The Directors present their Interim Financial Report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Singular Health Group Limited (referred to hereafter as 'Singular Health', the 'Company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2024.

#### **Directors**

The following persons were Directors of Singular Health Group Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Mr Howard Digby Mr Denning Chong Mr Andrew Just Chairman and Non-Executive Director

Managing Director and Chief Executive Officer

Non-Executive Director

#### **Dividends**

There were no dividends paid, recommended or declared during the current or previous financial half-year.

#### Review of operations

The loss for the Group after providing for income tax amounted to \$1,915,821 (31 December 2023: \$1,136,195).

quring this financial half-year, the principal continuing activities of the Group consisted of:

1. Negotiation and Execution of MoU with Provider Network Solutions (PNS);

2. Technical Development of 3Dicom Software;

2. Corporate Activities and Investor Relations;

Quality and Regulatory; and

5. Disposal of 3DP assets.

1. Negotiation and Execution of MoU with Provider Network Solutions

Throughout the period, the Company was primarily involved in the negotiation and execution of a Memorandum of Understanding MoU) with a Miami-based Managed Service Organisation (MSO), Provider Network Solutions (PNS).

PNS act as an intermediary for healthcare plans (insurers) and aggregate members of multiple healthcare plans, hundreds of healthcare facilities, and thousands of various primary care practitioners (PCPs) to generate economies of scale that drive value-based healthcare for the members of healthcare plans. To this end, PNS have exceptionally strong relationships with healthcare facilities and PCPs throughout Florida, Texas, and Puerto Rico and manage the provision of healthcare for more than 3.7 million patients.

Following an introduction through Marin & Sons, the Company's US-based Corporate & Public Affairs Advisor, Singular's Executive team, comprising of Denning Chong, Dr Martina Mariano, and James Hill, conducted an extensive series of discovery calls, workshops, commercial and technical reviews with top management personnel from Provider Network Solutions to identify duplicate imaging as a major operating expense and to co-develop a technical solution to address this issue.

In late November 2024, subsequent to the program of work outlined above, the Company entered into a MoU with PNS to collaborate on the commercial deployment and trial of SHG's 3Dicom software to reduce duplicate imaging within a subset of PNS' network of providers and, if successful, pursue a broader rollout to their whole network.

As per ASX Announcement "Capital Raising and MOU with PNS for Commercial Pilot", dated 20<sup>th</sup> November 2024, the collaboration consists of four phases:

#### Phase 1: Technical Proof of Concept

Singular Health shall deploy a bespoke solution, leveraging existing 3Dicom functionality, within a sandboxed environment in Puerto Rico or the US Mainland. This environment will mirror PNS's production settings and enable a low-risk demonstration of the bespoke 3Dicom solution tailored to meet the requirements of PNS whilst still occurring in-country and with the ability to fine-tune the software to ensure compatibility with particular use cases. The parties can provide each other notice to terminate the MOU during this phase. After completion of Phase 1, the parties will enter separate agreements as set out below. This Phase was successfully completed as per ASX announcement on 17 January 2025.

#### Phase 2: Commercial Planning and Budgeting of Pilot Program

Following the satisfaction of Phase 1, or earlier, if all the parties agree, each party will negotiate in good faith the development of a Pilot Program in Puerto Rico or the US Mainland. During such negotiations, ongoing pricing discussion (such as software licensing, fee for clicks or others) and any bespoke development will be finalised. Phase 2 is anticipated to be completed by mid-2025.

#### Phase 3: Implementation of Pilot Program

The parties will work together and implement the Pilot Program which includes customizing the radiology imaging repository, integrating twith existing PACS systems and monitoring key metrics such as reduction in duplicate imaging. This Phase runs concurrent with Phase **±** and 2 and is anticipated to complete mid-2025.

#### Phase 4: Planning of National Rollout (Subject to successful Pilot Program)

Upon success of the Pilot Program, the Parties will work together on the following:

- Develop a plan for scaling up the solution across additional facilities and end users with different use cases and scale up potentially to a nationwide USA rollout.
- Allocate resources and budget for scaling up the project. This includes payment of any development work, software license, and network fees payable to SHG to be prior agreed

This Phase is anticipated to be completed during the second half of the 2025 calendar year.

This MOU highlights the close collaboration between SHG and PNS along with the technical ability and commercial flexibility of the company to find a mutually beneficial commercial arrangement to improve health outcomes, reduce radiation exposure, and deliver significant value to both PNS' and SHG's shareholders.

thas been calculated by PNS that they spend around USD\$35 per member per month across their network on duplicate imaging and as such, a successful commercial pilot is expected to provide substantial cost savings.

#### 2. <u>Technical Development of 3Dicom Software</u>

With a growing user base of 3Dicom Patient users, driven by the onboarding of Veterans from the multiple US Veteran deals announced in FY2024 and during the period, along with an urgent demand to complete the re-platforming of the Company's 3Dicom software from a desktop software to a zero-footprint, cloud-based DICOM viewer and file storage and sharing system, technical development during the Period occurred at a rapid pace.

The re-platforming of the 3Dicom software commenced in March 2024 and by July 2024, the base tier of 3Dicom Patient had been moved to a fully online system with in-browser DICOM (standard medical image format) uploading and the core 3D visualisation technology was encapsulated in a licensable, flexible, and easier to maintain Software Development Kit (SDK).

During the period, all desired functionality from the desktop software was transitioned to the online system and a highly experienced User Interface / User Experience (UI/UX) expert with many years of human-factored design for healthcare companies and was commissioned to overhaul the public facing 3Dicom website, online checkout process, 3Dicom Online Portal, and the Viewer itself.

The revised design took the best part of six months to complete, however the consistent look and feel across the platform has resulted in a significant improvement for users of the software and with all tiers, Patient, MD, and R&D, now operational online, various applications such as reducing duplicate imaging for PNS can be developed and deployed much faster.

An added benefit of migrating the technology to an online infrastructure is that integration with third-party AI models is more streamlined, with options for the 3Dicom viewer to be embedded into 3<sup>rd</sup> party applications but more commonly for the outputs of 3<sup>rd</sup> party AI models to be retrieved and displayed within the 3Dicom online viewer.

One such AI model is the ReLu Dental AI model which received FDA510(k) of their own during the period and which has been successfully integrated into the Company's viewer taking less than 10 minutes between uploading of a dental CT scan and visualisation and movement of the segmented teeth and facial structures. The Company also evaluated and integrated several non-diagnostic AI models during this period.

In the last few weeks of the period, the Company successfully completed the development of the "3Dicom Gateway", the software and associated optional hardware that underpins the PNS technical proof-of-concept and tested the sending and retrieval of medical images from various sandboxed PACS servers hundreds of kilometres apart using Starlink satellite terminals.

#### 3. Corporate Activities & Investor Relations

The period has seen strong corporate interest in Singular Health both domestically and internationally with the Company receiving investment from multiple high-calibre parties involved with the Company's operations and with strong alignment to the commercial operations, including:

- AUD\$1,000,000 strategic investment by Craig Sellars, co-founder of cryptocurrency Tether, which was received on 4<sup>th</sup> July 2024,
- AUD\$200,000 from Marin & Sons in November 2024, raised at \$0.09 per share,
- AUD\$500,000 cornerstone investment from Provider Network Solutions in November 2024, raised at \$0.09 per share, and
- More than AUD\$1,000,000 of on-market investment by Dr Ronny Low, a newly appointed Technical Advisor to Singular Health and highly regarded radiologist based in Perth, WA.

This level of investment from clients, advisors and technology evangelists has provided a high degree of confidence and alignment to the Company and comes in addition to the AUD\$3,000,000 raised by Perth-based Wallabi Group in November 2024 at \$0.09 per share (total aise of \$3.7m when including Provider Network Solutions and Marin & Sons participation from above).

Wallabi Group were introduced to Singular Health by Corporate Storytime, the Company's Australian corporate and investor relations advisor appointed in August 2024 who, along with the Company's internal marketing team, have been instrumental in improving the Company's communications with shareholders, brokers, and the wider community and educate all stakeholders on the pathway forward in the United States.

With a higher share price, Singular Health saw 4.2 million options being exercised at \$0.10 per share in December, raising a further \$420,000. Further options have been exercised in 2025.

Inally, Singular Health's CEO, Denning Chong, and Chief Operating Officer, Dr Martina Mariano conducted a wide series of investor roadshows late in the period with the support of Wallabi and Corporate Storytime in anticipation of various value catalysts throughout the period.

#### 4. Quality and Regulatory

This period marks two years since the Company received its inaugural US FDA510(k) clearance for 3Dicom MD\*, a milestone that facilitated entry into the US market and the commencement of what has been a long, arduous but ultimately fruitful market education and commercialisation campaign in the notoriously hard to crack US healthcare market.

It has also now been almost 3 years since the Company commenced the ISO13845:2016 and Medical Device Single Audit Program ("MDSAP") certification process, and it is very pleasing to note that, following a December 2024 annual audit, the Company has been notified that the audit did not find any critical issues that would deny the reissuance of the ISO13485:2016 and MDSAP certification, and is currently awaiting the reissued certifications.

This is a testament to all staff and consultants as the ISO13485:2016 and MDSAP certifications are regarded as the gold-standard in medical device manufacturing and provide an established position from which the Company can more readily prepare and lodge future medical device registrations in the USA, Australia and in the rest of the world. This bodes well for calendar year 2025, during which it is anticipated the Company will file for additional medical device registrations to reflect the newer online product offering and tailored to, but not exclusive to, the needs of the broader PNS network.

#### 5. Disposal of 3DP assets

With positive progress being made in the discussions with PNS and various other entities in the United States, Europe, Middle East, and India, and with the Singular 3DP 3D printing operations trading at a loss, a strategic decision was made to divest Singular 3DP Pty Ltd, a wholly owned subsidiary of Singular Health, in order to focus entirely on the development and commercialisation of the 3Dicom software.

As announced in the ASX Announcement "Sale of Singular 3D Printing Business" on 19<sup>th</sup> September 2024, Singular 3DP Pty Ltd was divested. SHG retained the right to remain at the Bibra Lake address without paying rent and only incurring a 25% share of all outgoings for the business premises for a 2-year period which is estimated to save the Company approximately \$200,000 in lease payments over that time.

#### Significant changes in the state of affairs

During the period, the Company disposed of Singular 3DP Pty Ltd, refer to **note 6** of the Interim Financial Report for further information.

There were no other significant changes in the state of affairs of the Group during the half-year.

#### Matters subsequent to the end of the financial half-year

| <b>D</b> ate     | Subsequent events   |
|------------------|---|
|                  |   |
| 17 January 2025  | Successful Proof of Concept for the Provider Network Solutions Memorandum of Understanding outlined in  |
|                  | this report.  |
| 20 January 2025  | The Company issued 1,615,911 fully paid ordinary shares pursuant to the exercise of 1,615,911 unlisted  |
|                  | options with an exercise price of \$0.10 expiring on 26 June 2026, raising \$161,591.10.  |
|                  | The Company has also issued 8,100,000 shares on the exercise and conversion of vested performance rights  |
| CK.              | previously issued under the Company's employee incentive plan.  |
| 3 February 2025  | Issuance of 1,000,000 fully paid ordinary shares pursuant to the exercise of 1,000,000 options with an exercise price of $$0.15$ , raising $$150,000$ . |
| 0                | The Company also issued 400,000 shares on the exercise and conversion of vested performance rights.   |
| 19 February 2025 | Issuance of 6,325,000 unlisted options exercisable at \$0.15 expiring on 19 February 2028.  |

No matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

#### Auditor's independence declaration

copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this Directors' report.

#### **Rounding of amounts**

The Company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest dollar.

This report is signed in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

On behalf of the Directors

Denning Chong Managing Director

28 February 2025

### AUDITOR'S INDEPENDENCE DECLARATION TO THE DIRECTORS OF SINGULAR HEALTH GROUP LIMITED

In accordance with section 307C of the *Corporations Act 2001*, I declare to the best of my knowledge and belief in relation to the review of the financial report Singular Health Group Limited for the half year ended 31 December 2024, there have been:

- no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- no contraventions of the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) in relation to the review.

#### Note 1. Summary of significant accounting policies

#### (a) Basis of preparation

These general-purpose financial statements for the half-year reporting period ended 31 December 2024 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2024 and any public annuancements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

#### Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of fair value of business combination, financial assets, and liabilities at fair value through profit or loss, investment properties, certain classes of property, plant, and equipment and derivative financial instruments.

#### Critical accounting estimates

preparing this interim report, the significant judgements made by management in applying the Group's accounting policies and key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 30 June 2024.

#### New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group.

#### Going concern

These financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As disclosed in the financial statements, for the half-year ended 31 December 2024, the Group incurred a loss of \$1,915,821 (31 December 2023: \$1,136,195), had net cash outflows from operating activities of \$1,219,384 (31 December 2023: \$443,622) and had net assets of \$4,798,555 (30 June 2024: \$1,441,208) as at 31 December 2024. The Group has successfully raised \$3.2million as additional working capital in November 2024. The Company has prepared a cash flow forecast which indicates based on the funds raised, it is appropriate to prepare the financial statements on a going concern basis as there is sufficient funds available for the Group to carry out its planned activities.

#### Note 2. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue, and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within this financial year are discussed in respective notes.

#### Note 3. Operating segments

Segment information has been prepared in conformity with the accounting policies adopted for preparing and presenting the financial statements of the consolidated Group. Following the sale of Singular 3DP Pty Ltd in the period, The Group has only one primary business segment, which is the provision and development of 3DiCom software medical technology within Australia.

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity), whose operating results are regularly reviewed by the chief operating decision makers - being the executive management team to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. This includes start-up operations which are yet to earn revenues.

Management will also consider other factors in determining operating segments such as the existence of a line manager and the level of segment information presented to the board of directors. Operating segments have been identified based on the information provided to the chief operating decision makers.

#### Note 4. Revenue

#### Disaggregation of revenue

The disaggregation of revenue from contracts with customers is as follows:

| Major product lines Software Others Others  75,374  Timing of revenue recognition Services transferred over time 75,374  Note 5. Other income  31 December 2024 \$  R&D Tax incentive rebate 354,539 | \$                  |

| R&D Tax incentive rebate 354,539 Other income  | 843,249<br>1,102    |

#### Note 6. Discontinued operations

#### Description

On October 21, 2024, the Company entered into an agreement to sell its 3DP assets for \$250,000. This was later amended on November 25, 2024, to \$100,000 through a variation letter and agreement. Additionally, a contingent consideration of \$200,000 will be payable upon the sale of the Titan machine.

The contingent consideration of \$200,000 was discounted to its present value using a 7.2% discount rate, resulting in an amount of \$187,750, which was recorded as other receivables.

#### Note 12. Contingent liabilities and commitments

There have been no material changes in contingent liabilities and commitments since the last annual reporting date.

#### Note 13. Events after the reporting period

| Date             | Subsequent events   |
|------------------|---|
| 17 January 2025  | Successful Proof of Concept for the Provider Network Solutions Memorandum of Understanding outlined in this report.   |
| 20 January 2025  | The Company issued 1,615,911 fully paid ordinary shares pursuant to the exercise of 1,615,911 unlisted options with an exercise price of \$0.10 expiring on 26 June 2026, raising \$161,591.10. |
|                  | The Company has also issued 8,100,000 shares on the exercise and conversion of vested performance rights previously issued under the Company's employee incentive plan.                         |
| 3 February 2025  | Issuance of 1,000,000 fully paid ordinary shares pursuant to the exercise of 1,000,000 options with an exercise price of \$0.15, raising \$150,000.   |
|                  | The Company also issued 400,000 shares on the exercise and conversion of vested performance rights.   |
| 19 February 2025 | Issuance of 6,325,000 unlisted options exercisable at \$0.15 expiring on 19 February 2028.  |

No other matter or circumstance has arisen since 31 December 2024 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the Directors

Denning Chong Managing Director

## SINGULAR HEALTH GROUP LIMITED ABN 58 639 242 765

## INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF SINGULAR HEALTH GROUP LIMITED

#### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the consolidated half-year financial report of Singular Health Group Limited (the "Company") and its controlled entities (the "Group"), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit and loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying consolidated half-year financial report of Singular Health Group Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity ("ASRE 2410"). Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the consolidated half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the consolidated half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## SINGULAR HEALTH GROUP LIMITED ABN 58 639 242 765

## INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF SINGULAR HEALTH GROUP LIMITED

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the consolidated half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the consolidated half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a consolidated half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
