

## ASX Announcement FBR Limited

### FBR and Samsung Heavy Industries Execute Engineering Service Agreement

- **Shipbuilding Automation Project with Samsung Heavy Industries (SHI)**
- **Engineering Service Agreement for First Phase Robotic Technology Proof of Concept**

**Monday, 16 June 2025** – Robotic technology company FBR Limited (ASX:FBR, OTCQB:FBRKF) is pleased to advise that it has executed an Engineering Service Agreement with Samsung Heavy Industries (SHI) to deliver the first phase of a shipbuilding automation project.

Phase 1 will see FBR develop and conduct a physical demonstration and validation of a core technology module of a shipbuilding construction robot. Completion of Phase 1 is anticipated in five months or less.

Upon execution of the Engineering Service Agreement, FBR and SHI entered into a 10-year exclusive dealing relationship for the materials to be delivered in Phase 1.

FBR will be paid US\$150,000 plus reasonable expenses and any additional fees incurred on a time and materials basis (with pre-approval from SHI) for the delivery of Phase 1 of the Engineering Service Agreement.

FBR and SHI intend to work on commercialisation business models for the shipbuilding construction robot in parallel to Phase 1 in preparation for potential subsequent phases.
