Directors' report

The directors of One Managed Investment Funds Limited (ABN 47 117 400 987, AFSL 297 042) ("OMIFL" or the "Responsible Entity"), the responsible entity of the Gryphon Capital Income Trust (the "Trust"), present their report together with the interim financial statements of the Trust for the half-year ended 31 December 2024 and the auditor's review report thereon.

Principal activities

The Trust is a registered managed investment scheme that was constituted on 7 December 2017, registered on 20 December 2017, commenced operations on 21 May 2018, and its units commenced trading on the Australian Securities Exchange (ASX: GCI) on 25 May 2018.

The Trust's investment strategy is to invest in a diversified portfolio of residential mortgage backed securities ("RMBS") and asset backed securities ("ABS") with Australian domiciled issuers in accordance with the Trust's investment guidelines and the provisions of the Trust's constitution.

Gryphon Capital Investments Pty Ltd (AFSL 454 552) is the investment manager of the Trust ("Investment Manager").

The Trust did not have any employees during the half-year.

Directors and Senior management

The following persons held office as directors and company secretaries of the Responsible Entity during the half-year and up to the date of this report:

Name	Title
Frank Tearle	Executive Director and Company Secretary
Sarah Wiesener	Executive Director and Company Secretary
Michael Sutherland	Executive Director

Units on issue

Units on issue in the Trust at the end of the half-year are set out below:

	As at 31 December 2024 Units	As at 30 June 2024 Units
Units on issue	419,452,403	335,561,923

Review and result of operations

During the period, the Trust invested in accordance with the investment objectives and guidelines as set out in the governing documents of the Trust and in accordance with the provision of the Trust's Constitution ("Trust's Constitution").

In November 2024, the Trust successfully raised \$167.8 million through an entitlement offer to existing unitholders and a shortfall offer to wholesale investors. The new capital raised aims to provide the following benefits to existing unitholders:

- Additional scale to expand the Trust's participation in the RMBS/ABS market, thereby diversifying the portfolio
- Expand the Trust's investor base, providing greater liquidity for unitholders
- Reduce the operating costs of the Trust on a cost per unit basis

Due to the overwhelming response to the capital raise completed in November 2024, and as a result of a significant pipeline of eligible investment opportunities, the Responsible Entity announced on 24 February 2025 a new capital raise via an entitlement offer to existing unitholders and a shortfall offer to wholesale investors, to raise approximately \$209.7m.

Any additional capital raised aims to provide the same benefits to existing unitholders as was the aim of the November 2024 capital raise (noted above).

Directors' report (continued)

Review and result of operations (continued)

The performance of the Trust, as represented by the results of its operations, was as follows:

	Half-year ended 31 December 2024	Half-year ended 31 December 2023
Operating profit for the half-year (\$'000)	31,921	21,718
Distribution paid and payable (\$'000)	30,763	21,277
Distributions (cents per unit)	8.48	8.75

During the half-year that ended 31 December 2024, the directors declared distributions totalling 8.48 cents per ordinary unit which amounted to \$30,762,639.

Significant changes in state of affairs

In response to identified investment opportunities and strong demand for investment in the Trust, the Responsible Entity completed the following capital raises during this half year.

- On 4 November 2024, a \$64.0 million entitlement offer (32,004,612 units at \$2.00 per unit)
- On 7 November 2024, a \$103.8 million wholesale shortfall offer (51,885,868 units at \$2.00 per unit)

The Trust's total issued capital at 31 December 2024 is approximately \$840 million.

In the opinion of the directors, there were no other significant changes in the state of affairs of the Trust that occurred during the half-year, other than as disclosed in this report.

Events subsequent to reporting date

On 3 February 2025 a distribution of 1.41 cents per ordinary unit which amounted to \$5,914,279 was approved and was paid on 10 February 2025.

Due to the overwhelming response to the capital raise completed in November 2024, and as a result of a significant pipeline of eligible investment opportunities, the Responsible Entity announced on 24 February 2025 a new capital raise via an entitlement offer to existing unitholders and a shortfall offer to wholesale investors, to raise approximately \$209.7m.

Any additional capital raised aims to provide the same benefits to existing unitholders as was the aim of the November 2024 capital raise (noted above).

No other matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect:

- the operations of the Trust in future financial years, or
- the results of those operations in future financial years, or
- the state of affairs of the Trust in future financial years.

Rounding of amounts

The Trust is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* and in accordance with that instrument, amounts in the financial statements and Directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

Directors' report (continued)

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This Directors' report is signed in accordance with a resolution of directors of One Managed Investment Funds Limited.

1 General information

These interim financial statements cover the Gryphon Capital Income Trust (the "Trust") as an individual entity. The Trust was constituted on 7 December 2017, registered on 20 December 2017, commenced operations on 21 May 2018 and its units commenced trading on the Australian Securities Exchange (ASX: GCI) on 25 May 2018. The Trust is domiciled in Australia.

The Responsible Entity of the Trust is One Managed Investment Funds Limited (ABN 47 117 400 987, AFSL 297 042) (the "Responsible Entity"). The Responsible Entity's registered office is Level 16, Governor Macquarie Tower, 1 Farrer Place, Sydney NSW 2000.

The investment manager of the Trust is Gryphon Capital Investments Pty Ltd (AFSL 454 552) (the "Investment Manager").

The assets of the Trust are held by One Managed Investment Funds Limited and its appointed custodian BNY Mellon.

The Trust's investment strategy is to invest in a diversified portfolio of residential mortgage backed securities ("RMBS") and asset backed securities ("ABS") with Australian domiciled issuers in accordance with the Trust's investment guidelines and the provisions of the Trust's constitution.

The interim financial statements were authorised for issue by the directors of the Responsible Entity on the date the Directors' declaration was signed. The directors of the Responsible Entity have the power to amend and reissue the interim financial statements.

2 Basis of preparation

These interim financial statements have been prepared in accordance with Australian Accounting Standards AASB 134 *Interim Financial Reporting* (AASB 134) and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*.

These interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2024 and any public announcements made in respect of the Trust during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

(a) Material accounting policies

The accounting policies in these interim financial statements are the same as those applied in the Trust's annual financial statements for the year ended 30 June 2024.

(b) New accounting standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2025, and have not been early adopted in preparing these interim financial statements. None of these are expected to have a material effect on the financial statements of the Trust.

(c) Going concern basis

These interim financial statements have been prepared on a going concern basis.

3 Fair value measurements

The Trust measures and recognises financial assets and liabilities at fair value through profit or loss and fair value through other comprehensive income on a recurring basis.

The Trust has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Observable prices from an independent pricing provider in markets which are not defined as active (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

The Trust's investments in RMBS and ABS are classified as financial assets and the Trust relies on daily security pricing provided by a specialist, independent fixed income pricing provider for the valuation of its financial assets.

3 Fair value measurements (continued)

(a) Fair value in an active market (Level 1)

The fair value of financial assets and liabilities traded in active markets is based on last traded prices at the end of the reporting period without any deduction for estimated future selling costs. For the majority of financial assets and liabilities, information provided by the quoted market independent pricing services is relied upon for valuation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. An active market is a market in which transactions for the financial asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(b) Fair value in an inactive or unquoted market (Level 2)

The fair value of financial instruments that are not traded in an active market (e.g. over-the counter derivatives) is determined using valuation techniques that maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

RMBS and ABS are issued to and invested by institutional investors over the counter and are not listed on any exchange. Although all financial assets invested in by the Trust are priced daily using mid-market prices provided by a specialist, independent fixed income pricing provider, it is deemed that transactions are not conducted with sufficient frequency for these financial assets to be classified as fair value in an active market (Level 1).

The Trust relies on information provided by independent pricing services for the valuation of its level 2 investments.

(c) Fair value in an inactive or unquoted market (Level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date. The fair value of an option contract is determined by applying the Black Scholes option valuation model.

Investments in other unlisted unit trusts are recorded at the redemption value per unit as reported by the investment managers of such funds. The Fund may make adjustments to the value based on considerations such as; liquidity of the Investee Fund or its underlying investments, the value date of the net asset value provided, or any restrictions on redemptions and the basis of accounting.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds.

3 Fair value measurements (continued)

(c) Fair value in an inactive or unquoted market (Level 3) (continued)

Recognised fair value measurements

The table below sets out the Trust's financial assets measured at fair value according to the fair value hierarchy at 31 December 2024.

Basic and diluted earnings per unit (cents)	8.85	8.93

9 Segment information

The Trust is organised into one main operating segment with only one key function, being the investment of funds predominantly in Australia.

10 Events occurring after the reporting period

On 3 February 2025 a distribution of 1.41 cents per ordinary unit which amounted to \$5,914,279 was approved and was paid on 10 February 2025.

Due to the overwhelming response to the capital raise completed in November 2024, and as a result of a significant pipeline of eligible investment opportunities, the Responsible Entity announced on 24 February 2025 a new capital raise via an entitlement offer to existing unitholders and a shortfall offer to wholesale investors, to raise approximately \$209.7m.

Any additional capital raised aims to provide the following benefits to existing unitholders:

- Additional scale to expand the Trust's participation in the RMBS/ABS market, thereby diversifying the portfolio
- Expand the Trust's investor base, providing greater liquidity for unitholders
- Reduce the operating costs of the Trust on a cost per unit basis

No other significant events have occurred since the reporting half-year which would impact on the financial position of the Trust disclosed in the Statement of Financial Position as at 31 December 2024 or on the results and cash flows of the Trust for the half-year ended on that date.

11 Contingent assets and liabilities and commitments

There are no outstanding contingent assets, liabilities or commitments as at 31 December 2024 and 30 June 2024.

Conclusion

We have reviewed the half-year financial report of Gryphon Capital Income Trust (the Trust) which comprises the Condensed statement of financial position as at 31 December 2024, the Condensed statement of changes in equity, Condensed statement of cash flows and Condensed statement of profit or loss and other comprehensive income for the half-year ended on that date, selected explanatory notes and the Directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Gryphon Capital Income Trust does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Trust's financial position as at 31 December 2024 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the Directors for the half-year financial report

The Directors are responsible for the preparation of the half-year financial report, in accordance with Australian Accounting Standards and the *Corporations Act 2001*, including giving a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

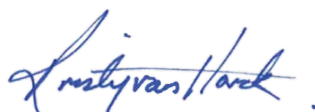

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true

and fair view of the Trust's financial position as at 31 December 2024 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
