Half-year report

31 December 2024

Reporting period

Report for the half-year ended 31 December 2024.

Previous corresponding period is the half-year ended 31 December 2023.

Results for announcement to the market

	\$	Increase/(decrease) over previous corresponding period	
		\$	%
Revenue from ordinary activities	4,846,037	(49,502)	(1%)
Loss from ordinary activities after tax attributable to members	(319,086)	(351,305)	(1,090%)
Loss for the period attributable to members	(335,808)	(395,586)	(662%)

Dividends

No dividends were paid or declared during the financial period and it is not proposed to pay dividends for the foreseeable future.

No dividends have previously been declared or paid in prior financial periods and there are no dividend reinvestment plans in place.

Explanation of results for the half year

- **Licence, Subscription, Support and Project fee revenues of \$4,846,037**, were 1% lower than the half year period to 31 December 2023, due principally to lower project and implementation fees. Licence and support fees were in line with the prior comparative period.
- **Total revenues of \$5,405,867** (including R&D income tax incentive recognised of \$499,998), were 2% higher than the half year period to 31 December 2023.
- **Loss attributable to members of \$335,808** is \$395,586 worse than the \$59,778 profit in the comparable half year period to 31 December 2023. This result was due principally to increased personnel expenses and associated recruitment fees related to the investment in new product development in library-tech. The reported loss includes the impact of non-cash charges of \$358,377 for the amortisation of intangible assets.

A review of operations and further narrative on the above figures is contained in the half year consolidated financial report, which has been subject to independent audit review and which is lodged with this Appendix 4D.

Directors' Report

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Knosys Limited (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2024.

Directors

The following persons were directors of Knosys Limited during the reporting period and to the date of this report, unless otherwise stated:

Hon. Alan Stockdale – Non-Executive Chairman
John Thompson – Managing Director
Kathrin Mutinelli – Non-Executive Director
Neil Wilson – Non-Executive Director

Principal activities

During the financial period the principal continuing activities of the consolidated entity were computer software development, licencing and subscription.

Dividends

No dividends were paid or declared during the financial period and there are no plans to pay dividends for the foreseeable future while the business is in high investment and growth mode.

Review of operations for half year

Summary

- **Licence, support and project fee revenues of \$4.8m**, a 1% decrease on the half year to 31 December 2023 due to lower project and implementation fees. Licence and support fees were in line with the prior comparative period.
- **Total revenue of \$5.4m** (including R&D incentive of \$0.5m), a 2% increase on the half year to 31 December 2023.
- **Expenses of \$5.7m** were a 10% higher than the prior corresponding period. Increased investment in development personnel resources for the strategic library-tech new product development resulted in a \$0.5m increase in operating expenses compared to the half year to 31 December 2023
- **EBITDA¹ profit of \$0.1m** was \$0.5m lower than the \$0.6m EBITDA profit for the half year to 31 December 2023.
- **Net loss attributable to members of \$0.3m** is a \$0.4m decrease on the \$0.1m profit in the comparable half year period to 31 December 2023. The reported loss includes the impact of non-cash charges of \$0.4m for amortisation of intangible assets.
- **Annual Recurring Revenue (ARR) at \$9.7m** is at a record level, \$0.3m above the prior corresponding period.
- **Operating cash outflow of \$0.7m** for the 6 months to 31 December 2024, reflects the fluctuation in timing of annual fee receipts from key customers and the increase in development resource expenses for the library tech project.
- **Solid cash position of \$3.5m** at 31 December 2024, compares to a cash balance of \$2.7m at 31 December 2023.

The consolidated entity is the owner of the KnowledgeIQ ("KIQ") knowledge management solution, the GreenOrbit intranet solution and the Libero library management solution. Knosys is a global information technology company offering this range of software solutions designed to boost productivity, collaboration and connectivity in the digital workplace. The consolidated entity's business model is predominantly software-as-a-service ("SaaS"), with a recurring subscription fee payable by clients on a per User basis, complemented by implementation fees and customer support services. The consolidated entity generates revenue from its three SaaS solutions, while operating a shared services model for product development, customer support, sales and marketing and for finance and administrative functions.

Financial performance

Revenue for the consolidated entity decreased by 1%, compared to the prior half year to 31 December 2023, due to lower project and implementation fees. Licence and support fee revenues from existing customers of KIQ, GreenOrbit and Libero have tracked in line with the prior corresponding period. Annual Recurring Revenue ("ARR") at January 2025 is tracking at a record level of \$9.7m, a \$0.3m increase on the prior corresponding period.

1. EBITDA (Earnings before interest, tax, depreciation and amortisation) is a non-GAAP measure, which has been disclosed by the Company to provide additional information and analysis of financial performance.

* Jan'25 ARR reflects Jan'25 monthly ARR annualised to give an annual run rate

Operating expenses increased in 1H FY25 with the investment in additional development personnel for the strategic library-tech new product development. This resulted in a \$0.5m increase in operating expenses compared to the half year to 31 December 2023. During 1H FY25 the Company has invested in new product development in library-tech, with an increase in R&D personnel, in preparation for the planned commercial launch of the Libero Library App in March 2025. This has resulted in a reduced, but positive EBITDA of \$0.1m (31 December 2023: \$0.6m EBITDA profit).

The loss of the consolidated entity attributable to members for the half year period after income tax and foreign currency translation amounted to \$0.3m (31 December 2023: profit of \$0.1m). This loss is a direct result of the increased library tech development activity undertaken this half year. The reported loss includes the impact of non-cash charges of \$0.4m for amortisation of intangible assets. Non-cash amortisation charges, as required by accounting standards, relate to the amortisation of identifiable intangible assets acquired with the GreenOrbit and Libero acquisitions.

The consolidated entity had net assets of \$7.1m at 31 December 2024 (30 June 2024: \$7.4m) and had cash on hand of \$3.5m (30 June 2024: \$4.2m). This compares favourably to the cash balance of \$2.7m at 31 December 2023.

Knosys generated operating cash outflow in 1H FY25 of \$0.6m, which is a significant decrease on the net operating cash inflow of \$0.7m in the prior comparative period. The decrease in operating cash flows relates in part to the increased investment in development resources for the library tech strategy. Cash flow was also impact by the timing of customer receipts and the annual R&D rebate. Each year, Knosys receives the annual license fees from its largest client and an R&D tax rebate in either June or July. The timing of this income significantly impacts cash receipts in both Q4 and Q1. In Q4 FY24, Knosys received the annual fees from its largest client and in Q1 FY25, Knosys received the FY23 R&D tax rebate of \$1.1m.

For further narrative on the consolidated entity's cashflow performance, refer to the company's September 2024 and December 2024 Quarterly cash flow announcements and Appendix 4C's, lodged with ASX on 31 October 2024 and on 30 January 2025.

New Customer Acquisition and Enterprise Renewals

During the half year, signed a new customer contract with the Office of the Director of Public Prosecutions in WA for the KnowledgeIQ solution. The contract is for an initial five-year term with a two-year extension option, for a total contract value of up to \$985k over seven years. Recurring revenue from this new customer is expected to commence in the March 2025 quarter.

In addition, Knosys successfully renewed several large enterprise client contracts for its market leading knowledge management platform, KnowledgeIQ, including Singtel, Optus, Service Tasmania and Healthdirect. The combined contract value of these renewals exceeds \$3.6 million over the next two years. These contract extensions, combined with the commencement of new customers signed since June 2024, underpin recurring revenue over the years ahead and have led to a record high Annual Recurring Revenue (ARR) run rate of \$9.7m as at January 2025.

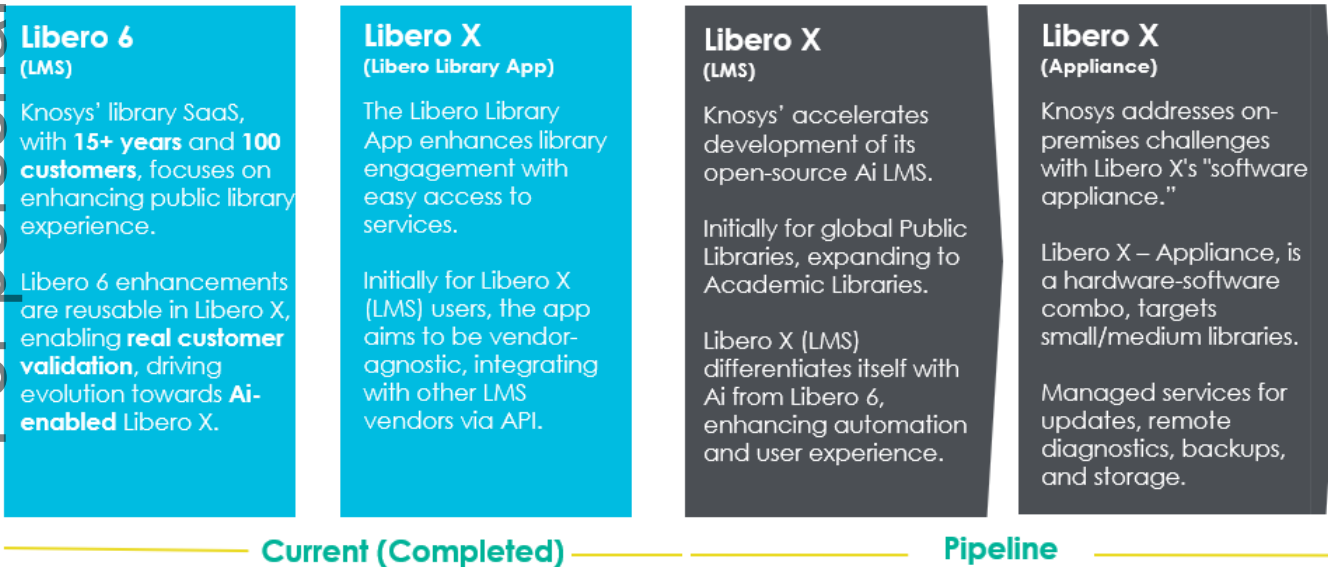

Successful execution of product development roadmap

Over the past six months, Knosys successfully executed on the product development roadmap to enhance its Libero library management solution and to produce SaaS solutions for commercial use/application in the library-tech industry.

By FY27, Knosys aims to have a complete market-leading software solution for the key library market segments of public and academic libraries. This new product suite is designed to meet the demands of customers and grow market share in the industry globally with a broader range of solutions.

Knosys is developing the following suite of library management solutions.

For personal use only

Knosys has made significant enhancements to its existing Libero 6 product suite, including new modules for member management, events and resource booking. These new features will improve the competitiveness of the product in market and enhance the potential for new customer acquisition.

In addition, Knosys completed the beta launch of the new Libero mobile library app in mid-September. This is the first new product to be released as part of the library-tech product development program, which started in 2H FY24. The commercial launch of the mobile library app is in March 2025 with new commercial revenue streams to follow.

Outlook

Knosys is investing in the next generation of market leading library-tech solutions. This transition is being managed in a responsible manner by maintaining revenue stability from major enterprise clients and through disciplined management of increased operational costs within funding capabilities.

The product development program is on track, with the upcoming release of significant enhancements to the existing product suite and the launch of a new mobile Library App in March 2025, with new commercial revenue streams and new customer acquisition expected from FY26 onwards.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the consolidated entity during the financial period.

Matters subsequent to the end of the financial period

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Note 1. Material accounting policies

Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*, which ensures compliance with IAS 34 interim financial reporting.

The interim financial statements are intended to provide users with an update on the latest annual financial statements of Knosys Limited. As such, the interim financial statements do not contain information that represents relatively insignificant changes occurring during the half-year of the company. It is therefore recommended that the interim financial statements be read in-conjunction with the annual financial statements of the company for the year ended 30 June 2024, together with any public announcements made during the half-year.

Changes in accounting policies

The accounting policies adopted in the preparation of the interim half-yearly financial statements are consistent with those followed in the preparation of the consolidated entity's annual consolidated financial statements for the year ended 30 June 2024. The consolidated entity has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Several amendments and interpretations apply for the first time in the current period, but do not have an impact on the half yearly financial statements of the consolidated entity.

Note 2. Commitments and contingent liabilities

The consolidated entity has no contingent liabilities at the date of this report (June 2024: Nil).

Note 3. Segment Reporting

Identification of reportable operating segments

The consolidated entity has one operating segment, being a developer and licensor of computer software, however it operates across multiple geographical regions. The operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

Note 7. Fair value measurement

Due to the nature of the consolidated entity's operating profile, the Directors and management do not consider that the fair values of the consolidated entity's financial assets and liabilities are materially different from their carrying amounts at 31 December 2024.

Note 8. Matters subsequent to the financial period

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Independent auditor's review report to the members of Knosys Limited

Report on the half-year financial report

Our conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Knosys Limited (the Company), and its subsidiaries (the Group) does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the half-year then ended; and
- complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

What was reviewed?

We have reviewed the accompanying half-year financial report of the Group, which comprises:

- the consolidated statement of financial position as at 31 December 2024,
- the consolidated statement of profit or loss and other comprehensive income for the half-year then ended,
- the consolidated statement of changes in equity for the half-year then ended,
- the consolidated statement of cash flows for the half-year then ended,
- notes to the financial statements, including material accounting policy information, and
- the directors' declaration.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
