that outlay. For many years we were the second largest holder with 7%. In October the Board took the view that the Portfolio's large concentration of Fiducian was not really ideal - so the holding was cut by 40%, realising a gain of \$7 million. We still hold a major stake and applaud Fiducian's management.

Investments - Other

The December accounts show the portfolio components at **70% equity shareholdings and 30% cash** equivalent. Our remaining holding in **Fiducian Group** still comprises 60% of the equities with 40% of equity holdings being the 8.9% ownership of **Excelsior Capital** Limited. Shareholders will be aware that we are pursuing litigation against Excelsior and associates and seeking the relief of a winding up and distribution of all assets to shareholders. Progress on this is unpredictable.

Financials - Higher Profits generated by higher Dividend Income

The Net Profit after tax for the six months came in at \$293,000. Although this has been overshadowed by the significant capital gain achieved from the Fiducian downsizing the profit result was good considering legal costs have been incurred. Indeed, our profits have been providing for growing dividends for years. Due to past tax losses London City has no immediate tax liability. However, it has reached the stage where future gains in excess of \$5 million are likely to attract tax.

Net Assets - 75 Cents a share at balance date.

Shareholders will note that net worth, standing at record levels of \$23.6 million at balance date, show net assets a share had risen to 75 cents on 31 December. Market indicates they have risen by 4 to 5 cents since.

Outlook

Directors have noted this week's slight reduction in interest rates of 0.25% by the RBA and the commentary on inflation, employment and general economic conditions. They are comfortable with London City's now high level of liquidity going ahead. Immediate performance depends on the Excelsior Capital situation. We are beginning to review more actively potential future investments that meet our long standing criteria of those companies that have significant and unique market shares, operate with high quality management quality and satisfy our risk averse nature.

Peter E.J. Murray
Chairman of Directors

20 February 2025

Statutory Directors Report For the Half Year ended 31 December 2024

The Directors of London City Equities Limited submit their report together with the financial report for the above period.

Directors

The names of Directors who held office at any time during the half year and up to the date of this report are Mr. Peter EJ Murray, Mr David G. Butel and Mr Louis Joseph.

Review of Operations - Overview

Bouyancy in international stock-markets continued during this half. The company's investment portfolio increased in value and exceeded key market indices by a significant margin. The well managed Fiducian Group was a major outperformer. Directors considered the high exposure to Fiducian and sold around 40% of the holding for a major capital gain. Liquid assets rose to over \$7 million as a result. Profits were enhanced by increased dividend income but impacted by litigation costs and a possible performance fee of \$90,000. The annual dividend was increased to 1.50 cents a share.

The Investments

At balance date the company's strategic Investment Portfolio was valued at \$17.8 million, \$10.9 million over cost. These figures are down from the June numbers due to the sale of \$8.7 million of the key Fiducian shareholding producing a capital gain of \$6.9 million. Litigation continues against Excelsior Capital. In this regard a new legal firm was appointed in November to act for London City.

Revenue

The dividends received from London City's two key investments rose as a result of those companies opting for higher dividend payouts this half year. A capital gain of \$6.9 million was also recorded.

Shareholders Dividend

The annual dividend paid to shareholders was raised again and a fully franked dividend of 1.5 Cents a share was paid in November. The Dividend Reinvestment Plan has been suspended.

Events occurring after Balance Date

No event has taken place since balance date that might be regarded as material.

Auditor's Independence Declaration

The auditors, Cutcher & Neale, have provided us with the enclosed declaration of independence.

This report is made in accordance with a resolution of the Directors of 19 February 2025.

Signed and dated this 20th day of February 2025.

On behalf of the Board

P.E.J. Murray - Director

D.G. Butel - Director

Note 1: Statement of Significant Accounting Policies

(a) Basis of Preparation

This general purpose half-yearly condensed financial report has been prepared in accordance with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Act 2001 and other applicable Accounting Standards and other mandatory professional reporting requirements.

This interim financial report does not include all the notes of the type normally included in an annual financial report. It is recommended that this report should be read in conjunction with the 2024 Annual Report and public announcements made by the company during the half year, in accordance with the continuous disclosure obligations arising out of the Corporations Act 2001.

The half-year financial report also has been prepared in accordance with AIFRS (Australian Equivalents to International Financial Reporting Standards).

The financial statements are prepared using the valuation methods described below for holdings of securities. All other items have been treated in accordance with the historical cost convention.

The Company has two discrete types of investments - the Trading Portfolio (Current Assets) and the Investment Portfolio (Non-Current Assets). The Company is a long term investor. All investments are initially recognised at the fair value of the consideration given. After initial recognition, investments (classified as either Trading or Investment) are measured at their fair value. Fair Value of listed securities is determined by reference to the last sale price at the close of business at balance date. Gains or losses on Trading Portfolio investments are recognised in the Income Statement. Gains or losses on Portfolio investments are recognised as a separate component of equity in the Unrealised Revaluation Reserve.

The accounting policies adopted have been consistently applied by the company and are consistent with those applied in the 30 June 2024 Annual Report. New standards or interpretations mandatory for the annual reporting period beginning 1 July 2024 will not have any effect on the financial position or performance of the company.

The company applies a Corporation Tax Rate of 30% for its financial reporting.

(b) Other Disclosure

The financial report of London City Equities Limited for the six months ended 31 December 2024 was authorised for issue in accordance with a resolution of the Directors on 19 February 2025.

London City Equities Limited is a company limited by shares and incorporated in Australia. Its shares are publicly traded on the Australian Securities Exchange. It is substantially Australian owned.

For personal use only

	<u>9,193,464</u>	<u>13,833,869</u>

Notes to the financial statements - 31 December 2024 (Cont'd)

	31 Dec 2024	30 June 2024
Note 7. Shares on Issue	Number	Number
Ordinary Shares - 1 July 2024	31,304,311	31,044,928
Movement during the period - DRP Plan	-	259,383
Balance at reporting date	31,304,311	31,304,311

The company has suspended its Dividend Reinvestment Plan under which shareholders elect to have all or part of their dividend reinvested in new ordinary shares at a discount to the market price. It operated in 2023 and discount offered to shareholders then was 2.5%.

Note 8. Dividends Paid

The following dividends were recognised in the accounting period:

	\$	\$
A fully franked ordinary dividend of 1.50 cents per share was paid to shareholders on 12 November 2024 (previous year - 1.45 cents) fully franked dividend. The year 2023 carried DRP participation.	469,565	450,151
There are no interim dividends proposed for payment.		

Note 9. Taxation

A future income tax benefit of \$1,850,000 (2023 - \$2,960,000) has been brought to account in respect of estimated recoupable tax losses available to the company. While market values indicate higher recoupment of past losses, Directors have cautiously opted not to bring to account the full amount of future income tax benefit. At balance date there remains approx \$5,000,000 in losses still available for the future. These tax losses considered in these assessments, have not been confirmed by tax authorities and the tax benefits will only be obtained if:

- (i) Assessable income is derived of a nature and of an amount sufficient to enable the benefit of the deductions to be realised;
- (ii) Conditions for deductibility imposed by the law complied with; and
- (iii) No charges in tax legislation adversely affect the realisation of the benefit and of the deductions.

Note 10. Segmental information

The economic entity predominantly acted through the period as a strategic investor investing funds in Australia.

	Equity Investment	Other	Total
2024			
Revenue	\$	\$	\$
Investment /other revenue	693,207	23,308	716,515

Segment liabilities	(3,753,453)	(151,895)	(3,905,348)
Net cash inflow from operating activities	603,632	(54,752)	548,880

Directors' Declaration

In the Directors' opinion:

1. the financial statements and notes set out on Pages 4 to 10 are in accordance with the Corporations Act 2001, including

(i) complying with Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and

(ii) give a true and fair view of the Company's financial position as at 31 December 2024 and its performance, as represented by the results of its operations and its cash flows, for the half year ended on that date.

2. there are reasonable grounds to believe that London City Equities Limited will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Independent Auditor's Review Report to the Members of London City Equities Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of London City Equities Limited (“the Company”) for the half year ended 31 December 2024 as set out on pages 4 to 10. The financial report comprises the statement of financial position as at 31 December 2024, the statement of comprehensive income, cash flow statement, and statement of changes in equity for the half-year ended on that date, accompanying notes to the financial statements, and the directors’ declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the accompanying half-year financial report of London City Equities Limited, has not been prepared, in all material aspects, in accordance with the *Corporations Act 2001* including: .

- (a) giving a true and fair view of its financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with *ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor’s Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report has not been prepared, in all material aspects in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
