DIRECTORS' REPORT**

Review of Operations

During the period ended 31 December 2024, the significant changes in the state of affairs of the Group were as follows:

On 1 October 2024 the Company amended the sale and purchase agreement executed with Andean Silver Limited (formerly Mitre Mining Limited) in 2023. Andean and Equus agreed to amend the deferred consideration of \$1,000,000 in cash or shares at the election of Andean subject to minimum resource and grade milestones at Cerro Bayo. Under the amended agreement the deferred consideration was reduced to \$750,000 and Andean paid the amount in cash on 4 October 2024, notwithstanding that the milestone had not been achieved at that time.

Since the completion of the assets sale in February 2024, the Directors have actively reviewed investment opportunities for Equus Mining Limited. With the injection of the \$750,000, the Company is now well positioned in the search for a new venture.

Subsequent Events

No other matters or circumstances have arisen since the end of the half-year which significantly affected or may significantly affect the operations of the Group, the results of those operations, or the state of affairs of the Group in future financial years.

No Material Changes

Equus Mining confirms that it is not aware of any new information or data that would materially affect the information included in the interim financial reports for half year ended 31 December 2024 and that all material assumptions and technical parameters in the market announcements continue to apply and have not materially changed.

Lead Auditor's Independence Declaration

The Lead Auditor's Independence Declaration is set out on page 4 and forms part of the Directors' Report for the half year ended 31 December 2024.

Signed at Sydney this 14th day of March 2025

EQUUS MINING LIMITED AND ITS CONTROLLED ENTITIES
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
31 December 2024

1. REPORTING ENTITY

Equus Mining Limited (the 'Company') is a company domiciled in Australia. The condensed consolidated interim financial statements, of the Company as at and for the half year ended 31 December 2024 comprises the Company and its subsidiaries (together referred to as the 'Group'). The Group is a for-profit entity and is primarily engaged in identifying and evaluating mineral exploration resource opportunities until recently in southern Chile, South America.

The consolidated annual financial statements of the Group as at and for the year ended 30 June 2024 are available upon request from the Company's registered office at Level 2, 66 Hunter Street, Sydney, NSW, 2000 or at www.equusmining.com.

2. BASIS OF PREPARATION

(a) Statement of compliance

The condensed consolidated interim financial statements are general purpose financial statements prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

Selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in financial position and performance of the Group since the last annual consolidated financial statements as at and for the year ended 30 June 2024. The condensed consolidated interim financial statements do not include all the information required for full annual financial statements and should be read in conjunction with the consolidated annual financial statements of the Group as at and for the year ended 30 June 2024 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the ASX Listing Rules.

This condensed consolidated interim financial report was approved by the Board of Directors on 14 March 2025.

(b) Going concern

The consolidated interim financial statements have been prepared on a going concern basis, which contemplates the realisation of assets and settlement of liabilities in the ordinary course of business.

The Group recorded a loss from continuing operations of \$48,525 for the interim period ended 31 December 2024 and has accumulated losses of \$145,783,759 as at 31 December 2024. The Group used \$259,780 of cash in operations for the interim period ended 31 December 2024. The Group had cash on hand of \$535,218 at 31 December 2024 and net assets of \$409,999 as at 31 December 2024.

On 1 October 2024 the Company amended the sale and purchase agreement executed with Andean Silver Limited ('Andean', formerly Mitre Mining Limited) in 2023. Andean and the Company agreed to amend the deferred consideration of \$1,000,000 in cash or shares at the election of Andean upon the milestone being met. Under the amended agreement the deferred consideration was reduced to \$750,000 and Andean paid the amount in cash on 4 October 2024, notwithstanding that the milestone had not been achieved at that time.

The Group has since used the funds received from the deferred consideration to settle trade creditors, and as at 28 February 2025 the Company had cash of \$441,222 and payables of \$58,083. The Directors have prepared cash flow projections for the period to 31 March 2026 that support the ability of the Group to continue as a going concern. These cash flow projections are dependent upon the Directors securing

(b) Going concern (Cont.)

additional funding and future investment opportunities for the Group in order to sustain its operations long-term. Until such a time, the Group will be dependent upon future share placements and will be required to significantly reduce operating expenditure in line with available funding. The Group has successfully raised additional funding in the prior years, however such fundraising is inherently uncertain until secured. These conditions give rise to a material uncertainty that may cast significant doubt upon the Group's ability to continue as a going concern.

In the event that the Group does not obtain additional funding and reduce expenditure in line with available funding, it may not be able to continue its operations as a going concern and therefore may not be able to realise its assets and extinguish its liabilities in the ordinary course of operations and at the amounts stated in the interim financial report. No allowance for such circumstances has been made in the financial report.

(c) Use of estimates and judgements

The preparation of the consolidated interim financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated annual financial statements for the year ended 30 June 2024 except for:

- Going concern - Note 2(b)

(d) Changes in Accounting Policies

Apart from the accounting policies noted above, the accounting policies applied in these condensed consolidated interim financial statements are consistent with those applied in the 30 June 2024 financial report.

(e) New accounting standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are able to be early adopted for annual periods beginning after 1 July 2024 and have not been applied in preparing these condensed consolidated interim financial statements. None of these are expected to have a significant effect on the financial statements of the Group.

Fair value of options

The fair value of options granted is measured at grant date and recognised as an expense over the period during which the recipients become unconditionally entitled to the options. The amount recognised as an expense is adjusted to reflect the actual number of options that vested during the period.

8. OPERATING SEGMENTS

The Group’s chief operating decision maker has considered the requirements of *AASB 8 Operating Segments*, and has concluded that during the half year ended 31 December 2024, the Group was actively reviewing investment opportunities following the disposal of the Group’s processing and mineral exploration segments in February 2024. Accordingly, management has concluded the Group has only one reportable segment during the period ended 31 December 2024. The operating results, total assets and total liabilities of this segment are therefore consistent with that of the Group.

9. EVENTS OCCURRING SUBSEQUENT TO 31 DECEMBER 2024

- giving a true and fair view of the **Group's** financial position as at 31 December 2024 and of its performance for the Half-year ended on that date; and

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with these requirements.

Material uncertainty related to going concern

We draw attention to Note 2(b), "Going Concern" in the Interim Financial Report. The events or conditions disclosed in Note 2(b), indicate a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and, therefore, whether it will realise its assets and discharge its liabilities in the normal course of business, and at the amounts stated in the Interim Financial Report. Our conclusion is not modified in respect of this matter.

Responsibilities of the Directors for the Interim Financial Report

The Directors of the Company are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the condensed Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of an Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
