#### Brief explanation of Results

##### *Operational Report*

During the reporting period, significant advances were made in support of the development of the Company's anti-infective portfolio. Highlights for the half year to 31 December 2024 included:

- Raised A\$12.4 million through an institutional placement (\$A8.0 million) and Share Purchase Plan (A\$4.4 million).
- Promising results from its study on the efficacy of RECCE® 327 (R327) against multidrug resistant (MDR) World Health Organization (WHO) priority pathogen *Acinetobacter baumannii* (A. baumannii). The study was conducted at Recce's Anti-Infective Research (AIR) unit within Murdoch Children's Research Institute. After 1-hour post-treatment, R327 demonstrated >6.5-log reduction, reducing bacteria below the limit of quantification. After 24 hours, R327 maintained a >7.5-log reduction (>99.9999%), significantly outperforming ciprofloxacin.
- Awarded grant funding in the amount of US\$2 million (approximately A\$3 million) by the US Department of Defence in recognition of RECCE® 327 Gel (R327G) as a topical treatment for Burn Wound Infections. The grant funding will enable the Company to accelerate the development of R327G, aiming to establish the potential for R327G products to be used in a far forward military setting.
- Successful dosing of 15 patients in its Phase II Acute Bacterial Skin and Skin Structure Infections (ABSSSI) clinical trial. ABSSSI includes diabetic foot infections (DFIs) and other wound infections – areas of significant unmet medical need.

## Appendix 4D

- Independent non-Data Safety Monitoring Board (non-DSMB) completed its review of safety and efficacy data from the Company's Phase II clinical trial of its lead compound, R327G, in patients with Acute Bacterial Skin and Skin Structure Infections (ABSSSI) including diabetic foot infections (DFIs).
- 20 patients dosed (of 30 total patients) and interim data released, underscoring R327G promising efficacy and safety profile in its Phase II clinical trial targeting Acute Bacterial Skin and Skin Structure Infections (ABSSSI).
- Received Human Research Ethics Committee approval to commence a Registrational Phase 3 clinical trial of R327G for the treatment of diabetic foot infections (DFIs). Ethics approval signifies that Recce has met the safety and efficacy testing required to proceed with this large-scale late-stage clinical trial.
- Received cash refund of AUD \$6,751,176 Research and Development (R&D) Tax Incentive rebate from the Australian Taxation Office for the financial year ending 30 June 2024. The AUD \$6,751,176 reflects R&D activities undertaken locally and overseas, provided to the Company in cash, without caveat. This receipt was used to repay advances from Endpoints Capital reflecting R&D rebate credits for FY24. The advances Endpoints provide as part of their services, enable the Company to leverage its R&D benefits of the past, present and future R&D applicable expenditure.
- The Australian Patent Office has formally granted Patent Family 3 for Recce's Anti-infectives, expiry 2037.
- Received approval from the Indonesian Drug and Food Regulatory Authority, Badan POM, to initiate its Registrational Phase 3 clinical trial assessing R327G for the treatment of diabetic foot infections (DFIs). The trial will run for approximately 12 months, with an expected read-out in late 2025 and expected regulatory approval and commercial launch in H1 CY26.
- The Company delivered the Opening Address and the Opening R&D Address, as well as participated in a Panel Discussion focused on antimicrobial resistance at the World AMR Congress 2024.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF YEAR ENDED 31 DECEMBER 2024

**NOTE 1: GENERAL INFORMATION**

The consolidated financial report of Recce Pharmaceuticals Ltd (the "Company") and its controlled entities (the "Group") for the half year ended 31 December 2024 was authorised for issue in accordance with a resolution of the Directors on 27 February 2025.

The Company is a company limited by shares incorporated and domiciled in Australia whose shares are publicly traded on the Australian Securities Exchange (ASX: RCE) and the Frankfurt Stock Exchange (FSE: R9Q).

**NOTE 2: ACCOUNTING POLICIES**

**(a) Basis of preparation of the consolidated financial report**

These financial statements are general purpose financial statements for the half year ended 31 December 2024 have been prepared in accordance with Australian Accounting Standards 134 Interim Financial Reporting and the Corporations Act 2001.

The half year consolidated financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Company as the full financial report. Accordingly, the half-year consolidated financial report should be read in conjunction with the annual report for the year ended 30 June 2024 and considered together with any public announcements made by the Company during the half year ended 31 December 2024 in accordance with the continuous disclosure obligations of the ASX Listing Rules and the Corporations Act 2001.

*Historical Cost Convention*

The consolidated financial statements have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

**(b) Adoption of new and revised standards**

The Group has reviewed all of the new and revised standards and interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current half-year. The Group has also reviewed all standards and interpretations that have been issued but are not yet effective for the half-year ended 31 December 2024. As a result of this review, the Directors have determined that there is no material impact on the Group and, therefore no material change is necessary to Group accounting policies.

**(c) Rounding of amounts to nearest dollar**

In accordance with ASIC Corporations (Rounding of Financial/Directors' Reports) Instrument 2016/191, the amounts in the consolidated financial report have been rounded to the nearest dollar.

**NOTE 3: CRITICAL ACCOUNTING JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY**

The preparation of the consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts in the consolidated financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF YEAR ENDED 31 DECEMBER 2024

**NOTE 3: CRITICAL ACCOUNTING JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY (Continued)**

The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

*Share-based payment transactions*

The Company measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Trinomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting year but may impact profit or loss and equity.

**NOTE 4: GOING CONCERN**

For the half-year ended 31 December 2024 the Group recorded a loss of \$7,735,160 (2023: \$7,461,834) and had net cash outflows from operating activities of \$6,923,860 (2024: \$6,517,298).

The ability of the Company to continue as a going concern and being able to fund its operating activities is dependent on securing additional funding through share placements to new or existing investors and financial support through short term loans, together with continuous receipt of the R&D tax rebate.

These conditions indicate a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The financial statements have been prepared on the basis that the Group is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

- The Company believes it can raise additional funding through debt or equity as required in the next twelve months from the date of this financial report;
- The Company has a recent proven history of successfully raising capital;
- Cash spending can be reduced or slowed below its current rate if required; and
- The Company continually receiving its Australian R&D tax rebates for R&D expenditure incurred in Australia and overseas.

Should the Group not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the Group not continue as a going concern.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE HALF YEAR ENDED 31 DECEMBER 2024

NOTE 5: SEGMENT INFORMATION

The Directors have considered the requirements of AASB 8 Operating Segments and the internal reports that are reviewed by the chief operating decision maker (the Board of Directors) in allocating resources and have concluded that at this time there are no separate identifiable segments as the Group operates in only one business segment being research and development of pharmaceutical drugs. However, the Group operates in three geographic segments being Australia, Europe and the USA.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Recce Pharmaceuticals Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Recce Pharmaceuticals Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- i. Giving a true and fair view of the Group's financial position as at 31 December 2024 and of its financial performance for the half-year ended on that date; and
- ii. Complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Material uncertainty relating to going concern

We draw attention to Note 4 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

### Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is true and fair and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
