This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by Victory Metals Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

Directors Report

Your directors present their report on the Group consisting of Victory Metals Limited (the 'Company') and controlled entities at the end of, or during, the period under review from 1 July 2024 to 31 December 2024.

Directors

The following persons were directors of the Company during the period under review and up to the date of this report:

Mr Brendan Clark Executive Director
Mr James Bahen Non-Executive Chair
Prof Ken Collerson Non-Executive Director (appointed 30 July 2024)
Mr Trevor Matthews Non-Executive Chair (resigned 30 July 2024)

Operating Results

The Company has incurred a net loss after tax for the half-year ended 31 December 2024 of \$262,770 (2023: \$2,018,158).

Principal activities

Victory Metals Ltd has made significant progress in advancing the North Stanmore Project, strengthening its strategic partnerships, and enhancing its financial position during the period.

The Company has focused on the exploration and development of its North Stanmore Rare Earth Element (REE) Project in the Cue region in Western Australia. The North Stanmore Project is rapidly evolving with the system demonstrating high ratios of Heavy Rare Earth Oxides and Critical Magnet Metals NdPr + DyTb.

Review Of Operations

The 100%-owned North Stanmore Heavy Rare Earth Elements (HREE) dominant Project (North Stanmore) is located in Western Australia, approximately 6km north of Cue, with sealed road access via the Great Northern Highway.

Subsequent to the end of the period, Victory announced an updated Mineral Resource Estimate (MRE) for North Stanmore 247.5 million dry metric tonnes at 520 ppm Total Rare Earth Oxide plus Scandium Oxide (TREO + Sc2O3), using an economic cut-off grade of 330ppm TREO plus Scandium Oxide, inclusive of high-grade domain (≥600 ppm TREO cut-off) of 53 million tonnes @ 1,012 ppm TREO plus Sc2O3.

71% resides in the indicated category, representing one of the largest Indicated Mineral Resources of an Australian HREE-enriched deposit.

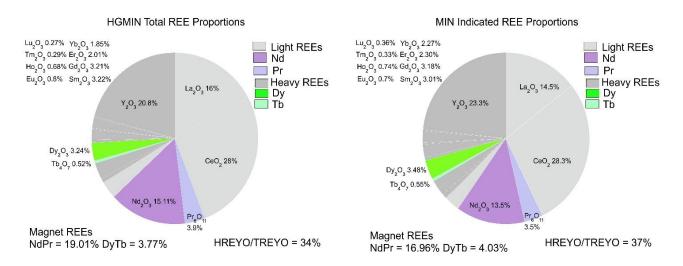

FIGURE 4: NORTH STANMORE JANUARY 2025 UPDATED MRE COMPOSITION BY PERCENTAGE IN 52.8MT AND 195.7MT RESOURCE DOMAINS

The high HREYO/TREYO ratios shown in Figure indicates that the North Stanmore resource contains a significant percentage of the rare, and valuable, HREE's Dysprosium (Dy) and Terbium (Tb).

Completion Of Aircore Drilling Program Confirms Strike Length Of 13.5kms

In November, Victory completed its successful 3,681m aircore (AC) drilling program at North Stanmore.

Assay results confirmed high-grade heavy rare earth oxide and scandium mineralisation over an extensive 13.5km strike. These results were incorporated into the MRE (announced on 16 January 2025).

Strategic Offtake MOU Signed With Sumitomo Corporation

Victory announced it had signed a strategic non-binding Memorandum of Understanding (MOU) with one of the world's leading integrated trading and investment enterprises, a Fortune Global 500 company, Sumitomo Corporation (Sumitomo), potentially establishing a long-term offtake partnership. The MOU outlines the proposed initial terms on which Victory and Sumitomo will negotiate an offtake of Mixed Rare Earth Carbonate (MREC) from the Company's flagship North Stanmore Project.

The MOU target is for Victory to provide Sumitomo 30% of its annual production of MREC from North Stanmore for an initial 5-year Offtake Term, with the possibility of a 5-year extension.

The MOU demonstrates Sumitomo's confidence in the quality, scalability and sustainability of Victory's North Stanmore Project, setting the stage for future investment, project development support and technological collaboration.

Sumitomo and Victory have agreed to act in good faith to enter into a Binding Term Sheet by 31 October 2025 and other material terms will be determined withing the negotiation of the term sheet.

Pricing for the supply of product will be determined during the negotiation of the Binding Term Sheet, indexed to the prevailing market prices for MREC Product (and REO Product, if applicable), and adjusted for TREO content.

VICTORY METALS LIMITED Interim Report for the Six Months Ended 31 December 2024 Directors' Report

The agreed MOU terms enable Victory to accelerate project development, enhance financing options, and expand future processing capabilities for North Stanmore. This partnership with Sumitomo opens exciting new opportunities for the Company to integrate into the global rare earth supply chain and secure its place as a leading supplier in the energy transition and defence sectors.

Sumitomo's financial strength, global logistics expertise, and commitment to sustainable growth make it the ideal long-term partner for Victory as it continues to progress the North Stanmore Project towards development.

Competent Person Statement

Professor Ken Collerson

Statements contained in this report relating to exploration results, Mineral Resource Estimate, scientific evaluation, and potential, are based on information compiled and evaluated by Professor Ken Collerson. Professor Collerson (PhD) Principal of KDC Consulting, and a Fellow of the Australasian Institute of Mining and Metallurgy (AusIMM - membership number 100125), is a geochemist/geologist with sufficient relevant experience in relation to rare earth element and critical metal mineralisation being reported on, to qualify as a Competent Person as defined in the Australian Code for Reporting of Identified Mineral resources and Ore reserves (JORC Code 2012). Professor Collerson consents to the use of this information in this report in the form and context in which it appears.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcements in relation to the exploration results. The Company confirms that the form and context in which the competent persons findings have not been materially modified from the original announcement.

Appointment of Ken Collerson at Technical Director

Professor Ken Collerson, PhD. FAusIMM., has been appointed Technical Director of the Company. Professor Collerson brings a wealth of expertise in geochemistry and critical metals, notably contributing to the discovery of the North Stanmore Heavy Rare Earth Element dominant Project (North Stanmore) during his consultancy with Victory over the past 2 years.

As Emeritus Professor of Earth Sciences at the University of Queensland, Ken is an internationally recognised and highly cited, geologist and geochemist with technical expertise that focusses on discovery of ethically sourced supplies of critical minerals. He has expert knowledge of rare earth and critical metal mineral systems as well as trace element and isotope analytical techniques. In the 1980's as a consultant to Union Oil, Ken's geochronology showed that the Mount Weld carbonatite, now being exploited by Lynas Rare Earths Limited, was post Archaean (~2 billion years) in age. He also provided key geochemical consultant services to Pacific Wildcat Resources Corporation for their Mrima Hill carbonatite regolith-hosted REE-Nd deposit in Kenya. While undertaking research in the 1970's he discovered the extension of peralkaline igneous intrusions from Greenland into Labrador that host the Strange Lake heavy REE rich deposit on the border of Labrador and Quebec.

In conjunction with Professor Collerson's appointment, Mr Trevor Matthews resigned as Non-Executive Chairman of the Company. Mr James Bahen, current Non-Executive Director, was appointed as Chairman.

Additionally, Mr Bahen resigned as a joint Company Secretary, with Mr Robbie Featherby continuing as the sole Company Secretary of Victory. Mr Featherby will oversee all communications with the ASX regarding listing rule matters, pursuant to Listing Rule 12.6.

\$1.5M Placement

Victory completed a Placement raising \$1,500,000 ("Placement") through the issue of 4,545,455 fully paid ordinary shares at \$0.33 per share ("Placement Shares") with professional and sophisticated investors. The Placement shares were issued under the Company's existing Placement capacity in accordance with ASX listing Rule 7.1

1. BASIS OF PREPARATION OF HALF-YEAR REPORT

This condensed financial report for the half-year reporting period ended 31 December 2024 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

This condensed half-year financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public annuancements made by Victory Metals Limited during the half-year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

a) Going Concern

For the half-year ended 31 December 2024, the Consolidated entity made a loss of \$262,770 (31 December 2023: \$2,018,158) and incurred operating cash outflows of \$631,858 (31 December 2023: \$682,246). As at 31 December 2024 the Consolidated entity has a net current asset position of \$5,360,541 (30 June 2024: \$2,669,435).

The financial statements have been prepared on the basis that the Consolidated entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business.

b) New and amended standards adopted by the consolidated entity

In the half-year ended 31 December 2024, the Consolidated entity has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to its operations and effective for reporting periods beginning on or after 1 July 2024. There is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business.

c) Impact of standards issued but not yet applied

Standards issued but not applied by the Consolidated entity will not have any significant impact on the financial statements of the Consolidated entity.

2. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Share-based payment transactions

The consolidated entity measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity. Refer to note 10 for further information.

3. Other Current Assets

8. COMMITMENTS

There has been no significant changes to the commitments disclosed in the most recent financial report.

9. CONTINGENCIES

The Directors are not aware of any material contingent assets or liabilities that would require disclosure.

10. RELATED PARTIES

The Consolidated entity has not entered into any new related party transactions during the reporting period.

11. SEGMENT REPORTING

Reportable segments

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Makers ('CODM'). The CODM is responsible for the allocation of resources to operating segments and assessing their performance. The Consolidated entity currently operates predominantly in one segment. The primary financial statements reflect this segment.

12. EVENTS OCURRING AFTER THE REPORTING DATE

The Company announced that is received its R&D Refund of \$751,909 on the 20th of February 2025.

Other than the above, no other matter of circumstance has arisen since reporting date that has significantly affected the Consolidated entity's operations, results or state of affairs.

Directors' Declaration

The directors of Victory Metals Limited declare that:

- (a) in the directors' opinion the financial statements and notes set out on pages 11 to 19, are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance, for the financial half-year ended on that date, and
 - (ii) Complying with Accounting Standard AASB 134: Interim Financial Reporting, The Corporations Regulations 2001 and other mandatory professional reporting requirements.
- (b) subject to note 1(a), there are reasonable grounds to believe that the Consolidated entity will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of the directors.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF VICTORY METALS LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of Victory Metals Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2024, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Victory Metals Limited and Controlled Entities does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2024 and its performance for the halfyear ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
