ABOUT ASPERMONT

Aspermont (ASX:ASP, FRA:00W) has a 190-year publishing history and around 550 years of brand heritage across our eleven primary brands.

We are the largest B2B media organisation serving the global resource sectors, supported by over a hundred independent journalists and analysts worldwide.

Over the past eight years, Aspermont has undertaken a full-scale business model transformation, which has delivered 35 consecutive quarters of growth in subscriptions and, as a result, subscriptions now account for more than 50% of our total revenue.

Subscriptions are a high-quality, recurring income business, which enables us to invest free cash flow. Over the past two years we have done exactly that and now have the team and the infrastructure to grow a high-quality Data business.

Aspermont is listed on the ASX and the Frankfurt Stock Exchange and is also quoted on other European exchanges. Aspermont has offices in the United Kingdom, Australia, Brazil, USA, the Philippines, and Singapore.

PERFORMANCE HIGHLIGHTS

1

Aspermont is performing to plan. Q2 marked our 35th consecutive growth quarter in Subscriptions.

2

Aspermont remains on track to launch additional new high value products this year which will drive a positive step change in growth rates in pricing and revenue.

3

We are continuing to execute our three key growth strategies to develop opportunities to monetise mining corporate subscriptions. These are long growth runways with plenty of good opportunities for us.

4

Because of subscriptions growth, and our decision to discontinue several low-revenue-quality legacy products, we are steadily upgrading revenue quality to strengthen the foundations of our business.

5

Our current investment profile, audience development, profitability and cash generation remain in line with our FY25 plan and stated guidance.

6

Aspermont owns 5% of a mining company, with a known resource and Government support, expected to IPO. Aspermont intends to recognize the value of this stake on listing.

- Subscriptions revenues growth maintained with rising momentum.
- Several lower quality legacy revenue streams shutdown in H1.
- All Live Events revenues moved to H2 and on target to over-achieve.
- Investments in Data business absorbed in OPEX with new products set to launch in Q3.

"The directors are pleased to report improvements in profitability alongside strengthening revenue quality."

from 47% to

67%

Aspermont's business model in subscriptions has proven resilient and is now over 70% of group revenue.

On a year-on-year comparison basis, annual recurring revenues and average revenues per unit have increased in every one of the last 35 consecutive quarters. Margins have also scaled from 47% to 67% in the same period.

We expect further growth in average revenue per unit going forward as we launch new Data and Intelligence products.

"We have delivered growth irrespective of cyclical, volatility, pandemics, or war."

FY25+ Forward Looking Strategies

Large audience expansion with improving profit margins in mining corporate subscriptions alone

Annual Recurring Revenue per Account

Today Aspermont has 5,000 corporate subscriptions and generates \$11 million in Annual Recurring Revenue. We estimate the Total Addressable Market for mining corporate subscriptions to be potentially 80,000.

Suffice to say; we are addressing a large opportunity in mining corporate subscriptions alone, which provides multiple opportunities for us to expand and develop.

While our Average Revenue Per Unit is \$2k+ today, it is growing as we now have over 10 companies paying over \$100k per subscription.

We have a significant near-term opportunity to increase the depth of our top subscriptions taken by existing clients.

Growth Strategies

We have three key growth strategies to monetise mining corporate subscriptions

1

Growth corporate subscriptions

Content Volume Expansion

More content producers covering more regions, industry segments and specialisations.

Technological Advancement

Personalised UX to help optimise new customer conversion workflows.

Increased Outbound Marketing

Continual testing and optimisation of marketing practices to both widen the new traffic net and improve conversion efficacy.

Our first strategy is to grow the volume of subscriptions, and we can do this by deploying more writers in more regions and covering more industry segments.

Further, we can optimise new customer acquisition by using improved technological processes. And we can increase the level of new subscriber activity through increased outbound marketing.

At the start of this financial year, we told investors that we would focus on outbound marketing as we engaged a new marketing agency. With that agency now onboarded we have initiated this new activity.

2

Increase account penetration to build ARPU

Account Based Marketing

Target employees of existing corporate subscribers to increase members per subscription.

Upselling & Cross-Selling

Bundle other existing standard and premium priced products to broaden subscriptions.

Rate Card

Achieve annual rate increases from improving content value proposition.

Our second growth strategy is to increase Average Revenue Per Unit, through Account Based Marketing, Upselling and Cross selling and through annual rate card increases.

Our 17% CAGR for the last 35 consecutive quarters confirms that we are making substantial progress with this strategy and expect momentum to increase.

For personal use only

3

Increase market size

Targeted Geographies

Enhance service provision and audience development in target markets.

New Languages

Multi-lingual expansion of services.

New High Value Formats

More data & intelligence products in risk analysis, project ratings, ESG, workflow data and pricing.

Our third growth strategy is to address game-changer opportunities to increase our market size.

We have told investors of our plans for new product releases in Data and Intelligence, and of our long-term plan to make all our content multi-lingual. Also, that we would prioritise North America and Asia as our key development markets.

We are currently focused on bringing forward the time frame for implementation in each of these areas to bring forward our long-term goals.

New Data Product

- Unbudgeted new product opportunity with major mining company
- Phase 1 Q2 close
- Target = \$0.5m revenue**

In addition to our core business strategy to build subscriptions growth, we have identified and are pursuing some new product opportunities.

Outbound marketing efforts are ramping up with our new agency and our new Data and Intelligence products are set to launch.

Our fully owned marketing agency, Nexus, is currently negotiating two large marketing campaign contracts - one with a central government and another with one of the top three global mining companies.

In Live Events we guided to expansion of our Future of Mining event in Perth as we look to broaden that event from a conference to an Expo. This opportunity has now moved into upside.

We also now have a new, bespoke, data product opportunity in negotiation with another top three mining company.

The upside from each of these new initiatives is unbudgeted and we'll keep investors updated on their progress in the second half.

“Our high-quality content and our broadening audience base as the cycle turn upwards, ideally position us to address new windfall opportunities.”

At the start of the financial year the company provided investors with the following, end of year, guidance and these are maintained.

1

Annual Recurring Revenue (ARR) Growth: 10%+

2

Average Revenue Per Unit (ARPU) Growth: 15%+

3

Total Paid Members Growth: 15%+

4

FY25 Managing Director's Outlook

Aspermont's Subscriptions business now contributes over 70% of the total revenue and maintains a net retention rate of more than 100%.

Powerful brands, a top-tier management team, and our recognised leadership in B2B media for the mining sector will enable us to deliver sustained growth.

And Aspermont has proved that growth over 35 consecutive quarters.

In H2 we look forward to launching a series of new Data products to positively impact our annual recurring revenues and average revenue per unit.

We also look forward to announcing significant positive progress in our Nexus and Live Events divisions.

At the end of FY24, we provided guidance to our shareholders with respect to audience growth, average revenue per unit growth, annual recurring revenue growth and positive organic free cashflow, for the year ahead.

We are happy to tell shareholders that we are performing to plan and are building momentum.

Sincerely,

Alex Kent

2. Significant accounting policies

Statement of compliance

These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001. The Group is a for-profit entity for the purposes of preparing the financial statements.

The financial report covers the consolidated group of Aspermont Limited and controlled entities. Separate financial statements of Aspermont Limited, as an individual entity, are no longer presented as a consequence of a change to the Corporations Act 2001.

The financial report of Aspermont Limited and controlled entities complies with all International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Basis of preparation

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected financial assets for which the fair value basis of accounting has been applied.

The accounting policies set out below have been consistently applied to all years presented, unless otherwise stated.

New Accounting Standards Issued but not yet Applied

Certain new accounting standards and interpretations have been published that are not mandatory for the 31 March 2025 reporting period.

Rounding of Amounts

The Company is of a kind referred to in Legislative Instrument 2016/191 and in accordance with the Legislative Instrument, amounts in the consolidated financial statements have been rounded off to the nearest thousand dollars, unless otherwise stated.

2. Significant accounting policies (continued)

Going Concern

The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realization of assets and settlement of liabilities in the normal course of business.

For the year ended 30 September 2024 the entity recorded a loss after tax for the year of \$1.3m a net cash outflow from operating activities of \$0.06m and net working capital deficit excluding deferred revenue of \$2.1m.

The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business.

The Directors believe there are reasonable grounds that the going concern basis is appropriate for the following reasons:

1. Market conditions affecting the Mining Finance sector should improve over the next 12 months.
2. The Group is forecasting improved operational cashflows in the next 12 months through an increase in revenue in subscription, marketing and data services with increasing levels of pipeline activity with cost reduction implemented.
3. There are opportunities to realise non-core assets and investments.
4. The Directors are confident that the Group can raise further funds through capital raisings as and when required to satisfy its operational expenditure commitments and has done so successfully in the past.

In the unlikely event, should these initiatives not materialise as planned, there exists a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern. If the Group is unable to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the normal course of business, and at amounts different from those stated in the financial report.

No adjustments have been made in these financial statements relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Group not continue as a going concern.

Critical Accounting Estimates and Judgments

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

Key Estimates — Shared Based Payments

The Group in some instances has settled services received through issue of shares or share options. The costs of these transactions are measured by reference to the fair value at the date at which they are granted. Where options are issued, the fair value at grant date is determined using a combination of trinomial and monte carlo option pricing models which require estimated variable inputs. In particular, the expected share price volatility is estimated using the historic volatility (using the expected life of the option), adjusted for any expected changes to future volatility. Information relating to share based payments is set out in note 5.

The cost is recognised together with a corresponding increase in equity over the period in which the performance conditions are fulfilled.

Aspermont holds a 5.2% investment in a company that is developing a brownfield mineral sands project. Following granting of key resource consents in April 2024, the Company is poised to go into production and extraction. The investment currently has been valued at nil fair value but based on the recent positive news, the Group expects the fair value of its stake in the Company could reach \$1.5m or more in the near future as it plans a potential IPO.

The Company leases its office building under a lease agreement on a three-year term with 6 months remaining. It adopted AASB 16 and recognises this lease as a right-of-use asset and a lease liability.

Lease payments not recognised as a liability

The Group has elected not to recognise a lease liability for short term leases (leases of expected term of 12 months or less) or leases of low value assets. Payments made under such leases are expensed on a straight-line basis. The Group does not have any lease liability exceeding 12 months.

Ordinary shares participate in dividends and the proceeds on winding up of the parent entity in proportion to the number of shares held. At shareholders' meetings, each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

Issued capital at 31 March 2025 amounted to \$11.76m (2,470,011,614 ordinary shares).

6. Issued capital (continued)
(a) Options

The establishment of the Executive Option Plan was approved by the directors in April 2000. The Executive Option Plan is designed to retain and attract skilled and experienced board members and executives and provide them with the motivation to make the Group successful. Participation in the plan is at the Board's discretion.

The exercise price of options issued will be not less than the greater of the minimum value set by the ASX Listing Rules and the weighted average closing sale price of the Company's shares on the ASX over the five days immediately preceding the day of the grant, plus a premium determined by the directors.

When shares are issued pursuant to the exercise of options, the shares will rank equally with all other ordinary shares of the Company.

No options were issued during the year (2024: No options were issued during the year).

The table below summarises options in issue for the Consolidated and parent entity:

	Balance at the start of the year Number	Granted during the year Number	Exercised during the year Number	Lapsed during the year Number	Balance at end of the year Number	Vested and exercisable at end of the year Number	Weighted Average Exercise Price

2024	323,577,323	-	-	-	323,577,323	323,577,323	3c

Of the above options 323,577,323 expire 30 September 2025.

(b) Employee performance rights

Under the executive long-term incentive plan, Performance Rights ("Rights") have been granted to executives and other senior management who will have an impact on the Group's performance. On satisfaction of any vesting conditions, each Right will convert to a share on a one-for-one basis.

The Company issued 39,436,784 Performance Rights during the reporting year to a director and employees pursuant to the Aspermont Performance Rights Plan ("The Plan").

The value and number of Performance Rights that have vested or were exercised during the year is included in the table below.

6. Issued capital (continued)

The Plan was approved by the shareholders at the February 2018 annual general meeting. The scheme is designed to provide long-term incentives to the executive management team (including executive Directors) to deliver long-term shareholder returns.

Under the Plan, participants are granted Performance Rights to receive ordinary shares which only vest if certain performance conditions are met. Participation in the Plan is at the Board's discretion and no individual has a contractual right to participate in the Plan or to receive any guaranteed benefits. The Board can amend vesting conditions on issued Performance Rights. Any change to vesting conditions which affects a related party requires shareholder approval.

Performance Rights have the following performance conditions:

Managing Director

1. FY18, FY19 and FY20:

- ⁽¹⁾ Fifty percent of grant vests if the Company's returns on equity over a three-year period are within 50-75% range of all companies in the S&P ASX 300.
- ⁽²⁾ Fifty percent of grant vests if the Company's total shareholder return (TSR) over a three-year period is within 50-75% range of all companies in the S&P ASX 300.

2. FY21, FY22 and FY23:

- ⁽³⁾ Time based and will be eligible to vest from the third anniversary from the grant dates.

3. FY24 & HY25:

- ⁽⁴⁾ Grant vests if the Company's total shareholder return (TSR) over a three-year period is within 50-75% range of all companies in the S&P ASX 300.

KMPs:

- ⁽³⁾ Time based and will be eligible to vest from the third anniversary from the grant dates.
- ⁽⁴⁾ Grant vests if the Company's total shareholder return (TSR) over a three-year period is within 50-75% range of all companies in the S&P ASX 300.

Employees:

- ⁽³⁾ FY23-24 and HY25 - time based and will be eligible to vest from the third anniversary from the grant dates.
- ⁽⁵⁾ FY 18-22 - time based over a three year period, 33.3% of the total performance rights will vest per annum with the first tranche eligible for vest upon issue of the Performance Rights.

Once vested, the Performance Rights remain exercisable for a period of four years. Performance Rights Shares are granted under the Plan for no consideration and carry no voting rights during the vesting period. The Performance Rights have an implied service condition meaning the Directors and Employees must remain employed for the entire period.

Performance Rights issued in HY25 were valued for a total of \$126,306 being expensed over the vesting period, with \$3,508 charged to the Consolidated Income Statement for this reporting period. This is reflected in the share-based payment expense at 31 March 2025.

**6. Issued capital (continued)****Fair values were determined as follows:**

The fair value at grant date for Managing Director and KMP Performance Rights were based on an independent valuation performed by Moore. The Key Variables used in this model are as follows

Variable	Input

INDEPENDENT AUDITOR'S REPORT

ELDERTON AUDIT PTY LTD

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Aspermont Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Aspermont Limited ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 March 2025, the condensed consolidated statement of financial performance, condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us that the accompanying half-year financial report of Aspermont Limited does not comply with the *Corporations Act 2001* including:

- (i) giving a true and fair view of the Group's financial position as at 31 March 2025 and of its financial performance for the half-year ended on that date; and
- (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

Material Uncertainty related to Going Concern

Without qualifying our conclusion, we draw attention to the Basis of Preparation note 2 of the financial report, which described that the ability of the Group to continue as a going concern is dependent on the debt and equity finance. As a result, there is a material uncertainty related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern, and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business and at the amounts stated in the financial report.

Independence

We are independent of the Company in accordance with the ethical requirements of the *Corporations Act 2001* and the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Independent Auditor's Report (continued)

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 March 2025, and of its financial performance for the half-year ended on that date, and complying with Accounting Standards 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
