## **EBOS IS RAISING UP TO A\$250M (NZ\$272M) VIA A PLACEMENT AND RETAIL OFFER TO FUND TWO BOLT-ON ACQUISITIONS**

### **KEY HIGHLIGHTS**

- Consistent with EBOS' strategy of investing for growth, the Group has completed two acquisitions (together, the **"Acquisitions"**) since the commencement of the second half of FY25:
  - EBOS acquired SVS Veterinary Supplies (**"SVS"**)<sup>1</sup>, a leading supplier of pet medicines and other products to veterinary clinics and specialty retailers in New Zealand for upfront consideration of NZ\$115 million and an earn-out of up to NZ\$10 million. The upfront acquisition price represents approximately 7x EBITDA for the twelve months to 31 March 2025<sup>2</sup>
  - As previously announced, EBOS has acquired the remaining 10% stake in Transmedic that it did not already own for consideration of approximately A\$35 million
- EBOS will raise approximately A\$200 million (NZ\$217 million) via an underwritten placement and will undertake a non-underwritten retail offer to raise up to A\$50 million (NZ\$54 million)<sup>3</sup>
- Funds raised in excess of the amounts paid for the Acquisitions will provide further balance sheet capacity to fund additional future growth opportunities
- EBOS has a strong track record of frequent acquisitions and an active pipeline of potential bolt-on M&A opportunities within its core markets that it expects would be synergistic with its existing operations
- EBOS reiterates its guidance that it expects to generate underlying EBITDA of between A\$575 million to A\$600 million in FY25, prior to any contribution from SVS
- In combination with the placement and retail offer, the Acquisitions are expected to be low single digit percentage EPS accretive in FY25 on a pro forma basis<sup>4</sup>

### **ACQUISITION OF SVS**

EBOS Group Limited (**"EBOS"**) acquired SVS from entities associated with the founder on 31 March 2025. SVS is a leading supplier of pet medicines and other products to over 500 veterinary clinics and specialty retailers in New Zealand. SVS supplies a comprehensive suite of products for companion and large animals on behalf of over 200 suppliers.

The business has over 100 employees across five locations, with two sites in Hamilton and one each in Palmerston North, Wellington and Christchurch.

<sup>1</sup> Acquisition includes SVS Veterinary Supplies Limited and associated entities. The purchase price is subject to customary adjustment mechanisms for movements (if any) in working capital and net debt.

<sup>2</sup> Based on management forecasts and actual results for 11 months to 28 February 2025.

<sup>3</sup> EBOS has discretion to accept oversubscriptions above this amount.

<sup>4</sup> EPS accretion as if EBOS had owned SVS and 100% of Transmedic for the full 12 month period.

SVS has a track record of stable revenue growth and, for the 12 months ended 31 March 2025, is expected to generate revenue of approximately NZ\$280 million (A\$254 million) and EBITDA of approximately NZ\$17 million (A\$15 million)<sup>5</sup>.

Upfront consideration for the acquisition of SVS is NZ\$115 million (A\$105 million) with an earn-out of up to NZ\$10 million (A\$9 million)<sup>6</sup>. The upfront acquisition price represents approximately 7x EBITDA for the twelve months to 31 March 2025.

EBOS has entered into arrangements with SVS' founder and key management who are expected to remain with the business for a period of time.

EBOS CEO, John Cullity, said: "We are excited to welcome SVS to EBOS. SVS is a long-standing and successful business with a leading position in New Zealand. The acquisition represents a logical expansion of our existing veterinary wholesale business in Australia and, over time, we see opportunities to share relationships and best practice across these businesses".

#### **ACQUISITION OF REMAINING 10% IN TRANSMEDIC**

As previously announced, EBOS has acquired the remaining 10% stake in Transmedic which it did not already own for A\$35 million<sup>7</sup>. This follows EBOS' initial acquisition of 51% of Transmedic in May 2022 as part of the LifeHealthcare acquisition and acquisition of a further 39% stake in December 2023.

Transmedic has performed strongly under EBOS' control and moving to 100% ownership is aligned with EBOS' strategy to grow in the attractive Southeast Asian medical device distribution market.

#### **EBOS FY25 TRADING UPDATE**

EBOS reiterates the guidance provided in August 2024 and February 2025 that it expects to generate underlying EBITDA of between A\$575 million to A\$600 million in FY25.

This guidance excludes any contribution from SVS. Transmedic's earnings have been consolidated in EBOS' financial statements since the acquisition of the initial 51% interest in May 2022.

#### **EQUITY RAISING**

EBOS will raise approximately A\$200 million (NZ\$217 million) via a fully underwritten placement of new ordinary shares to eligible investors ("**Placement**")<sup>8</sup> and up to A\$50 million (NZ\$54 million)<sup>9</sup> via a non-underwritten retail offer to eligible existing shareholders ("**Retail Offer**").

---

<sup>5</sup> Based on management forecasts and actual results for 11 months to 28 February 2025 and an AUD:NZD exchange rate of 1.1004 as at 31 March 2025.

<sup>6</sup> Based on an AUD:NZD exchange rate of 1.1004 as at 31 March 2025.

<sup>7</sup> An additional deferred consideration amount may be payable in FY26 and is not expected to be material.

<sup>8</sup> Based on an AUD:NZD exchange rate of 1.0861 as at 10 April 2025. The ultimate A\$ amount raised in the Placement will depend on the AUD:NZD exchange rate as reported by the Reserve Bank of Australia at 4pm AEST on 10 April 2025.

<sup>9</sup> The target Retail Offer size of A\$50 million is the expected amount to be raised under the Retail Offer, however it may be more or less. EBOS may in its absolute discretion decide to accept applications (in whole or in part) that result in the Retail Offer raising more than A\$50 million. Further details of the Retail Offer will be contained in the Retail Offer Booklet, which will be sent to eligible EBOS shareholders on 16 April 2025.

Funds from the Placement and the Retail Offer in excess of the amounts paid for the Acquisitions will provide further balance sheet capacity, before being deployed over time for additional growth opportunities. EBOS has a strong track record of frequent acquisitions and an active pipeline of potential bolt-on M&A opportunities within its core markets that it expects would be synergistic with its existing operations.

EBOS will continue to apply the same financial discipline that it has done with prior successful acquisitions, focusing on EPS accretion, ROCE, and maintaining a strong balance sheet.

## **PLACEMENT**

The new shares to be issued under the Placement will be issued at a fixed price of NZ\$36.65 per share<sup>10</sup>, representing a discount of 5.0% to the last NZX closing price of NZ\$38.56 per share as at 10 April 2025. The Placement will result in approximately 5.9 million new shares being issued, representing approximately 3.0% of EBOS' existing shares on issue.

New shares to be issued under the Placement will rank equally with existing EBOS shares on issue and will be quoted on the NZX and ASX from the date of Placement allotment.

EBOS intends that eligible shareholders who apply for up to their 'pro rata'<sup>11</sup> share of the equity raising will be allocated their full bid on a best endeavours basis.

The Placement is fully underwritten by UBS New Zealand Limited<sup>12</sup>.

## **RETAIL OFFER**

EBOS will conduct a non-underwritten Retail Offer to eligible existing shareholders to raise up to A\$50 million (NZ\$54 million), with the ability to accept oversubscriptions at EBOS' discretion.

Eligible EBOS shareholders in New Zealand and Australia will be invited to apply for up to NZ\$100,000 and A\$45,000, respectively, of new shares under the Retail Offer, free of any brokerage, commission and transaction costs.

The maximum application size has been selected with the objective of enabling as many retail shareholders as possible to apply for their pro rata share of the equity raising under the Retail Offer.

New shares to be issued under the Retail Offer will be issued at the lower of the Placement Price and the five-day VWAP of EBOS shares traded through the NZX Main Board up to, and including, the closing date of the Retail Offer.

New Shares to be issued under the Retail Offer will rank equally with existing EBOS shares on issue and will be quoted on the NZX and ASX from the date of Retail Offer allotment.

---

<sup>10</sup> The A\$ issue price for the Retail Offer and Placement will be determined based on the AUD:NZD exchange rate as reported by the Reserve Bank of Australia at 4pm AEST on the Retail Offer closing date and at 4pm AEST on 10 April 2025 respectively.

<sup>11</sup> An eligible shareholder's 'pro rata' share will be estimated by reference to the latest available EBOS beneficial register. Nothing in this release gives a shareholder a right or entitlement to participate in the Placement and EBOS has no obligation to reconcile assumed holdings (e.g. for recent trading or swap positions) when determining a shareholder's 'pro rata' share. EBOS and the Lead Manager disclaim any duty or liability (including for negligence) for determining eligible shareholder's 'pro rata' share.

<sup>12</sup> For further details regarding the nature of the underwriting arrangements, please see section 5 of the investor presentation released to the ASX and NZX on 10 April 2025.

If the Retail Offer is oversubscribed, any scale back of allocations will be on a pro rata basis based on shareholdings of subscribers on the Retail Offer record date (being 7:00pm NZST / 5:00pm AEST on Wednesday, 9 April 2025).

Full details of the Retail Offer will be set out in the Retail Offer booklet, which will be released to the NZX and ASX, and sent to eligible shareholders on Wednesday, 16 April 2025. The closing date for applications by eligible shareholders is Tuesday, 6 May 2025.

The Retail Offer is not underwritten.

## FINANCIAL IMPACT

In combination with the Placement and the Retail Offer, the Acquisitions are expected to be low single digit percentage EPS accretive in FY25 on a pro forma basis<sup>13</sup>.

Pro forma 31 December 2024 net debt / LTM EBITDA is below 2.0x<sup>14</sup>.
