## CHAIRMAN'S LETTER

---

Dear Shareholders,

The Board proposes to provide a return of capital of approximately \$23 million by way of an equal capital return. The Corporations Act requires the Company to obtain Shareholder approval by ordinary resolution for the Capital Return, which will be sought at an upcoming General Meeting.

This initiative resulted from an ongoing Group capital management review that has examined the working capital requirements of all of our operating entities. We have determined that we have approximately \$23 million of excess capital that is not being utilised and is best returned to Shareholders.

Following this capital management initiative, the Group will have an efficient level of working capital and the proposed Capital Return will not impact our ongoing business operations.

If the Capital Return is approved by Shareholders, Shareholders on the Record Date will each receive a cash payment equal to \$0.14 per Share. No Shares will be cancelled as part of the proposed Capital Return.

Following our equal capital reduction in 2022, this proposed Capital Return initiative will signify the completion of the Board's two-year strategic review objective to ensure we have an efficient balance sheet for our business.

We look forward to your support for this important capital management initiative at the General Meeting on 18 July 2025.

Yours sincerely

**Andrew McKenzie**  
**Executive Chairman**

- a Shareholder who is entitled to cast two or more votes may appoint two proxies and may specify the proportion or number of votes each proxy is appointed to exercise. If the Shareholder appoints two proxies and the appointment does not specify the proportion or number of the member's votes, then in accordance with section 249X(3) of the Corporations Act, each proxy may exercise one-half of the votes.

Shareholders and their proxies should be aware that:

- if proxy holders vote, they must cast all directed proxies as directed; and
- any directed proxies which are not voted will automatically default to the Chair, who must vote the proxies as directed.

To vote in person, attend the Meeting at the time, date and place set out above.

You may still attend the Meeting and vote in person even if you have appointed a proxy. If you have previously submitted a Proxy Form, your attendance will not revoke your proxy appointment unless you actually vote at the Meeting for which the proxy is proposed to be used, in which case, the proxy's appointment is deemed to be revoked with respect to voting on that Resolution.

## EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolution.

### 1. RESOLUTION 1 – APPROVAL OF CAPITAL RETURN

#### 1.1 Background

As announced on 13 June 2025, as part of its capital management initiatives, the Company intends to return approximately \$23,075,164 to Shareholders (**Capital Return**).

Subject to this Resolution, the Capital Return will be distributed by way of an equal return of capital to Shareholders pro rata to the number of Shares held on the record date, which is expected to be 5:00pm (WST) on 29 July 2025.

The Capital Return will be funded from the Company's available cash reserves. The Capital Return will be debited against the Company's share capital account. This constitutes a reduction in the Company's share capital and as such the Capital Return must be effected in accordance with sections 256B and 256C of the Corporations Act.

The purpose of this Resolution is to obtain Shareholder approval for the Capital Return as an equal capital reduction under sections 256B and 256C of the Corporations Act.

#### 1.2 Indicative Timetable

The proposed timetable for the Capital Return is as follows:

EVENT	DATE
General Meeting to consider approval of the Capital Return	18 July 2025
Last day for trading of Shares entitled to the Capital Return	25 July 2025
Trading in Shares on an 'ex return of capital' basis	28 July 2025
Record Date for the Capital Return	29 July 2025
Payment Date for the Capital Return	5 August 2025

**Notes:**

1. The dates in the timetable above (and any references to those dates throughout this Notice) are indicative only. The Company may vary those dates in accordance with the applicable laws in its absolute discretion and without prior notice.

If there are any changes to the dates in the timetable above, this will be announced to the ASX and notified on the Company's website.

#### 1.3 Amount of Capital Return

The Company estimates that the total amount available for the Capital Return and the estimated Capital Return per Share will be as follows:

Approximate total amount of the Capital Return	\$23,075,164
Relevant number of Shares to participate in Capital Return	164,822,600
Estimated Capital Return per Share	\$0.14

The estimated Capital Return per Share has been calculated on the basis of the total Shares on issue as at the date of this Notice of Meeting (which is subject to change).

## 1.4 Payment of Capital Return

All Shareholders will be treated in the same manner and the Capital Return will constitute an equal reduction of capital.

Accompanying this Notice of Meeting is a Direct Credit Form to complete bank account details for payment purposes. If Shareholders register these details, then payment of the Capital Return will be made to the Shareholder's nominated bank account. Alternatively, please provide your payment details by visiting [www.investorcentre.com/contact](http://www.investorcentre.com/contact). If you have any questions, please contact the Company's share registry Computershare on 1300 850 505.

No action is required where a Shareholder has previously provided bank account details and these details remain current and correct.

If the share registry does not receive bank account details, payment of the Capital Return will be by cheque.

## 1.5 Voting considerations – Capital Return

The primary advantage in approving the Capital Return is that it will enable the Company to return capital to its Shareholders, which is in excess of its current and anticipated medium term requirements.

In addition, Shareholders participating in the Capital Return will be able to do so without incurring transaction costs and the Capital Return will allow Shareholders to retain the same percentage of ownership in the Company.

A potential disadvantage of the Capital Return is that following its implementation, the Company will have a reduced capital base from which to operate. However, the Directors are of the opinion that the Company's net cash reserves post-Capital Return, along with cashflows from operations, will be sufficient for their intended use to support the Company's operations in the medium term.

While the Board currently has no reason to consider that the Company's financial position will change materially prior to the time of the Capital Return, it is possible that this may occur and the amount of the Capital Return (and either component of it) may increase or decrease accordingly.

The Capital Return may have tax consequences for Shareholders and so may not suit the current financial position for all Shareholders. The Company has applied for a class ruling from the Australian Taxation Office in respect of the Capital Return. Please refer to Section 1.9 for further information.

## 1.6 Legal Requirements

The Capital Return constitutes an equal reduction of the Company's share capital for the purposes of the Corporations Act. This is because it relates only to ordinary shares, it applies to each holder of ordinary shares in proportion to the number of Shares they hold as at the Record Date, and the terms of the reduction are the same for each holder of Shares.

### (a) Fair and Reasonable to Shareholders

Section 256B(1)(a) of the Corporations Act provides that a capital reduction must be fair and reasonable to a company's shareholders as a whole.

The Directors are of the opinion that the Capital Return is fair and reasonable to Shareholders as it will apply to all Shareholders on the Record Date equally, in proportion to the number of Shares they hold as at that date.

### (b) Company's ability to pay creditors

Section 256B(1)(b) of the Corporations Act provides that a capital reduction must not materially prejudice a company's ability to pay its creditors.

The Directors are of the opinion that it will not materially prejudice the Company's ability to pay its creditors. The Directors have also satisfied themselves as to the solvency of the Company following the Capital Return.

Please refer to Section 1.7(c) below for further information.

(c) **Shareholder approval**

Resolution 1 will be passed as an ordinary resolution for the purposes of section 256C(1) of the Corporations Act if more than 50% of the votes cast by Shareholders present and eligible to vote at the Meeting (whether in person (physically or virtually), by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative) are in favour of it.

In accordance with section 256C(5) of the Corporations Act, a copy of this Notice has been lodged with ASIC.

No voting exclusions apply to the Resolution. Each Share is capable of being voted on the Resolution.

**1.7 Effect on the Company**

(a) **Effect on Company's capital structure and share price**

Following implementation of the Capital Return, the Company's share capital is estimated to be reduced by approximately \$23,075,164.

For the purposes of Listing Rule 7.20, the Company confirms that:

- (i) the Company has 164,822,600 Shares on issue as at the date of this Notice, which will remain unchanged following completion of the Capital Return;
- (ii) no Shares will be cancelled in connection with the Capital Return and no fractional entitlements will arise. The Capital Return will therefore not impact the number of Shares held by each of the Shareholders; and
- (iii) the Capital Return will not have any impact on the existing performance rights on issue.

Following implementation of the Capital Return, the Company's Shares are expected to trade at a lower share price than the trading price immediately prior to the 'ex return of capital' date for the Capital Return. This is due to the payment/return of funds to Shareholders.

Whilst this reduction in Share price might approximate the amount of the Capital Return, the exact future trading price of the Company's shares is subject to market factors.

(b) **Effect on financial position**

The Company's cash balance at 30 June 2025, prior to the proposed Capital Return, is currently estimated to be approximately \$28,530,246. The proposed Capital Return is expected to use up approximately \$23,075,164.

(c) **Effect on Company's ability to pay its creditors**

The Company has assessed the impact of the Capital Return on the Company's ability to pay its creditors.

The Company has concluded that the payment to Shareholders of an amount equal to the Capital Return amount would not materially prejudice the Company's ability to pay its creditors and the Company will have sufficient cash reserves to pay its creditors following payment of the Capital Return.

(d) **Tax implications for the Company**

No adverse tax consequences are expected to arise for the Company from implementing the Capital Return.

**1.8 Director's Interests**

No Director will receive a payment or benefit of any kind, as a result of the Capital Return, other than as a Shareholder of the Company.

The relevant interests of the Directors in securities of the Company as at the date of this Notice are set out below.

## 1.9 Taxation considerations

The summary in this section is necessarily general in nature. Shareholders should obtain, and rely upon, their own independent taxation advice about the consequences of the Capital Return having regard to their own specific circumstances.

The categories of Shareholders considered in this summary are limited to individuals, companies (other than life insurance companies), trusts, partnerships and complying superannuation funds that hold their shares on capital account and continue to hold their Shares at the Payment Date.

This summary does not consider the tax consequences for Shareholders who:

- (a) hold their Shares on revenue account;
- (b) are under a legal disability;
- (c) are temporary residents of Australia for Australian taxation purposes;
- (d) have been a dual resident for tax purposes during the period they owned their Shares;
- (e) may be subject to special taxation rules such as partnerships, banks or insurance companies;
- (f) carry on a business of trading in shares;
- (g) are exempt from Australian tax;
- (h) are non-residents for Australian tax purposes, and who hold their Shares in connection with a permanent establishment in Australia;
- (i) hold their Shares under Division 83A of the Income Tax Assessment Act 1997 (the **1997 Act**);
- (j) are subject to the Investment Manager Regime under Subdivision 842-I of the 1997 Act; or
- (k) are subject to Division 230 of the 1997 Act (the Taxation of Financial Arrangements or "TOFA" regime) and have made fair value or reliance on financial reports elections.

This summary is based on the Australian tax law, and our understanding of the practice of the tax authorities, at the time of issue of this Notice of Meeting. The laws are complex and

subject to change periodically as is their interpretation by the courts and the tax authorities. This summary is general in nature and is not intended to be an authoritative or complete statement of the applicable law. It does not take into account the tax law of countries other than Australia.

Neither the Company nor any of its officers, employees or advisers assumes any liability or responsibility for advising Shareholders about the tax consequences for them from the proposed Capital Return.

The Company has applied to the Australian Taxation Office (**ATO**) for a class ruling to confirm the Australian income tax consequences of the Capital Return for the Company's Shareholders (**Class Ruling**). The following section contains a general description of the Australian tax consequences that arise for Shareholders as a result of the Capital Return if the Class Ruling is issued in accordance with the Company's application.

Subject to receiving the Class Ruling, for Shareholders who are resident of Australia for Australian tax purposes and continue to hold their Shares at the Payment Date, the taxation consequences for the Company's Shareholders should be as follows:

- (a) No part of the Capital Return proceeds will be treated as a dividend for income tax purposes.
- (b) If the Capital Gains Tax (**CGT**) cost base of a Share is less than the Capital Return proceeds (on a cents per Share basis), a capital gain will arise for the difference (and the CGT cost base will be reduced to nil).
- (c) If the CGT cost base of a Share is equal to or more than the Capital Return proceeds (on a cents per Share basis), the CGT cost base will be reduced by the amount of the Capital Return proceeds and no taxable capital gain should arise;
- (d) A net capital gain arises where a Shareholder's capital gains for a year exceed their capital losses for that year, plus any unused capital losses from prior years. Any net capital gain will be included in the Shareholder's assessable income for the year in which the Capital Return occurs.
- (e) A CGT discount may be applied against the net capital gain (after using any available prior year capital losses first) where the Shareholder is an individual, complying superannuation entity or trustee, the Shares have been held for more than 12 months (not including the date of acquisition nor the date of disposal), and certain other requirements have been met. Where the CGT discount applies, any net capital gain arising to individuals and entities acting as trustees (other than a trust that is a complying superannuation entity) may be reduced by one-half. For a complying superannuation entity, any net capital gain may be reduced by one-third.
- (f) The use of carry forward capital losses from prior years is subject to strict loss utilisation tests. Shareholder's should consider their own individual circumstances (after taking independent taxation advice) to determine if they satisfy the relevant tests to be able to reduce any capital gain from the Capital Return by carry forward capital losses.

For Shareholders who are non-residents for Australian tax purposes, no Australian capital gain should arise as a consequence of the Capital Return, on the basis the Shares do not constitute "indirect Australian real property interests" for Australian CGT purposes. Even if the Shares constituted "indirect Australian real property interests", no Australian capital gain should arise for those non-resident Shareholders that held less than 10% of the total issued equity of the Company at the Payment Date or for any 12 month period in the past 24 months.

Non-resident shareholders should seek advice in relation to the specific tax consequences arising from the Capital Return under the laws of their country of residence.

The draft Class Ruling may not be relied on by the Shareholders until it is issued in final form by the ATO.

The final version of the Class Ruling will be published and notice will be included in the Government Notices Gazette. The Company will display the final version of the Class Ruling

on its website when it becomes available. The Company also intends to release an announcement to the ASX confirming that the Class Ruling has been issued by the ATO. Shareholders will not receive any additional direct notification via post and so should monitor the Company's website ([www.eurozhartleys.com](http://www.eurozhartleys.com)). Shareholders registered to receive the Company's updates by email should receive notification at the time of the lodgement of an ASX announcement.

The Company anticipates the Class Ruling to be issued by the ATO after the payment in respect of the Capital Return.

**1.10 Other information**

Other than as set out in this Notice of Meeting including the Explanatory Statement and any other information previously disclosed by the Company to ASX, there is no other information that is known to the Directors which may be reasonably expected to be material regarding a decision on how to vote on the Resolution.

**1.11 Board recommendation**

The Directors are of the opinion that the proposed return of capital is fair and reasonable to all Shareholders and **unanimously recommend** that Shareholders vote in favour of the Resolution.

Each Director intends to vote all Shares held or controlled by that Director, in favour of the Capital Return.

The Chair of the Meeting also intends to vote undirected proxies in favour of the Resolution.
