The Company's loss for the half-year ended 31 December 2024 was \$522,959 (2023: \$496,718).

During the half year ended 31 December 2024, Traka Resources Limited progressed with its exploration activities, focusing on the Gorge Creek and Cranbrook projects. There were also key leadership changes, with Mr Steve Lynn appointed as Chief Executive Officer and Mr Jay Stephenson appointed as Non-Executive Director and Joint Company Secretary, marking a focus on operational excellence and strategic growth.

The company opted to withdraw from the Mavago and Meponda projects in Mozambique after due diligence, reallocating its resources towards more promising ventures and aligning with its strategic objectives to enhance shareholder value through high-potential projects.

There were no substantive exploration activity at the Mt Cattlin Gold-Copper-REE project during this period.,

Looking ahead, Traka is well-positioned with strong financial backing and a solid pipeline of exploration projects. NOTE 7 CONTINGENT LIABILITIES

The directors are not aware of any contingent liabilities as at 31 December 2024.

NOTE 10 SUMMARY OF MATERIAL ACCOUNTING POLICIES

Traka is a public company, incorporated and domiciled in Australia and listed on the Australian Securities Exchange (ASX).

Statement of compliance and basis of preparation

The half year financial statements are general-purpose financial statements, which have been prepared in accordance with the requirements of the *Corporations Act 2001*, applicable Accounting Standards including AASB 134 "Interim Financial Reporting" and other mandatory professional reporting requirements. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 "Interim Financial Reporting".

The half-year financial statements do not include all notes of the type normally included within the annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Company as the full financial statements.

The half year financial statements should be read in conjunction with the annual financial statements of Traka as at 30 June 2024 and considered together with any public announcements made by Traka during the half year ended 31 December 2024 in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001*.

NOTE 10 SUMMARY OF MATERIAL ACCOUNTING POLICIES (continued)

The half-year financial statements have been prepared on the accruals basis and are based on historical cost.

For the purpose of preparing the half-year financial statements, the half year has been treated as a discrete reporting period.

Going Concern

During the half-year ended 31 December 2024, the Company incurred a net loss of \$522,959 and had cash outflows from operating activities of \$535,564. At balance date the Company's current assets exceeded current liabilities by \$655,063

Based on the Company's cash flow forecast, the Company will need to raise additional funds through further capital raises and/or asset sales. These factors give rise to a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at amounts stated in the financial statements. The financial statements do not include any adjustment relating to the recoverability and classification of recorded assets amounts nor to the amounts and classifications of liabilities that might be necessary should it not continue as a going concern.

Critical accounting estimates and judgements

The Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Accounting policies and methods of computation

The accounting policies and methods of computation adopted in the preparation of the half year financial statements are consistent with those adopted and disclosed in the Company's financial statements for the year ended 30 June 2024 and corresponding interim reporting period.

Accounting standards and interpretations adopted

New accounting standards and interpretations adopted 31 December 2024

In the half year ended 31 December 2024, the Company has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Company and effective for the half year reporting periods beginning on or after 1 July 2024.

As a result of this review, the Directors have determined that there is no material impact on the Company of any new and revised Standard and Interpretations and therefore no material change is necessary to accounting policies.

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibility is further described in the *Auditor's Responsibility for the Review of the Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the interim financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
