### 1. RESOLUTION 1 – APPROVAL TO ISSUE CONVERTIBLE SECURITY TO DRAKE PRIVATE INVESTMENTS

---

#### 1.1 Background to the Convertible Loan Agreement

The Company originally entered into the unsecured convertible loan agreement with Drake Special Situations LLC, the Company's major shareholder, on 19 December 2019 which provided a convertible loan facility for up to a maximum of \$2,000,000 (**Convertible Loan Agreement**).

The original terms of the Convertible Loan Agreement, as outlined in the Company's ASX announcement dated 19 December 2019, were approved by Shareholders as a convertible security for the purposes of the Listing Rules on 26 February 2020.

Following the original approval on 26 February 2020, the Convertible Loan Agreement has been subsequently varied and re-approved by Shareholders as a convertible security under the Listing Rules on the following occasions:

- (a) at a general meeting held on 17 July 2020; and
- (b) at a general meeting held on 29 June 2023.

In addition to the variations since the original terms were negotiated, Drake Special Situations LLC has assigned all of its rights and obligations under the Convertible Loan Agreement to Drake Private Investments LLC (**DPI**).

#### 1.2 Background on Drake Private Investments LLC

DPI is the largest shareholder of the Company and remains a long-standing financing partner of the Company, having been an investor for more than 12 years. At various times, DPI and its affiliates have provided over \$5m of capital to the Company. DPI remains an important financing partner to the Company going forward and without DPI's continued support as a quasi-anchor investor, the Company may face challenges with respect to financing the advancement of the Company's projects in the future.

#### 1.3 Convertible Loan Agreement deemed a Convertible Security

Under the Convertible Loan Agreement (as varied), subject to the Company obtaining any necessary Shareholder approvals, DPI may elect to convert some or all of the funds advanced plus all interest accrued into Shares. Accordingly, the Convertible Loan Agreement is deemed to be a convertible security for the purposes of the Listing Rules.

The purpose of Resolution 1 is to seek Shareholder approval to deem and issue the Convertible Loan Agreement, as varied on the terms outlined in Section 1.4 below, as a convertible security for the purposes of ASX Listing Rule 7.1.

Shareholders should note that approval of Resolution 1 will not result in the Company issuing Shares unless DPI elects to convert any amounts owed to it by the Company into Shares in accordance with the terms of the Converting Loan Agreement.

If and when a conversion event occurs and part or all of the Convertible Loan Agreement is to be converted into Shares, subject to Resolution 1 being passed and any requirements under the Corporations the Company may rely on Listing Rule 7.2 (Exception 9(b)) to issue the Shares to DPI without utilising the company's placement capacity under Listing Rules 7.1 and 7.1A. Listing Rule 7.2 (Exception 9(b)) operates as an exception to Listing Rule 7.1 (summarised in Section 1.6 below), and provides that where an entity obtains shareholder approval to issue convertible securities pursuant to in accordance with the Listing Rules, the entity is not required to obtain further shareholder approval to issue securities resulting from the conversion of those convertible securities.

## 1.4 January 2025 Variation

As announced by the Company on 16 January 2025, the Company has agreed to vary the Convertible Loan Agreement (**January 2025 Variation**), on the terms set out below:

<b>Extension of Term</b>	The term has been extended to: (a) 15 December 2026; or (b) such other date(s) otherwise set by DPI with respect to all or any part of the loan and notified in writing to the Company and being a date(s), to be no more than 10 years from the execution of the Convertible Loan Agreement (no later than 19 December 2029) (the <b>Term</b> ).
<b>Conversion Price</b>	The price at which amounts outstanding under the loan shall be converted into Shares has been reduced to the lower of: (a) a 10% discount to the price paid for Shares in the most recent capital raising undertaken by the Company prior to DPI exercising its conversion rights or where the most recent capital raising was by way of alternative financing, the effective price that otherwise would be paid for Shares; (b) a 10% discount to the 5-day VWAP for the trading of Shares on ASX ending on the day prior to DPI providing a conversion election; and (c) \$0.02. ( <b>Conversion Price</b> )
<b>2025 Advance</b>	(a) Subject to the Company obtaining Shareholder approval pursuant to the Resolution 1 at this Meeting, DPI may provide a further advance of \$300,000 on or before 31 December 2025, but after 31 March 2025 ( <b>2025 Advance</b> ). (b) If the Company does not obtain Shareholder approval under the Resolutions at this Meeting, DPI is not obliged to but may in its sole discretion, provide the 2025 Advance.
<b>Interest rate</b>	10% per annum.
<b>Options</b>	In consideration for DPI's continued and long-standing support of the Company, DPI's extension of the term of the Convertible Loan Agreement, and the potential for DPI to provide the 2025 Advance, the Company has issued DPI 50,000,000 Options exercisable at \$0.0175 on or before 15 December 2028.  These Options issued to DPI are the subject of Resolution 2.

Refer to Schedule 1 for a summary of the material terms of the Convertible Loan Agreement as varied by the January 2025 Variation.

## 1.5 Purpose of Resolution 1

As outlined in Section 1.4, DPI and the Company have agreed to vary the terms of the Convertible Loan Agreement (as varied) under the terms of the January 2025 Variation, which has (amongst other things), resulted in a reduction in the Conversion Price.

Changes to the Convertible Loan Agreement per the January 2025 Variation and preceding variations include the acknowledgement and agreement that (i) as of 15 January 2025 \$50,000 of the total loan amount (Extended Loan Part) shall be due on 15

December 2026 and (ii) the balance of the loan amount was \$827,299.25 as of 15 January 2025 (including principal and accrued interest), amongst other changes.

Subsequent to the January 2025 Variation, DPI gave notice to the Company that it will capitalise, excluding the Extended Loan Part, the accrued interest of \$127,299.25 as of 15 January 2025. Therefore, as of 15 January 2025, the loan's principal amount, excluding the Extended Loan Part, was \$827,299.25 and the total amount outstanding in terms of principal was \$877,299.25 (**Outstanding Amount**). The outstanding amount of principal on the Extended Loan Part (\$50,000) and the other component of the principal (\$827,299.25) are both accruing at 10% per annum as of 15 January 2025.

DPI may exercise its conversion rights in respect of the Outstanding Amount, any further advances made under the Convertible Loan Agreement and any interest accrued.

This Resolution seeks Shareholder approval for the purposes of Listing Rule 7.1 to issue the Convertible Loan Agreement as a convertible security for the purposes of the Listing Rules and to issue a maximum of 116,177,847 Shares if and when the Convertible Loan Agreement is converted by DPI in the future. Shareholders should note that in the event that the Resolution is not passed, \$857,671.32 plus default interest and legal costs will be due on 29 May 2025 while the Extended Loan Part will remain outstanding. The Extended Loan Part that will remain outstanding (in the event that Resolutions 1 and 2 are not passed) as of 29 May 2025 includes principal and accrued interest from 15 January 2025 to 29 May 2025, totalling \$51,835.62.

The number of Shares to be issued on conversion of the Convertible Loan Agreement is currently unknown as it is variable depending on the market price of the Company's Shares at the time of an election to convert and will be determined in accordance with the Conversion Price formula set out in Section 1.4. If the number of Shares to be issued at the time a conversion election is given by the Company exceeds the maximum number of Shares approved under Resolution 1, the Company will be required to seek Shareholder approval to issue the excess at the relevant time.

For the purpose of this Resolution, as at the date of this Notice, the minimum Conversion Price at which DPI may elect to convert some or all of the amount owed to it under the Convertible Loan Agreement is \$0.009, being a 10% discount to the Company's most price paid for Shares in the Company's most recent capital raising completed in December 2024.

For the purpose of this Resolution, the Company is applying a maximum value of \$1,045,600.62 to the Convertible Loan Agreement (**Convertible Security**) to calculate the maximum number of Shares that may be issued on conversion of the Convertible Security. The maximum value of the Convertible Security is based on the following:

- (a) \$877,299.25, being the Outstanding Amount as of 15 January 2025;
- (b) \$9,589.04 being the accrued interest on the Extended Loan Part (\$50,000) from 15 January 2025 to 15 December 2026;
- (c) \$158,712.33 being the accrued interest on the other component (\$827,299.25) from 15 January 2025 to 15 December 2026.

## 1.6 Listing Rule 7.1

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The Convertible Loan Agreement (Convertible Security) falls within exception 17 of Listing Rule 7.2. It therefore requires the approval of Shareholders under Listing Rule 7.1.

## 1.7 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to issue the Convertible Loan Agreement (as varied under the January 2025 Variation) as a Convertible Security and any Shares if and when the Convertible Loan Agreement is converted by DPI in the future.

In addition, the issue will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

Any issue of Shares on conversion of the Convertible Loan Agreement in the future will be made in reliance on Listing Rule 7.2 (Exception 9(b)).

If this Resolution is not passed \$857,671.32 plus default interest and legal costs will be due on 29 May 2025 while the Extended Loan Part will remain outstanding. The Extended Loan Part that will remain outstanding (in the event that Resolutions 1 and 2 are not passed) as of 29 May 2025 includes principal and accrued interest from 15 January 2025 to 29 May 2025, totalling \$51,835.62.

## 1.8 Dilution

The Conversion Price is currently unknown and will be calculated based on the conversion mechanism included in Section 1.4 above, which is dependent on:

- (a) the Company's Share price at the time DPI exercises its conversion rights;
- (b) the price paid for Shares in the most recent capital raising undertaken by the Company prior to DPI exercising its conversion rights; and
- (c) how the prices determined under (a) and (b) above compare with an issue price of \$0.02.

The table below assumes DPI elects to convert 100% of the maximum value of the Convertible Security (\$1,045,600.62) and shows the number of Shares that would be issued at deemed issue price utilised for the purposes of Resolution 1 (\$0.009) and half and twice this issue price.

ISSUE PRICE	NUMBER OF SHARES ISSUED ON CONVERSION	CURRENT ISSUED SHARE CAPITAL	PRO FORMA ISSUED SHARE CAPITAL
\$0.009	116,177,847	1,062,958,588	1,179,136,435
\$0.0045	232,355,693	1,062,958,588	1,295,314,281
\$0.018	58,088,923	1,062,958,588	1,121,047,511

The Company notes that, as there is no floor price to the Conversion Price, any future issue of Shares on conversion of the Convertible Security could be dilutive to Shareholders, however, the Company will seek Shareholder approval for any future issue of Shares to DPI that would exceed the amount approved under Resolution 1.

## 2. RESOLUTION 2 – RATIFICATION OF PRIOR ISSUE OF OPTIONS TO DRAKE PRIVATE INVESTMENTS

### 2.1 General

This Resolution seeks Shareholder ratification for the purposes of Listing Rule 7.4 for the issue of 50,000,000 Options to DPI on 3 February 2025 in consideration for the 2025 Advance made pursuant to the Convertible Loan Agreement, as varied by the January 2025 Variation.

The terms of the January 2025 Variation are outlined above in Section 1.4.

### 2.2 Listing Rule 7.1

A summary of Listing Rule 7.1 is set out in Section 1.6 above.

The issue does not fit within any of the exceptions set out in Listing Rule 7.2 and, as it has not yet been approved by Shareholders, it effectively uses up part of the 15% limit in Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the date of the issue.

### 2.3 Listing Rule 7.4

Listing Rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 and so does not reduce the company's capacity to issue further equity securities without shareholder approval under that rule.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listing Rule 7.1. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 for the issue.

### 2.4 Technical information required by Listing Rule 14.1A

If this Resolution is passed, the issue will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of equity securities the Company

can issue without Shareholder approval over the 12 month period following the date of the issue.

If this Resolution is not passed, the issue will be included in calculating the Company's 15% limit in Listing Rule 7.1, effectively decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the date of the issue.

## 2.5 Technical information required by Listing Rules 7.4 and 7.5

<b>Names of persons to whom Securities were issued or the basis on which those persons were identified/selected</b>	DPI. ### 1. Entitlement

Each Option entitles the holder to subscribe for one Share upon exercise of the Option.

### 2. Exercise Price

Subject to paragraph 10, the amount payable upon exercise of each Option will be \$0.0175 (**Exercise Price**).

### 3. Expiry Date

Each Option will expire at 5:00 pm (WST) on 15 December 2028 (**Expiry Date**). An Option not exercised before the Expiry Date will automatically lapse on the Expiry Date.

### 4. Exercise Period

The Options are exercisable at any time on or prior to the Expiry Date (**Exercise Period**).

### 5. Notice of Exercise

The Options may be exercised during the Exercise Period by notice in writing to the Company in the manner specified on the Option certificate (**Notice of Exercise**) and payment of the Exercise Price for each Option being exercised in Australian currency by electronic funds transfer or other means of payment acceptable to the Company.

### 6. Exercise Date

A Notice of Exercise is only effective on and from the later of the date of receipt of the Notice of Exercise and the date of receipt of the payment of the Exercise Price for each Option being exercised in cleared funds (**Exercise Date**).

### 7. Timing of issue of Shares on exercise

Within five Business Days after the Exercise Date, the Company will:

- (a) issue the number of Shares required under these terms and conditions in respect of the number of Options specified in the Notice of Exercise and for which cleared funds have been received by the Company;
- (b) if required, give ASX a notice that complies with section 708A(5)(e) of the Corporations Act, or, if the Company is unable to issue such a notice, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors; and
- (c) if admitted to the official list of ASX at the time, apply for official quotation on ASX of Shares issued pursuant to the exercise of the Options.

If a notice delivered under 7(b) for any reason is not effective to ensure that an offer for sale of the Shares does not require disclosure to investors, the Company must, no later than 20 Business Days after becoming aware of such notice being ineffective, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors.

### 8. Shares issued on exercise

### 9. Quotation of Shares issued on exercise

Application will be made by the Company to ASX for quotation of the Shares issued upon exercise of the Options.

**10. Reconstruction of capital**

If at any time the issued capital of the Company is reconstructed, all rights of an Optionholder are to be changed in a manner consistent with the Corporations Act and the ASX Listing Rules at the time of the reconstruction.

**11. Participation in new issues**

There are no participation rights or entitlements inherent in the Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising the Options.

**12. Change in exercise price**

An Option does not confer the right to a change in Exercise Price or a change in the number of underlying securities over which the Option can be exercised.

**13. Adjustment for bonus issue of Shares**

If Shares are issued by the Company by way of bonus issue (other than an issue in lieu of dividends or by way of dividend reinvestment), the holder of Options is entitled, upon exercise of the Options, to receive an issue of as many additional Shares as would have been issued to the holder if the holder held Shares equal in number to the Shares in respect of which the Options are exercised.

**14. Transferability**

The Options are transferable subject to any restriction or escrow arrangements imposed.
