NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

NOTE 1: MATERIAL ACCOUNTING POLICIES

Statement of compliance

The half-year financial report is a general-purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the most recent annual financial report.

Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except for the revaluation of freehold property and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

Material accounting policies

The accounting policies applied by the consolidated entity in this Consolidated Interim Financial Report are the same as those applied by the consolidated entity in the Consolidated Annual Financial Report as at and for the year ended 30 June 2024.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended accounting standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

NOTE 2: INCOME TAX BENEFIT/(EXPENSE)

The prima facie tax on profit/(loss) before income tax from continuing operations is reconciled to the income tax benefit/(expense) as follows:

Prima facie tax expense at 25% (2023:25%)

Income tax expense

NOTE 3: OPERATING SEGMENTS

Segment Information

Identification of reportable segments

The group has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources. The group is managed primarily on the basis of service offerings and operating segments are therefore determined on the same basis.

Transmetro Corporation Limited's operation during the half year related to operation of Hotels and Serviced Apartments.

Reportable segments disclosed are based on aggregating operating segments where the segments are considered to have similar economic characteristics.

NOTE 4: ACQUISITION AND DISPOSAL OF SUBSIDIARIES AND BUSINESS OPERATION

No subsidiaries or businesses were acquired or sold during the period under review

NOTE 5: CONTINGENT LIABILITIES AND COMMITMENTS

There has been no change in contingent liabilities and commitments since the last annual reporting date.

NOTE 6: EVENTS SUBSEQUENT TO REPORTING DATE

Since the end of the financial period, the directors are not aware of any matter that has significantly affected or may significantly affect the operations of the company in subsequent financial periods.

NOTE 7: FAIR VALUE MEASUREMENT

The consolidated entity measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- financial assets; and
- freehold properties.

Valuation techniques

The consolidated entity selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the consolidated entity are consistent with one or more of the following valuation approaches:

- Market approach: valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.
- Income approach: valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.
- Cost approach: valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the consolidated entity gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

Interim Financial Report

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2024

The following tables provide the fair values of the consolidated entity's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy:

Fair Value Measurement

	Level	31 December 2024	30 June 2024
		\$	\$
Shares in listed corporations	Level 1	506	506
Freehold Properties	Level 3	17,358,136	17,475,916

NOTE 7: FAIR VALUE MEASUREMENT (cont'd)

Valuation techniques used to derive level 3 fair values

Asset Category	Fair Value \$	Valuation Technique	Significant Unobservable Inputs	Range	Relationship of Unobservable Inputs to Fair Value	Sensitivity of fair value measurement to changes in significant unobservable inputs
Freehold Properties	17,358,136	Income Approach using discounted cashflow methodology and capitalisation approach.	Adopted capitalisation rate Adopted terminal yield	9.00% 9.00%	A significant increase or decrease in the adjustment would result in a significantly lower (higher) fair value.	A significant increase or decrease in the adjustment would result in a significantly lower/higher fair value.

Valuation process

The Board reviews the freehold property valuation process on a semi-annual basis. All valuations are performed either by independent professionally qualified external valuers or the directors.

If the external valuation is more than three years old, then the property is externally valued. For those with an external valuation less than three-year-old an assessment is made as to which properties are likely to have had material movements in the book value reported at the last reporting period to determine whether they should be revalued externally. At each reporting date the management will perform initial desktop assessment of current value through a capitalisation of income and discounted cashflow approach. If the result is materially different external independent valuation is conducted.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF TRANSMETRO CORPORATION LIMITED AND CONTROLLED ENTITIES

Report on the Half-year Financial Report

Conclusion

We have reviewed the half-year financial report of Transmetro Corporation Limited and Controlled Entities (the consolidated entity) which comprises the statement of financial position as at 31 December 2024, the consolidated income statement, consolidated statement of comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year then ended, a summary of material accounting policies and other explanatory information, and directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the accompanying half-year financial report of Transmetro Corporation Limited does not present fairly, in all material respects, the financial position of the consolidated entity as at 31 December 2024, and its financial performance and its cash flows for the half-year ended on that date, in accordance with AASB 134: Interim Financial Reporting and Corporations Regulations.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the consolidated entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibility of Directors for the Financial Report

The directors of the consolidated entity are responsible for the preparation and fair presentation of the half-year financial report in accordance with the Australian Accounting Standards (including Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control management determine is necessary to enable the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial report does not give a true and fair view of, in all material respects, the financial position of the consolidated entity as at 31 December 2024 and of its financial performance and its cash flows for the half-year ended on that date, in accordance with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

For personal use only

A review of a financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
