

PRELIMINARY FINAL REPORT

APPENDIX 4E

REPORTING PERIODS

Current reporting period	Financial year ended 31 December 2024
Previous corresponding period	Financial year ended 31 December 2023

RESULTS FOR ANNOUNCEMENT TO THE MARKET

Summary

				A \$'000
Revenue from continuing operations	Down	NC	to	0
Net statutory profit for the period	Down	-86%	to	733
Profit attributable to members of Tian An Australia Limited (TIA)	Down	-86%	to	733

Dividends per Share

	Interim (cents)	Final (cents)
Amount per share	Nil	Nil
Franked amount per share at 25% tax	N/A	N/A
Record date for determining entitlements to dividends	N/A	N/A
Payment date of dividends	N/A	N/A

No dividends were declared during the year ended 31 December 2024 or the previous corresponding period.

NET TANGIBLE ASSETS PER ORDINARY SHARE (NTA backing)

Current reporting period	79 cents per Share
Previous corresponding period	78 cents per Share

TIA recorded statutory profit of \$0.73 million against \$5.35 million profit in the prior comparative period.

TIA generated \$Nil revenue (2023: \$Nil).

TIA's net asset balance at 31 December 2024 is \$68.04 million, up from \$67.30 million in the prior comparative period.

There was a profit in 2024 due to the write back of previous impairment provisions on inventory of \$5.3M in relation to The Henley, Enfield as well as fair value revaluation uplift in the Company's project assets.

Construction is due to complete in The Henley, Enfield project in 2025. Auburn Square stage 2 is due to commence construction during the year. It will also settle the remaining apartments in Hammond Place, Chatswood.

Approvals will be sought at its Hammond Greens and Hammond Place, Chatswood and Point Grey sites.

The company will aim to sell the remainder of its completed stock in stage 1 of Auburn Square and the Villa site ('Lot 370') in Dawesville.

TIA is in a good capital position and has the continuing financial support from Tian An China Investments Company Limited, the company's ultimate parent entity.

The Group continues to focus on residential development sites along the east coast of Australia, within inner metropolitan and city locations, close to established infrastructure.

No dividend was declared for the current reporting period.

Additional Appendix 4E disclosure requirements can be found in the notes to these financial statements and the Directors report attached thereto.

The report is based on the consolidated financial statements which have been audited by BDO Audit Pty Ltd.

Where:

A = # of meetings attended

B = # of meetings held during the time the Director was in office or member of the committee during the year

CORPORATE INFORMATION

The Company is limited by shares and is incorporated and domiciled in Australia. It is the ultimate Australian parent entity of the Group and has prepared a consolidated financial report incorporating the entities that it controlled during the year ended 31 December 2024. These are detailed in the accompanying notes to the financial statements.

PRINCIPAL ACTIVITIES

The principal activity of the Group during the year was the development and sale of residential land and built-form products. The Company has interests in developments on the east coast of Australia and developments in the Mandurah / Peel Region of Western Australia.

For personal use only

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

SUMMARY OF DEVELOPMENTS

Western Australia

Point Grey and Peel Water, Point Grey

An amended Local Structure Plan was submitted to the Council. Following the conclusion of a public exhibition process in late 2024, management is reviewing and preparing responses to the submissions received. In late February 2025 the councillors will discuss the application to decide upon a recommendation to the Western Australian Planning Commission, being the statutory decision making authority in this instance.

Lot 370, Port Bouvard, Dawesville

Lot 370 is available for sale.

Eastern Seaboard

The Henley, Enfield, NSW

Contracts for 51 townhouses have been exchanged. Construction is nearing completion, with the Occupational Certificate and settlements expected in March 2025.

Cascade Gardens, Pymble, NSW (Cascade Gardens)

The project has been completed with the remaining apartment settled in the first half of 2024 and received its returns from the project.

Auburn Square, Auburn, NSW

Auburn stage 1 has almost sold out with 17 apartments available for sale. Early works for Stage 2 of Auburn Square are underway. Amendments to the original Development Application are in progress, with construction targeted to commence in the second half of 2025.

Pre-sales for Stage 2 apartments have begun, with an official launch scheduled for the first quarter of 2025. A heads of agreement has been signed with Coles Supermarkets for the lease of the retail space at Auburn Square stage 2.

The Peninsula, Hope Island, QLD

All of the Company's investment and preferred return has been received.

Hammond Greens, Chatswood, NSW

The Development Application was approved in October 2024. A State Significant Development Application (SSDA) has been lodged in late 2024. Demolition of the existing structures is currently in progress, with the site anticipated to be cleared by March 2025.

Hammond Place, Chatswood, NSW

This project is in the planning stage, with a Development Application submission anticipated in the second half of 2025. Partial settlement of the option deed and apartments occurred in mid-2024, with the remaining settlements expected to be finalized in 2025.

ENVIRONMENTAL REGULATION

The Group is subject to environmental regulation in respect of its land development as set out below. The Group is committed to undertaking its developments in an environmentally responsible manner and to a high environmental standard. The Group takes its environmental responsibilities seriously and notes that it is a stakeholder expectation that the environment is being treated appropriately and sustainably.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

LAND DEVELOPMENT APPROVAL

All current projects are being undertaken with approvals issued by the relevant statutory authorities. To the best of the Directors' knowledge, all activities to implement the projects have been undertaken in compliance with the requirements of the existing approvals.

FUTURE DEVELOPMENTS, PROSPECTS AND BUSINESS STRATEGIES

The Group will continue to focus its strategy of diversifying the Group's residential development sites along the east coast of Australia, within inner metropolitan and city locations, close to established infrastructure.

Construction is due to be completed in The Henley, Enfield project in March 2025.

Commencement of works at its Auburn Square, Auburn stage 2 site.

DA Approval was attained for its Hammond Greens project with SSDA approvals being sought on both its Chatswood sites.

Settlement of the remaining properties at its Hammond Place, Chatswood site.

Amending the local structure plan for the Point Grey project.

As at year end, the company is continuing to sell the remainder of its completed stock in stage 1 of Auburn Square and the Villa site ('Lot 370') in Dawesville.

REVIEW OF OPERATIONS

Operating Performance

For the year ended 31 December 2024 the Group's recorded a statutory profit for the period of \$733,000 (profit for the year ended 31 December 2023: \$5,354,000).

Financial Position

The Group's net assets at 31 December 2024 are \$68,035,000 (31 December 2023: \$67,302,000). During the year the Group:

- Completed the Cascade Gardens, Pymble and The Peninsula, Hope Island projects;
- Obtained a development application for its Hammond Greens, Chatswood project and submitted an SSDA application;
- Partially settled the Hammond Place, Chatswood site;
- Settled a number of Auburn Square apartments, with only 17 apartments remaining in stage 1;
- The Henley, Enfield is close to completion with the 51 townhouses currently exchanged;
- Considered alternative masterplans for Point Grey and prepared plans and technical reports to support the amendment to the Local Structure Plan application.

Increased the loan facility with Oasis Star Limited to \$200m and extended the repayment date to December 2027. The facility is interest free from 23 May 2024.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

Key elements of the Group's statement of financial position are shown below:

	Consolidated	
	31 December 2024	31 December 2023
	\$'000	\$'000
Current assets	100,268	72,119
Non-current assets	207,065	163,605
Total assets	307,333	235,724
Current liabilities	53,081	22,872
Non-current liabilities	186,217	145,550

Balance sheet gearing ratio ¹	16%	70%

¹ Balance sheet gearing ratio = (interest bearing debt - cash) / (total assets - cash)

MATERIAL BUSINESS RISKS

The Australian economy in 2024 was impacted by inflation with increases in material and labour costs influencing some of our project valuations. The Australian Government has recently reduced interest rates to stimulate the growth of the economy.

With interest rates easing over the course of 2025, together with a housing shortage in Australia, this should lead to favourable outcomes for the residential property market and the company's returns.

Housing affordability has been declining. The company is continuing to investigate options to improving affordability by considering including affordable housing in its future projects. The Company also sold completed stock in its Auburn Square development to buyers who qualified for government housing grants assisting first home buyers.

Climate change has also impacted our projects with delays in construction due to wet weather. These delays had some impact in the timing of the recognition of profits by the Company.

Our joint venture partners play an important role in our business. The delivery of our development investments is driven by the engagement of aligned partners. Our partner relationships are based on delivering mutual benefits to all parties. Our value creation model has a focus on committed partners and enables the delivery of our strategy. Governance frameworks are in place to manage our capital partnerships.

The Company continues to locate and develop sites which are close to existing transport links, ensuring buyers are able to reduce their carbon footprint by having access to public transport.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

The Directors and Management are continuing to evaluate the unpredictability of the economy, the impact of inflation and the potential future impact on asset values. TIA is in a solid capital position and has the continuing financial support from Tian An China Investments Company Limited, the company's ultimate parent entity. Despite the economic and financial impacts, the company continues to evaluate investment opportunities to take advantage of the improving Australian property market.

Dividends

No dividends were paid or payable during the year or the previous financial period.

DIRECTORS' INTERESTS IN THE SHARES OF THE COMPANY

As at 31 December 2024, Cerena Fu held 557,675 shares in the Company.

For personal use only

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

REMUNERATION REPORT – AUDITED

The remuneration report is set out under the following main headings:

1. Key Management Personnel (**KMP**);
2. Governing Principles;
3. Details of Remuneration;
4. Service Agreements;
5. Share-Based Compensation; and
6. Additional Information.

1. Key Management Personnel (KMP)

The following persons were KMP of the Group during the year:

Name	Position
Peter Curry	Chairman – Non-Executive
Marcus Seow	Director – Non-Executive
Cerena Fu	Director – Non-Executive
Hai-Young Lu	Chief Operating Officer ¹
Dennis Wong	Financial Controller

2. Governing Principles

The Group does not have a formal remuneration committee due to its limited size. The Board of Directors therefore sets the parameters and objectives for the remuneration of the Group's senior executive. The Board may use the services of a remuneration consultant for remuneration advice.

The performance of the Group depends upon the quality of its Directors and senior executives. To prosper, the Group must attract, motivate and retain highly skilled Directors and senior executives. To this end, the Group embodies the following principles in its remuneration framework:

- Provide competitive rewards to attract high calibre senior executives being mindful of the market, position and work required;
- Be acceptable to Shareholders;
- Be linked to and aligned with performance in order to motivate senior executives;
- Ensure the reward is transparent; and
- Ensure the reward only be given after due consideration of the Group's capital management requirements and strategies.

¹ Resigned 6 January 2025

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

The reward structure has been designed to be aligned with both Shareholder and senior executive interests. To ensure alignment with Shareholder interests, the reward structure:

- Has the Group's short-term strategy in mind;
- Focuses on sustained growth in Shareholder wealth, delivering consistent return on assets;
- Encourages senior executives to focus on non-financial drivers of value; and
- Attracts and retains high calibre senior executives.

To ensure alignment with senior executives' interests, the reward structure:

- Rewards capability, effort and experience;
- Reflects competitive reward for contribution to growth in Shareholder wealth;
- Provides a clear structure for earning rewards;
- Allows senior executives, to a limited extent, to determine how bonuses, if any, shall be received; and
- Provides recognition and reward for contribution.

The framework provides a mix of fixed and variable pay. The base level of senior executive remuneration can take into account the performance of the Group over a number of years, but primarily the current and prior years. However, it can also take into consideration the development pipeline.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

Bonus Payments

Bonuses can be paid where the Board deems it to be appropriate. There are no specific criteria for bonuses however bonuses are usually paid after achievement of milestones or performance targets by the individuals concerned.

No bonuses were paid in the current year.

Non-Executive Directors

Fees and payments to Non-Executive Directors reflect the demands which are made on, and the responsibilities of, the Directors. Non-Executive Director fees are not specifically linked to the results of the Group in a particular year. However, in setting Non-Executive Director fees, the Board gives consideration to the overall recent performance of the Directors and the Group as a whole.

Non-Executive Director fees are determined within an aggregate Director fee pool limit, which is periodically recommended for approval by Shareholders. This amount was set at a maximum of \$600,000 per annum at a general meeting of Shareholders held on 28 November 2014.

The base remuneration for Non-Executive Directors was reviewed during the 2023 financial year, and the revised remuneration took effect on 1 January 2023. As of that date, Non-Executive Directors of the Company, were paid \$44,000 per annum plus statutory superannuation (except where Directors' fees are paid to a corporation). The Board maintained the remuneration of the Chairman to a maximum of \$110,000 per annum plus statutory superannuation (except where Directors' fees are paid to a corporation).

Additional remuneration, at arm's length rates, may be paid for specific additional services from time to time as determined by the Board. Further, Non-Executive Directors do not receive retirement benefits or additional fees for being members of Board committees.

No options have been issued to Non-Executive Directors as at 31 December 2024 (2023: None).

KMP

The executive pay and reward framework has four components:

- Base pay and benefits;
- Discretionary bonus payments;
- Performance-based (at-risk) remuneration; and
- Other remuneration such as superannuation.

No options were granted during the year ended 31 December 2024 (2023: Nil).

Base Pay and Benefits

Executives are rewarded through a base salary and certain non-cash benefits, where they are deemed to be appropriate. Such remuneration is discussed and determined by the Board upon receiving appropriate advice.

KMP salary and superannuation is reviewed in the first few months of every new calendar year where individual performance and the performance of the Group are taken into account when setting the next year's base salary and remuneration.

Benefits paid to KMP may include motor vehicle expenses and payment of any associated fringe benefits tax that may arise.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

The following table shows the gross revenue, net profits and dividends paid to Shareholders over the past five reporting years.

	Year ended 31 December 2024	Year ended 31 December 2023	Year ended 31 December 2022	Year ended 31 December 2021	Year ended 30 December 2020
Revenue	\$Nil	\$Nil	\$Nil	\$Nil	\$Nil
Net profit / (loss) after tax	\$0.7m	\$5.4m	(\$20.5m)	\$1.1m	(\$24.3m)
Share price at year end	\$0.19	\$0.21	\$0.21	\$0.29	\$0.25
# of shares on issue at year end	86.6m	86.6m	86.6m	86.6m	86.6m
Dividends paid (per share)	Nil	Nil	Nil	Nil	Nil
Return of capital at a premium to market price	Nil	Nil	Nil	Nil	Nil

Bonus Payments

Executives may be eligible for bonuses paid as either cash or non-cash benefits.

Executives currently do not have specific performance criteria in order to receive bonuses and therefore any current bonuses paid are done so at the discretion of the Board. When making decisions with respect to bonuses, the Board closely considers the following factors:

- Overall Group performance and contribution to Shareholder value;
- Attainment of project-specific goals or solutions that may arise in the natural course of the Group's operations;
- Performance of an individual's role relative to the Board's expectations; and
- The individual's ongoing loyalty to the Group.

All executives have regular contact and interaction with the Board, whereby they are able to clearly understand the Board's expectations of their performance. This ensures that the goals attained by executives, and by which their short-term incentives are determined, are in line with the Board and Group's short- and long-term strategies.

Performance-based (at-risk) Remuneration

There is no proportion of total remuneration to KMP which is at risk and only payable on the basis of performance achieving defined outcomes as KMP currently do not have any contracted key performance indicators.

Other Remuneration

KMP receive superannuation in line with current superannuation guarantee requirements.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

3. Details of Remuneration

KMP are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Group, directly or indirectly, including any Director of the Parent Company. The KMP are the same for the Company as for the Group.

Details of the Group's remuneration to KMP during the year, regardless of whether the person was part of KMP for the entire year, are outlined in the tables below:

Directors' report for the year ended 31 December 2024

SHARES UNDER OPTION

There are no unissued ordinary shares of the Company under option that are unlisted at the date of this report. There are no un-issued ordinary shares of the Company under option that are listed on ASX at the date of this report.

SHARE ISSUED ON THE EXERCISE OF OPTIONS

No shares were issued on the exercise of options during the year (2023: Nil).

AUDIT & RISK COMMITTEE

The Directors of the Company have formed an Audit & Risk Committee. Audit & Risk Committee members during and subsequent to the year are outlined below:

- Cerena Fu (Chairman)
- Marcus Seow
- Peter Curry

Members are not separately remunerated for their role as members of the Audit & Risk Committee.

The Audit & Risk Committee's responsibilities include:

- Reviewing the annual report and all other financial information published by the Company;
- Reviewing the effectiveness of the organisation's internal control environment;
- Reviewing the risk management framework; and
- Considering the appointment, removal and remuneration of external auditors and reviewing terms of their engagement, scope and quality of the audit.

INDEMNITY AND INSURANCE OF AUDITOR

The Company has not, during or since the end of the year, indemnified or agreed to indemnify the auditor of the Company or any related entity against a liability incurred by the auditor.

During the year, the Company has not paid a premium in respect of a contract to insure the auditor of the Company or any related entity.

INSURANCE OF OFFICERS

During the year the Parent Entity indemnified the Directors and officers of the Company and its controlled entities.

The liabilities covered are legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of entities in the Group, and any other payments arising from liabilities incurred by the officers in connection with such proceedings. This does not include such liabilities that arise from conduct involving a wilful breach of duty by the officers or the improper use by the officers of their position or of information to gain advantage to themselves or someone else or to cause detriment to the Company.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Group during the year.

MATTERS SUBSEQUENT TO THE END OF THE YEAR

The impact of the economy continue to evolve at the date of this report and therefore the impact on the Group's future financial results remains uncertain and will depend on future developments such as the inflation, interest rates, improvements to the construction supply chains and government policies.

Other than the above, there has not been any matter or circumstance that has arisen since the end of the year that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future years.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Directors' report for the year ended 31 December 2024

NON-AUDIT SERVICES

The Board of Directors, in accordance with advice from the Audit and Risk Committee, is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The Directors are satisfied that the services disclosed below did not compromise the external auditor's independence for the following reasons:

- All non-audit services have been reviewed by the Audit and Risk Committee to ensure they do not impact the impartiality and objectivity of the auditor; and
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants (including Independence Standards).

The following fees for non-audit services were paid to the external auditors, BDO Audit Pty Ltd, and their affiliated entities during the year ended 31 December 2024 by the Group:

Service	Year ended 31 December 2024	Year ended 31 December 2023
	\$	\$
Taxation compliance services	65,145	60,263
Total	65,145	60,263

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

1. REPORTING ENTITY

Tian An Australia Limited is a company limited by shares, incorporated and domiciled in Australia. The financial report covers the consolidated entity Tian An Australia Limited and its controlled entities (the Consolidated Entity and/or the Group) as at 31 December 2024.

The financial report of the Group for the year ended 31 December 2024 was authorised for issue in accordance with a resolution of Directors on 21 February 2025.

2. STATEMENT OF COMPLIANCE

These financial statements are general purpose financial statements which have been prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board and Australian Accounting Interpretations.

The consolidated financial statements also comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standard Board (IASB). The Company is a for-profit entity for the purpose of preparing these financial statements.

3. MATERIAL ACCOUNTING POLICIES

This section sets out the material accounting policies upon which the financial statements are prepared as a whole. Specific accounting policies are described in their respective notes to the financial statements. The accounting policies have been consistently applied, unless otherwise stated.

The principal accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

(a) Basis of preparation

The financial statements are presented in Australian dollars, which is the functional and presentation currency of the Company, and all values are rounded to the nearest thousand dollars (\$'000), unless otherwise stated, under the option available to the Company under ASIC Corporations (Rounding in Financial Directors Reports) Instrument 2016/191. The Company is an entity to which this legislative Instrument applies.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

(b) New accounting standards and interpretations

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There was no material impact on the consolidated entity's financial statements on adoption of these standards and Interpretations.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(c) New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 31 December 2024. The consolidated entity has not yet assessed the impact of these new or amended Accounting Standards and Interpretations.

(d) Going concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

As at 31 December 2024, the Group had cash reserves of \$1,005,000 (December 2023: \$3,052,000) and net current assets of \$47,187,000 (December 2023: \$49,247,000). During the year ended 31 December 2024, the Group had operating cash outflows of \$40,194,000 (December 2023: \$32,525,000). Moreover, the future operations and investments of the Group are subject to uncertainty relating to the timing of future cashflows from projects, and subject to economic impacts of rising interest rates, inflation and construction costs.

However, the financial report has been prepared on a going concern basis. This is considered appropriate as Tian An China Investments Company Limited, the ultimate parent company ("the parent entity") has pledged it continued support for a minimum of 12 months from the date of issuing these financial statements.

The Directors have received a letter of financial support the parent entity confirming that it will not seek repayment of intercompany loans or balances due from the Company, nor request additional funds from the Company, for a period of at least one year from the date of authorisation of the financial report, except to the extent that the Company has available funds to do so. The letter of support also covered the ability of the Group to drawdown further debt facilities should it be necessary for future project cashflows.

The Directors have prepared detailed cash flow forecasts for the Group, which estimate a positive cash position over the 12-month period from the date of authorisation of this report, after taking into account additional funding being provided by the ultimate parent entity.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

In applying the Group's accounting policies management continually evaluates judgements, estimates and assumptions based on experience and other factors, including expectations of future events that may have an impact on the Group. All judgements, estimates and assumptions made are believed to be reasonable based on the most current set of circumstances available to management. Actual results may differ from the judgements, estimates and assumptions. Significant judgements, estimates and assumptions made by management in the preparation of these financial statements are outlined below.

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences and brought forward tax losses when Directors consider that it is probable that future taxable profits will be available to utilise those temporary differences and losses. See Note 7 for further detail.

Net realisable value of inventory

The net realisable value of inventories is calculated using estimated selling prices in the ordinary course of business less costs to complete, less costs to sell. Management use a combination of both internal and external valuations at each reporting date in order to assess the net realisable value of inventories. Both valuation methods are dependent on key judgements, including gross development realisable values, forecasted development profit, planning approvals, discount rates, and comparable properties for direct comparison valuation methods.

As at 31 December 2024, an analysis of net realisable value of the Group's inventory based on both independent external and internal valuations resulted in a \$5,343,000 write back of historic provisions which has been disclosed in the consolidated statement of profit or loss and other comprehensive income. The write back in the year related to the Group's Enfield project as a result of improved sales prices and the imminent completion of the project. Settlements are expected to commence in the 1st quarter of 2025.

Fair value measurement hierarchy

The Group is required to classify all assets and liabilities, measured at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being: Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3: Unobservable inputs for the asset or liability.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

4. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

Considerable judgement is required to determine what is significant to fair value and therefore which category the asset or liability is placed in can be subjective. In determining the fair value of an asset, the Group uses market-observable data to the extent it is available. Where level 1 inputs are not available, the Group engages an independent external valuer to perform the valuation. The Directors work closely with the valuer to establish the appropriate valuation techniques and inputs to the model.

Classification of joint arrangements

Determining whether a contractual arrangement gives the Group control or joint control of an arrangement requires a degree of judgement. In making this judgement, the Group considers whether the contractual arrangement provides the Group existing rights that give it the power to direct the relevant activities of the arrangement or whether the relevant activities require the unanimous consent of the parties sharing control. When assessing power in accordance with AASB 10, only substantive rights are considered. The holder of these substantive rights needs to have the practical ability to exercise and benefit from them, and that protective rights alone do not give control.

Once the above criteria have been established, the Group accounts for its joint as either a joint venture or joint operation.

Management have made the following significant judgements in respect to the classification of the Group's joint arrangements.

For personal use only

Financial liabilities		
Trade and other payables	1,466	2,959
Borrowings	237,554	165,188
	<u>239,020</u>	<u>168,147</u>

The Group has various financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations. The main purpose of borrowings is to provide finance for the Group's operations.

Financial risk management is overseen by the Board. It is the Group's policy that no trading in financial instruments shall be undertaken.

The main risks arising from the Group's financial instruments are market risk, credit risk and liquidity risk. The Board reviews and agrees policies for managing each of these risks annually as summarised below.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Further details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument, are disclosed within the relevant notes to the financial statements.

Market risk

Cash flow interest rate risk

The Group is exposed to fair value interest rate risk through the impact of variable interest rates on its financial instruments. The Group's cash flow interest rate risk relates primarily to borrowings. The Group's borrowings are issued at floating rates. At the end of the year, the Group's debt facilities were drawn to \$237,554,000 (2023: \$165,188,000).

The Group's financing is generally split as follows:

- Short-term project finance; and
- Medium-term borrowings used for the funding of the Group's equity contributions into its development projects and working capital.

Project finance provides the funds necessary for ongoing development costs to existing projects and currently involve floating interest rates. The funds available may only be used to fund the specific project for which the facility was granted.

Medium-term borrowings are used to finance the Group's equity contributions into its development projects and working capital and are currently managed by borrowing at floating interest rates. Please refer to Note 15 for further details on the Group's borrowings.

Interest rate risk Group sensitivity

For the year ended 31 December 2024 if interest rates had changed by +/- 100 basis points (the maximum potential change in management's view from the year-end rates with all other variables held constant), profit/(loss) for the year would have been \$884,000 lower/higher (year ended 31 December 2023: \$1,340,000 lower/higher), mainly as a result of higher/lower interest expense from borrowings. The Oasis Star loan was non-interest bearing from 23 May 2024.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

The Group has two debt facilities available at 31 December 2024. It has a \$200,000,000 loan facility with Oasis Star Limited. From 23 May 2024 the terms of loan arrangement changed to become interest free. The weighted average interest rate for the year for the facility was 2.02%. It also has a construction loan facility with CBA. In 2023, Tian An Enfield Pty Ltd entered into a loan, overdraft and bank guarantee facility with CBA, to finance the construction of The Henley, Enfield project. The facility has a limit of \$58,000,000 and a term of 25 months. The interest rate is approximately 4.47%. Refer to Note 15 for further details on the Group's borrowings.

Credit Risk

Credit risk is the risk that the counterparty will default on its contractual obligations, resulting in a financial loss to the Group. Credit risk is managed on a Group basis. The maximum exposure to credit risk at 31 December 2024 is the carrying value of financial assets recorded in the financial statements, net of any allowances for losses.

It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances if any, are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant.

The Group's operations focus on developing and selling lots of land and built-form product. At 31 December 2024, the Group had no unconditional contracts for sale outstanding (31 December 2023: Nil), awaiting settlement which under the accounting policies referred to in Note 6 is not recognised until settlement. The Group also had exposure to credit risk through its investments in the Auburn Square, Cascade Gardens and The Peninsula, Hope Island and Chatswood projects. The Group has managed the credit risk in respect to the Cascade Garden, Pymble Project through obtaining a secured personal guarantee from the sole director of LFD and a secured mortgage over the land pertaining to the Auburn Square and The Hope Island projects.

Impairment

At 31 December 2024, the Group had two types of financial assets that are subject to the expected credit loss model:

- Trade receivables for sales of inventory (Note 9); and
- Financial assets measured at fair value (Note 11)

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Trade receivables for sales of inventory

The Group applies the AASB 9 simplified approach to measuring expected credit losses which uses a 12 month expected loss allowance for all trade receivables. Trade receivables have a low credit risk characteristic with losses incurred in the last 3 years representing less than 1% of trade receivables and is immaterial.

Liquidity risk

Liquidity risk reflects the likelihood of cash generating assets providing insufficient cash flow to fund the Group's operation. The Group's objective is therefore to maintain a balance between continuity of equity funding and the use of borrowings. The Group puts in place sufficient committed credit facilities and monitors actual and forecasted cash flows and matches maturity profiles of financial assets and liabilities, such as receivables and loan facilities.

Financing arrangements

The Group had access to the following borrowing facility at the reporting date:

	Consolidated	
	31 December	31 December
	2024	2023
	\$'000	\$'000
Floating rate		
- Expiring within 12 months ²	51,404	19,738
- Expiring within 36 months ¹	186,150	145,450
Total	237,554	165,188

¹ Facility expires on 31 December 2027.

² Floating rate to 23 May 2024, Interest free from 23 May 2024 to 31 December 2024.

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on the remaining year at the reporting date to the contractual maturity date. Refer to Note 15 for further details on used and unused borrowing facilities and carrying value of assets pledged as security. The amounts disclosed in the table are the contractual undiscounted cash flows and include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Capital risk management

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can continue to provide returns for Shareholders and other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Group considers capital to be a source of funding which will enable it to execute its business model. Due to the nature of the property development industry significant amounts of capital are required before cash inflows are received from sale of finished products. In order to provide for its capital requirements, the Group will use debt and/or equity strategies appropriate at the time and manages its capital requirement on an ongoing basis. The capital risk management policy remains unchanged from the 31 December 2023 financial year.

Fair value measurement

Financial assets represent the Group's investments in Cascade Gardens, Pymble, Auburn Square, Auburn, The Peninsula, Hope Island, Chatswood 1 and Chatswood 2 projects which are all classified as Financial Assets at Fair Value Through Profit or Loss (FVTPL). Financial assets for which fair value are measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 the fair value is calculated using quoted prices in active markets.

Level 2 the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).

Level 3 the fair value is estimated using inputs for the asset or liability that are not based on observable market data.

The financial assets are classified as being in Level 3 of this hierarchy and are measured at their estimated fair value at the reporting date using discounted cash flow analysis. The inputs to this valuation process were the estimated cash flows resulting from these investments and the discount rate.

5. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

The management team performs Level 3 valuations for the financial assets. The management team reports to the Audit Committee. Valuations are performed every six months to ensure that they are current for the half-year and annual financial statements. Valuations are reviewed and approved by the Audit Committee.

Fair value of financial instruments that are not measured at fair value on a recurring basis

The carrying values of current financial assets and liabilities approximate their fair value at reporting date.

The Oasis Star loan was non-interest bearing from 23 May 2024.

The carrying values of current financial assets and liabilities less impairment provision of trade receivables are assumed to approximate their fair values due to their short-term nature.

The fair value of non-current financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interest. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed each reporting date and transfers between levels are determined based on a reassessment of the lowest level input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one year to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

Recognition and measurement

Land development and apartment sales

The vast majority of the group's reoccurring revenue relates to the sale of developed land and completed apartments which are recognised upon settlement at which time control of the asset passes to the purchaser. (i.e. title passes to the purchaser).

Interest revenue

Revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant year using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other income

The Group receives income from its parent entity Tian An China for recharges of staff personnel. This is a fixed amount billed monthly and is reviewed annually.

7. INCOME TAX (CONTINUED)

Breakdown of deferred tax assets and liabilities are:

	Balance at 31 December 2023	Charged to Income	Charged to Directly to Equity	Balance at 31 December 2024
	\$'000	\$'000	\$'000	\$'000
Deferred tax assets				
Tax loss carried forward	35,290	(222)		35,068
Expenses not deductible until paid	80	-		80
Share transaction costs	69	-	-	69
Fair value (gain)/loss on net realisable value write down	23,757	(1,609)	-	22,148
Unrecognised deferred tax assets	(59,196)	1,831	-	(57,365)
	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>

Recognition and measurement

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry-forward of unused tax credits and unused tax losses can be utilised.

The Director's have considered that the availability of future tax profits are not yet probably with sufficient certainty to enable any recognition of unrecognised tax losses at the reporting date. Total tax losses as at 31 December 2024 amount to \$142,000,000.

Unrecognised deferred income tax assets are reassessed at each balance date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

7. INCOME TAX (CONTINUED)

Tax consolidated group

The Company and its wholly-owned Australian controlled entities have formed a tax consolidated group as of 1 July 2003. The Company is the head entity of the tax consolidated group. The controlled entities in the tax consolidated group continue to account for their own current and deferred tax amounts. The Group has applied the group allocation approach in determining the appropriate amount of current taxes and deferred taxes to allocate to members of the tax consolidated group.

In addition to its own current and deferred tax amounts, the Company also recognises the current tax liabilities (or assets) and the deferred tax assets arising from unused tax losses and unused tax credits assumed from controlled entities in the tax consolidated group, when certain recognition criteria are met.

Assets or liabilities arising under tax funding agreements with the tax consolidated entities are recognised as amounts receivable from or payable to other entities in the Group.

Any difference between the amounts assumed and amounts receivable or payable under the tax funding agreement are recognised as a contribution to (or distribution from) wholly owned tax consolidated entities.

8. CASH AND CASH EQUIVALENTS

	31 December 2024	31 December 2023
	\$'000	\$'000
Cash at bank and on hand	1,005	3,052

Cash at bank earns interest at floating rates based on daily bank deposit rates and the balance in the account. The carrying amount of cash and cash equivalents represents fair value. The above cash at bank and on hand reconciles to the statement of cash flows.

During the year, the weighted average interest rate the Group received for its cash and cash equivalents was 3.96% (2023: 3.80%).

9. TRADE AND OTHER RECEIVABLES

	31 December 2024	31 December 2023
	\$'000	\$'000
Current		
Trade receivables	203	90
Other receivables	90	28
	<u>293</u>	<u>118</u>

Details regarding the effective interest rate and credit risk of receivables are disclosed in Note 5.

No impairment allowance for doubtful debt have been raised for 31 December 2024 (2023: \$Nil).

Recognition and measurement

Trade receivables generally have 30-90 day terms.

Collectability of trade receivables is reviewed on an ongoing basis in accordance with the expected credit loss ("ECL") model.

The ECL assessment completed by the Group as at 31 December 2024 has resulted in an immaterial credit loss and no impairment allowance has been recognised by the Group (2023: \$Nil).

Inventories recognised as expense within cost of sales during the year ended 31 December 2024 amounted to \$Nil (2023: \$Nil). In 2024, there was a reversal of a previous impairment of \$5,343,000 to the Henley, Enfield project. Sales have been strong at The Henley, with 51 of the 70 townhouses sold. Construction is continuing at The Henley, Enfield, with settlements expected to commence by the 1st quarter of 2025. With strong sales and improved sales prices, the Company has fully reversed the impairment provision.

Write-down of inventory to recoverable amount recognised as an expense during the year ended 31 December 2024 amounted to \$496,000 (2023: \$Nil). This was the result of expenditure on its Point Grey project which was originally capitalised. The project has then been written down to the external valuation figure of \$20,000,000.

Recognition and measurement

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

For personal use only

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

10. INVENTORIES (CONTINUED)

Land under development and finished apartments

Land held for sale or under development and apartment projects are measured at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, materials, borrowing costs and holding costs incurred during development. Once development is completed, borrowing costs and holding costs are expensed as incurred.

All land held for sale or under development (including land undergoing the approval process) and apartment projects are regarded as inventory and are classified as such in the statement of financial position. Land and apartments are classified as current only when sales are expected to occur within the next 12 months.

Borrowing costs included in the cost of any land under development and apartment construction projects are those costs that would have been avoided if the expenditure on the acquisition and development of the land, and building of the apartment project, had not been made. Borrowing costs incurred while active development is interrupted for extended years are recognised as an expense.

11. FINANCIAL ASSETS MEASURED AT FAIR VALUE

Financial assets measured at fair value represent the Group's investment in Cascade Gardens, Pymble, Auburn Square, Auburn, Peninsula, Hope Island and Chatswood.

Financial assets for which fair value are measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 the fair value is calculated using quoted prices in active markets.

Level 2 the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).

Level 3 the fair value is estimated using inputs for the asset or liability that are not based on observable market data.

The financial assets are classified as being in Level 3 of this hierarchy and are measured at their estimated fair value at the reporting date using discounted cash flow analysis. The inputs to this valuation process were the estimated cash flows resulting from these investments, the discount rate applied and the remaining duration of the projects.

Change in fair value	996	-	95	-	-	1,091
Balance at 31 December 2024	-	75,415	-	50,693	51,428	177,536
Current financial assets	-	-	-	-	-	-
Non-current financial assets	-	75,415	-	50,693	51,428	177,536
Balance at 31 December 2024	-	75,415	-	50,693	51,428	177,536

Financial assets at fair value through profit or loss (Pymble, Auburn, Hope Island and Chatswood Projects)

Financial assets at fair value through profit or loss (FVTPL) represents debt instrument where the future cash flows do not represent solely payments of principal and interest on the principal amount outstanding. Any gains or losses on these investments measured at FVTPL are recognised in profit or loss in the period in which they arise. Due to the commercial characteristics of the Cascade Gardens, Pymble, Auburn Square, Auburn, The Peninsula, Hope Island and the Chatswood Projects, the investments have been classified as at FVTPL as they do not meet the criteria to be recognised at amortised cost or (FVOCI).

For further information about the methods and assumptions used in determining fair value, refer to note 5. Refer to note 4 in respect to further information pertaining to the key estimates and judgements made by management in determining the appropriate accounting treatment for these investments.

14. BORROWINGS

	31 December 2024 \$'000	31 December 2023 \$'000
Current		
CBA development loan	51,404	19,738
Non - Current		
Unsecured loan from parent entity	186,150	145,450
	237,554	165,188

The Group has a loan facility with Oasis Star Limited. Oasis Star Limited is Tian An Australia's largest shareholder, owning 76.7% of its shares. Oasis Star Limited is a 100% indirectly owned subsidiary of Tian An China Investments which is 50.01% indirectly held by Allied Properties (H.K.) Limited. The facility increased from \$160,000,000 to \$200,000,000 in June 2024. The balance of the unused facility funds available to the group at 31 December 2024 was \$13,850,000 (2023: \$14,550,000).

The Directors obtained a confirmation from Oasis Star Limited to unconditionally extend the availability period and the repayment date of the facility until 31 December 2027. The loan facility with Oasis Star Limited at an average interest rate of 2.02% p.a in 2024. The Oasis Star loan amended to be interest free from 23 May 2024.

On the 14 April 2023, Tian An Enfield Pty Ltd entered into a loan, overdraft and bank guarantee facility with CBA, to finance the construction of The Henley, Enfield project. The facility has a limit of \$58,000,000 and a term of 25 months. The balance of the unused facility funds available at 31 December 2024 was \$6,596,000 (2023: \$38,262,000).

The loan facility is charged a line fee of 1.7% and a usage fee of 1.7% plus BBSY. To date the overdraft and bank guarantees facilities have not been used.

Recognition and measurement

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

15. PROVISIONS

	31 December	31 December
	2024	2023
	\$'000	\$'000
Employee benefit current	71	167
Employee benefit non-current	67	100
	<u>138</u>	<u>267</u>

Amounts not expected to be settled within the next 12 months

The current provision for employee benefits includes all unconditional entitlements where employees have completed the required year of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount is presented as current, since the Group does not have an unconditional right to defer settlement. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

The following amounts reflect leave that is not expected to be taken within the next 12 months:

	31 December	31 December
	2024	2023
	\$'000	\$'000
Employee benefit obligations expected to be settled after 12 months	<u>34</u>	<u>115</u>

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

16. CONTRIBUTED EQUITY

Movement in ordinary share capital

During the year there were no shares issued by the Company.

Date	Details	# of shares		Value of shares	
		Movement	Balance	Movement \$'000	Balance \$'000
31 December 2023 and		-	86,608,830	-	290,149
31 December 2024					

Fully paid ordinary shares carry one vote per share and carry the right to receive dividends.

Recognition and measurement

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

For personal use only

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

17. DIVIDENDS

There were no dividends declared and paid or payable during the year (year ended 2023: \$Nil) and no dividends have been proposed since the end of the year.

	Company	
	31 December	31 December
	2024	2023
	\$'000	\$'000
Franking credit balance		
Franking account balance	1,106	1,106

The tax rate at which dividends have been franked is 30% (31 December 2023: 30%).

The above amounts represent the balance of the franking account as at the end of the year, adjusted for:

- franking credits that will arise from the payment of the amount of the provision for income tax at the reporting date, if any;
- franking debits that will arise from the payment of dividends recognised as a liability at the reporting date, if any; and
- franking credits that will arise from the receipt of dividends recognised as receivables at the reporting date, if any.

TIAN AN AUSTRALIA LIMITED AND ITS CONTROLLED ENTITIES

Explanatory notes to the consolidated financial statements

For the year ended 31 December 2024

18. EARNINGS PER SHARE

Basic loss per share amounts are calculated by dividing net loss for the year attributable to ordinary Shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

	Year ended 31 December 2024	Year ended 31 December 2023
	\$'000	\$'000
Net profit attributable to Shareholders from continuing operations	733	5,354
	# of shares	
Weighted average number of ordinary shares for basic earnings per share	86,608,830	86,608,830
	Cents	Cents
Basic profit per share	0.84	6.18
Diluted profit per share	0.84	6.18

Recognition and measurement

Basic profit per share is calculated as net profit attributable to members of the parent, adjusted to exclude any costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted profit/loss per share are calculated as net profit/loss attributable to members of the parent, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses;
- other non-discretionary changes in revenues or expenses during the year that would result from the dilution of potential ordinary shares, and
- divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

20. RELATED PARTY DISCLOSURE (CONTINUED)

Ultimate parent

The Company is the ultimate parent company of the wholly owned Australian Group. The wholly owned Australian Group is controlled by Tian An China Investments Company Limited, which is listed on the Stock Exchange of Hong Kong.

Key management personnel

Disclosures relating to key management personnel are set out in Note 20 and the Remuneration Report in the Directors' Report.

Oasis Star

The Group has a loan facility with Oasis Star Limited which has a facility limit of \$200,000,000 at 31 December 2024. Oasis Star Limited is Tian An Australia's largest shareholder, owning 76.7% of its shares. Oasis Star Limited is a 100% indirectly owned subsidiary of Tian An China Investments which is 50.01% indirectly held by Allied Properties (H.K.) Limited. Interest and facility fee payments of \$3,383,000 were made during the year (2023: \$7,939,000) to Oasis Star Limited.

The Group entered into an agreement with its major shareholder, Oasis Star, in relation to recharging of personnel costs. The group will charge its major shareholder periodically for the use of resources at a commercial rate. Fees of \$245,000 were made during the year (2023: \$234,000).

Cascade Gardens, Pymble

In May 2018, TIA entered into a joint venture agreement with LFD Developments Pty Ltd ('LFD') to develop 93 apartments in Cascade Gardens, Pymble, NSW. Whilst LFD is not a related party of TIA, the CEO (prior to his resignation) of TIA is a beneficiary under the Trust which holds the land subject to the development project. The Cascade Gardens project was completed during the year.

23. CONTINGENCIES

Contingent liabilities

Hammond Greens, Chatswood

The Group provided a guarantee of \$25,000,000 in 2022 over the financing facility in place within Chatswood development project. The guarantee provided security in event that the joint venture partner defaulted on its obligations under the financing arrangement. None of this guarantee has been used at 31 December 2024 (2023: \$Nil)

24. SEGMENT INFORMATION

Recognition and measurement

In accordance with AASB 8 "Operating Segments", the Group has assessed for the year ended 31 December 2024 what information is necessary to enable users of its financial statements to evaluate the nature and financial effects of the business activities in which it engages and the economic environments in which it operates.

Based upon this assessment, the Audit Committee of the Group determined that it operated one business segment of property development in Australia. Operating results of the property development business segment are regularly reviewed by the Board to make decisions about resource allocation to the business and assess its performance. The Board assess the performance of the operating segment based on net profit after income tax.

(b) Guarantees

The Company has provided no financial guarantees as at 31 December 2024 (31 December 2023: \$Nil).

There are cross guarantees given by the Company, CP Development Pty Limited and Wannunup Development Nominees Pty Limited as described in Note 27.

The Company did not have a deficiency in assets as at 31 December 2024 or 31 December 2023. There were deficiencies of assets in CP Development Pty Limited and Wannunup Development Nominees Pty Limited as at 31 December 2024 and 31 December 2023.

With respect to the asset deficiencies of CP Development Pty Limited and Wannunup Development Nominees Pty Limited, the Company recorded nil impairment provisions at 31 December 2024 (31 December 2023: \$Nil).

(c) Contractual commitments for the acquisition of property, plant or equipment

The Company did not have any contractual commitments for the acquisition of property, plant or equipment at 31 December 2024 or 31 December 2023.

(d) Significant accounting policies

The accounting policies of the Company are consistent with those applied by the Group other than the interests in subsidiaries which are carried at cost rather than fair value as disclosed in the respective notes to the financial statements.

28. NON-CASH INVESTING AND FINANCING ACTIVITIES

In 2024, \$4,656,491 was drawn from the Auburn Square project proceeds and paid invoices for The Henley, Enfield, Hammond Greens and Hammond Place, Chatswood projects.

29. EVENTS OCCURRING AFTER THE REPORTING YEAR

The impact of the economy continue to evolve at the date of this report and therefore the impact on the Group's future financial results remains uncertain and will depend on future developments such as the inflation, interest rates, improvements to the construction supply chains and government policies.

Other than the above, there has not been any matter or circumstance that has arisen since the end of the year that has significantly affected, or may significantly affect, the operations of the Group, the results of those operations, or the state of affairs of the Group in future years.

INDEPENDENT AUDITOR'S REPORT

To the members of Tian An Australia Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Tian An Australia Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial report, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion the accompanying financial report of the Group, is in accordance with the *Corporations Act 2001*, including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the year ended on that date; and
- (ii) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Carrying value of financial assets

Key audit matter	How the matter was addressed in our audit
<p>As at 31 December 2024, the Group recognised financial assets of \$177,546,000 which comprised \$75,414,000 in respect of the Auburn Square Project, \$50,694,000 in respect to the Chatswood 1 Project and \$51,428,000 in respect to the Chatswood 2 project as disclosed in note 11.</p> <p>These financial assets were considered a key audit matter given the significant judgements made by management in determining the appropriate accounting treatment, the overall value of these assets in the Consolidated Statement of Financial Position, and the complexities involved in determining the appropriate fair value of the projects.</p>	<p>In order to address this key audit matter, our audit procedures included, amongst others:</p> <ul style="list-style-type: none"> • Together with BDO IFRS specialists, evaluating and assessing the accounting policies adopted by management against the requirements of Australian Accounting Standards. • Obtaining management’s discounted cash flow (‘DCF’) models and performing the following audit procedures: <ul style="list-style-type: none"> - Assessing the reasonableness of the key variables (as disclosed in note 5 and note 11) included in the DCF models which included validating these to external, publicly available information and current market data (where available). - Together with BDO valuation specialists, assessing the reasonableness of the discount rates applied by management. - Performing sensitivity analysis on the key inputs applied to the DCF models to assess the impact minor changes in the assumptions would have on the carrying value.

Valuation of inventory

Key audit matter	How the matter was addressed in our audit
<p>As at 31 December 2024, the Group recognised inventory of \$128,034,000 which primarily consisted of the Point Grey Development Project of \$20,000,000 and the Enfield Project of \$106,684,000 as disclosed in note 10. The Group classifies property held for development and resale as inventories which are measured at the lower of cost and net realisable value (‘NRV’).</p> <p>During the year, the Group reflected write back of the provision for impairment on the Enfield Development Project of \$5,342,000.</p>	<p>In order to address this key audit matter, our audit procedures included, amongst others:</p> <ul style="list-style-type: none"> • Assessing the competence, capability and objectivity of the external valuation experts which included considering their experience and qualifications. • Obtaining and reviewing the external valuation reports and Management’s feasibility reports, as appropriate, and performing the following audit procedures: <ul style="list-style-type: none"> - Discussing project feasibility with Management to develop an understanding of the project status including current and anticipated development plans and Management’s expectation of the forecast potential realisable value.

The valuation of these development projects was considered a key audit matter due to the significant value of these assets in the Consolidated Statement of Financial Position and the key estimates and assumptions applied in the consideration of their net realisable values at reporting date.

- Critically analysing the key inputs within the reports and comparing these to external market data (where available) in addition to discussing key estimates and assumptions with management.
- Obtaining an understanding of any underlying changes in the project development approval status and market prices and conditions.
- Testing a sample of development expenses capitalised during the year to ensure these costs were appropriately treated with reference to the Australian Accounting Standards.

Other information

The directors are responsible for the other information. The other information comprises the information contained in the Group's Annual Report for the year ended 31 December 2024 but does not include the financial report and our auditor's report thereon, which we obtained prior to the date of this auditor's report, and the Letter from the Chairman, which is expected to be made available to us after that date.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and will request that it is corrected. If it is not corrected, we will seek to have the matter appropriately brought to the attention of users for whom our report is prepared.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the Corporations Act 2001, and

for such internal control as the directors determine is necessary to enable the preparation of:

- i) the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and

- ii) the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error. In preparing the financial report, the directors are responsible for assessing the ability of the group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website (<http://www.auasb.gov.au/Home.aspx>) at:

https://www.auasb.gov.au/media/bwjcgre/ar1_2024.pdf

This description forms part of our auditor's report.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in directors' report under the heading 'Remuneration Report' for the year ended 31 December 2024.

In our opinion, the Remuneration Report of Tian An Australia Limited, for the year ended 31 December 2024, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
