You may still attend the Meeting and vote in person even if you have appointed a proxy. If you have previously submitted a Proxy Form, your attendance will not revoke your proxy appointment unless you actually vote at the Meeting for which the proxy is proposed to be used, in which case, the proxy's appointment is deemed to be revoked with respect to voting on that Resolution.

In respect of all available undirected proxies, subject to any voting restrictions and exclusions, the Chairman intends to vote in favour of all Resolutions on the agenda.

Explanatory Statement

This Explanatory Statement sets out further information regarding the proposed resolutions to be considered by Shareholders of Elsight Limited (**ELS** or the **Company**) at the 2025 Annual General Meeting to be held at 5:00pm (Sydney time) on Thursday, 29 May 2025 at Automic Group, Level 5/191 St Georges Terrace, Perth WA 6000.

The Directors recommend that Shareholders read this Explanatory Statement before determining whether or not to support the resolutions.

Financial Statements and Reports

Under section 317 of the Corporations Act, Elsight is required to lay its Financial Report, Directors' Report and Auditor's Report before its Shareholders at its Annual General Meeting.

The Annual Report is submitted for Shareholders' consideration and discussion at the Annual General Meeting as required. Meeting attendees are invited to direct questions to the Chairman and/or the Auditor in respect of any aspect of the Annual Report that they wish to discuss. There is no requirement, either in the Corporations Act or the Company's Constitution, for Shareholders to approve the Annual Report.

Representatives of ELS's auditor, RSM Australia Partners, will be present for discussion purposes on matters of relevance to the audit.

Shareholders can access a copy of the Annual Report on the Company's website at <https://www.elsight.com/investor-relations/>.

Resolution 1 – Adoption of Remuneration Report

Resolution 1 provides Shareholders with the opportunity to vote on Elsight's Remuneration Report. The Remuneration Report is contained in the Directors' Report.

Under section 250R(2) of the Corporations Act, Elsight must put the adoption of its Remuneration Report to a vote at its Annual General Meeting.

This vote is advisory only and does not bind the Directors or Elsight.

The Board will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at this Meeting when reviewing Elsight's remuneration policies. If 25% or more of the votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a "**spill resolution**") that another meeting be held within 90 days at which all of Elsight's Directors other than the Managing Director must be offered up for election.

At the Company's previous Annual General Meeting the votes cast against the Remuneration Report considered at that Annual General Meeting were less than 25%. Accordingly, a spill resolution is not relevant for this Annual General Meeting.

Key Management Personnel (including Directors) and their Closely Related Parties must not cast a vote on the Remuneration Report unless as holders of directed proxies for Shareholders eligible to vote on Resolution 1.

Board recommendation and undirected proxies.

The Board recommends that Shareholders vote in **FAVOUR** of Resolution 1.

The Chairman of the Meeting intends to vote all available undirected proxies in **FAVOUR** of Resolution 1.

Resolutions 2 and 3 - Re-Election of Directors, Mr Ami Shafran and Mr David Furstenberg

Clause 14.2 of the Company's Constitution sets out the requirements for determining which Directors are to retire by rotation at an Annual General Meeting.

Mr Ami Shafran, and Mr David Furstenberg who have served as directors since 2 June 2017, retires by rotation and seeks re-election.

Profile of Mr Ami Shafran

Major General Shafran is the former Head of the Israeli Defence Force Information and Communications Technology Command. In addition, he is serving as the Chairman of the University's Executive Committee, and the Head of the Center for Cyber Technology at Ariel University in Israel.

Over the course of his extensive career, Major General Shafran held numerous prestigious and prominent positions in the Defence and Intelligence forces of the Israeli Defence Force, including serving as its Chief Scientist, service as Chief of Staff of the Ministry of Defence, and the Research and Development Attaché at the Israeli Embassy in Washington DC.

Profile of Mr David Furstenberg

Mr Furstenberg has held various senior CEO, Chairman, Board member and VP Global sales positions in a number of publicly traded and privately owned companies, including Comverse (NASDAQ: CNSI) and Audiocodes (NASDAQ: AUDC), Enure and Vista (a subsidiary of Israel Aerospace Industries).

Most recently, Mr Furstenberg was the active Chairman of NovelSat and the CEO at InsurBit, as well as a board director of White Cyber Knight Ltd and Insurix Inc., all companies involved in cyber and security businesses in some form.

Mr Furstenberg has built a speciality in assisting with the turnaround of high-tech companies through product and market repositioning (as opposed to reduction in force). He transitioned from non-Executive to Executive Director of the Company from 1 November 2020.

Having regard to the ASX Principles, the Company's Board considers Mr Ami Shafran as an independent director and Mr David Furstenberg as a non-independent director.

Board recommendation and undirected proxies.

The Board (other than Mr Ami Shafran) recommends that Shareholders vote in **FAVOUR** of Resolution 2.

The Board (other than Mr David Furstenberg) recommends that Shareholders vote in **FAVOUR** of Resolution 3.

The Chairman of the Meeting intends to vote all available undirected proxies in **FAVOUR** of Resolutions 2 and 3.

Resolution 4 – Approval of Additional 10% Placement Capacity

ASX Listing Rule 7.1A provides that an eligible entity (as defined below) may seek Shareholder approval by special resolution at its Annual General Meeting to issue equity securities equivalent to an additional 10% of the number of ordinary securities on issue over a period of 12 months after the Annual General Meeting (**10% Placement Capacity**).

This is in addition to the existing 15% placement capacity permitted by ASX Listing Rule 7.1.

Resolution 4 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 4 for it to be passed.

If Shareholders approve Resolution 4, the number of equity securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out below).

An eligible entity is one that, as at the date of the relevant Annual General Meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000 or less.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of less than \$300,000,000.

Any equity securities issued must be in the same class as an existing class of quoted equity securities. The Company currently has one class of quoted equity securities on issue, being Shares (ASX Code: ELS).

The number of equity securities that the Company may issue under the approval sought by Resolution 4 will be calculated in accordance with the following formula as set out in ASX Listing Rule 7.1A.2:

(A x D) – E

Where:

A = is the number of shares on issue at the commencement of the relevant period:

- (i) plus the number of shares issued in the relevant period under an exception in ASX Listing Rule 7.2 other than exception 9, 16 or 17;
- (ii) plus the number of shares issued in the relevant period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - a. the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - b. the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under ASX Listing Rule 7.1 or 7.4;
- (iii) plus the number of shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
 - a. the agreement was entered into before the commencement of the relevant period; or
 - b. the agreement or issue was approved, or taken under these rules to have been approved, under ASX Listing Rule 7.1 or rule 7.4,
- (iv) plus the number of any other shares issued in the relevant period with approval under ASX Listing Rule 7.1 or 7.4;
- (v) plus the number of partly paid shares that became fully paid in the relevant period; and
- (vi) less the number of shares cancelled in the relevant period.

D = 10%.

E = is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under Listing Rule 7.4.

Technical information required by Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to Resolution 4:

Minimum Price: Under the ASX Listing Rules, the minimum price at which the equity securities may be issued is 75% of the volume weighted average market price of equity securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the equity securities are to be issued is agreed; or
- (ii) if the equity securities are not issued within 10 ASX trading days of the date in paragraph (i) above, the date on which the equity securities are issued.

Risk of voting dilution: Shareholders should be aware there is a risk of economic and voting dilution that may result from an issue of equity securities under the 10% Placement Capacity, including the risk that:

- (i) the market price for equity securities in that class may be significantly lower on the issue date than on the date of the Meeting where approval is being sought; and
- (ii) the equity securities may be issued at a price that is at a discount to the market price for those equity securities on the date of issue.

Any issue of equity securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any equity securities under the issue.

If Resolution 4 is approved by Shareholders and the Company issues the maximum number of equity securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the potential dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A.2, on the basis of the current market price of the Shares and the current number of Shares on issue as at the date of this Notice of Meeting. The table also assumes that no options on issue are exercised into Shares before the date of issue of the equity securities.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.¹

Variable "A" in Listing Rule 7.1A.2		Dilution		
		\$0.180 50% decrease in Issue Price	\$0.360 Issue Price	\$0.720 100% increase in Issue Price
Current Variable A 181,041,211	10% Voting dilution	18,104,121	18,104,121	18,104,121
	Funds raised	\$3,258,742	\$6,517,484	\$13,034,967
50% increase in current Variable A 271,561,817	10% Voting dilution	27,156,182	27,156,182	27,156,182
	Funds raised	\$4,888,113	\$9,776,225	\$19,552,451
100% increase in current Variable A 362,082,422	10% Voting dilution	36,208,242	36,208,242	36,208,242
	Funds raised	\$6,517,484	\$13,034,967	\$26,069,934

The table has been prepared on the following assumptions:

- i. The Company issues the maximum number of shares available under ASX Listing Rule 7.1A;
- ii. No Options (including any Options issued under the 10% Placement Capacity) are exercised into Shares before the date of the issue of the equity securities;
- iii. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on the Shareholder's holding at the date of the Meeting.
- iv. The table shows only the effect of shares issues under ASX Listing Rule 7.1A and does not factor in the Company's ability to issue up to 15% of its issued capital under ASX Listing Rule 7.1;
- v. The current issue price is \$0.360, being the closing price of the shares on ASX on 31 March 2025;

- vi. The current number of shares on issue is the shares on issue as of 31 March 2025, being 181,041,211.

The table shows:

- i. two examples where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of shares the Company has on issue. The number of shares on issue may increase as a result of issues of shares that do not require approval (for example, a pro-rata entitlement issue) or future specific placements under ASX Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- ii. two examples of where the issue price of shares has decreased by 50% and increased by 100% as against the current market price.

Date of Issue: If Shareholder approval is granted for Resolution 4, then that approval will expire on the earlier of:

- i. the date that is 12 months after the date of the Meeting;
- ii. the time and date of the Company's next Annual General Meeting; or
- iii. the time and date Shareholder approval is granted to a transaction under ASX Listing Rule 11.1.2 (proposed change to nature and scale of activities) or ASX Listing Rule 11.2 (change involving main undertaking),

(10% Placement Period).

The approval under ASX Listing Rule 7.1A will cease to be valid in the event that Shareholders approve a transaction under ASX Listing Rule 11.1.2 or 11.2.

Purpose of Issue under 10% Placement Capacity: The Company may issue equity securities under the 10% Placement Capacity for various purposes including as cash consideration in which case the Company intends to use funds raised to invest in its innovative product development roadmap (as noted in the 2023 Annual Report lodged with ASX on 22 March 2024).

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

Allocation under the 10% Placement Capacity: The allottees of the equity securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of equity securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- i. the purpose of the issue;
- ii. alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- iii. the effect of the issue of the equity securities on the control of the Company;
- iv. the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- v. prevailing market conditions; and
- vi. advice from corporate, financial and broking advisers (if applicable).

Previous Approval under ASX Listing Rule 7.1A: The Company has previously obtained Shareholder approval under ASX Listing Rule 7.1A at the 2024 Annual General Meeting held on Thursday, 30 May 2024.

Information required under ASX Listing Rule 7.3A.6: The Company has issued nil Shares under ASX Listing Rule 7.1A.2 over the 12 months preceding the date of the Meeting, representing 0.00% of the total number of equity securities on issue at commencement of the 12-month period.

ASX Listing Rule 14.1A: For the purpose of ASX Listing Rule 14.1A:

(i) if Resolution 4 is passed, the Directors will be able to issue equity securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1; and

(ii) if Resolution 4 is not passed, the Directors will not be able to issue equity securities under Listing Rule 7.1A, and will have to either rely on the Company's existing 15% placement capacity under Listing Rule 7.1 (from time to time), or (in the event that the Company's 15% placement capacity is exhausted) the Company will be required to obtain prior shareholder approval under Listing Rules 7.1 before being able to issue such equity securities (which may result in the Company incurring further time and expense).

Board recommendation and undirected proxies.

The Board recommends that Shareholders vote in **FAVOUR** of Resolution 4.

The Chairman of the Meeting intends to vote all available undirected proxies in **FAVOUR** of Resolution 4.

Resolution 5 – Ratification of prior issue of Unlisted Options pursuant to ASX Listing Rule 7.4

Background

As announced by the Company on 13 March 2025, the Company issued Three Million (3,000,000) unlisted options utilising the Company's existing capacity under ASX Listing Rule 7.1.

Resolution 5 proposes that Shareholders of the Company approve and ratify the prior issue of 3,000,000 unlisted options, which were issued on 14 March 2025.

ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its Shareholders over any 12-month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

An issue of equity securities that is approved by the Company's Shareholders under Listing Rule 7.1 will not use up the Company's 15% limit and therefore does not reduce the Company's capacity to issue further equity securities without Shareholder approval under Listing Rule 7.1.

The Company wishes to retain as much flexibility as possible to issue additional equity securities in the future without having to obtain Shareholder approval for such issues under Listings Rule 7.1.

To this end, Resolution 5 seeks Shareholder approval to approve the issue of the unlisted options, under and for the purposes of Listing Rule 7.4.

If Resolution 5 is passed, the issue of unlisted options will be excluded in calculating the Company's 15% capacity to issue equity securities under Listing Rule 7.1 without Shareholder approval over the 12-month period following the date of which those securities were issued.

If Resolution 5 is not passed, the issue of unlisted options will be included in calculating the Company's 15% capacity to issue equity securities under Listing Rule 7.1 without Shareholder approval over the 12-month period following the date of which those securities were issued.

Information required under Listing Rule 7.5
