LETTER FROM THE CHAIR

Tuesday 6 May 2025

Dear Shareholder,

On behalf of the Board of betr Entertainment Limited (ASX:BBT) (**betr** or the **Company**), I invite you to participate in the accelerated pro-rata non-renounceable entitlement offer of new fully paid ordinary shares (**New Shares**) at an issue price of A\$0.32 (**Offer Price**) per share to raise approximately \$15.6 million, as announced by betr on Tuesday 29 April 2025.

The proceeds of the Offer will be used as part of a funding package to acquire 100% of the shares betr does not already own in PointsBet Holdings Limited (**PointsBet**) by way of Scheme of Arrangement (**Transaction**).

Our proposal clearly demonstrates that betr and PointsBet would be stronger together, and we are highly confident that our proposal will be highly accretive for betr shareholders. This transaction would provide betr with materially enhanced scale and a clear pathway to become the #4 wagering player in the Australian market, opening further opportunities for betr shareholders.

We are confident in our unique ability to unlock the significant synergy prize on offer. By moving to a single brand, app and technology platform, we expect to realise over \$40 million of cost synergies, enabling deeper investment in brand, product and customer intelligence to drive sustainable and profitable growth.

As announced on Wednesday 30 April 2025, betr has successfully completed the Placement and Institutional Entitlement Offer, following strong support from existing and new investors, which raised approximately \$114.4 million. New Shares are expected to be issued under the Placement and Institutional Entitlement Offer on Thursday 8 May 2025.

We have been extremely pleased with the response to our proposal to acquire PointsBet and the strong support from both existing and new institutional investors who participated in our Equity Raising, which is reflected in New Shares under the Offer being issued at a premium to recent trading.

We see this strong institutional demand as an endorsement of betr's strategy of pursuing profitable growth both organically and inorganically, and of the attractive opportunity presented by the ongoing consolidation of the Australian wagering market. Our ongoing engagement with other key shareholders of PointsBet indicates there is strong support for betr's superior proposal.

betr Director Michael Sullivan and I have committed to subscribe for part of our entitlement for New Shares (either directly or through an associated entity) through the Institutional Entitlement Offer.

Retail Entitlement Offer

Under the Retail Entitlement Offer, we are pleased to offer Eligible Retail Shareholders the opportunity to invest at the same price as the Institutional Investors who participated in the Institutional Entitlement Offer.

The Offer Price of A\$0.32 represents a:

- 6.7% premium to the Company's last traded price on Thursday, 24 April 2025 of A\$0.300
- 13.7% premium to the 10-day VWAP up to and including Thursday, 24 April 2025 of A\$0.281
- 3.9% premium to the Theoretical Ex-Rights Price as at Thursday, 24 April 2025 of A\$0.308

Eligible retail shareholders with a registered address in Australia and New Zealand as at 7.00pm (AEST) on Thursday 1 May 2025 (**Eligible Retail Shareholders**) will be able to take up their entitlement for 1 New Share for every 2.59 Existing Shares at the Offer Price of \$0.32, on the terms and conditions outlined in this Retail Offer Booklet.

The Retail Entitlement Offer is expected to close at 5.00pm (AEST) on Tuesday 20 May 2025, with New Shares expected to be issued under the Retail Entitlement Offer on Tuesday 27 May 2025.

Top-Up Facility Available

Eligible Retail Shareholders who take up their entitlements in full may also apply for additional New Shares in excess of their entitlements at the Offer Price up to a maximum amount of 50% of their Entitlement (subject to compliance with applicable laws and to the terms of the Retail Entitlement Offer) (**Retail Top Up Facility**).

On behalf of the Board and management team of betr, thank you for your continued support of the Company.

Kind regards,

Matthew Tripp
Chairman
betr Entertainment Limited

2 How to apply

2.1 Before making a decision

This Information Booklet (including the ASX Announcements and Investor Presentation set out in Section 3 and the Important Information set out in Section 5) should be read carefully and in its entirety before making any decision about your Entitlement. You should be aware that an investment in betr involves risks. The key risks identified by betr are set out in the 'Key Risks' Section of the Investor Presentation included in Section 3 of this Information Booklet.

2.2 Overview of Placement and Entitlement Offer

betr intends to raise approximately \$76.5 million through the Entitlement Offer. As announced by betr on Wednesday, 30 April 2025, the Institutional Entitlement Offer raised approximately \$60.9 million. The Retail Entitlement Offer is expected to raise \$15.6 million. The Retail Entitlement Offer is fully underwritten

The proceeds of the Placement and Entitlement Offer will be used to fund:

- (a) the acquisition of a 19.9% relevant interest in PointsBet;
- (b) partially fund the Transaction and pay associated offer costs; and
- (c) to the extent that the Transaction does not proceed, the Company will consider capital management options that are in the best interests of its shareholders. These include the consideration of other actionable organic or inorganic growth opportunities in line with the Company's stated strategy or alternatively returning a portion of the funds raised. You should take into account this uncertainty in deciding whether or not to buy or sell betr shares.

The Transaction involves an acquisition by betr of 100% of the shares in PointsBet by way of scheme of arrangement. The process required to give effect to a scheme of arrangement requires a number of positive steps to be taken by PointsBet and can only proceed with the support of the PointsBet board.

Please refer to the Investor Presentation and accompanying ASX announcement lodged with ASX on Tuesday, 29 April 2025 for further information, in particular section 4.1 of the Key Risks section.

2.3 Overview of Retail Entitlement Offer

Eligible Retail Shareholders are being offered the opportunity to purchase 1 New Share for every 2.59 Existing Shares held as at 7:00pm (Sydney time) on Thursday, 1 May 2025 (**Record Date**), at the Offer Price of \$0.32 per New Share.

The Retail Entitlement Offer is non-renounceable. This means Entitlements do not trade on the ASX and cannot be dealt with, sold or transferred. The New Shares issued under the Institutional Entitlement Offer and Retail Entitlement Offer are all issued at the same Offer Price.

The Retail Entitlement Offer opens at 9.00am (Sydney time) on Tuesday, 6 May 2025 and will close at 5.00pm (Sydney time) on Tuesday, 20 May 2025.

The Retail Entitlement Offer is fully underwritten.

2.4 Institutional Entitlement Offer

betr announced the results of the Institutional Entitlement Offer on Wednesday, 30 April 2025. A copy of betr's announcement to the ASX in relation to the completion of the Institutional Entitlement Offer is included in Section 3.

2.5 Your Entitlement

Your Entitlement is set out in your personalised Entitlement and Acceptance Form and has been calculated as 1 New Share for every 2.59 Existing Shares you held as at the Record Date. If the result is not a whole number, your Entitlement will be rounded up to the nearest whole number of New Shares.

Your personalised Entitlement and Acceptance Form can be accessed and downloaded at: <https://www.investorserve.com.au/>.

If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have a separate Entitlement for each separate holding.

The Entitlement stated on your personalised Entitlement and Acceptance Form may be in excess of the actual Entitlement you may be permitted to take up where, for example, you are holding Shares on behalf of a person in the United States.

2.6 Consider the Retail Entitlement Offer carefully in light of your particular investment objectives and circumstances

The Retail Entitlement Offer is being made pursuant to provisions of the Corporations Act which allow rights issues to be made without a prospectus. This Information Booklet does not contain all of the information which may be required in order to make an informed decision regarding an Application for New Shares offered under the Retail Entitlement Offer. As a result, it is important for you to read carefully and understand the publicly available information on betr and the Retail Entitlement Offer prior to making any decision in respect of your Entitlement. In particular, you should refer to this Information Booklet and other announcements made available on: <https://www.investorserve.com.au/> (including announcements which may be made by betr after publication of this Information Booklet). You should also refer to the 'Key Risks' Section of the Investor Presentation included in Section 3 of this Information Booklet.

You should consult with your professional adviser if you have any queries or are uncertain about any aspect of the Retail Entitlement Offer.

2.7 If you wish to take up all your Entitlement

If you wish to take up all of your Entitlement, you must:

- (a) pay your Application Money via BPAY® by following the instructions set out on the personalised Entitlement and Acceptance Form (see section 2.13(a) for more information); or
- (b) complete and return your personalised Entitlement and Acceptance Form together with a cheque, bank draft or money order using the details in Section C of the Entitlement and Acceptance Form (see section 2.13(b) for more information);
- (c) if you are a New Zealand Shareholder, please contact the Offer Information Line on 1300 737 760 (within Australia) and +61 2 9290 9600 (outside Australia) between 8.30am to 5.00pm (Sydney time) Monday to Friday for details on how to make payment by Electronic Funds Transfer (see section 2.13(c) for more information),

in each case, by no later than **5.00pm (Sydney time) on Tuesday, 20 May 2025**.

betr will pay any refund amounts in Australian dollars to you either by direct credit to your nominated bank account, or by cheque sent by ordinary post to your address as noted in the share register as at the Closing Date. No interest will be paid on any Application Money received or refunded.

2.8 If you wish to take up all of your Entitlement and apply for additional New Shares in excess of your Entitlement, up to a maximum of 50% of your Entitlement

If you wish to take up all of your Entitlement and apply for additional New Shares in excess of your Entitlement under the Retail Top Up Facility, you must:

- (a) pay your Application Money for the New Shares applied for via BPAY® by following the instructions set out on the personalised Entitlement and Acceptance Form; or
- (b) if you are a New Zealand Shareholder, please contact the Offer Information Line on 1300 737 760 (within Australia) and +61 2 9290 9600 (outside Australia) between 8.30am to 5.00pm (Sydney time) Monday to Friday for details on how to make payment by Electronic Funds Transfer,

in each case, by no later than **5.00pm (Sydney time) on Tuesday, 20 May 2025**.

If betr receives an amount that is less than the Offer Price multiplied by the number of New Shares applied for betr may treat your payment as an Application for as many New Shares as your Application Money will pay in full.

There is no guarantee that you will receive all or any of the additional New Shares you apply for in excess of your Entitlement under the Retail Top Up Facility. The availability of additional New Shares will depend on the number of New Shares the subject of Eligible Retail Shareholder Entitlements not taken up (i.e. the number of New Shares available under the Retail Top Up Facility). The number of additional New Shares which you may apply for and which will be allocated to you will not exceed 50% of your Entitlement.

2.9 If you wish to take up part of your Entitlement and let the balance lapse

If you wish to take up part of your Entitlement, you must:

- (a) pay your Application Money for the relevant part via BPAY® by following the instructions set out on the personalised Entitlement and Acceptance Form; or
- (b) if you are a New Zealand Shareholder, please contact the Offer Information Line on 1300 737 760 (within Australia) and +61 2 9290 9600 (outside Australia) between 8.30am to 5.00pm (Sydney time) Monday to Friday for details on how to make payment by Electronic Funds Transfer,

in each case, by no later than **5.00pm (Sydney time) on Tuesday, 20 May 2025**.

Any of your Entitlement which you do not take up will lapse. Your percentage shareholding in betr will be diluted accordingly.

If betr receives an amount that is less than the Offer Price multiplied by your Entitlement, betr may treat your payment as an Application for as many New Shares as your Application Money will pay in full and the balance of your Entitlement will lapse.

2.10 If you wish to do nothing and allow your Entitlement to lapse

If you do not wish to take up all or any part of your Entitlement, you do not need to take any further action. Your Entitlement will lapse and your percentage shareholding in betr will be diluted accordingly.

2.11 Consequences when an Entitlement lapses

If you do not accept all or part of your Entitlement in accordance with the relevant instructions and all or part of your Entitlement lapses, the New Shares to which you would otherwise have been entitled under the Retail Entitlement Offer may be acquired by the other Eligible Retail Shareholders who have applied for additional New Shares in excess of their Entitlement or the Underwriters or any sub-underwriters.

By allowing all or part of your Entitlement to lapse, you will forego any exposure to increases or decreases in the value of New Shares you would have received had you taken

up your Entitlement and you will not receive any value for your Entitlement. Your percentage shareholding in betr will be diluted accordingly.

2.12 Ineligible Retail Shareholders

If you are a retail shareholder that is not an Eligible Retail Shareholder, you are an **"Ineligible Retail Shareholder"**. Ineligible Retail Shareholders are not entitled to participate in the Retail Entitlement Offer.

betr has decided that it is unreasonable to make offers under the Retail Entitlement Offer to Shareholders who have registered addresses outside Australia or New Zealand. In making this decision, betr has had regard to the number of such holders, the number and value of the New Shares that they would be offered, and the cost of complying with the relevant legal and regulatory requirements in those places.

Ineligible Retail Shareholders are not eligible to participate in the Retail Entitlement Offer due to securities laws restrictions on the offer of New Shares in certain jurisdictions.

betr reserves the right to determine whether a Shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

2.13 Payment

You can pay in the following ways:

- by BPAY®;
- cheque, bank draft or money order; or
- if you are a New Zealand Shareholder, by Electronic Funds Transfer.

Cash payments will not be accepted. Payments cannot be made at the bank. Receipts for payment will not be issued.

betr will treat you as applying for as many New Shares as your payment will pay for in full up to your Entitlement, and in respect of any excess amount applying for as many additional New Shares as it will pay for in full up to 50% of your Entitlement.

Additional Shares will only be issued at the discretion of betr and on the terms set out in this Retail Offer Booklet. If you do not receive any or all of the Additional Shares covered by the amount that exceeds your Entitlement, any excess Application Monies will be returned to you in Australian dollars (without interest) except where that amount is less than \$2,00, in which case it will be retained by betr.

(a) *Payment by BPAY®*

If paying by BPAY®, you do not need to return the Entitlement and Acceptance Form but you must contact your Australian bank, credit union or building society to make this payment from your account. For more information go to: www.bpay.com.au. Refer to the front of the Entitlement and Acceptance Form for the Biller Code and Customer Reference Number (**CRN**). You should check the processing cut-off time for BPAY® transactions with your bank, credit union or building society to ensure that your payment will be received by the Share Registry in time as the cut-off time administered by your bank, or relevant financial institution might be earlier than the Retail Closing Date. Payments by BPAY® must be received by no later than 5.00pm (Sydney time) on Tuesday, 20 May 2025. Neither Boardroom Pty Limited nor betr accepts any responsibility for loss incurred through incorrectly completed BPAY® payments. It is the responsibility of the applicant to ensure that funds submitted through BPAY® are received on time.

betr will treat you as applying for as many New Shares as your payment will pay for in full up to your Entitlement, and in respect of any excess amount applying for

as many additional New Shares as it will pay for in full, up to 50% of your Entitlement.

BPAY is not available to New Zealand Shareholders, and they should contact Boardroom Pty Limited for an alternative means of electronic payment.

(b) *Payment by cheque, bank draft or money order*

Complete your cheque, bank draft or money order details in Section C of the Entitlement and Acceptance Form. Please ensure that sufficient cleared funds are held in your account, as your cheque, bank draft or money order will be processed on the day of receipt, but no later than the Retail Closing Date.

If you are paying by cheque, bank draft or money order, you must post your completed Entitlement and Acceptance Form and payment to:

Betr Entertainment Limited Retail Entitlement Offer

c/- Boardroom Pty Limited

GPO Box 3993

SYDNEY NSW 2001

Paperclip (do not staple) your cheque(s) to the Entitlement and Acceptance Form. Receipts will not be forwarded. Funds cannot be debited directly from your account.

Neither Boardroom Pty Limited nor betr accepts any responsibility if you do not lodge the Entitlement and Acceptance Form in accordance with the instructions on it. If you are paying by cheque, bank draft or money order, your Entitlement and Acceptance Form and payment must be received by no later than **5.00pm (Sydney time) on Tuesday, 20 May 2025**.

To pay by BPAY®, follow the instructions on your personalised Entitlement and Acceptance Form. You can only pay via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

(c) *Payment by Electronic Funds Transfer (New Zealand Shareholders)*

To pay by Electronic Funds Transfer, Shareholders in New Zealand can visit <https://www.investorserve.com.au/> to access your personalised Entitlement and Acceptance Form, or call the Offer Information Line on 1300 737 760 (within Australia) and +61 2 9290 9600 (outside Australia) between 8.30am to 5.00pm (Sydney time) Monday to Friday. You must use your unique payment reference number as displayed on your personalised Entitlement and Acceptance Form when making your Electronic Funds Transfer payment. If you are not a New Zealand Shareholder and you wish to make an Electronic Funds Transfer payment, please contact the Offer Information Line using the phone numbers in section 2.14 below.

Your Electronic Funds Transfer must be:

- for an amount equal to \$0.32 multiplied by the number of New Shares that you are applying for; and
- in Australian dollars – payment cannot be made in New Zealand dollars.

You should ensure that sufficient funds are held in the relevant account **the amount paid by you takes into account any international transfer and foreign currency conversion fees levied by your financial institution**. In this case, you will need to confirm this amount with your financial institution prior to paying your Application Monies to Elders and pay an additional amount to cover these fees as Elders will only issue New Shares based on the actual amount of Application Monies that it receives

If the amount of your Electronic Funds Transfer is insufficient to pay in full for the number of New Shares you have applied for in your personalised Entitlement and Acceptance Form, you will be taken to have applied for such lower whole number of New Shares as your Application Money will pay for (and to have specified that number of New Shares on your personalised Entitlement and Acceptance Form) and to have provided the representations in Section 2.13. Alternatively, your application may not be accepted.

If you make payment via Electronic Funds Transfer your Application Money must be received at betr's Share Registry no later than the close of the Retail Entitlement Offer, being **5.00pm (Sydney time) on Tuesday, 20 May 2025**.

ASX Announcement (ASX:BBT)

29 April 2025

Proposal to acquire PointsBet; launch of \$130m equity raise

Highly attractive and de-risked funding structure delivers enhanced cash certainty to PointsBet shareholders

Betr Entertainment Limited (ASX:BBT) (**betr** or the **Group** or the **Company**) announces a revised proposal (**Proposal**) to acquire 100% of the shares betr does not already own in PointsBet Holdings Limited (**PointsBet**) by way of Scheme of Arrangement (**Transaction**).

The Proposal as presented to the PointsBet board proposes an implied equity value of \$360 million, comprised of \$260 million cash and \$100 million in betr scrip¹.

The Proposal delivers significantly greater value to PointsBet shareholders than the current MIXI proposal. Given the significant synergy prize in excess of \$40 million annually and the opportunity to participate via betr scrip, the Proposal delivers a potential value outcome of \$1.33 per share for PointsBet shareholders².

betr is now PointsBet's largest shareholder having acquired a 19.9% relevant interest from two of PointsBet's largest shareholders, reflecting our strong commitment and confidence in this opportunity. betr intends to vote all of its shares against the current MIXI proposal, consistent with our view that the Proposal is superior to the current MIXI proposal, given it creates a materially scaled player and offers a significant synergy participation opportunity to PointsBet shareholders. As PointsBet's largest shareholder, and with other remaining shareholders having expressed their support for betr's proposal, this materially reduces the likelihood that the current MIXI proposal can be implemented.

betr has now addressed all concerns raised by PointsBet in its letter to shareholders dated 3 April 2025.

1. Funding certainty enhanced

The funding for the betr Proposal is now significantly enhanced with funding of over \$260 million³. The cash funding is comprised of:

- **Debt** – National Australia Bank (**NAB**) has issued credit-approved terms for a \$120 million acquisition financing facility;
- **Sale of PointsBet Canada** – we have received a non-binding proposal from Seminole Hard Rock Digital, LLC to acquire certain assets which relate to PointsBet's Canadian operations, subject to various conditions precedent, and

¹ Total equity value is on a 100% basis, including the PointsBet shares that betr has a relevant interest in. For the avoidance of doubt, the betr Proposal is to acquire the remaining 80.1% of shares it does not already own in PointsBet comprised of \$181 million cash and \$100m in betr scrip

² Based on 331.7 million fully paid, ordinary shares currently on issue and excludes any securities that may be issued on the exercise of any performance share rights (16.1 million PBHAM performance share rights on issue) or options (0.9 million PBHAI options on issue), and assumes the shareholder receives consideration in line with funding mix. The value of the Scrip Consideration has been calculated by applying an illustrative blended EV/EBITDA multiple of 10.0x (pre-AASB16) derived from the two groups to an estimate of the combined business FY26 EBITDA, inclusive of anticipated synergies. This value has been adjusted for changes in the net debt position of the Combined Business and multiplied by PointsBet shareholders' implied pro forma ownership interest in MergeCo

³ There may be circumstances where the purchase price from Hard Rock Digital is not received in time to be applied as consideration for the Transaction. In that case, bridge finance or another funding arrangement may be required.

- **Equity** – announced a fully underwritten equity raise of \$130 million, with \$20 million pre-committed by Matt Tripp, Michael Sullivan and the conversion of a \$15 million loan into equity.

2. Synergy estimates supported by independent adviser

Outside-in analysis has been conducted by a Big Four accounting adviser which supports betr's synergy estimates. The move to a single brand, app, and technology platform is expected to deliver cost synergies of over \$40 million, driving substantial value creation through deeper investment into brand, product, and customer intelligence to support sustainable and profitable growth.

Having successfully completed the migration of the betr and TopSport customer bases, betr is confident in its ability to migrate PointsBet's customer base and drive improved performance and value generation.

3. Committed to expedited confirmation due diligence process

betr has committed to an expedited three-week confirmatory due diligence process, primarily to satisfy the requirements of the NAB facility, and believes its proposal can be completed in a timely manner.

4. Strong business performance

betr's strong trading momentum continued in Q3, with robust key metrics from a materially larger customer base and positive operating cash flow for the quarter.

Importantly, the Transaction is expected to be highly accretive for existing betr shareholders⁴, with the combined business benefiting from immediate additional scale post-acquisition.

Further details about the Proposal can be found in the accompanying presentation.

betr has appointed Jarden and Ord Minnett as joint financial advisers. Arnold Bloch Liebler has been appointed as legal counsel.

betr Chairman, Matthew Tripp, said:

"Our Offer represents a clearly superior proposal for PointsBet shareholders to realise significant value. We have fully addressed the concerns raised by PointsBet in its Letter to Shareholders on 3 April 2025, including enhancing our funding certainty, synergy realisation, and due diligence timing."

"Our proposal is supported by materially enhanced funding security, and as the largest shareholder in PointsBet, we now intend to vote our holding against the current MIXI proposal, reducing its likelihood of success. I am confident PointsBet shareholders will recognise the benefits of our proposal as we work towards again becoming leaders in the Australian wagering market."

betr CEO, Andrew Menz, said:

"The transaction provides a clear pathway for betr to become the clear number four wagering player in the Australian market, within the 10-15% market share "sweet spot". To support this goal, we have completed a detailed bottom-up build of the synergy potential and expect a prize of \$40 million in annual cost synergies within the first full year of ownership."

"We are well positioned to realise these benefits rapidly, with the bulk of the synergies unlocked through a customer migration to a single brand and app. Our team has a demonstrated track record of delivering complex business integrations and rapidly executing on synergy realisation opportunities, having already extracted a pool of approximately \$26 million per annum through betr's merger with BlueBet and the recent TopSport acquisition. These operating efficiencies will enable us to deepen our investment in brand, product, and customer intelligence, ultimately driving sustainable and profitable growth in share."

⁴ Earnings per share accretion is calculated using an estimate of the FY26 EBITDA for the Combined Business with realisation of \$41.6m in estimated cost synergies on an annualised basis and adjusting for changes to the net debt position of the Combined Business. Excludes one-off transaction costs and any subsequent acquisition related accounting adjustments.

Equity Raising

The Company will undertake a fully underwritten equity raising of \$130 million comprising:

- ~A\$53.5 million institutional placement (**Placement**); and
- ~A\$76.5 million 1-for-2.59 accelerated pro-rata non-renounceable entitlement offer (**Entitlement Offer**) consisting of an:
 - Institutional component expected to raise ~A\$62.9 million (**Institutional Entitlement Offer**); and
 - Retail component expected to raise ~A\$13.6 million (**Retail Entitlement Offer**),

(together, the **Offer**)

New shares under the Offer will be issued at A\$0.32 per share (**Offer Price**), representing a premium of:

- 6.7% to betr's last closing price on 24 April 2025 of A\$0.30; and
- 13.7% to the 10-day volume weighted average price (VWAP) of A\$0.2814 per share as at 24 April 2025
- 3.9% to TERP³ of A\$0.3079 per share as at 24 April 2025

Offer Price Use of Proceeds

Proceeds from the equity raising will be used to partly fund the acquisition of a 19.9% interest in PointsBet at ~\$1.10, be available to partially fund the proposed acquisition of PointsBet and pay associated transaction costs.

PointsBet Information and considerations relating to the Proposed Transaction

On 26 February 2025, betr announced that it had made a non-binding indicative offer to acquire PointsBet Holdings Limited (ACN 621 179 553) (PointsBet or PBH), by way of scheme of arrangement (NABO) on the terms presented in a non-binding indicative offer dated 18 February 2025, under which betr proposed to acquire 100% of the share capital in PBH (the Proposed Transaction). The Proposed Transaction requires the support of the PointsBet board and approval of PointsBet shareholders by way of a special resolution requiring 75% of all eligible votes cast to be in favour.

On 27 February 2025, PointsBet released an announcement to ASX which stated that the PointsBet board determined that the proposal put to PointsBet by betr in connection with the Proposed Transaction could not reasonably be expected to lead to a superior proposal to that of the scheme of arrangement proposed by MIXI Inc (and which PointsBet has since endorsed to PBH shareholders).

As at the date of this presentation, the PointsBet board has not agreed to support the Proposed Transaction or to grant betr with due diligence access in order to progress the Proposed Transaction.

In addition to the approval of the PointsBet board and shareholders, the Proposed Transaction is subject to a number of other conditions which may not be satisfied.

Accordingly there can be no assurance that the Proposed Transaction will be implemented on the

terms proposed by betr or at all.

Certain information in this Presentation is based on information released publicly by PointsBet, including the ASX, betr makes no representation or warranty, expressed or implied, as to its fairness, accuracy, completeness, reliability or adequacy.

If the Proposed Transaction proceeds, of if betr identifies an alternative M&A transaction in the event the Proposed Transaction does not proceed, betr will be required to undertake a due diligence process in connection with the Proposed Transaction or any alternative M&A transaction. As at the date of this Presentation, no such due diligence process has been undertaken by betr and therefore no such information has been provided to, or relied upon by, betr in its preparation of this Presentation.

If any such information ultimately provided to, and relied upon by, betr in its due diligence, proves to be incorrect, incomplete or misleading, or if any of those due diligence enquiries failed to identify potential issues, there is a risk that the actual financial position and performance of PointsBet or any other potential target of an alternative M&A transaction may be materially different to betr's understanding, or the realisable benefits from the Proposed Transaction or any alternative M&A transaction are less than anticipated. Either of these could have a material adverse effect on betr's potential financial condition or performance following completion of the Proposed Transaction or any alternative M&A transaction.

Certain forward-looking information in this Presentation, including information about potential benefits in connection with the Proposed Transaction, may assume the successful integration of PointsBet into betr's business. The success of this (like any of betr's commercial strategies) is based on certain assumptions which may prove to be incorrect.

The success of the Proposed Transaction is subject to uncertainties and contingencies, some of which are beyond betr's control, and no assurance can be given that the Proposed Transaction will be successful or that the anticipated benefits from betr's commercial strategies will be realised in the period for which the forward-looking statements may have been prepared or otherwise. Please refer to 'Key Risks' set out in Appendix A of this Presentation for a non-exhaustive summary of certain risk factors that impact betr's business (on a standalone basis and following completion of the Proposed Transaction). In addition, the Presentation contains risks relating to the success of the Proposed Transaction or any alternative M&A transaction, should such a transaction proceed, as well as risks relevant to circumstances where neither the Proposed Transaction nor any other transaction proceeds. These risks should be considered before making any investment decision.

This Presentation does not purport to contain all the information that investors may require in order to assess the Proposed Transaction. It contains select information only. Further information about the Capital Raising, PointsBet and the Proposed Transaction are described in the announcement in relation to the Capital Raising released by betr to ASX on the same date as this Presentation (**ASX Announcement**).

Estimates and forward-looking information contained in this Presentation and relating to betr's business post-completion of the Proposed Transaction are illustrative and are not representations as to future matters, are based on many assumptions and, in respect of PointsBet are based on public information only, and are subject to significant uncertainties and contingencies that are subject to change without notice and involve known and unknown risks, many (if not all) of which are outside the control of betr's directors and management. Actual events or results may differ significantly from the events or results expressed or implied by any estimate, forward-looking information or other information in this Presentation. No representation is made that any estimate contained in this Presentation will be achieved and forward-looking information will not be warranted. You should make your own independent assessment of the Capital Raising and the Proposed Transaction. Investors should also refer to the 'Future performance and forward-looking statements' disclaimer set out below.

SUPERIOR PROPOSAL TO THE CURRENT MIXI SCHEME

betr has submitted a revised proposal to the PointsBet board, confirming a single offer price of \$360m and reduced its due-diligence period to 15 Business Days. The betr proposal offers greater flexibility with ability to deliver significantly greater value to PointsBet shareholders relative to MIXI's current proposal. Further, the betr proposal is highly actionable given betr's 19.9% shareholding in PointsBet

			betr proposal superior?	
Headline Purchase Price ⁽¹⁾	\$352m	\$360m	✓	betr's revised proposal delivers significantly greater value than the current MIXI proposal
Actionability of Scheme of Arrangement	LOW	HIGH	✓	betr's relevant interest in PointsBet materially decreases the actionability of the current MIXI proposal
Ability to elect preferred consideration?	NO	YES	✓	Under the betr proposal, PointsBet shareholders can elect their preferred combination of cash and betr shares ⁽²⁾
Ongoing ASX listing?	NO	YES	✓	Combined business retains ASX listing, representing the only listed pure-play digital wagering operator

betr's proposal is a Superior Proposal ⁽⁵⁾ , which is:	✓ REASONABLY CAPABLE OF BEING COMPLETED IN A TIMELY FASHION	✓ MORE FAVOURABLE TO POINTSBET SHAREHOLDERS THAN THE CURRENT MIXI PROPOSAL

Notes: (1) Headline Purchase Price assumes \$31.7m ordinary PointsBet shares as disclosed by MIXI's announcement on 26 February 2025 and includes stake held by betr; (2) Subject to scale-back mechanisms to be put in place, determined by the maximum scrip and cash pools; (3) Assumes individual shareholders elect for either 100% cash or scrip and do not get scaled back and assumes a cash pool of \$260m and scrip pool of \$100m; (4) Assumes shareholders who elect to receive all scrip are not scaled back, expected cost synergies are realised in full from FY26 onwards applying a blended EV/EBITDA multiple of 10.0x (on a pre-AA-SB16 basis) of the two groups to an estimate of the FY26 EBITDA for the combined business including synergies, and adjusting for changes to the net debt position of the combined business. Share of capitalised synergies notes the proportion of the betr share value uplift attributable to the scrip consideration. This is not a forecast or guarantee on the value of the proposed scrip consideration which depends on several factors outside the control of the board and management. It is intended to provide an indication of the potential value; (5) As defined by PointsBet in the Scheme Implementation Deed with MIXI.

INNOVATIVE MIX AND MATCH STRUCTURE OFFERS FLEXIBILITY TO POINTSBET SHAREHOLDERS

bet’s mix and match proposal delivers a high degree of flexibility, allowing PointsBet shareholders to elect all cash, all scrip or a combination of both – subject only to scale back mechanisms. MIXI’s current proposal denies PointsBet shareholders the opportunity to benefit via synergies, growth, and future market consolidation

B ENHANCED FUNDING CERTAINTY

A highly attractive and de-risked funding structure delivers enhanced cash certainty to PointsBet shareholders, while also providing upside participation through the scrip pool — including access to synergy-driven value creation

Moving to a single brand, app and technology platform delivers expected cost synergies of over \$40m with deeper investment in brand, product and customer intelligence to drive sustainable and profitable growth

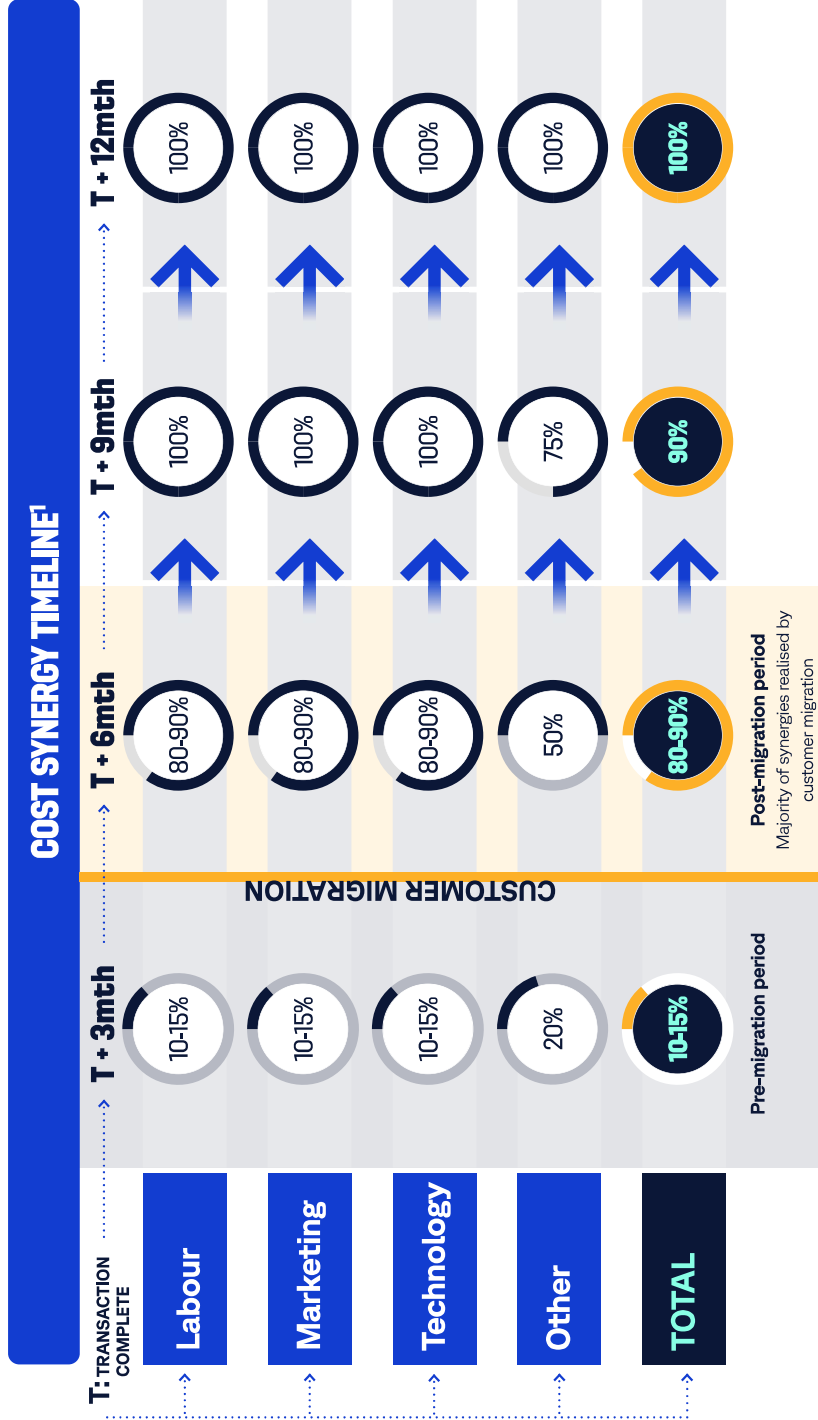

Source: Company filings, Management estimates

Synergy analysis excludes PointsBet's estimated capitalised software development costs of ~\$20m

HIGH CONFIDENCE IN REALISING SYNERGY POTENTIAL

We have undertaken a detailed bottom-up build of the synergy potential – we expect to achieve \$40m+ of annual cost synergies in the first full year of ownership . The bulk of those synergies are unlocked by the customer migration, anticipated within three months of completion

Source: Management analysis

Notes: (1) Cost synergies realised by the end of each quarter following transaction completion. Revenue synergies (e.g. increased retention, margin etc.) are not quantified, nor are other operational efficiencies or improved purchasing power.

IDENTIFIED SYNERGY POOL HAS BEEN SUPPORTED BY BIG FOUR ACCOUNTING FIRM

Significant opportunity to realise in excess of \$40m annually

1 >\$40M ANNUAL SYNERGIES

Combination expected to deliver **at least \$40m p.a. of pre-tax cost synergies** driving substantial value creation with potential further upside through unlocking revenue synergies across data/analytics and trading

2

LIMITED REVENUE DIS-SYNERGIES

betr has driven robust customer migration outcomes with **very limited revenue dis-synergies** in all previous M&A activity

3

RAPID SYNERGY REALISATION

Short customer migration period with the **majority of synergies realised immediately post migration**

4

DEMONSTRATED TRACK RECORD

High confidence in synergy realisation with the betr team having demonstrated a successful track record of successfully migrating customer bases

INDEPENDENT REVIEW OF SYNERGIES

Outside-in analysis has been undertaken by a Big Four accounting advisor to support betr's synergy estimates

Significant run-rate synergies of ~\$26m realised from recent transactions

RUN-RATE SYNERGY REALISATION

Significant synergy pool of ~\$26m per annum has already been realised from the recent betr / BlueBet merger and TopSport acquisition

Original synergy estimates from the BlueBet / betr merger were upsized and achieved ahead of schedule

DEBUNKING THE CUSTOMER CROSSOVER MYTH

High confidence in limiting revenue dis-synergies with the betr team having increased wallet share, penetration and Net Win of crossover customers from the betr and BlueBet combination, continuing a track record of growing revenue following customer migrations that dates back 25 years

CUSTOMER INSIGHTS FROM MIGRATION POST BETR AND BLUEBET MERGER

	Only ~5% of customers were active on both brands in a given month, with crossover customers typically having a primary wallet to conduct betting activity		Enhanced betting behaviour across crossover customers post migration, signifying low revenue dis-synergies and clear ability to enhance customer value proposition
	Effective brand and generosity initiatives drove increased penetration on the combined betr and BlueBet platform		Increased stickiness of clients and elevated turnover led to betr capturing a higher wallet share of crossover customers

Notes: "Crossover customers" denotes any customer that had an account on betr and BlueBet prior to customer migration. Customers must have placed a bet within the same period of analysis i.e. September 2023 & September 2024. Excludes outliers. (1) Pre-migration denotes the period from September 2023 to January 2024. (2) Post-migration denotes the period from September 2024 to January 2025.

APPENDIX A **KEY RISKS**

1. KEY RISKS: INTRODUCTION

Before investing in betr, you should be aware that several risks and uncertainties which are specific to betr and of a more general nature, which may affect the future operating and financial performance of betr and the value of betr's shares.

Before investing in betr's shares, you should carefully consider the risk factors and your personal circumstances. Potential investors should consider publicly available information on betr (such as that available on the ASX website) and seek professional advice from an advisor who is licensed by ASIC to give that advice before making an investment decision.

The risks set out below:

- are not listed in order of importance and do not constitute an exhaustive list of all risks involved with an investment in betr; and
- are general in nature and regard has not been had to the investment objectives, financial circumstances, tax position or particular needs of any individual investor.

Any of the risks below could impact market sentiment and negatively impact betr's share price.

Additional risks and uncertainties that betr is unaware of, or that it currently considers to be immaterial, may also become important factors that adversely affect betr's operating and financial performance and betr's share price.

There is no guarantee that betr will achieve its stated objectives or that any forward-looking statements, expectations, illustrations or forecasts contained in this investor presentation will be realised or otherwise eventuate.

Nothing in this investor presentation constitutes financial product advice and this document has been prepared without taking into account of your investment objectives or personal circumstances.

2. RISKS RELATING TO THE BETR BUSINESS

2.1 THE WAGERING INDUSTRY IS HIGHLY REGULATED

The provision of wagering services is subject to extensive laws, regulations and, where relevant, race fields and/or sporting fixture permits and approvals (Regulations). Regulations apply and vary across a range of jurisdictions, including Commonwealth and State legislation, national sporting codes and state racing bodies. These Regulations vary from jurisdiction to jurisdiction but typically address the responsibility, financial standing and suitability of licensed operators, their suppliers and their respective owners, directors and key employees, wagering activity, marketing and promotional activity, where an operator is permitted to undertake its business; the payment of fees and the reporting of integrity related matters. Wagering businesses, including betr, are also subject to other laws and regulations that are not necessarily specific to the wagering industry such as laws and regulations in relation to the use of personal data, anti-money laundering and counter-terrorism practices and the sending of commercial electronic messages to consumers (such as under the Spam Act 2003 (Cth)). In addition, compliance costs associated with Regulations are material. There are potentially adverse financial, legal and/or reputational consequences that may come from failing to comply with the various Regulations.

Changes to Regulations

Many of the Regulations are subject to change (for example, restrictions on types of betting products, restrictions on deposit methods and the risk of increased regulation or restrictions relating to the advertising of wagering products) and regulatory authorities may change their interpretation of the Regulations at any time, which may restrict or further regulate betr's operations in the future. Changes to Regulations may also result

in additional costs or compliance burden for betr. Some aspects of compliance may be outside the control of betr. For example, a contingency or event on which betr may take bets may be removed from an approved list of betting contingencies, leading to revenue reduction, or advertising restrictions may be imposed within a jurisdiction that restricts betr's ability to effectively market to new and existing customers in that jurisdiction and generally. Changes to Regulations which restrict betr's ability to attract or retain customers or its ability to accept bets from existing customers could adversely impact its business and future prospects.

(b) Breach of Regulations

In addition, any failure by betr to comply with relevant Regulations may lead to penalties, sanctions or ultimately the amendment, suspension or revocation of relevant operating licences, approvals or permits and may have an impact on licences, approvals or permits in other jurisdictions. Further, any regulatory investigations or settlements could cause betr to incur substantial costs (for example, by way of fines and penalties or as a result of successful customer claims and to seek external professional advice and assistance) or require it to change its business practices in a manner materially adverse to its business. Any of these outcomes could have a material adverse effect on the financial position and prospects of betr.

(c) Increases in Product Fees, levies and Taxes

betr is required to pay fees to each Australian state- based racing and/or national sports controlling bodies in order to accept bets in respect of events conducted under the auspices of the relevant body (Product Fees). It is also required to pay

certain taxes to Australian Federal, State and Territory governments (including GST, point of consumption taxes, licence fees, etc.) (**Taxes**). Any adverse changes to betr's existing payment obligations, in respect of Product Fees or Taxes (for example, an increase to Product Fees payable in connection with thoroughbred horse racing in a particular State) or the imposition of new payment obligations on betr (for example, the imposition of a fee on betr in respect of the national self-exclusion register) such as new levies, taxes or other duties or charges in any of these jurisdictions could materially and adversely affect betr's expenses directly attributable to betr's wagering offering, including levies, POC taxes, fees paid to affiliate partners and therefore affect the level of profit generated from operations.

2.2 TECHNOLOGY RISKS

(a) System disruptions and outages

betr relies on the constant real-time performance, reliability, and availability of its technology system, including in relation to its website and mobile apps. There is a risk that these systems may fail to perform as expected or be adversely impacted by several factors, some of which may be outside of its control. These include data losses, computer system faults, internet and telecommunications or data network failures, fire, natural disasters, computer viruses and external malicious interventions such as hacking or denial-of-service attacks. This may cause part or all of betr's technology systems and/or the communication networks to become unavailable. Like other wagering operators, there is a risk that repeated failures to betr's technology system may result in a decline in the number of customers using the betr wagering platform and have a material adverse effect on its operations and financial performance.

(b) Risks associated with data protection and cyber- security

Through the ordinary course of business, betr collects and maintains confidential or personal information about its customers, betr also outsources the collection, storage, and processing of banking details for customers to authorised third parties. Personal information is segregated to a secure database behind firewall protection and financial data is encrypted and firewall protected. Although betr has cyber-security policies and procedures in place, there is a risk that cyber-attacks may compromise, or breach technology systems used by betr to protect confidential or personal information. Any data security breaches or failure by betr to protect confidential or personal information could cause significant disruption to its business and trigger mandatory data breach notification obligations. They may also result in the loss of information integrity, breaches of betr's obligations under applicable laws or agreements, legal complaints and claims by customers, and regulatory scrutiny and fines. Any of these could cause significant damage to betr's reputation, which may affect its ability to retain or attract new customers and have a material adverse impact on its financial position and performance.

(c) betr's technology may be superseded by other technology and its technology and product development may not be effective

betr's future growth depends on its ability to develop its technology platforms, products and processes in order to support increased numbers of, and activity by customers. Increased utilisation of betr's current technology, including as a result of migrating customers to the betr platform following completion of the Proposed Transaction or any alternative M&A transaction, may exceed its infrastructure capability, which in turn could result in a service outage, loss of data or the inability for customers to effectively use the betr's products. In order to address this, betr intends to use part of the proceeds of the Capital Raising to develop its technology platform and products. However, the development and implementation of technology can be expensive and often involves an extended period of time to achieve a return on investment, betr may not receive benefits from these investments for several years, or at all. Any failure to successfully develop and implement technology upgrades may materially and adversely impact betr's business, operation, financial performance and prospects.

(d) Inability to adopt new technologies

betr operates in a highly competitive, dynamic and technology-based industry where there is constant product development and innovation. There is a risk that betr may be

unable to respond quickly or adequately to the changes in the industry brought about by new products and technologies, the availability of products on other technology platforms and marketing channels, the introduction of new features and functionality or new marketing and promotional efforts by betr's industry peers and competitors. This may result in betr's products becoming less attractive to existing and prospective customers, which would be likely to result in a reduction to its ability to attract new customers and retain its existing customers and, in turn, adversely affect its financial position and prospects.

(e) Issues with third party technologies / platforms on which betr relies

betr relies on third-party software suppliers, for the performance, reliability and availability of their technology systems, including in relation to their websites and mobile apps. There is a risk that these systems may fail to perform as expected or be adversely impacted by a number of factors, some of which may be outside of betr's control. This includes data losses, computer system faults, internet and telecommunications or data network failures, fire, natural disasters, betr could also have disputes with its service providers for a range of reasons, which could lead to service disruptions until the dispute is resolved or a new service provider is engaged. Any disruption to third party services may result in a disruption to betr's services and have a material impact on its operations.

(f) Changes to third party technologies or platforms that could affect ability to access customers

betr's products and services must also remain compatible with a wide range of mobile technologies, iOS and Android operating systems, application stores, networks and standards that betr does not control. Any changes to those systems or technologies could degrade betr's platform functionality or give preferential treatment to competitive products. This may materially and adversely impact betr's business, financial performance, as well as negatively impact its reputation.

2.3 ANTI-MONEY LAUNDERING / COUNTER- TERRORISM FINANCING

The wagering industry is exposed to vulnerabilities to launder money illegally and there is a risk that betr's products may be used for those purposes by its customers or employees. In addition, betr's activities are subject to anti-money laundering regulations and anti-corruption laws, which increase the costs of compliance, limit or restrict betr's ability to do business and may subject betr to enforcement action which may include lengthy investigations and audits and civil or criminal actions or proceedings. The maximum penalties for breaches of reporting and other obligations under the Anti-Money Laundering and Counter- Terrorism Financing Act 2006 (Cth) (AML/CTF Act) (and associated laws) are very high, which has in the past resulted in various participants in the gambling industry being subject to very substantial penalties or agreeing to fines or settlements that are very substantial. The costs of defending enforcement action and of managing a regulatory investigation can also be very substantial. If applicable anti-money laundering laws or regulations are breached by betr or if enforcement by AUSTRAC, betr's business, performance, reputation, prospects, value, financial condition, and results of operations could be adversely affected.

betr is a provider of designated services under the AML/ CTf Act and is enrolled and registered as a reporting entity with the Australian Transaction Reports and Analysis Centre (AUSTRAC). In 2023, AUSTRAC announced that it was establishing a specialist unit in response to the increasing threat of money laundering within the gambling

industry and AUSTRAC has conducted audits, launched formal investigations and taken enforcement action against other participants in the online wagering sector in the past several years. AUSTRAC's focus on the wagering industry does create the risk that participants in that industry will at some time be subject to audits and other investigatory processes of AUSTRAC. Changes to the AML/CTF Act came into effect on 7 January 2025, which provide AUSTRAC with stronger enforcement tools and expanded powers.

2.4 RELIANCE ON KEY PERSONNEL

betr relies on the services of its management team as well as its technical, operational, marketing and management personnel. Competition for suitably qualified personnel is significant. If betr is not able to retain its key employees and attract appropriate new employees, it may not be able to operate and grow as betr had planned.

2.5 COMPETITORS' NEW MARKET ENTRANTS

The wagering industry is highly competitive. There are a number of more established, well-resourced companies offering products and services that compete with betr. These competitors may spend more money and time on developing and testing products and services, undertake more extensive marketing campaigns, adopt more aggressive pricing or promotional policies, have greater resources to make acquisitions or enter into strategic partnerships, have larger and more mature intellectual property portfolios, have substantially greater financial, technical, and other resources or otherwise develop more commercially successful products or services than betr. In addition, the wagering industry faces competition from other leisure activities and there can be no assurance that it will be able to increase or maintain its market share against these activities. This may mean that betr may be unable to grow its market share, which is essential to be able to scale the business, and for example, increase diversity of its betting revenue and customer base.

2.6 BETR MAY REQUIRE ADDITIONAL CAPITAL TO FUND ITS GROWTH PLANS

Although the Capital Raising is intended to provide the required funding to support and implement the Proposed Transaction or an alternative M&A transaction, there is no guarantee that betr will not require additional capital in the future either to support growth initiatives, in the event that it takes longer to achieve profitability than expected or to fund future acquisitions, betr's ability to obtain additional capital, if and when required, will depend on its business plans, investor demand, the capital markets, and other factors. If betr is unable to obtain additional capital when required or is unable to obtain additional capital on satisfactory terms, its ability to continue to support its business growth or to respond to business opportunities, challenges or unforeseen circumstances could be adversely affected.

2.7 LOSS OF LICENCES, PERMITS AND APPROVALS

betf relies on a statutory licence granted by the Northern Territory Racing and Wagering Commission (NTRC) and permits and approvals granted by other governmental agencies and authorities, regulatory bodies and racing and sports controlling bodies to operate its business. Various events relating to a licence may occur (for example, betf may breach the conditions of a licence, the conditions of a licence may be varied or a licence may be cancelled) which may result in betf being unable to generate revenue.

betf is reliant on obtaining the approval of the NTRC to proceed with the Proposed Transaction (given such approvals are conditions precedent to the Proposed Transaction).

In certain situations (including if betf fails to meet the terms and conditions of its licences or other compliance requirements), the authorities that regulate the licences and authorisations that have been granted to betf may take disciplinary action against it. The disciplinary action that may be taken includes the issue of a letter of censure, the imposition of fines, the variation of the terms of, or imposition of new terms on, a licence or authorisation and the suspension, non-renewal, termination or cancellation of a licence or authorisation. The suspension, non-renewal, cancellation or termination of any of the key licences held by betf would potentially result in a loss of revenue and profit, which would adversely affect its financial performance and financial position.

Certain licences held by betf, including the licence granted by the NTRC may impose conditions requiring the licensee to comply with applicable laws, a breach of which may lead to disciplinary action.

2.8 ACTIVITIES OF FRAUDULENT PARTIES

betf processes a high volume of transactions via its technology platform, which means that it is not practicable to undertake manual fraud checks of all transactions. There is a risk that customers may seek to undertake fraudulent transactions, some of which may not be detected by automated fraud controls or that controls are circumvented.

Wagering operators in particular are exposed to schemes to defraud by its customers or employees. In these circumstances, betf has a high degree of reliance on its employees. Examples of internal fraud include:

- incorrect odds being published for a short period, sufficient for an employee (or associate) to place a bet to take advantage of the incorrect odds;
- the withdrawal of funds going to a bank account belonging to an employee (or associate) rather than a customer; and
- crediting bonuses to an employee (or associate) in circumstances where they have not been properly earned.

Examples of external fraud include:

- creating multiple accounts using borrowed or stolen identities to improperly obtain bonuses or promotional odds;
- "phishing" attacks resulting in account passwords being improperly obtained, with the potential for fraudulent withdrawals from those accounts;
- requests by customers for a "chargeback" to their card in an attempt to dispute their own transactions;
- requests for a "chargeback" from card owners where the card was stolen or otherwise

used by an unauthorised customer; and

- claims by or on behalf of customers that betf should have been aware that the relevant customer was making bets beyond their means or limits or in a manner or circumstance where betf should have refused to accept the bet made by the customer.

While betf has systems in place to protect against fraudulent activity and other collusion between customers and employees, these systems may not be effective in all cases.

This may require betf to make unanticipated additional investment in its systems and processes. If betf suffers any fraudulent activities, its business, performance, prospects, value, financial condition, and results of operations could be adversely affected.

2.9 SUCCESS OF SALES AND MARKETING STRATEGY

betf's future success is partly dependent on the realisation of benefits from investment in marketing campaigns and initiatives. betf is focussed on promoting awareness of its brand and product to consumers (in order to acquire new customers and to maximise engagement of its existing customers). However, there is no guarantee that increased marketing spend will translate into more active customers or increased betting volume. If betf undertakes a marketing strategy that ultimately turns out to be ineffective or inefficient, this may lead to wasted costs and/or missed opportunity which could mean that betf is unable to maintain, develop and enhance its brand and its ability to implement its strategic goals may be adversely impacted.

2.10 BANKING AND PAYMENT PROCESSING PERFORMANCE

betf relies on online payment gateways, banking and financial and other institutions for the validation of payment methods (such as debit cards), processing and settlement of payments. Any failures or disruptions to such platforms and technology may adversely affect betf's business.

Some customers may have difficulty making deposits into their betf platform accounts, or due to specific policies by card issuers and banks to not allow gambling transactions, or to restrict transactions from merchants such as betf whose main business is conducted online. If customers have difficulty making deposits into their betf platform account and are unable or unwilling to deposit funds using alternative methods, this could result in lower turnover for betf and therefore negatively impact financial performance.

2.11 RELIANCE ON THE RACING INDUSTRY

Racing products accounted for approximately 81% of betf's turnover in CY24. betf's turnover mix by product may change in the short to medium term as sports betting is forecast to continue to grow its share of the online wagering market and turnover may be skewed by high volume customers, however it is still anticipated that it will be heavily weighted towards racing. If events within the racing industry are materially impacted, for example, by significant changes to regulations, then this would have an impact on the ability for betf to generate turnover.

2.12 INABILITY TO RETAIN AND INCREASE CUSTOMER NUMBERS

It is important for betf to maintain and to grow its customer base in order to increase overall betting volumes. However, the customer base may grow slower than it expects or than it has grown historically.

- The ability of betf to retain and increase customers is dependent on a number of factors, including (but not limited to):
- the adequacy of betf's technology platform, including its product offering,

functionality, reliability and customer support;

- betf's ability to successfully promote its brand through its sales and marketing strategy;
- betf's ability to keep pace with changes in technology and consumer preferences; and
- the prevailing macroeconomic and consumer spending trends and the impact of legal and regulatory changes.

New products and services (and changes to existing products and services) could fail to attain sufficient customer engagement for a number of reasons, including (but not limited to):

- failure to predict market demand accurately in terms of functionality or to supply features that meet this demand in a timely fashion;
- defects, errors or failures;
- negative publicity about performance or effectiveness;
- delays in releasing new wagering products or services; or
- the introduction or anticipated introduction of competing products by competitors.

If betf is unable to retain existing customers or attract new customers, it may adversely impact its ability to achieve its market share and revenue expectations which may adversely impact its relevant prospects and ability to improve its future financial performance.

2.13 VOLATILITY IN BETTING RETURNS

Betting returns are volatile. While the odds offered to customers are intended to provide a target average return on turnover (or gross win margin) to betf over a large number of events, this outcome is not guaranteed, particularly over a smaller number of events. There are

several determinations which are made when setting odds for certain events. In some instances, betf will rely on third-party service providers to determine the appropriate odds, betf may experience returns below its expected gross win margin owing to, for example:

- a number of high-value bets paid out as a result of a single event, or series of events, in a concentrated period;
- a series of outcomes skewed towards its customers' betting selections on those events (such as when a disproportionate number of "favourites" or a "national" team win);
- structural changes lowering betf's expected gross win margin (such as offering more generous odds as a result of competition or promotional activities); or
- failures of the people, processes and/or systems which betf has in place to manage its trading risk, for example, by failing to apply appropriate limits or adjust odds.

If betf's gross win margin is below expectations, this would have a material adverse effect on betf's operations, financial performance and prospects.

2.14 PROTECTION OF INTELLECTUAL PROPERTY

The successful operation and growth of betr's business depends partly on its ability to protect its intellectual property, as well as their respective confidential information. There is a risk that measures used to protect betr's intellectual property may not be adequate to prevent unauthorised use of, or access to, betr's software, data and confidential information. There is also a risk that the validity, ownership or authorised use of betr's intellectual property may be successfully challenged by third parties.

A breach of betr's intellectual property may result in the need to commence legal action, including infringement proceedings, which could be costly and time consuming. A failure or inability by betr to protect its intellectual property rights could have an adverse impact on its business, operations and financial performance.

2.15 INFRINGEMENT OF THIRD-PARTY INTELLECTUAL PROPERTY RIGHTS

There is a risk that third parties may allege that betr's products use their intellectual property without their consent or permission. These third parties could potentially include former employees and contractors of betr who have been involved in the development of its platform, or unrelated third parties who have developed products and services that are substantially similar to those offered by that betr. In such circumstances, betr may be the subject of claims, disputes or litigation which could require it to incur significant expenses even if that betr was able to successfully defend or settle such claims. If betr was found to have infringed the third party's intellectual property rights, this may result in betr being required to pay monetary compensation to the third party or take other actions that may, cause disruption to its business and increase costs. This in turn could have an adverse impact on betr's operations, reputation and financial performance.

2.16 LITIGATION, CLAIMS AND DISPUTES

betr may be subject to litigation and other claims and disputes in the course of its business, including disputes involving customers, employment disputes, contractual disputes, indemnity claims, occupational health and safety claims, or criminal or civil proceedings in the course of its business. Due to the highly regulated nature of the wagering industry, including the likelihood of further changes to the applicable laws and regulations (which exist in each Australian jurisdiction) and the detailed and complex rules that apply to betr in the conduct and promotion of its wagering business, there is a risk that relevant regulators, governmental and other authorities and agencies consider that a contravention of applicable laws, regulations and rules has occurred and provide notice of that breach.

There is a risk that any such litigation, claims and disputes could materially and adversely affect betr's business, operations and financial performance, including the costs of settling such claims, taking remedial action, complying with any orders and other legal and administrative requirements and the effect on betr's reputation. There is also a risk that breaches of applicable laws and regulations may occur and that fines may be imposed in respect of breaches of regulations of this nature and other regulations targeting the wagering sector. Those fines may materially and adversely affect betr's business.

2.17 MAJOR SHAREHOLDER RISK

betr currently has a number of substantial shareholders on its share register. There is a risk that these shareholders, future substantial shareholders, or other large shareholders may sell their shares at a future date. This could cause the price of betr shares to decline.

2.18 REPUTATIONAL DAMAGE

betr's brand and reputation are critical to its ongoing success. Any damage to its brand or reputation could arise due to a number of circumstances, including inadequate or deteriorating service, improper conduct, human error, actions by third parties, display of inappropriate advertising content or adverse media coverage. In particular, negative publicity about underage and problem betting and gaming, fraud or corruption in sport, even if not directly connected with betr may adversely impact its reputation or the reputation of the industry as a whole. If betr suffered such brand and/or reputational damage, betr's future financial position and performance could be adversely impacted as a result.

2.19 DISRUPTION IN SUPPLY AND TRANSMISSION OF SPORTING EVENTS

The business is reliant on the occurrence of certain sporting, racing and other events. If there is any disruption to, or cancellation, postponement or curtailment of, the scheduling and/or live broadcasting of such events, whether as a result of adverse weather conditions, terrorist acts, industrial actions or the outbreak of infectious diseases, this could adversely affect its financial position and, depending on the duration for which the event is impacted, its ability to retain and engage customers.

2.20 INFLATION

Higher than expected inflation rates could lead to increased development and/or operating costs and potentially adversely impact consumer spending habits. If such costs cannot be offset by increased revenue, this could impact betr's future financial performance.

2.21 MACROECONOMIC FACTORS

betr's performance will depend to a certain extent on a number of macro-economic factors outside its control which may impact the spending power and habits of its customers. These factors include economic growth, unemployment rates, consumer confidence, increases in taxation and/or inflation and the availability and cost of credit. In addition, consumer spending may be affected by natural disasters.

Any significant or prolonged decrease in consumer spending on entertainment or leisure activities could adversely affect the demand for betr's products.

3. GENERAL INVESTMENT RISKS AND RISKS ASSOCIATED WITH THE EQUITY RAISING

3.1 INVESTMENT IN EQUITY CAPITAL

Investment in equity capital and stock markets attract general risks. For example, as set out below, the price of betr's shares may fluctuate in line with broader market movements or in response to specific circumstances that are out of betr's control. As a consequence, the market price of betr's shares may be higher or lower than the issue price of shares issued pursuant to the Capital Raising. Equity capital markets have historically been, and may in the future be, subject to significant volatility and no assurance can be given that shares issued under the Capital Raising will trade at or above the price at which they are issued.

3.2 ALLOCATION RISK

betr will allocate Placement Shares to institutional investors on a best endeavours basis. For this purpose, an eligible institutional investor's existing holding will be estimated by reference to betr's beneficial register as at the date of the register which is not necessarily fully up to date. No verification or reconciliation of the holdings as shown on the historical beneficial register will be undertaken and accordingly, this may not truly reflect a participant's actual shareholding. Further, institutional shareholders who do not reside in Australia or other eligible jurisdictions will not be able to participate in the Placement and such shareholders may have their shareholding diluted as a consequence of the Placement.

In relation to the Entitlement Offer, if betr receives applications that exceed the amount it proposes to raise under the Entitlement Offer, betr may decide to scale back applications or raise a higher amount, in its absolute discretion. If a scale back is applied, this means that an eligible shareholder may be allocated fewer betr shares than they apply for under the Entitlement Offer.

3.3 SHAREHOLDER DILUTION RISK

Shareholders may have their investment diluted as a result of the Capital Raising and by future capital raisings by betr. While betr will be subject to the constraints of ASX Listing Rules regarding the percentage of its capital it is able to issue within a 12-month period (other than where exceptions apply or shareholder approval is obtained), shareholders may be diluted as a result of such fundraisings and may experience a loss in value of their equity as a result of such issues of shares and fundraisings.

3.4 UNDERWRITING RISK

betr has entered into an underwriting agreement under which the joint lead managers have agreed to fully underwrite the Capital Raise, subject to the terms and conditions of the underwriting agreement. The joint lead managers' obligations to underwrite the Capital Raise are conditional on certain customary matters, and if certain events occur, the joint lead managers may terminate the underwriting agreement.

Termination of the underwriting agreement would have an adverse effect on the amount of proceeds raised under the Capital Raise. Termination of the underwriting agreement could materially adversely affect betr's business, cash flow, financial conditions and

results of operations.

3.5 LIQUIDITY AND REALISATION

There can be no guarantee that there will be an active market in betr shares traded on the ASX or that the price of shares issued under the Capital Raising will increase. There may be relatively few or many potential buyers of betr shares on ASX at any time. This may increase the volatility of the market price of betr shares and may affect the price at which shareholders are able to sell their betr shares.

3.6 EXPOSURE TO GENERAL ECONOMIC AND FINANCIAL MARKET CONDITIONS

As an ASX listed company, betr is subject to the general market risk that is inherent in all securities traded on a stock exchange. This may result in fluctuations in betr's share price that are not explained by its fundamental operations and activities. There is no guarantee that the price of the betr shares will increase following quotation on ASX or that an active trading market will develop in betr shares.

Some of the factors which may adversely impact the price of betr shares include:

- general market conditions, including investor sentiment;
- general economic conditions including interest rates, and exchange rates, changes to government fiscal, monetary or regulatory policies and settings;
- changes in government or ASX regulation or policies;
- actual or anticipated fluctuations in betr's financial performance and those of other public companies in its sector;
- changes in accounting principles;
- inclusion in or removal from market indices; and
- general operational and business risks.

betr shares (including the shares to be issued pursuant to the Capital Raising) may trade at higher or lower prices than the price at the time of this presentation and no assurances can be given that betr's market performance will not be adversely affected by any such market fluctuations or factors. No member of betr, nor any of their directors nor any other person guarantees betr's market performance.

3.7 NO DIVIDEND OR OTHER DISTRIBUTION IN THE NEAR TERM

betr's directors do not, in the near future, intend to pay profits of betr out in the form of dividends or other distributions but will instead reinvest those amounts into development of the business and to execute betr's growth strategies. Accordingly, any investment in betr shares may not carry with it income returns in the form of dividends or other distributions and any returns will be limited to any capital growth arising from any increase in the price of betr shares.

3.8 INSURANCE

betr considers it maintains insurance customary for businesses of its size and type. Not all risks are insured or insurable and betr cannot be certain that its current insurance is adequate or that adequate insurance coverage for potential losses and liabilities will be available in the future on commercially reasonable terms. If betr experiences a loss in the future, the proceeds of the applicable insurance policies, if any, may not be adequate to cover replacement costs, lost revenues, increased expenses or liabilities to third parties. Additionally, betr's current insurance policies may not cover newly acquired assets or businesses (such as those contemplated by the Proposed Transaction) and/or such acquisition may involve a substantial increase in premium to achieve coverage. These risks have a materially adverse effect on betr's operations, financial position, and/or financial performance.

3.9 FORCE MAJEURE EVENTS IN THE NEAR TERM

Events may occur within or outside Australia that could impact upon the global, Australian and other local economies, the operations of betr and the price of betr shares. These events include but are not limited to acts of terrorism, an outbreak of international hostilities, fires, floods, water contamination, earthquakes, labour strikes, civil wars, natural disasters, outbreaks of disease or other man-made or natural events or occurrences that can have an adverse effect on the demand for betr's services and its ability to conduct business. betr has only a limited ability to insure against some of these risks.

4. KEY RISKS: RISKS RELATED TO THE PROPOSED TRANSACTION

4.1 USE OF FUNDS RISK

Risk of no transaction eventuating

Any subscription for shares issued under the Capital Raising is not conditional on the Proposed Transaction, or any alternative M&A transaction, completing, and there is a risk that the Proposed Transaction may not be completed on the terms contemplated in this Presentation or at all and that no alternative transaction is completed in a timely manner or at all. Any application to subscribe for shares pursuant to the Capital Raising is unconditional and may not be withdrawn even if the Proposed Transaction or any alternative M&A transaction does not complete. This means that betr may not ultimately be able to apply the funds raised pursuant to the Capital Raising to their presently intended use, and the Board would need to identify alternative uses for those funds. This may result in betr's performance on a per share basis being worse than may otherwise be the case.

Proposed Transaction may not proceed

The Proposed Transaction involves an acquisition by betr of 100% of the shares in PointsBet by way of scheme of arrangement. The process required to give effect to a scheme of arrangement requires a number of positive steps to be taken by PointsBet and can only proceed with the support of the PointsBet board.

As at the date of this Presentation, the PointsBet board is not supportive of the Proposed Transaction and is instead supporting an alternative scheme of arrangement proposed by MIXI, Inc and MIXI Australia Pty Ltd ('MIXI Scheme'). On 27 February 2025, the PointsBet board stated in an announcement to ASX that the proposal put to PointsBet in connection with the Proposed Transaction could not reasonably be expected to lead to a superior proposal to the MIXI Scheme. PointsBet has also entered into a scheme implementation deed with MIXI, Inc and MIXI Australia Pty Ltd to give effect to the MIXI Scheme. Under the scheme implementation deed, PointsBet may be required to pay to MIXI Australia Pty Ltd a 'break fee' of approximately \$3.5 million in circumstances where it no longer supports the MIXI Scheme and/or agrees to enter into the Proposed Transaction.

The betr board has not, as at the date of this Presentation, received a positive indication from the PointsBet board that it is prepared to change its recommendations in respect of the Proposed Transaction and/or the MIXI Scheme. Moreover, even if the PointsBet board decides to support the Proposed Transaction, there is no guarantee that this will lead to a successful transaction.

Even if the Proposed Transaction is supported by the PointsBet board, there is a risk that (amongst other things):

- the PointsBet board subsequently change their recommendation and no longer support the Proposed Transaction; or
- the betr Board subsequently determine not to pursue the Proposed Transaction, including based on the findings of any due diligence betr conducts in respect of the

Proposed Transaction;

- certain conditions to implementation of the Proposed Transaction may not be satisfied;
- other legal or regulatory requirements to implementation of the Proposed Transaction may not be met, including that the requisite majorities of PointsBet shareholders vote to approve the Proposed Transaction.

Alternative use of funds

In addition to the Proposed Transaction, the Board of betr (**the Board**) considers there may be other potential M&A transactions available to betr. If the Proposed Transaction does not proceed, the Board intends to consider whether there may be one or more alternative M&A transaction in respect of which the funds raised under the Capital Raising could be applied. As at the date of this Presentation, the Board has not identified any executable alternative M&A transactions. Even if the Board identifies executable alternative transactions, there is no certainty that the Board will be able to agree on appropriate terms with the relevant counterparties to those transactions.

Risk associated with stake in PointsBet

betr holds or has agreed to acquire approximately 19.9% of PointsBet's shares (**Initial PointsBet Stake**) with an aggregate purchase price of approximately \$73m. There is a risk that neither the Proposed Transaction, the MIXI Scheme or any other transaction involving the acquisition of shares in PointsBet proceeds. If that were to occur, the market value of betr's Initial PointsBet Stake may fall materially and, should it wish to do so, betr may not be able to dispose of those shares at market value, in a timely fashion or at all. The Initial PointsBet Stake will not be sufficient to enable betr to control the appointment and removal of directors of PointsBet or its financial and strategic direction.

4.2 GENERAL ACQUISITION RISKS

If the Proposed Transaction proceeds, or if the Proposed Transaction does not proceed but an alternative M&A transaction proceeds, such transactions are subject to a number of risks, including those summarised below.

Completion risk

Completion of the Proposed Transaction or any alternative M&A transaction is expected to be conditional on various matters including regulatory approval.

Please refer to the ASX announcement in relation to the Proposed Transaction and Capital Raising released by betr on the same date as this presentation (ASX Announcement) for further information regarding the material conditions for the Proposed Transaction.

There can be no certainty, nor can betr provide any assurance or guarantee, that any conditions associated with the Proposed Transaction or any alternative M&A transaction will be satisfied or waived or when that will occur. The satisfaction of certain conditions

associated with the Proposed Transaction (i.e. NTRC approval), as well as any relevant regulatory or other legal conditions associated with an alternative M&A transaction, is outside betr's control and the control of PointsBet or any other alternative target entity (each a Target Entity). If for any reason any of the conditions are not satisfied or waived (where capable of being waived) by the time required, completion of the Proposed Transaction or any other alternative M&A transaction may be delayed or may not occur on the current terms or at all.

Failure to complete the Proposed Transaction or any alternative M&A transaction could also materially and adversely affect the price of betr's shares and the anticipated synergies and other benefits that betr expects to achieve from the Proposed Transaction or any alternative M&A transaction will not be realised. If completion is delayed, betr may incur additional costs and it may take longer than anticipated for betr to realise the benefits of the Proposed Transaction or any alternative M&A transaction.

Further details are set out below under the heading 'Integration and Synergies Risk'.

Due diligence risk

betr will be required to undertake a due diligence process in connection with the Proposed Transaction or any alternative M&A transaction identified by the Board. Any such due diligence process will, in part, rely on legal, financial, taxation, synergies and operational due diligence on information provided by or on behalf of the relevant Target Entity. If any such information provided to, and relied upon by, betr in its due diligence, and in its preparation of this Presentation and other materials given to ASX, proves to be incorrect, incomplete or misleading, or if any of those due diligence enquiries fail to identify potential issues, there is a risk that the actual financial position and performance of PointsBet or any alternative M&A target entity may be materially different to betr's understanding, which could have a material adverse effect on betr's potential financial condition or performance.

There is also a risk that the due diligence conducted has not identified issues that would have been material to the decision to enter into the Proposed Transaction or any alternative M&A transaction. A material adverse issue that was not identified prior to entry into the Proposed Transaction or any alternative M&A transaction (or an issue that later proves to be more material than first anticipated) could have an adverse impact on the reputation, financial performance or operations of betr (for example, betr may later discover liabilities or defects that are assumed under the relevant transaction which were not initially identified through due diligence). Due diligence cannot uncover all potential issues or historical non-compliance by an acquired party, and reliance will, by necessity, be placed by those undertaking due diligence on the accuracy of information and confirmations provided by the relevant Target Entity and its representatives.

Further, as is usual in undertaking M&A transactions, the due diligence process undertaken will likely identify a number of risks associated with PointsBet or the target of any alternative M&A transaction, which betr will need to evaluate and manage. Certain risks cannot be avoided or managed appropriately and the mechanisms used to manage these risks included in certain circumstances the acceptance of the risk as

tolerable on commercial grounds such as materiality. There is a risk that any approach ultimately taken by betr may be insufficient to mitigate the risk, or that the materiality of these risks may be underestimated or unforeseen, and hence they may have a material adverse impact on betr's operations, earnings and financial position.

Future earnings risk

In connection with the Proposed Transaction or any alternative M&A transaction, betr will undertake financial and business analysis of the relevant target in order to determine whether to pursue the transaction. It is possible that such analysis, and the best estimate assumptions made by betr, draw conclusions and forecasts that are inaccurate or which will not be realised in due course. To the extent that the actual results achieved in connection with the Proposed Transaction or any alternative M&A transaction are different than those anticipated there is a risk that the profitability and future earnings of betr may differ (including in a materially adverse way) from the performance as described in this Presentation. There is also no guarantee that any prospective future earnings of betr will be realised after completion of the Proposed Transaction or any alternative M&A transaction.

Investors should also note this Presentation contains pro forma historical financial information, which is provided for illustrative purposes only and is not represented as being indicative of betr's (or anyone else's) views on betr's future financial condition and/or performance.

Historical liabilities

If the Proposed Transaction or any alternative M&A transaction completes, betr will have greater exposure to any liabilities that the relevant Target Entity has incurred or agreed to incur in the past. In addition, betr will be exposed to any liabilities which were not identified during its due diligence, or which are greater than expected, for which insurance may not be adequate or available, and for which betr may not have recourse. These could include liabilities relating to current or future litigation, regulatory actions and other liabilities. Such liability may adversely affect the financial performance or position of betr following completion of the Proposed Transaction or any alternative M&A transaction.

Integration and synergies risk

There is a risk the anticipated benefits, cost savings and efficiencies associated with the Proposed Transaction or any alternative M&A transaction, may be achieved only in part, or not at all. This could impact betr's financial performance and position, the future prospects of betr and the forecasts and prospective financial information regarding betr disclosed in this Presentation.

Without limiting the possible issues or challenges that could be faced in the further integration and consolidation of the relevant Target Entity's business, there may be issues with the integration of operating and management systems (such as IT, information, or accounting systems), challenges maintaining employee morale and attracting and motivating and retaining management personnel and other key employees, the possibility of faulty assumptions underlying expectations regarding the integration process, consolidating corporate and administrative infrastructures and eliminating duplicative operations and challenges that divert management attention or do not deliver the expected benefits of the Proposed Transaction or any alternative

M&A transaction.

Specifically, betr has particular accounting policies and methods which are fundamental to how it records and reports its financial position and results of operations, betr and the relevant Target Entity may have exercised judgment in selecting accounting policies or methods, which might have been reasonable in the circumstances yet might have resulted in reporting materially different outcomes than would have been reported under the other business' policies and methods. The integration of betr's accounting functions with any Target Entity may lead to revisions of these accounting policies, which may result in disclosure changes in the accounting for revenue, expense and balance sheet items in the future reported results of operations and/or financial position and performance for betr.

Many of these factors will be outside of betr's control and these issues may cause unexpected delays, liabilities and costs to betr. Additionally, there are inherent risks in connection with the targeted potential synergies. For example, there is a risk that the targeted synergies of the Proposed Transaction or any alternative M&A transaction may be less than estimated or potential synergies are not achieved or take longer to achieve. If the integration of betr and the relevant Target Entity takes longer than expected there may be delays in achieving the targeted potential synergies.

In addition, betr's initial estimate of the cost of integration may differ from the actual cost of integration, betr may not be able to realise the targeted cost synergies and/or may not be able to increase its purchasing power or realise the benefits of a more efficient capital structure as a result of completion of the Proposed Transaction or any alternative M&A transaction.

Further, given the costs associated with implementing the targeted synergies, betr's ability to realise the benefits is dependent, in part, on betr and the relevant Target Entity having sufficient capital and other resources to complete the integration in the manner and time period contemplated. Any estimated cost synergies from the Proposed Transaction or any alternative M&A transaction are predicative in character, may be affected by inaccurate assumptions or by known or unknown risks and uncertainties and may differ materially from results ultimately achieved. These risks may have a material impact on the operations, financial performance and/or financial position of betr and the future price of betr's shares.

Third party consent risk

Certain business contracts which would to be acquired by betr as part of the Proposed Transaction or any alternative M&A transaction may contain provisions that require the counterparty's consent to the assignment or novation of that contract from the relevant Target Entity to betr. If a counterparty's consent is not obtained under the relevant contract, there is technically a risk that the counterparty may allege that the contract terms have been breached or seek to impose conditions applicable under the contract or, in the worst case, terminate the contract, subject to the terms of the relevant contract. If such allocations arise, this could have adverse effects on betr's operational and financial performance or financial condition, as well as its reputation.

Price of betr's shares may fluctuate

betr's shares are freely tradeable on the ASX. The price at which the shares trade following completion of the Proposed Transaction or any alternative M&A transaction

will be affected by the financial performance of the business post completion and by external factors unrelated to the operating performance of betr or the relevant Target Entity, including movements on international share markets, the level of interest rates and exchange rates, general domestic and international economic conditions and government policies relating to taxation and other matters.

4.3 SCRIP CONSIDERATION UNDER PROPOSED TRANSACTION

As part of the Proposed Transaction, it is proposed that shareholders of PointsBet would be entitled to receive scrip consideration in the form of betr shares. If the Proposed Transaction, or any alternative M&A transaction, proceeds with a component of scrip consideration, existing betr shareholders and new investors who acquire shares under the Capital Raising would have their shareholding diluted by the issue of the scrip consideration.

APPENDIX B
**SUMMARY OF
UNDERWRITING
AGREEMENT**

SUMMARY OF UNDERWRITING AGREEMENT

betr has entered into an underwriting agreement with the Joint Lead Managers in respect of the Offer (the “Underwriting Agreement”).

The Underwriting Agreement contains customary representations and warranties and indemnities in favour of the Joint Lead Managers. The Joint Lead Managers’ obligations under the Underwriting Agreement, including to underwrite and manage the Offer, are conditional on certain matters (which if not satisfied by the time required, entitles the Joint Lead Managers to terminate their obligations under the Underwriting Agreement). A Joint Lead Manager may terminate its obligations under the Underwriting Agreement if a ‘termination event’ occurs on or before 9:00am on the retail settlement date (expected to be 26 May 2025).

"We see this strong institutional demand as an endorsement of betr's strategy of pursuing profitable growth both organically and inorganically, and of the attractive opportunity presented by the ongoing consolidation of the Australian wagering market.

"Our ongoing engagement with other key shareholders of PointsBet indicates there is strong support for betr's superior proposal. We thank investors for their support and look forward to offering retail investors the opportunity to participate in the Retail Entitlement Offer, which opens on Tuesday 6 May 2025."

betr CEO, Andrew Menz, said:

“The proposal we announced yesterday clearly demonstrates that betr and PointsBet would be stronger together and we are highly confident that our proposal offers superior value for both betr and PointsBet shareholders. 4 Australian tax considerations

This Section summarises certain Australian income tax, capital gains tax (**CGT**), goods and services tax (**GST**) and stamp duty implications of the Retail Entitlement Offer for Eligible Retail Shareholders who hold their Existing Shares, Entitlements and New Shares on capital account.

The comments in this section deal only with the Australian taxation implications of the Retail Entitlement Offer for Eligible Retail Shareholders who:

- are resident for Australian income tax purposes; and
- hold their Shares and New Shares on capital account.

The comments do not apply to Eligible Retail Shareholders who:

- are not resident solely in Australia for Australian income tax purposes;
- are in the business of security trading, or who hold their Existing Shares on revenue account or as trading stock (including shareholders such as banks, insurance companies and shareholders carrying on a business of security trading);
- are exempt from Australian income tax;
- acquired their Existing Shares under an employee share or option plan, or in return for services provided; or
- are subject, to the Division 230 “Taxation of Financial Arrangements” (**TOFA**) provisions contained in the *Income Tax Assessment Act 1997* (Cth).

This Section does not purport to be a complete analysis of the potential tax consequences of the Retail Entitlement Offer and is intended only to provide a general guide to the Australian tax implications. Eligible Retail Shareholders should seek advice from an appropriate professional advisor in relation to the tax implications of the Retail Entitlement Offer based on their own individual circumstances.

betr and its officers, employees, taxation and other advisers do not accept any liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences.

The comments below are based on the Australian taxation legislation, case law and administrative practice adopted by the Australian Taxation Office (**ATO**) as it applies as at 9:00am (Sydney time) on Tuesday, 6 May 2025. Other than as expressly discussed, the comments do not take into account or anticipate changes in Australian tax law or future judicial or administrative interpretations of tax law after this time unless otherwise specified.

4.1 Issue of Entitlement

The issue of the Entitlement should not in itself result in any amount being included in the assessable income of an Eligible Retail Shareholder.

4.2 Exercise of Entitlement

New Shares will be acquired where the Eligible Retail Shareholder exercises (i.e. takes up) all or part of their Entitlement under the Retail Entitlement Offer.

An Eligible Retail Shareholder should not derive any assessable income, or make any capital gain or capital loss, at the time of exercising their Entitlement under the Retail Entitlement Offer.

For Australian CGT purposes, New Shares should be taken to have been acquired on the day that an Eligible Retail Shareholder exercises their Entitlement.

The cost base of each New Share should include the Offer Price (plus certain non-deductible incidental costs the Eligible Retail Shareholder incurs in acquiring the New Shares)..

4.3 Lapse of Entitlement

If an Eligible Retail Shareholder does not accept all or part of their Entitlement in accordance with the instructions, that Entitlement will lapse and the Eligible Retail Shareholder will not receive any consideration for their Entitlement that is not taken up. There should be no tax implications for an Eligible Retail Shareholder from the lapse of the Entitlement.

4.4 Distributions on New Shares

Any future dividends or other distributions made in respect of New Shares should be subject to the same income tax treatment as dividends or other distributions made on Existing Shares held in the same circumstances.

4.5 Disposal of New Shares

The disposal of any New Shares in the future should constitute a disposal for CGT purposes.

On disposal of a New Share, an Eligible Retail Shareholder should:

- make a net capital gain if the capital proceeds received on disposal exceed the total cost base of the New Share; or
- make a net capital loss if the capital proceeds are less than the total reduced cost base of the New Share.

Eligible Retail Shareholders that are individuals, trustees or complying superannuation entities and that have held their New Shares for at least 12 months prior to disposal should be entitled to apply the applicable CGT discount to reduce the capital gain (after offsetting available capital losses). The CGT discount is 50% for individuals and trustees and 33.33% for complying superannuation entities. The CGT discount is not available to companies that are not trustees.

For the purpose of determining whether the New Shares have been held for 12 months or more, Eligible Retail Shareholders should be taken to have acquired them when they exercised their Entitlement under the Retail Entitlement Offer.

Eligible Retail Shareholders that make a capital loss can only use that loss to offset capital gains from other sources in the same income year or future income years, noting that in future income years, depending on the tax profile of the relevant Eligible Retail Shareholder, certain loss utilisation tests may need to be satisfied.

4.6 Tax File Number / Australian Business Number

If an Eligible Retail Shareholder has quoted their Australian Business Number (**ABN**), Tax File Number (**TFN**) or an exemption from quoting their TFN exists, this quotation or exemption will also apply in respect to any New Shares acquired by that Eligible Retail Shareholder.

betr may be required to withhold tax from Eligible Retail Shareholders on payments of dividends that are not fully franked at the specified rate (currently 47%), and remit such amounts to the ATO, unless the Eligible Retail Shareholder has provided an Australian Business Number (**ABN**), Tax File Number (**TFN**), or they have informed betr that they are exempt from quoting their ABN or TFN.

Eligible Retail Shareholders are not required to provide their ABN or TFN to betr, however they may choose to do so. If an Eligible Retail Shareholder has quoted their ABN or TFN to betr, or an exemption from quoting their TFN exists and betr has been informed, this

quotation or exemption should also apply in respect to any New Shares acquired by that Eligible Retail Shareholder.

Australian tax resident shareholders are able to provide their TFN or ABN online at www.boardroomlimited.com.au. When providing your details online, you will be required to enter your Securityholder Reference Number (**SRN**) or Holder Identification Number (**HIN**) as shown on your issuer sponsored holding statement or CHESS holding statement (as applicable) and other personal details.

Eligible Retail Shareholders may be able to claim an income tax credit/refund (as applicable) in their income tax returns in respect of any tax withheld.

4.7 Goods and Services Tax (GST)

The taking up of the New Shares should be classified as a "financial supply" for Australian GST purposes. Accordingly, Australian GST should not be payable in respect of amounts paid for the purchase of the New Shares. Subject to certain requirements, there may be a restriction on Eligible Retail Shareholders' ability to claim an input tax credit for any GST incurred on costs associated with the acquisition of New Shares.

4.8 Stamp duty

No stamp duty should be payable in respect of the taking up of New Shares.

5.1 Trading of New Shares

It is the responsibility of each applicant to confirm their holding before trading in New Shares. Any applicant who sells New Shares before receiving written confirmation of their holding will do so at their own risk.

betr and the Underwriters disclaim all liability whether in negligence or otherwise (to the maximum extent permitted by law) to persons who trade New Shares before receiving their holding statement, whether on the basis of confirmation of the allocation provided by betr, the Share Registry or the Underwriters.

If you are in any doubt as to these matters, you should first consult with your professional adviser.

5.2 Eligible Retail Shareholders

This Information Booklet contains an offer of New Shares to Eligible Retail Shareholders with a registered address in Australia and New Zealand and has been prepared in accordance with section 708AA of the Corporations Act as notionally modified by *ASIC Corporations (Non Traditional Rights Issues) Instrument 2016/84*. Accordingly, neither this Information Booklet nor the Entitlement and Acceptance Form are required to be lodged or registered with ASIC and no prospectus for the Entitlement Offer will be prepared. These documents do not contain, or purport to contain, all of the information that a

prospective investor may require in evaluating a possible investment in betr. They do not and are not required to contain all of the information which would be required to be disclosed in a prospectus.

Shareholders who are not Eligible Retail Shareholders are Ineligible Retail Shareholders. betr reserves the right to determine whether a Shareholder is an Eligible Retail Shareholder or an Ineligible Retail Shareholder.

5.3 Ranking of New Shares

New Shares issued under the Retail Entitlement Offer will be fully paid and rank equally in all respects with Existing Shares from the date of issue. The rights and liabilities attaching to the New Shares are set out in betr's constitution, a copy of which is available online at betr's website: <https://corporate.betr.com.au/>.

5.4 Risks

An investment in New Shares is subject to investment and other known and unknown risks, uncertainties and assumptions, many of which are beyond the control of betr and its board, including the risks described in Appendix A of the Investor Presentation included in Section 3 of this Information Booklet, which could cause actual results, performance or achievements to differ materially from future results, performance or achievements expressed or implied by any forward-looking statements in this Information Booklet. Neither betr, its officers, employees, agents, associates and advisers, nor any other person, warrants or guarantees the future performance of the New Shares, any particular rate of return, the performance of betr, the repayment of capital from betr or any particular taxation treatment. In considering an investment in the New Shares, you should have regard to (among other things) the risks and disclaimers outlined in this Information Booklet

You should refer to the 'Key Risks' Section in Appendix A of the Investor Presentation (included in Section 3 of this Information Booklet) which details important factors and risks that could affect the financial and operating performance of betr. You should consider these factors in light of your personal circumstances, including financial and taxation issues, before making a decision in relation to your Entitlement.

5.5 Reconciliation and the rights of betr and the Underwriters

The Retail Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. These matters may result in a need for reconciliation. If reconciliation is required, it is possible that betr may need to issue additional New Shares to ensure that the relevant investors receive their appropriate allocation of New Shares. These additional New Shares would be issued, if required, at the Offer Price.

betr also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Institutional Shareholders or Eligible Retail Shareholders, or persons claiming to be Eligible Institutional Shareholders or Eligible Retail Shareholders or other applicable investors, if betr believes in its complete discretion that their claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, betr may, in its discretion, require the relevant shareholder to transfer excess New Shares to the Underwriters at the Offer Price per New Share. If necessary, the relevant Shareholder may need to transfer Existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant Shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Retail Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by betr in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of betr nor the Underwriters to require any of the actions set out above.

5.6 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your Application once it has been submitted.

5.7 Rounding of Entitlements

Where fractions arise in the calculation of an Entitlement, they will be rounded up to the nearest whole number of New Shares.

5.8 Notice to nominees and custodians

The Retail Entitlement Offer is being made to all Eligible Retail Shareholders. Nominees and custodians with registered addresses in Australia and New Zealand, irrespective of whether they participate under the Institutional Entitlement Offer, may also be able to participate in the Retail Entitlement Offer in respect of some or all of the beneficiaries on whose behalf they hold Existing Shares, provided that the applicable beneficiary would satisfy the criteria for an Eligible Retail Shareholder. Where any holder is acting as a nominee for a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Retail Entitlement Offer is compatible with applicable foreign laws, including as discussed in this Information Booklet.

If betr believes that you hold Shares as a nominee or custodian you will have received, or will shortly receive, a letter in respect of the Retail Entitlement Offer. Nominees and custodians should consider carefully the contents of that letter and note in particular that the Retail Entitlement Offer is not available to Eligible Institutional Shareholders who were invited to participate in the Institutional Entitlement Offer (whether they accepted their Entitlement or not) and others who were treated as Ineligible Institutional Shareholders under the Institutional Entitlement Offer.

Persons acting as nominees or custodians for other persons must not take up any Entitlements on behalf of, or send this Information Booklet (or any part of it) or any other documents related to the Retail Entitlement Offer to, any person in the United States or any person that is acting for the account or benefit of a person in the United States. Persons in the United States and persons acting for the account or benefit of persons in the United States (to the extent such persons are acting for the account or benefit of persons in the United States) will not be able to take up any of their Entitlements and may receive no value for any such Entitlements held.

Nominees and custodians may not distribute any part of this Information Booklet, or take up Entitlements on behalf of persons, in the United States or in any other country outside Australia or New Zealand except to beneficial Shareholders who are professional or institutional Shareholders in other countries (other than the United States) where betr may determine it is lawful and practical to make the Retail Entitlement Offer.

betr is not required to determine whether or not any registered holder or investor is acting as a nominee or custodian or the identity or residence of any beneficial owners of Existing Shares or Entitlements.

5.9 Not investment advice

This Information Booklet is not a prospectus under the Corporations Act and has not been lodged with ASIC. It is also not financial product advice and has been prepared without taking into account your investment objectives, financial circumstances or particular needs. betr is not licensed to provide financial product advice in respect of the New Shares. This Information Booklet does not purport to contain all the information that you may require to evaluate a possible Application for New Shares, nor does it purport to contain all the information which would be required in a prospectus prepared in accordance with the requirements of the Corporations Act. It should be read in conjunction with betr's other periodic statements and continuous disclosure announcements lodged with ASX, which are available at www.asx.com.au.

Prospective investors should conduct their own independent investigation and assessment of the Retail Entitlement Offer and the information contained in, or referred to in, this Information Booklet. An investment in betr is subject to investment risk including possible loss of income and principal invested. Before deciding whether to apply for New Shares, you should consider all materials sent to you in relation to the Retail Entitlement Offer and any relevant materials lodged with ASX, and whether the New Shares are a suitable investment for you in light of your own investment objectives, financial circumstances and investment needs (including financial and taxation issues) and having regard to the merits or risks involved (including the 'Key Risks' set out in the Investor Presentation included in Section 3 of this Information Booklet). If, after reading the Information Booklet, you have any questions about the Retail Entitlement Offer, you should contact your professional adviser or call the Offer Information Line on 1300 737 760 (within Australia) and +61 2 9290 9600 (outside Australia) between 8.30am and 5.00pm (Sydney time) Monday to Friday during the Retail Entitlement Offer Period. Alternatively, if you are located in Australia or New Zealand, you can also visit: <https://www.investorserve.com.au/>.

5.10 Quotation and trading

betr will apply to ASX for official quotation of the New Shares in accordance with the Listing Rule requirements. If ASX does not grant quotation of the New Shares, betr will repay all Application Money (without interest).

Subject to quotation being granted, it is expected that normal trading of New Shares allotted under the Retail Entitlement Offer will commence on Wednesday, 28 May 2025.

5.11 Continuous disclosure

betr is a "disclosing entity" under the Corporations Act and is subject to regular reporting and disclosure obligations under the Corporations Act and the Listing Rules, including the preparation of annual reports and half yearly reports.

betr is required to notify ASX of information about specific events and matters as they arise for the purposes of ASX making that information available to the stock markets conducted by ASX. In particular, betr has an obligation under the Listing Rules (subject to certain exceptions) to notify ASX immediately of any information of which it is or becomes aware which a reasonable person would expect to have a material effect on the price or value of betr's Shares. That information is available to the public from ASX.

Some documents are required to be lodged with ASIC in relation to betr. These documents may be obtained from, or inspected at, an ASIC office.

5.12 Information Booklet availability

If you are in Australia or New Zealand, you can call the Offer Information Line on 1300 737 760 (within Australia) and +61 2 9290 9600 (outside Australia) between 8.30am and 5.00pm (Sydney time) Monday to Friday during the Retail Entitlement Offer Period to order a copy of this Information Booklet, or visit: <https://www.investorserve.com.au/>.

If you access the electronic version of this Information Booklet, you should ensure that you download and read the entire Information Booklet.

5.13 Foreign jurisdictions

This Information Booklet has been prepared to comply with the requirements of the securities laws of Australia. To the extent that you hold Shares or Entitlements on behalf of another person resident outside Australia, it is your responsibility to ensure that any participation (including for your own account or when you hold Shares or Entitlements beneficially for another person) complies with all applicable foreign laws and that each beneficial owner on whose behalf you are submitting the personalised Entitlement and Acceptance Form is not in the United States and not acting for the account or benefit of a person in the United States.

The New Shares are not being offered or sold to the public within New Zealand other than to existing Shareholders of betr with registered addresses in New Zealand to whom the offer of New Shares is being made in reliance on the *Financial Markets Conduct (Incidental Offers) Exemption Notice 2018* (New Zealand).

This document has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority. This document is not an investment statement or prospectus under New Zealand law and is not required to, and may not, contain all the information that an investment statement or prospectus under New Zealand law is required to contain.

betr has determined that it is unreasonable to extend the Retail Entitlement Offer to Ineligible Retail Shareholders because of the small number of such Shareholders, the number and value of Shares that they hold and the cost of complying with the applicable regulations in jurisdictions outside Australia and New Zealand.

This Information Booklet does not constitute an offer in any jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer. No action has been taken to register or qualify the Retail Entitlement Offer, the Entitlements or the New Shares, or otherwise permit the public offering of the New Shares, in any jurisdiction other than Australia.

The distribution of this Information Booklet (including an electronic copy) outside Australia is restricted by law. If you come into possession of this Information Booklet, you should observe such restrictions. See the foreign selling restrictions set out in the "International Offer Restrictions" Section of the Investor Presentation included in Section 3 of this Information Booklet for more information.

Any non-compliance with these restrictions may contravene applicable securities laws.

5.14 Underwriting of Entitlement Offer

betr has entered into an underwriting agreement with the Joint Lead Managers in respect of the Offer (the **Underwriting Agreement**).

The Underwriting Agreement contains customary representations and warranties and indemnities in favour of the Joint Lead Managers. The Joint Lead Managers' obligations under the Underwriting Agreement, including to underwrite and manage the Entitlement Offer, are conditional on certain matters (which if not satisfied by the time required, entitle a Joint Lead Manager to terminate its obligations under the Underwriting Agreement).

A Joint Lead Manager may terminate its obligations under the Underwriting Agreement if a 'termination event' occurs on or before 9:00am on the retail settlement date (expected to be 26 May 2025). The Joint Lead Managers may also, in certain circumstances, terminate their obligations under the Underwriting Agreement on the occurrence of the events set out in the table in Appendix B of the Investor Presentation included in Section 3 of this Information Booklet.

If a Joint Lead Manager terminates its obligations under the Underwriting Agreement, the other Joint Lead Managers may elect, but are not obliged, to take up all of the rights and perform the remaining obligations of the terminating Joint Lead Manager or nominate a proposed replacement Joint Lead Manager.

If the remaining Joint Lead Managers do not nominate a replacement Joint Lead Manager or otherwise elect to take up the rights and obligations of the terminating Joint Lead Manager within two business days, they will be deemed to have terminated their obligations under the Underwriting Agreement, and the Joint Lead Managers will not be obliged to perform any of their obligations that remain to be performed. Termination of the Underwriting Agreement could have an adverse impact on the amount of proceeds raised under the Offer.

The Joint Lead Managers will receive:

- For personal use only
- (a) a management fee of 2.0% (ex GST) of the aggregate gross proceeds of the Placement and the Entitlement Offer announced to ASX on the date of this Appendix 3B (**Offer Proceeds**), subject to certain exclusions and conditions as set out in the Underwriting Agreement; and
 - (b) an underwriting fee of 2.5% (ex GST) of the Offer Proceeds, subject to certain exclusions and conditions as set out in the Underwriting Agreement.

Neither the Underwriters nor any of their respective related bodies corporate and affiliates, nor any of the directors, officers, partners, employees, representatives or agents of the Underwriters or any of their respective related bodies corporate and affiliates (together, the **Underwriter Parties**) have authorised or caused the issue of this Information Booklet. To the maximum extent permitted by law, the Underwriter Parties exclude and disclaim all liability for any expenses, losses, damages or costs incurred by you as a result of your participation in or failure to participate in the Entitlement Offer and this information being inaccurate or incomplete in any way for any reason, whether by negligence or otherwise. The Underwriter Parties do not make any recommendations as to whether you or your related parties should participate in the Entitlement Offer, nor do they make any representations or warranties to you concerning this Entitlement Offer or any such information, and you represent, warrant and agree that you have not relied on any statements made by the Underwriter Parties in relation to the New Shares or the Entitlement Offer generally.

betr reserves the right to withdraw all or part of the Retail Entitlement Offer and this Information Booklet at any time, subject to applicable laws, in which case betr will refund Application Money in relation to New Shares not already issued in accordance with the Corporations Act and without payment of interest. In circumstances where allotment under the Institutional Entitlement Offer has occurred, betr may only be able to withdraw the offer with respect to New Shares to be issued under the Retail Entitlement Offer.

To the fullest extent permitted by law, you agree that any Application Money paid by you to betr will not entitle you to receive any interest and that any interest earned in respect of Application Money will belong to betr.
